Local dignitaries joined Joe and Bernice Tasca (centre) in officially cutting the ribbon to dedicate Tasca Park in Nobleton Saturday. Despite the inclement weather, members of the community turned out in force to enjoy this new park. Shown with Mayor Steve Pellegrini are Councillors Bill Cober, Avia Eek, Debbie Schaefer and David Boyd.

Fanfare opens Nobleton's Tasca Park

By Mark Pavilons

King's largest park structure to date made its official debut Saturday in Nobleton.

Hundreds of residents, politicians and dignitaries turned out to dedicate Tasca Park.

Mayor Steve Pellegrini said achievements like this are due to the many partnerships with the community and sponsors. The Tasca family itself, provided land from the family farm. Both Joe and Bernice Tasca are the "epitome" of community volunteers, he said, and there's no better way to honour them than to put their name on King's newest park.

CN and Tree Canada provided the beautiful trees located throughout the park and the mayor lauded this part-

Councillor David Boyd praised staff from the parks, recreation and culture department for their hard work in preparing the park.

PUBLIC NOTICES

Hydro outages

Due to a few recent power outages in King Township, the municipality is reminding people to contact Hydro One if they have questions about any outages.

Information - including maps showing the affected areas and estimated lengths of disruption – can be found on Hydro One's website at www.hydroone.com or by calling 1-888-664-9376.

Municipal water flushing

Ansnorveldt, King City, Schomberg and Nobleton

In the spring and fall the Engineering and Public Works Department flushes all water mains and hydrants. As a result, residents over the course of the next few weeks may experience low pressure and/or discoloration. This process contributes to the safe, effective delivery of municipal water and **does not** affect the quality of your water in any way. Should you require further information please contact the Engineering and Public Works Department at 905-833-5321.

King conducting safety blitz in school zones

Slow down, keep your head up and obey the

These three simple actions are something

King Township is asking motorists to keep in mind as students head back to school.

after the summer break," said King Township Mayor Steve Pellegrini. "Be mindful of school busses and children walking or biking to school. Trying to shave a couple of minutes off your trip by speeding or passing busses with lights flashing is not worth the risk." Speeding, distracted and impaired driving are three entirely preventable be-

haviours, said Pellegrini. "Slow down, put your phone down and concentrate on driving," Pellegrini said.

Here are some safety tips: Leave early to avoid rushing and disobeying the rules of the road.

- Stop when a bus has its arm extended and lights flashing. Do not
- proceed until the lights are turned off. Slow down in school zones and keep an eye out for children.
- Do not park in bus loading/unloading zones, even if you're only going
- to be a couple of minutes dropping off a child. Avoid three-point turns and U-turns in school zones. Obey crossing guards and signage.

Doors Open 2016

Don't miss King Township's Doors Open event Sept. Saturday, September 17, 10 am - 4 pm. It's an opportunity to get a free behind-the-scene tour of some of the most historically and architecturally significant properties in King Township. The venues are:

Township CIP program helps boost local business

By Mark Pavilons

Small business is the hub of activity in the community. If you're looking for help in sprucing up your storefront, the Township is more than willing to help out.

The Township offers funds to local businesses for physical improvements, through the Community Improvement Plan.

There have been several successes over the past 16 months that the program has been in place.

According to Jamie Smyth, King's economic development officer, five grants have been dished out to date, with two more applications pending.

In his report to council, Smyth pointed out there are some 270 properties in village cores that could be eligible for financial incentives. Brochures were sent out twice to all property owners within the areas eligible for grants. The four-page brochures are regularly hand delivered to busi-

"Partners In Prosperity," a motto developed in the fall of 2015, accompanies the signage provided to successful grant recipients, pointing to the Township's support in the program. The benefits of the program were stressed to participants in the three inaugural business forums held earlier this year in Nobleton, Schomberg and King City.

Testimonials and an infomercial were produced and are available on King's website and social media channels.

Smyth pointed out the videos highlight some of the "quick wins" where property owners made good use of the funds.

"These tional promotiontools should beneficial at garnering further interest and ul-

for the program," Smyth said in his report.

Word of mouth is also spreading the message and proving effective.

Smyth noted the application process has been designed to be simple, "nimble" and responsive. Some applications, though, have had challenges in obtaining quotes, drawings, plans and photographs.

While it's straightforward, it does require a significant amount of time on staff's part to respond and consult with the applicants.

The Township has allocated a substantial amount of money. In 2016, \$18,554 was given to three recipients. In 2016, a total of \$41,446 was available in the grant reserve fund and two applicants received \$5,354. Any money left over will be offered next year.

Smyth pointed out the CIP takes a long-term approach to revitalization. That's why it needs to be responsive to see results.

"... it was critical that the program establish some quick wins that have set the tone and act as successful case studies for future interest in and promotion of the program."

The financial incentives under the plan encourage owners to make the improvements. The Township must also take a leadership role to help with village revitalization and prosperity.

Strategies undertaken by the Town-

timately successful grant recipients ship can also go a long way to boost and are quite noticeable, according the commercial centres of the three villages. King should continue to look at streetscaping improvements, acquiring and improving land and leading the way with further studies to support community vision.

> Councillor Debbie Schaefer lauded the program, noting we have to keep encouraging people to take advantage of it.

The visible improvements help,

to Councillor David Boyd, who's had some Nobleton businesses take advantage of the funds.

Councillor Cleve Mortelitti added it's "really good to see tangible results."

Mayor Steve Pellegrini is pleased the program is "picking up steam."

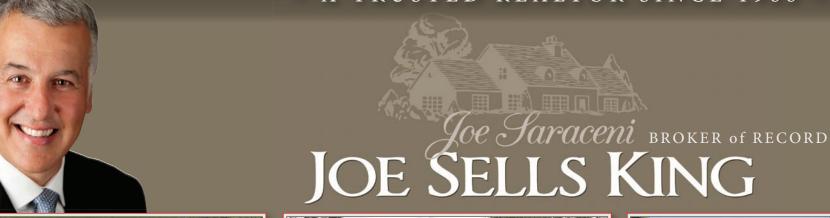

For more on the CIP, visit king.ca or contact Smyth's office.

COMING UP, THE EXTREME WEATHER REPORT.

Letter to the Editor

Renewable energy carries a price tag

A large part of the reason that Ontario hydro rates are now as high as they are is because of the shutting down of coal-fired hydro plants using cheap fossil fuel. This was enacted by the McGuinty Liberals and while maybe not done perfectly, it was visionary. As a result, electricity used in this province is 90% carbon free. Most comes from hydro dams and nuclear, some renewables, and the rest from low carbon natural gas. Renewables for now are relatively expensive.

I am not happy to be paying 30% more for hydro but the world of energy is changing. It has to change if we don't want to leave our children and grandchildren an environmental disaster.

Ontario and British Columbia along with some states like California and most of Europe are leading in change to low carbon energy. At least with our high utility rates we can be glad to be a part of this group. It's a sign of the times. The cost of decades of burning cheap carbon has arrived.

Welcome to the new world. There will be some economic pain.

You can help improve food supply for butterflies

By Grazyna Tonkiel

As you've probably noticed, summer this year has been especially hot and sunny and therefore the most ideal for butterflies, which I perceive as "flying flowers."

For me, as a butterfly breeder, it has truly been an exceptional time. Compared to the previous year, I have almost tripled the number of butterflies in my garden. By now, you may know them by name: Coppers and Blues, Yellows and Whites and obviously many more, like the magnificent Canadian Giant and Black Swallowtails, and my beloved Painted and American Ladies, Commas and Skippers. This summer, I have lived with them all!

It looks like they like my garden, as much as I love their presence. I watch and care for the surroundings around them as they grow through all stages of their lives from eggs to caterpillars to chrysalises to adults flying above my head.

A couple of days ago, to my heart's delight, there was one Monarch step dancing on the broad leafs of one of almost the 100 milkweed plants I grow. Female butterflies truly dance ... well, since they taste plants with the ends of their legs, they look like they are practicing step dancing. They do it methodically and diligently, as they can't afford any mistake. Laying eggs on a wrong plant means death to the next generation, as caterpillars which hatch from eggs mostly depend on one host plant for feeding. Mother butterflies must lay eggs on a suitable host plant or a nearby one since caterpillars can't travel very far.

important, so the female butterfly selects them carefully. The best locations are sunny and dry. Humid, dark, moist places can promote fungal diseases fatal to eggs and caterpillars.

I attribute my success with breeding an increasing numbers of butterflies to uncompromisingly maintaining an unspoiled environment, free of chemicals of any sort and the massive planting of caterpillar host plants for different butterfly species. My Black Swallowtails love two patches of Flat Italian and Curly Parsley, as well as Dill. Whites and Yellows depend on Mustard Family plants (genus Brassica) which include Cabbages, Kohlrabi, Kale, Swiss chard and Brussels sprouts. White Clover, which I seeded to cover quite a bit of my lawn, serves to perfection both the Coppers and Blues, as a host caterpillar plant and also as sources of nectar for other butterflies.

Lavender plants are very happy this summer as they thrive in hot and dry conditions, their flowers provide fragrant paradise nectar for all scale wing creatures.

All milkweed growers know that this year the plants live up to their name and grow like weeds. Monarch butterflies should benefit. So far I have witness only two of them flying around,

lars with parasites, and mice sometimes look for them as a tasty snack. In September, after metamorphosis, Monarch butterflies will start their epic journey to Mexico. Before they depart I need to feed them well and provide them with lots of late summer bloom nectar. They like fall Asters, Goldenrod, Sunflowers, Cone flowers, Zinnias, Echinaceas and Fall-sage. I plant them all.

Please do the same, and remember that late blooming flowers are crucial to the survival of all butterflies. They need to eat for as long as possible to store nutrients in their bodies to survive their winter hibernation or arduous journey south.

I want to end this Butterfly report with a plea.

Beautify your gardens with Asters or other fall blooms. Feed the butterflies before winter. As we are stripping wildlife from their habitat, we must take steps to compensate the damage we inflict. Please give nature a helping hand, and when you see more butterflies next spring you will know that you have done your part.

Donations help local students

By Sharon Morris

Thanks to the generous donations from the community of King and beyond, the Back to School Committee of The King Township Food Bank was able to provide brand new backpacks filled with school supplies to 70 students in need in the King community.

This year, there was a significant increase in the number of requests received – up from 46 students last year. Due to the positive response from individuals, businesses and community groups, the project was fully funded by donations and Food Bank funds were not required to cover costs.

The Back to School Committee is grateful to the many individuals who donated to this effort with monetary and in-kind donations, including those through various congregations. To preserve privacy, we do not publish any individual names without specific support was integral to the project's ter. Thank you for your support!

success.

We would like to thank the following businesses and community groups for their support of this project:

All Saints Anglican Church, Bianchi Paralegal Services, Brownsville Guardian Drugs, Canadian Krown Dealers Inc., King City Fire Hall (staff donations), King City Lions Club, Jay's Variety and Gas Bar, King City United Church, King Hill Contracting, Kontiki Construction Ltd., Live to Teach Inc., Maria Ongaro of Trends Realty Inc., Nobleton Lions Club, Township of King (staff donations from King City offices), Township of King Parks, Recreation and Culture Dept. (donations in-kind), Sharp Electronics Canada, and York Region Automotive.

Due to your kindness and generosity, students, who would otherwise lack the necessary school supplies, were well equipped for their first day of school.

Your donations have changed the permission, but please know that your lives of many King students for the bet-

Work on Memorial Park set to begin

By Mark Pavilons

Work on King City's Memorial Park will soon start, thanks to a deci-

sion by King council recently. Councillors voted to award the contract for phase 1 of the work to Lat-

Phase one construction will include a playground, shade structure, some trail reconstruction and a revamping of the lower baseball diamond. Council previously approved \$478,000 for the work, and Latitude's

bid of \$490,000 was deemed best. The project will be funded through a combination of contributions from development charges and the parkland reserve fund. Staff made a grant application for partial funding of the playground, but it was unsuccessful.

From Thursday, September 15 to Wednesday, September 21

King landmarks open their doors this Saturday

By Mark Pavilons

The doors of unique landmarks in King will open to the public during the annual Doors Open event.

This Saturday, King Township will showcase 11 venues, all of which will be open free to the public. This is a great opportunity to enjoy some of the heritage treasures of King!

The day takes place Saturday, Sept. 17 from 10 a.m., to 4 p.m. All venues are free, and maps are available at each location.

The tour through King is largely self-guided, just show up and walk

Christ Church Kettleby is hosting a wonderful, in costume Victoria tea for \$5 per person.

Launched in 2002, Doors Open Ontario is a province-wide program of the Ontario Heritage Trust. Last year, the program saw nearly half a million participants visit over 1,000 sites in 161 communities, with participants spending as much as \$5 million in local econ-

For more on the event, visit http:// www.doorsopenontario.on.ca/Events/ King-Township.aspx

The following is the list of participating King landmarks.

Kettleby Tyrwhitt Park

Tyrwhitt Park, in the quaint village of Kettleby, is named for one of its early residents: Septimus Tyrwhitt. In 1842, he purchased 46 acres (39 hectares), including a mill site, from Jacob Tool. Running through the park is a stream that once powered several mills in the village when it was dammed to form the millpond.

6 WESTERN AVE., SCHOMBERG

905.841.4809 www.brianspeers.com

Christ Church Kettleby

The exterior of this pretty Gothic-revival church, built in 1891, with its castle-like bell tower, is a mosaic of colourful fieldstones. It was created by local artisans. Inside, marvel at the stainedglass windows – a beautiful example of the arts and crafts style. Geometric patterns combine with simple natural forms, all in rich iewel tones.

Dorio's Kettleby Italian Bakery (Food Stop)

For over 165 years, a conventional vet purposeful little building has been perched on the eastern slope leading into the picturesque Kettleby Valley. This building, which once served as the general store and post office for the village, is now home to Dorio's Kettleby Bakery and exemplifies the value of repurposing a building.

St. Andrew's Presbyterian **Church & Cemetery**

St. Andrew's Presbyterian, also known as Eversley Presbyterian, served the religious needs of this community for 110 years before closing in the 1960s. Completed in 1848, the stone construction is representative of Scottish influence on the area. The church was recently renovated by a local design and construction company and now houses the real estate brokerage Engel & Volkers York.

in King &

New Tecumseth

Dufferin Street north of King Road. In is a non-profit organization founded 1961, a two-room school was constructed beside the original building and, in 1972, the two structures were joined and became the Country Day School, started by parents who wanted more individual attention and a warm learning atmosphere for their children.

Augustinian Monastery Gatehouse & Entrance

Marylake, at 13760 Keele Street. Once known as Lake Marie, it's the site of the Shrine of Our Lady of Grace. Enjoy the former country estate of Sir Henry Pellatt of Casa Loma fame, including the beautiful grounds and trails. Take an inside look at the gatehouse and barn. The gatehouse and entrance arch are a designated heritage sites in King Township.

Hogan's Inn (Food Stop)

In 1851, Isaac Dennis built a hotel for his daughter and her husband John Hogan. The inn was advantageously located at the main intersection in King City at Keele Street, with a number of attractions in the immediate area. It is easy to understand how Hogan's Inn was, and still is, a central part of life in King Township.

Locale Restaurant (Food Stop)

This restaurant resides in the former Crawford & Wells General Store, the one-time store of Crawford G. Wells and (Cora Beatrice) Maud Watson who ran the store for over 60 years and owned the house across the road (now designated). For over 100 years, the store has continued to serve as a link to the small-town past of this community.

King Heritage & Cultural Centre

The museum includes two designated buildings, a church (c. 1851) and Ontario's oldest surviving railway station (c. 1852), as well as a one-room schoolhouse (c. 1861). On May 16, 1853, the first train in Upper Canada, pulled by the locomotive Toronto, arrived at the station, which originally was situated in King City on the Ontario, Simcoe and Huron line.

Kingcrafts Studio

At 12936 Keele Street, Kingcrafts

by Lady Muriel Flavelle in 1950. The building was designed to meet women's growing demand to come together to promote their skill and artistry in handicrafts. Studio groups include weaving, rug hooking, enamelling, pottery, fine art, stained glass, decorative arts, needlework, jewelry, fibre arts, card-making and wire sculpture.

Seneca College King Campus - Eaton Hall

Eaton Hall farm and estate were pieced together between 1920 and 1922. The hall itself was built in 1940 and the large red horse barn circa 1905 when financier Sir Henry Pellatt, for whom Toronto's Casa Loma was built, owned the property. Enjoy the trails as you step back in time on the grounds of present-day Seneca College - King Campus.

The Roost Café (Food Stop)

Once the home of a local merchant couple, Crawford and Maud Wells, this recently renovated space is the perfect setting for a quaint and cozy café. Enjoy espresso-based beverages, coffees, teas and smoothies paired with a light breakfast, lunch or sweet. Then browse for treasures in the Farmhouse Consignment Shoppe, located in the parlour of this late-Victorian-era Ontario farmhouse.

King City Cemetery

Designated in 2006, the King City Cemetery's dead house was built for the cemetery board by William J. Irwin, a founding member. It is one of eight remaining octagonal dead houses in Ontario, a structure unique to the province. Inside are shelves where caskets were stored during the winter when graves could not be dug.

Brunswick House

In 1875, Kettleby storekeeper and postmaster Jacob Walton built this house, the grandest in town. The 45,000 bricks used were brought from Aurora. While still under construction, in August 1875, the house was partially destroyed by a tornado and, in 1994, a fire damaged it severely. The house has been carefully and skillfully restored.

Help Tim Hortons make smiles for charities

There are even more smiling faces at King and nearby Tim Hortons outlets. While supplies last, customers can purchase a special smiling chocolate chip cookie for \$1 plus tax and all the proceeds will be donated to Reach for the Rainbow from the Schomberg, Tottenham, Mono Mills and Palgrave Tim

"Tim Hortons is thrilled to help bring smiles to the clients of Reach through our annual Smile Cookie fundraiser," said Gerry Lawlor, owner of multiple Tim Hortons stores and supporter of Reach for the last six years. "As a TH franchisee, we have our beloved THCF which provides camping experiences to financially underprivileged kids. When I heard about Reach for the Rainbow and the wonderful work it also does with kids, for me, I saw it as a natural link, the right charity to work with through our Smile Cookie Program. On behalf of all our Tim Hortons team members, I would like to thank all our customers for their continued support of this meaningful cause."

Tim Hortons, King City has named the Food Bank as recipient of the sales of their Smile Cookies for this week, through Sept. 18.

Tasca Park was designed for the community

From Front Page

The park, he said, was designed with the community in mind and with residents' input.

Michael Rosen, president of Tree Canada, said this is the type of park "we want all Canadians to enjoy," noting trees are important to us all. Tree Canada is committed to a greener, greater Canada and by planting and nurturing trees, they hope to bolster our urban forests and inspire people to advocate for community greening.

Joe Tasca told the crowd he's so honoured to have the park named after his family. His father would have been thrilled, he said.

A large contingent of the Tasca family was on hand to celebrate the day.

Located on Parkheights Trail, Nobleton, the state-of-the-art park features a beautiful pavilion, trails, natural features, a splash pad, soccer field, basketball court, first and only fully accessible playground, trails, a skate park, a tobogganing hill, and much more.

Centre hosts free corn roast and BBQ

The Annual free "Membership Appreciation Day" corn roast and barbeque will be held on Friday, Sept. 16 at 12:30 p.m. at the Centre. The King City Lions Club has graciously volunteered to co-host the event this year and will be providing the food as well as taking over the cooking duties. Hotdogs, salads and desserts will also be on the menu. On behalf the membership, the board of management would like to say a big THANK YOU to our Lions friends for this very generous offer.

Seniors Centre Travel Club News

Wednesday, Oct. 5 – Prince Edward County

Big Apple: We stop to browse the store items. Waring House: Next we enjoy a wonderful plated lunch at this 19th century farm house. Lake on the Mountain: See a panorama view of this scenic, spectacular sight overlooking the edge of the Prince Edward Escarp-

Black River Cheese Co.: The final stop is at this cheese company where you may sample a variety of cheeses, which are available for purchase.

The cost is \$76 per person.

Wednesday, December 7 - Simcoe Christmas Panorama

Merry Farms Christmas Store & Tree Farm: Our visit to this unique Christmas store will include a wagon-ride tour of the farm, time for shopping as well as coffee and a home-baked

Erie Beach Hotel: Our next stop for a delicious turkey dinner.

Simcoe Christmas Panorama: A certified guide will present a 45-minute tour of the Simcoe Christmas Panorama River of Lights Show. After the tour we return to the Welcome Centre for cookies and hot drinks, followed by shopping in the gift shop, where vendors from the Norfolk region provide a great selection of gifts.

The cost is \$90 per person.

Direct all Travel Club enquiries to Jane Hepworth at 905-833-5870.

Food Bank distribution, local support

This Saturday, Sept. 17, the regular monthly Distribution by the King Township Food Bank, is scheduled for the three centres from 9-11 a.m. Anyone needing assistance but not registered with the Food Bank is requested to call their number 905-806-1125 immediately so that arrangements can be made to have food shipped to the appropriate centre.

The next distribution will be Saturday, Oct. 15. Please note that this is the earliest date possible, because Oct. 1 falls on a Saturday.

Christmas in King applications will be available this month, as the deadline is in October in order to allow the volunteers time to canvas for the gifts and hampers promised to registrants. Registration with the Food Bank is not required to receive Christmas assistance, but the Food Bank number and email are used. ktfoodbank@gmail.com for information and to receive a form.

Tim Hortons, King City has named the Food Bank as recipient of the sales of their Smile Cookies for this week, Sept. 12-18.

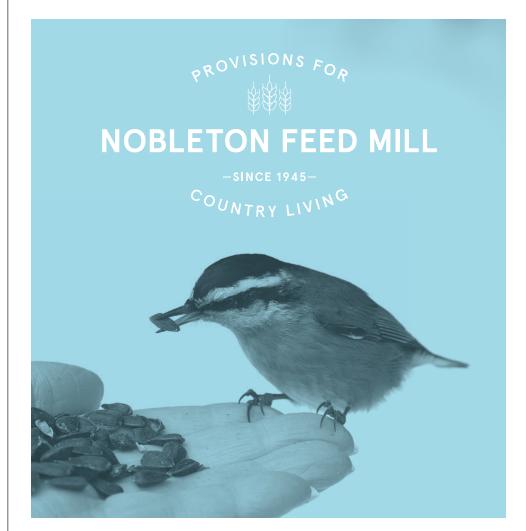

Doesn't everyone need a Smile Cookie? They make lovely gifts, too!

Residents to gather for annual bonfire, carving

Schomberg Should Know

By Wendy-Sue Bishop

Schomberg Community Bonfire and Pumpkin Carving

The Schomberg Agricultural Society invites everyone to join them at the annual Community Spirit and Bonfire Night. There's food and entertainment. Dancing, singing and a lot of laughter are par for the course.

With the cool fall air; the hayrides under the fairground lights and the pumpkin carving contests - it doesn't get much better than that. There's a pumpkin carving competition for the kiddies early in the day (at 11 am).

And don't forget to enter a scarecrow in the annual Scarecrow Competition (presented by the Schomberg Village Association). There are prizes to be won and a lot of fun to be had. For more information, visit the scarecrow site at www.schombergscarecrows.com

Join us on Sept. 17 in the Agricultural Fairgrounds behind the Community Centre on Main St. The gates open at

6:30 p.m., but don't forget to bring the kids for the pumpkin carving at 11 a.m.!

Horticultural Society

The Schomberg Horticultural Society is excited to get together once again after this hot, dry summer. Our special guest speaker is from our very own local garden centre, Pathways to Perennials. Angie Allen, who is always informative, creative and enthusiastic, will make a presentation on "Ornamental Grasses" and bring product for purchase at a discount. As an added feature this month, we invite all members to bring in and show off their harvest of fruits and vegetables - no judging, no prizes, just bragging rights. Please join us, ask any questions of the speaker, and stay for refreshments on Tuesday, Sept. 27, at 7:30 p.m. in the Schomberg Community Hall, 325 Main St. Meetings are held on the fourth Tuesday of the month from September to October. Individual membership is \$15 per year and the family rate is \$20. Guests are always welcome at \$3 per meeting.

Main Street Christmas

Yes, you read that right-Christmas. But nothing happens without a lot of preparation and organization ahead of time. Main Street Christmas happens this year on Saturday, Dec. 3. Gates are open at 3 p.m. The Main Street Christmas Santa Claus Parade happens at 4 p.m. starting at Western Avenue and Main Street, heading south on Main Street and turning right at Church Street. I am the Parade Marshall and last year I had an amazing response from the community so let's make it even better this year. I am looking for the participation of all organizations, businesses and anyone who wants to be in a parade to contact myself at 905-590-0054 or email me at wsue52@hotmail.com If you would like to help with the parade please contact me, as well. Please check out our website at a Main Street Christmas.com

King Township Public Library

King, Nobleton and Schomberg Library branches offer free computer classes, either one on one or group lesson. Please contact your branch and inquire on the timing of these classes.

Christ Church Kettleby

On Sunday, Sept. 11 to the strains of the beautiful old Irish hymn "Be Thou My Vision," the Right Reverend Peter de Courcy Fenty Suffragan Bishop of York-Simcoe, Diocese of Toronto and parish priest and Reverend Sheilagh Ashworth, processed down the aisle of the nave and into the chancel of Christ Church, Kettleby to begin the special service marking the 125th anniversary of this historic church. Just before Holy Communion, Bishop Peter blessed the first phase of renovations to the Norman style field stone building. In his homily Bishop Peter urged his listeners to smile more often, always warmly welcome "the stranger in church" and be ever accepting of others whose ways and traditions are different as Jesus was. With the signing the longtime favourite hymn "Now Thank We All Our God" this happy but meaningful service ended.

Mathews completes record Oak Ridges Moraine hike

By Mark Pavilons

In her historic seven-day marathon of the Oak Ridges Moraine Trail, Aurora resident Kelly Mathews did much more than "take a hike."

Mathews endured the punishing journey, setting a quick pace of between five to six kilometres per hour, every day for seven days. Her ORMT300 ran from Aug. 28 to Sept. 3, from Caledon to Trent Hills.

The trek was "way more painful" than she ever imagined, despite training for several months. She admitted that you never know how something like this will play out. Mother Nature was on her side, too, dishing out very good weather for the entire time.

She saw some beautiful scenery along the way and counted 13 monarch butterflies in a single day. The most impressive site was along Old Swamp Road Trail in Clarington, a must-visit vista.

She had a close encounter with a resident rodent at Mussleman's Lake. At 2 a.m. on the Monday night of her journey, with her head pressed against the side of her tent, she felt something

scratching her head and making a purring sound. Startled, she bolted out of her slumber to catch a glimpse of the culprit – a raccoon.

Mathews never had to face the grueling pain alone, as many supporters and volunteers from the Oak Ridges Trail Association flocked to join her along the way. She called it the most "un-solo solo hike." She admitted she had trouble keeping pace with the incredibly fit hikers from ORTA and she found this very humbling.

Some special moments included an ice cream delivery from the Pattersons in the middle of nowhere; a lawn chair and snack delivery out in Trent on the last day. The laughs, the cries, the packages and packages of mole skin made it quite memorable.

At the finish line in Trent Hills, Mathews was met by many, including ORTA staff, who cheered her on and provided cake and champagne.

Mathews received an Honourary Lifetime Membership with the Oak Ridge's Trail Association at the finish line and her End to End Badge.

Most of all, the event was a fundraiser for both Seneca College in King and

the ORTA. She almost doubled her initial goal and closed in on \$9,000.

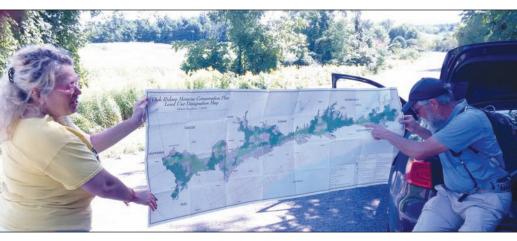

"Thank you again, all of you. Your enthusiasm and support kept me going. There were many times that my body and mind wanted to stop!" she said.

"I can't thank all of you enough for the tweets, retweets, texts, emails, calls, etc. I tried my best to keep up with them all.

"Without a doubt, that was the toughest thing I have ever done both physically and mentally. I could not have done it without the overwhelming support from key people at the ORTA. Special thanks to Brian and Bob, my trusty trail guides, and to Michele at the ORTA office for keeping everything and everyone updated and on schedule. I would also like to thank Wilma and Judy (my extra trail moms) in addition to my parents. This turned out to be the most UN-solo, solo-hike ever hiked and I am so grateful for it!"

Sharing this Oak Ridges Moraine Trail record experience with all of her followers was simply the "icing on the cake for me!"

Seneca Gerontology students working to address needs of GTA's aging population

By: Dimitri Perdicaris

As the GTA's population ages, there is a growing need for skilled and caring professionals to address the holistic health care of seniors.

Seneca's Social Service Worker - Gerontology (SSWG) program, based at the College's King Campus, has spent 40 years training students to support the region's growing number of seniors, helping them maintain their independence and dignity, and improve their quality of life.

From their first semester at Seneca, students are taught to assess client needs and develop therapeutic programs and interventions with a strength-based, holistic approach. Students learn how to help clients maintain their physical, social, cognitive and psychological well-being.

Recent graduate Mary Beth Forget, who specializes in clients with dementia, said SSWG students benefit from hands-on, practical learning experience that extends outside the classroom.

"Seneca's SSWG program is so respected in the industry and students really benefit from the field placement opportunities made available to them," Forget said. "For example, I was able to effectively translate the skills taught in class to my community field placement at the Alzheimer Society of Durham Region."

SSWG students are also trained to serve diverse populations through inclusive and supportive approaches.

"Our students complete placements with community organizations and residences," SSWG Program Coordinator Michele Green said. "Those placements, combined with classroom learning experiences, equip our students to best serve our aging population regardless of their socioeconomic level, heritage or cultural background."

The SSWG program is offered as either a two-year diploma program or a one-year accelerated program for students with a degree in the social sciences.

Pietrangelo humbled as next Blues captain

By Jake Courtepatte

King Township has earned an NHL the list of former Blues captains. "Humbling is a good word," Pi

The 2014 Olympic champion, Alex Pietrangelo has been named the new captain of the NHL's St. Louis Blues, entering his seventh season with the team as a staple top-two defenceman.

During a press conference following the announcement, Blues general manager Doug Armstrong said Pietrangelo has the skills to captain a team both on and off the ice.

"He's 26 years old, he's an elite player in our game, he logs a lot of minutes and he's well-spoken," Armstrong said. "He can cross-pollinate through the locker room with married guys to single guys, older guys, younger guys and that's very important for a captain. He has to be able to get the pulse of everyone. We just thought that where we're at now, what we've done this summer of transferring ownership of this team to that mid-to-younger 20 group, he's the natural leader for that."

Pietrangelo has quietly made his case as one of the most dominant defenders in the game since being drafted by the Blues fourth overall in 2008, most recently notching 37 points in 73 games last year. Despite a long list of accomplishments in his young career,

including a gold medal from the Sochi Games, he said he is humbled to join the list of former Blues captains.

"Humbling is a good word," Pietrangelo said. "I'm excited, I'm nervous, I think it's every emotion you can come up with. This group of guys who have worn the 'C' have carried themselves in a way that I want to carry myself. They still to this day carry themselves in a great way."

The summer of 2016 has been a whirlwind season for Pietrangelo, who married his fiancée Jayne in July before building a house in his hometown of King City. He attended Villanova College for several years, and still skates with Villanova staff when at home.

One more challenge lies ahead on the international stage for Pietrangelo before donning the 'C' in October – the World Cup of Hockey.

"It's been a busy summer, getting married and all that. I had to flip the switch pretty quick," Pietrangelo said. "It's a little different having to play a month earlier than normal, but definitely excited to start the season. It's certainly going to be a fun tournament."

Pietrangelo is joined by his Blues teammate Jay Bouwmeester in the tournament, to be held at the Air Canada Centre, as well as many of the familiar faces he won Sochi gold with in 2014.

Canada met rivals Team U.S.A. Friday night in a pre-tournament matchup. The tournament officially gets under way Sept. 17 and runs through Oct. 1.

"You're in Toronto, you're in the Mecca of hockey, too," Pietrangelo said. "... If you can put it on your resume again to represent the country, it's a good feeling for one, to get named to the team, and hopefully to win it all."

"For me, I've played with a lot of these guys at the Olympics so to be able to reunite with most of them and have the opportunity to do something special again as a group, that's a good feeling and it's going to be some of the best hockey I've ever been a part of. I'm lucky and privileged to be named to that team."

Alex Pietrangelo (right) with brother Dave at Villanova College in celebration of winning a gold medal at the 2014 Sochi Olympics.

Country Day School alumni are among 2016 NHL draftees

By Jake Courtepatte

Two former students of the King City independent Country Day School have taken their biggest step towards realizing their hockey dreams.

Defencemen Jakob Chychrun and Victor Mete heard their names called at the 2016 NHL Draft in Buffalo – Chychrun by the Arizona Coyotes and Mete by the Montreal Canadiens.

As the top-ranked defenceman in the draft by NHL Central Scouting, Chychrun did not have to wait long. The 6'2", 205-lb. two-way player was the 16th overall pick in the draft, a steal by the Arizona Coyotes with their second pick of the first round.

A teammate of Mete's in minor midget, the Florida native enrolled in CDS in 2013, and was the first overall pick of the 2014 OHL Draft while finishing up his second semester at the school.

"I'm extremely thrilled," said Chychrun. "(Arizona) was one spot I had circled on my list. We had a good meeting in Buffalo at the combine, I left with a great feeling, and now it's another great feeling."

Chychrun and his family often flew out from Florida since he was 12 years old, allowing him to pursue his hockey dreams in Michigan before settling down in King City for his junior years.

"Sometimes you have to make those sacrifices," said Chychrun. "My parents did such a great job of giving me every opportunity to be successful."

Mete, a recent Memorial Cup champion with the OHL's London Knights, kept the ball rolling as the fourth round pick, 100th overall of the Canadiens.

A second-year defenceman with the Knights, Mete proudly played CDS hockey from Grade 5 until 2013, when his outside commitments as one of the game's elite players became too demanding.

A student of the King City independent school since Grade 2, Mete is an offensive-minded defenceman and a product of the Toronto Jr. Canadiens AAA program. He was taken in the first round of the 2014 OHL Draft by the Owen Sound Attack after posting almost a point-per-game pace, and was sent to the Knights before playing a game.

Mete said he thinks experience on the CHL's top team has done well to prepare him for the pro level.

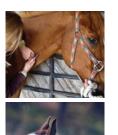

"In an NHL season you play 82 games, in our regular OHL season we play 68 so playing those extra games almost makes it like an NHL season. You kind of have a first look at how it's going to be. The compete level is higher at the NHL, but also if you're winning the Memorial Cup everyone wants to win it so the compete level is there as well."

Though often criticized as undersized for a defenceman, standing at just 5'10", 165-lb., Mete finished the OHL season as the second highest-scoring blueliner on the Knights, just four points behind fifth-overall selection Olli Juolevi.

"I think I can bring hard work every game, dedication, loyalty, and always trying my best. I'm an offensive defenceman so I can try to jump in the rush, be a fourth guy in, create more offensive chances."

Both Mete and Chychrun took part in CDS's unique High Performance Phys-ed Program (HPPP), an individualized scheduling and accommodation system designed for top athletes to find time to both compete and remain a top student.

King City Royals extend their streak in U13 action

The U13 King City Royals boys' soccer team extended its streak as they head to the final stages of their outdoor season in the York Region Soccer Association's first division.

On August 23, the Royals travelled east to take on Oshawa Turul. In the first half, the Royals dominated play as Mario Fratto's cross in the box found Marco LaVerde three minutes in to give King City a quick 1-0 lead. That goal led a massive offensive push by the Royals as the had nearly double-digit corner kicks in the first half before finally getting their second goal 25 minutes in as Mario Fratto took control off a turnover and fed Miguel Parra for the goal, his second of the year. The Royals made it 3-0 on the last play of the half as a long free kick from defender Matthew Muraca found Zack Donsky as he scored his fifteenth goal of the year to end a dominating half.

Unfortunately the second half was a different story. Although there were little scoring opportunities in the first 30 minutes of the half, that changed in a hurry as a total of five goals were scored in the last ten minutes of the game. Oshawa started the scoring at the 30 minute mark as they cut the

deficit to 3-1. That gave Oshawa new life as they connected shortly thereafter off a corner kick to cut the lead to 3-2. Oshawa continued pressing hard but with about four minutes left, Marco LaVerde converted on his second goal of the game off a pass from Miguel Parra to extend the lead back to two goals but that did not stop Oshawa from continuing to put pressure on King City. Oshawa scored off another corner kick with just under two minutes left to make it 4-3 and they finished the improbable comeback off a flurry inside the Royals' box with seconds left to end the game at 4-4.

The Royals recovered from that with a 5-1 win on August 30.

Zack Donsky made a nice run midway through the half to feed Marco LaVerde who converted to make it 2-1. Luca Lupinetti added another off a beautiful kick outside the box at the 28 minute mark for his first goal of the year to make it 3-1 while Marco LaVerde scored off the cross bar late to give the Royals a 4-1 lead at the half.

slowly as Bradford had an early opportunity with a dangerous cross in the box that forced Anthony Bruno to make another diving save but things tightened up thereafter as Marco LaVerde scored his hat trick goal, and twenty-sixth of the season, at the 39 minute mark of the second half to give the Royals a 5-1

The Royals also played Ajax FC on September 10 and extended their un-

with an easy 9-1 win. The Royals were led by 6 goals from Marco LaVerde, who now has a team-leading 32 goals, and a hat trick by Mario Fratto, who increased his season total to seven goals, in the win.

With three games remaining, the unavailable).

Building steady in King through 2015

By Mark Pavilons

Building activity in King was steady through 2015.

According to a report by Stephen Kitchen, King's director of planning, the majority of activity involved rural residential properties.

In all, 49 residential applications were received in 2015, up slightly from the number in 2014. Residential bids consisted of new detached homes on existing lots, swimming pools, replacement detached homes, additions and accessory buildings. Almost half of the applications were for new single family homes.

Twelve commercial, industrial and institutional applications were received in 2015, almost double those in 2014.

Thirteen site plan files that were submitted in 2015 remain ongoing.

709 IN MEMORIAM

JOHNSON: Edna 1928 - 1999 In loving memory of our Mom and Nana who

passed away Septem-

ber 1, 1999. Someone we love has gone away, And life is not the same The greatest gift that

you can give, Is just to speak her name. We need to hear the

stories. And tales of days gone past, We need for you to

understand. These memories must last.

We cannot make more memories, Since Mom is no longer here.

So when you speak of her to us. It's music to our ears. Sadly missed and forever in our hearts. Loving remembered; Linda, Brenda, Larry, Susie, Debbie, Grand-

children & Great-Grand-

children

Arnott describes the legendary buddleias

From Page 16

For more info, visit nobletonunitedchurch.com, our Facebook page, or call 905-859-3976. The church office is normally open on Wednesday and Thursday mornings. Messages are picked up regularly. We are located at 6076 King Rd., north side, about 6 buildings west of Hwy. 27. We have a big parking lot at the rear of the building, an accessible ramp at the rear of the building, chair lifts and accessible washrooms.

Horticulture By John Arnott

As I came around the corner of a side street in ancient cathedral city of Glastonbury in southwest England, there it was growing out of rubble near the front of a vacant lot and spilling onto the wide flagstone sidewalk a mass of purple about 6 ft. high and easily that wide – one of Britain's legendary buddleias. These magnificent plants have escaped the garden and grow everywhere railway yards, along railway tracks, abandoned factory sites and areas. Winters in our area rule this possibility out!

Native to Asia, Africa and the tropical Americas there are some 100 species of buddleia some evergreen, some deciduous. Some species can grow up to 16 ft./5 m tall with recent hybridized cultivars growing only 3 ft./1 m high.

Buddleia davidii, named for 17th century English priest and botanist Rev. Adam Buddle and naturalist French Father Armand David a missionary who introduced this species he found in China to Europe, is the most common species found in Europe and North America.

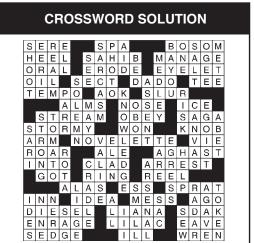

Buddleia davidii like most of its cousins produces cone shaped flower heads each holding myriads of tiny tubular 4 petalled cross shaped flowers in deep purple; lavender, white or yellow Flower cones can measure 6 to 12 in./15 to 30 cm long. The flowers are nectar rich and fragrant attracting bees but especially butterflies hence this species common name, butterfly bush. Narrow green lance shaped leaves grow in pairs up the long wand like branches usual-

vacant lots becoming invasive in some ly becoming smaller as they reach the flower cone.

Buddleias should be fertilized lightly otherwise they'll produce an abundance of leaves and few flowers.

In mid-September four years ago I planted my 3 buddleia davidii, one deep purple, one white and one yellow and while they're herbaceous, dying down to the ground late in fall, each year they have come back stronger grown taller and had more flowers. Thus, although they can be spring planted when all danger of frosts has gone, this month into early October is a good time to plant buddleia davidii.

These shrubs like full sun and will grow in any average garden soil that drains well. I dug holes about 18 in./45 cm deep and wide partly back filling each with a mixture of composted cattle manure and the dug out soil. I set the buddleia root balls into the holes so that root ball tops were at ground level then filled in the remaining mix of soil and compost tapping it down while keeping the root ball tops at ground level. Then I gave plants a good soaking – where the soil sank in one hole I eased the root ball back up to ground level and filled in more soil. I watered once a week or so until weather turned cold. Once the ground was hard frozen I put on a layer of leaves as a mulch (evergreen branches will also do). Come early spring weather I pruned each buddleia down to ground level to encourage strong growth and waited. I wasn't disappoint-

Wood Andrew John

Maxwell

708 OBITUARIES

It is with great sadness that his family announces the sudden passing of Andrew John Maxwell Wood on Sunday, September 11, 2016, at the age of 52, in his home in the Caledon countryside, while courageously battling cancer. Beloved husband of Priya Wood (nee Chaly), devoted father of Emily, Sophie and Maxwell, cherished son of Ronald and Doreen Wood. Loving brother of Barbara Wood

and Leo Finkelstein, Cheryl and the late Roman Popit, Danielle and Wayne Aitchison. Dear son-in-law of Thambi and Mary Chaly. Loving brother-in-law of Vin, George and Anne Chaly. Proud uncle of Ari, Anna, Lindsay, Eric, Erica, Michael, David, Heather, Layla, and Alyssa. Fondly remembered by his extended family. The family will receive their friends at the Egan Funeral Home, 203 Queen Street S. (Hwy. 50), Bolton (905-857-2213) Wednesday evening 7 - 9 o'clock, Thursday afternoon 2 - 4 and evening 7 - 9 o'clock. Funeral service will be held in the chapel on Friday, September 16 at one o'clock. Interment Morningside Cemetery, Palgrave. If desired, memorial donations may be made in trust for Andrew and Priya's children at CIBC, 2 King Street East, Bolton. Condolences for the family may

Church participates in Doors Open King

King's Corners

King City United By Earle Laycock

This week, Rev. Evelyn McLachlan began her fall sermon series entitled, "Standing On the Promises!" based on God's Old Testament promises. Sunday's sermon was based on Genesis 2: 4B-7, 15-17 and 3: 1-8 which is the "other" story of creation.

God has given breath to Adam, the first inhabitant of the Garden of Eden. While wandering around checking out all the living created things, God says that it's all yours, every thing in the garden but keep away from the tree of the knowledge of good and evil. Eat from it and you're dead. Seems pretty clear.

Adam's partner Eve, meets a snake in the Garden who can speak and convinces Eve that the fruit is pleasant to view, good to eat and will make her as knowledgeable as God. Seemingly all good stuff. Eve picks some fruit of the forbidden tree and shares it with Adam. Immediately they become aware of their surroundings and nakedness. Ashamed, they tried to hide. Something drastic has changed.

As Rev. Evelyn said "... while they were hiding from God, God found them. God had been walking in the garden with them, with the ones that he created and loves. God was walking with the rule breakers and the hiders."

"I believe we forget that. We forget that even though there was a consequence, and they had to leave the garden, God did not stay in the garden. God was with them. God is with us, when we mess up horribly and disappoint others, when we think we've lost our connection with God, guess what, God

When someone else has messed up in your life and you want them to stay hidden because you don't want to deal with them, you don't want to speak with them, remember that God has found you too and God is finding them. Just as we have been found and forgiven, may we find those who have been lost to us and may we offer that grace, that joy of being found so that life in all its newness and joy can be celebrated and lived out in its fullness."

Thanks to MaryLee Skurdelis and Betty Beaton who supported Rev. Evelyn in worship at the Elginwood Long Term Care Centre Sunday. On Thursday, Sept. 15 at 2 p.m. there will also be a worship service at King Lodge Nursing Home. If you would like to participate, please contact Rev. Evelyn McLachlan.

On Sunday, Sept. 25, Rev. Evelyn and I will be sharing some photos and impressions of our trip to Newfoundland. Join us for a pot-luck lunch after worship and then the slide show which will start around 12:15 p.m. Whether you attend King City United or not, you are

welcome to join us for this fun event.

Remember Tea & Talk at the Sunset Grill Friday mornings at 10 a.m. Drop by to discuss the latest news, your faith, to meet new friends, renew acquaintances or even to enjoy a delicious breakfast.

Sunday worship services are held at King City United Church every Sunday at 10 a.m. All are welcome. King City United is located at 50 Elizabeth Grove, King City. For more information, call Kristen our Office Administrator at 905-833-5181.

St. Mary Magdalene's Schomberg, **Christ Church Kettleby**

Christ Church will take part in "Doors Open, King" on Saturday, Sept. 17 from 10 a.m. to 4 p.m. as part of its on going anniversary celebrations.

Please keep in mind the up coming Schomberg Run on Saturday, Sept. 24 as part of the Anglican Diocese of Toronto's initiative to raise money to bring clean water into more homes of the First Nations' community of Pikangikum in northern Ontario. Registration forms are available at St. Mary Magdalene's.

AA Meetings continue a St. Mary Magdalene's Schomberg Monday evenings starting at 7:30 p.m., with visitors welcome the last Monday of each

For more information call the church

office 905-939-2314 or visit our website www.anglicanparishoflloydtown.com

King Bible Church

We welcome you to join us for worship service on Sept. 18! Pastor Mark will be continuing our sermon series "Family Matters" with "Encourage One Another."

Please take advantage of our excellent children's ministry. Our Sunday morning "Celebration Zone" provides age-appropriate programs for children aged 4 to Grade 8. Our children's program is staffed by screened volunteers who care about your kids! The children in Grade 1-8 will join their parents for the beginning of the service until they are invited to go downstairs. The children in kindergarten can go directly to their class at the start of the service.

If you have children aged 0-3 then we invite you to bring them to our beautiful and safe Nursery facilities which are located on the lower level. Caregivers will meet you there.

We chose the theme of "Legacy" because we believe that's what families are looking for; both to be a part of as well as leave a lasting "Legacy."

We will begin our "Legacy" nights on Tuesday, Sept. 20 from 6:45-8 p.m.

We will provide nursery care for children 0-3.

From Page 18

York Pines United

At York Pines United Church we got back into full swing for the fall with our Welcome Back Service and Pot Luck Lunch on Sept. 11. Rev. Paul Rumbolt and the choir, under the leadership of Ted Anderson, offered musical selections during worship. Immediately following worship an outdoor 9/11 memorial was held at the pergola in the church yard. Victims and heroes of 9/11 were acknowledged and honourably remembered. Also, there was an honouring of our present day first responders. White Peace Ribbons were tied to the pergola in remembrance of those passed, and to honour today's heroes. Rev. Rumbolt closed with a sung blessing.

Regular events are happening again at the church. Monday evening dance classes are held 7 to 9 p.m. in the church basement hall under the professional instruction of Derek Kryszkowski. More dancers, especially beginners, are welcome to join classes.

Bible Study, following Seasons of the Spirit curriculum, is held weekly Tuesday mornings 10 to 11:30. New members are always welcomed. Once a month, a group gather to knit prayer shawls and baptismal blankets. This month the meeting is Tuesday, Sept. 20 at 1:30 p.m. Wool, tea and friendship are provided.

takes place. Thursday, Sept. 22 the group will be dining at The Mandarin Restaurant in Newmarket at noon.

Yoga classes will resume Tuesday, Sept. 27, 7 to 8:30 p.m. under the leadership of Stacey Hollings. This is a great way to stretch your body and mind.

The monthly book club meeting is Wednesday, Sept. 28 at 7 p.m. "50 Canadians Who Changed the World," by Ken McGoogan will be discussed.

The church is located at 3150 Lloydtown Aurora Road, Kettleby, just east of Hwy. 400. Our Sunday services begin at 10:30 a.m. For any further information, please contact the church at 905-727-8118 or office.ypuc@rogers.com

King Terry Fox Run

The 2016 King Township Terry Fox Run is set for Sunday, Sept. 18 from 9 a.m. to 1 p.m. Meet at Wellesley Park, King City (NW corner of Keele Street and King Road). Run, walk, bike, rollerblade (wheelchair accessible) the 2-km, 5-km and 10-km routes.

Community service hours are available. Contact Lisa Barenthin at 905-751-4559 or email lisakb.88@icloud.com.

St. Andrew's By Kathy Patterson

Hello neighbours and friends! This Sunday St. Andrew's Presbyterian

Also monthly, a Fellowship Lunch Church invites you to join us for our 10:30 a.m. in the main church. Welcome Back BBQ following the worship service at 10:30 a.m. Bring your lawn chairs and come to get to know us as we reminisce abut the summer and chat about our plans for this fall.

Pastor John Mills's sermons about Moses are helping us realize that there's so much more to discover about this important Biblical figure and his story and how it is applicable to our lives. God certainly had a plan for Moses as He does for all of us. Stay afterwards for coffee time in the lounge.

Sunday school has started up again and takes place in the upper classroom during the morning service.

The Electoral Systems Reform Town Hall will be held at St. Andrew's in the lounge, Monday, Sept. 19 at 7 p.m. All are welcome to come and learn more with Dan Desson, Fair Vote Canada-York.

September 25 will be our fall Communion Service, presided by the Rev. Dr. John Vissers.

Ladies' Prayer time continues Tuesday mornings at 9 a.m. All are welcome to attend this special time of prayer and quiet reflection. God is with us as He has promised and is hearing and answering our prayers.

All Saints Anglican Church By Diana Armitage

Regular service hours for Sunday, Sept. 18 are 8 a.m. in the chapel and

The King City Farmers' Market returns this Sunday, Sept. 18 from 8 a.m. to 1 p.m. in the All Saints parking lot. There will be lots of vegetables, baked goods, bacon on a bun, honey and much more. One of our vendors, Mike Besser from the Junction area in Toronto, brings Stella's (of Streetcar fame) Better Baked Goods to King City. Prime favourites are asiago bread, chocolate carrot cake, and pistachio cake. We like his large cookies, some iced and some double with filling in the middle. He also makes soups, muffins, pies and gluten free products. Extremely delicious!

Plan ahead for a busy and fun day at All Saints on Sunday, Oct. 2. The Blessing of the Animals services will be at 8 a.m. and 10:30 a.m. Please bring your beloved pets for a blessing. One year there were an amazing number of black labs, another year there was a pig!

In the afternoon, the Rt. Rev. Peter Fenty will join us for a Celebration of New Ministry at 4:30 p.m. between the Rev. Dr. Elizabeth Green and the people of All Saints.

Please remember to send all Vestry Reports to the church office: allsaints3@ bellnet.ca before Monday, Oct. 3.

If you would like a home visit or to receive communion at home, especially if you are unable to get to church because of illness or mobility issues, please call the church office at 905-833-5432. We are always happy to visit.
