

Thanks for Fair support

On behalf of the Schomberg Agricultural Society, I would like to take this opportunity to personally thank all of our sponsors for their continued financial support. Our fair would not be possible without the generous donations made each and every year. I would also like to thank our many volunteers for the countless hours spent making our fair as successful as it is. The Schomberg Agricultural Society takes pride in the many ways we are able to promote agriculture in and around our community. We have proudly owned and operated our fairgrounds for over 160 years and we are thrilled to be able to share our property with other community groups for various events as we were just recently able to do for the MS Society with their Let's Rock'n'Roll fundraiser and as we do each year with Shakespeare in The Park. If you have an event requiring a venue, please do not hesitate to contact me for more details. Preparations are already under way for our 165th Agricultural Fair and we look forward to seeing you all there!
