## Annual Mayor's Golf Tournament was a roaring success

More than 180 participants teed off last week at the Mayor's annual charity Golf Tournament, this year held at Nobleton Lakes. Many sponsors and local businesses pitched in to make this day a great success. Proceeds are still being calculated, but the money raised is directed to Parks, Recreation and Culture in King Township for community projects. Staff were in the spirit (above). Planning director Stephen Kitchen (left) hit the links. Turn to Page 6 for a recap of the tournament.

## PUBLIC NOTICES

### NOTICE OF PASSING OF A ZONING BY-LAW BY THE CORPORATION OF THE TOWNSHIP OF KING

**TAKE NOTICE** that the Council of the Corporation of the Township of King passed By-law Number 2016-71 on the 11th day of July, 2016 under Sections 26 and 34 of the Planning Act, R.S.O. 1990, Chapter P.13.

**AND TAKE NOTICE** that any person or agency may appeal to the Ontario Municipal Board in respect of the by-law by filing with the Clerk of the Corporation of the Township of King not later than the **9TH DAY OF AUGUST, 2016**, a notice of appeal setting out the objection to the by-law and the reasons in support of the objection, together with one (1) cheque in the amount of \$300.00 (certified cheque or money order only) payable to: The Minister of Finance, to cover the Ontario Municipal Board fee, and one (1) cheque for \$205.50 representing the Clerk's Department Administrative processing fee, payable to: The Township of King. Should this date fall on a holiday or weekend, you will have until 4:30 p.m. of the next business day to file your appeal. If you wish to appeal to the Ontario Municipal Board, a copy of an appeal form is available from the Ontario Municipal Board website at [www.omb.gov.on.ca](http://www.omb.gov.on.ca) or from the Clerk of the Township of King. Please note the Board will only accept filing fee payments by **certified cheque or money order**.

Only individuals, corporations and public bodies may appeal a by-law to the Ontario Municipal Board. A notice of appeal may not be filed by an unincorporated association or group. However, a notice of appeal may be filed in the name of an individual who is a member of the association or the group on its behalf.

No person or public body shall be added as a party to the hearing of the appeal unless, before the by-law was passed, the person or public body made oral submissions at a public meeting or written submissions to the council or, in the opinion of the Ontario Municipal Board, there are reasonable grounds to add the person or public body as a party.

By-law Number 2016-71, being a new Zoning By-law for the Nobleton urban area (Nobleton Zoning By-law), affects all lands within the defined Nobleton urban area boundary, as identified on the key map, below.

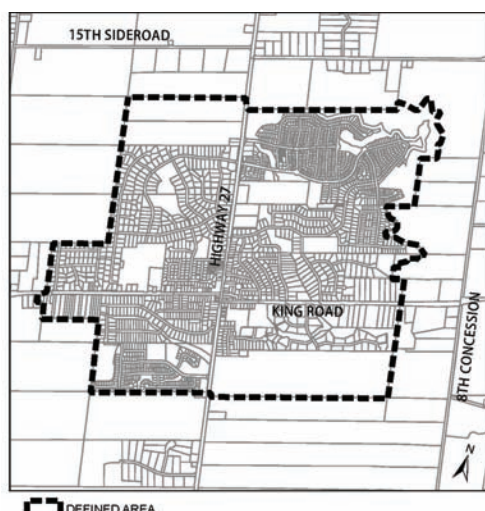

The new Nobleton Zoning By-law 2016-71 repeals and replaces Comprehensive Zoning By-law 74-53, as amended, for the lands within the defined area. The new Nobleton Zoning By-law 2016-71 is the result of the Nobleton Zoning By-law Review to revise and update zoning standards, primarily to implement the policies of the Nobleton Community Plan. Public consultation was included in each phase of the process (e.g. open houses, workshop and public meetings), and input was also welcomed and received at any time. Specifically, public consultation events took place as follows:

- December 16, 2014: 1st Public Open House to introduce the project and gather information for the draft discussion paper;
- June 3, 2015: 2nd Public Open House to present the first draft of the by-law;
- November 19, 2015: Mature Neighbourhoods Design Workshop to review options for conserving the character of older existing residential neighbourhoods; and
- May 16, 2016: Statutory Public Meeting to present the final draft of the Nobleton Zoning By-law to Council and the public.

Comments received from the public on the first draft of the Nobleton Zoning By-law (dated May 2015) were summarized and included in the Planning Department Report for the Public Meeting on May 16, 2016 (P-2016-15). Comments received and considered in the preparation of the final Zoning By-law are summarized in the Comments & Response Table attached as Appendix 'B' to Planning Report P-2016-24. Both reports are available on the Township's website [www.king.ca](http://www.king.ca). The input was valuable in providing local context, and helped shape the new Nobleton Zoning By-law particularly as it relates to the Core Area and Nobleton's mature neighbourhoods.

**DATED:** at the Township of King, this 20th day of July, 2016.

Please see more notices on page 5

## PUBLIC NOTICES

### NOTICE OF A REFUSAL OF REQUEST FOR A ZONING BY-LAW AMENDMENT AND OFFICIAL PLAN AMENDMENT

**TAKE NOTICE** that the Council of the Corporation of the Township of King made a decision to refuse the applications for an Official Plan Amendment and Zoning By-law Amendment under Sections 22 and 34, of the Planning Act, R.S.O. 1990 on the 27th day of June, 2016.

The proposed Official Plan Amendment and Zoning By-law Amendment submitted by Ellen McCarthy and Tara McCarthy under Planning File Nos. OP-2015-03 and Z-2015-08, concern two properties located in King City, municipally known as 22 and 32 Snowberry Lane. The property known as 22 Snowberry measures approximately 1.01 hectares (2.50 acres) and supports a newer dwelling while the property known as 32 Snowberry measures approximately 1.05 hectares (2.59 acres) and supports an older dwelling. At this time there are no other applications, under the Act, pertaining to the subject lands.

#### Purpose and Effect:

The purpose and effect of these applications would see a lot boundary adjustment whereby a 0.32 hectare (0.79 acre) piece of land from the 22 Snowberry lot be added to the 32 Snowberry lot and a subsequent severance of this lot would result in a new lot measuring 0.62 hectares (1.53 acres) with 37.66 metres (123.5 feet) of frontage while a retained portion of 32 Snowberry would measure 0.76 hectares (1.88 acres) with 55.13 metres (180.8 feet) of lot frontage. The property known as 22 Snowberry would result in a lot size of 0.69 hectares (1.70 acres) with a frontage of 44.87 metres (147.2 feet). It is intended that the existing dwelling at 32 Snowberry would be demolished and new dwellings constructed on the retained lands and the new lot.

The subject lots are designated 'Estate Residential 1 Area' by the King City Community Plan (OPA#540) and are zoned Estate Residential (ER1) by Zoning By-law #74-53, as amended. The purpose of the Official Plan Amendment application is to add site specific policies to the severance policies to facilitate the creation of one (1) additional residential lot by way of consent. The purpose of the Zoning By-law Amendment application is to reduce the lot area minimum requirement of 0.8 hectares (2 acres) and the lot frontage minimum of 60 metres (197ft.) in the ER1 zone to provide for the consents.

#### Reason for Refusal:

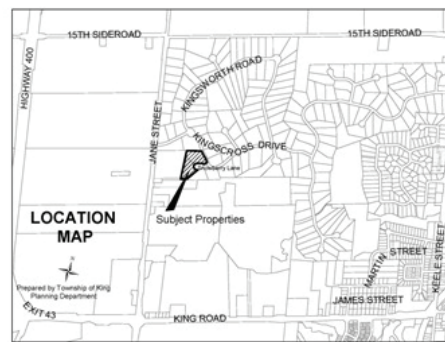

The applications were refused by Council after considering staff's report, agency comments, a presentation from the applicant and public comments because they were of the opinion that the proposed lot creation did not satisfy the consent policies of the King City Community Plan as they relate to reflecting the character of the existing neighbourhood.

#### Appeals:

Any appeals to the refusal of the applications must be filed with Kathryn Moyle, Director of Clerks and By-law Enforcement, and Township Clerk, 2075 King Road, King City, ON, L7B 1A1, setting out the reasons for the appeal together with a certified cheque or money order in the amount of \$300.00, per application, payable to the Minister of Finance, and a cheque for \$205.50 representing the Clerk's Department Administrative processing fee, payable to the Township of King, no later than **July 25th, 2016**. A copy of the appeal form is available on the Ontario Municipal Board website ([www.omb.gov.on.ca](http://www.omb.gov.on.ca)).

**ONLY INDIVIDUALS, CORPORATIONS OR PUBLIC BODIES** may appeal a decision of the approval authority to the Ontario Municipal Board. A notice of appeal may not be filed by an unincorporated association or group. However, a notice of appeal may be filed in the name of an individual who is a member of the association or the group on its behalf.

**NO PERSON OR PUBLIC BODY** shall be added as a party to the hearing of the appeal unless, before the requested official plan amendment was refused, the person or public body made oral submissions at a public meeting, if any, or written submissions to the council or, in the opinion of the Ontario Municipal Board, there are reasonable grounds to add the person or public body as a party.

The decision of the Council of the Corporation of the Township of King is final if a notice of appeal is not received on or before the last day for filing a notice of appeal.

**ADDITIONAL INFORMATION** relating to this application is available for review at the Township of King office between the hours of 8:30 a.m. and 4:30 p.m., or inquiries may be directed to the Planning Department quoting File Numbers: **OP-2015-03 and Z-2015-08**, or at (905) 833-5321.

**DATED AT THE TOWNSHIP OF KING THIS 4TH, DAY OF JULY, 2016.**

Kathryn Moyle  
Director of Clerks & By-law Enforcement

Township of King

King City ON L7B 1A1

## NOTICE OF SERVICE DISRUPTION Highway 27 watermain replacement in Nobleton

**What:** Watermain replacement

**Where:** Hwy. 27 in Nobleton from Parkview Avenue to Wilson Road

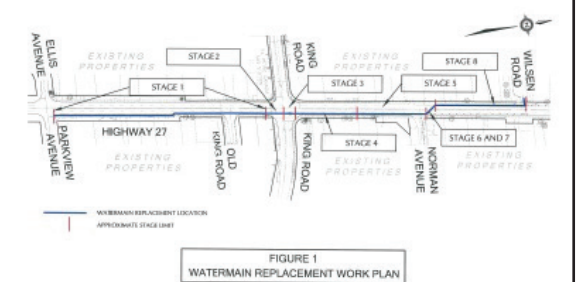

**When:** Starting in early July. Construction is expected to last up to three months

**Why:** Replacement of watermain to improve service to the area

#### Project impacts:

- During construction, full-time access to all residences and businesses on Hwy. 27 within the work zone will be maintained. Pedestrian access will also be maintained.
- Through traffic on Hwy. 27 will be maintained, however there will be lane reductions as required. Motorists should expect delays for the entire duration of the project.
- Periodic closures of local road connections to Hwy. 27 in the project area will be necessary. Additional notices will be distributed to property owners with specific dates of the closures as well as any alternative traffic arrangements.
- To facilitate the installation of the new watermain, the water supply to properties on Hwy. 27 in the project area will need to be temporarily shut off for short periods of time. Property owners will be given advanced notice prior to any water disruption.

King Township will make every effort to minimize disruptions. If you have any questions about the project, please contact Wayne Pinkney, King Township project manager, at 905-833-4575 or by email at [wpinkney@king.ca](mailto:wpinkney@king.ca).

### NOTICE OF ADOPTION OF OFFICIAL PLAN AMENDMENT No.: 89 TOWNSHIP OF KING OFFICIAL PLAN UNDER FILE NUMBER OP-2015-02 BY THE CORPORATION OF THE TOWNSHIP OF KING

**TAKE NOTICE** that the Council of the Corporation of the Township of King passed By-law Number 2016-67 on the 11th day of July, 2016 under Section 17 of the Planning Act, R.S.O. 1990, as amended, to adopt Official Plan Amendment No. 89 to the Official Plan for the Township of King.

**THIS NOTICE** is sent pursuant to Chapter P.13, Section 17(23) of the Planning Act, R.S.O., 1990. The lands affected by this Amendment are commonly known as the West Side of Dufferin Street, North of the railway, North of King Rd., South of 15th Sideroad and described as Part of Lots 6-10, Concession 3, King City.

The **purpose and effect** of this Amendment is to amend the King Township Official Plan (Official Plan Amendment No. 54/King City Community Plan/KCCP, as amended by Official Plan Amendment No. 54/Oak Ridges Moraine Conservation Plan Amendment) as follows:

- to allow for isolated and site specific minor reductions in the minimum vegetation protection zone adjacent to environmental features;
- to allow an increase in the permitted residential density and the resulting overall community population. Gross density of an average of 7 units per hectare is proposed. The existing KCCP policies for which the amendment is proposed permit a maximum gross density of 3 units per hectare on the majority of the subject lands and 5 units per hectare on the portion of the subject lands located immediately north of the railway corridor;
- to allow for alternative forms of housing such as townhouses and semi-detached dwellings to be permitted within the Low Density Residential 5 Area;
- to re-designate the lands designated Low Density Residential 3 Area to Low Density Residential 5 Area;
- a future population for King City (should all lands develop at the densities proposed) of approximately 14,000 persons and employment of 4,422 in the year 2031, an increase from the forecasted population of 12,000 and employment of 4,422 in the year 2021;
- to expand the policies of Section 5.3.3 of the KCCP, which provide for the design and construction of the sewer system, to include provision for the extension of services to public/municipal recreation facilities. The amendment to Section 5.3.3 would have a similar effect on the corresponding water servicing policies of the KCCP;
- to allow for Low Impact Development (LID) stormwater management techniques to be permitted to be located within lands designated environmental protection area.

Copies of this Amendment are available for inspection at the Township of King Planning Department under File No. OP-2015-02 at 2075 King Road, King City, Monday to Friday 8:30 a.m. – 4:30 p.m., Telephone 905-833-5321.

Any person or public body will be entitled to receive notice of the decision of the approval authority if a written request to be notified of the decision (including the person's or public body's address) is made to the approval authority. The approval authority is the Regional Municipality of York, 17250 Yonge Street, Newmarket, Ontario L3Y 6Z1.

Related files: Zoning By-law Amendment Z-2016-67.

# King goes green with new municipal building

By Mark Pavilons

As King's new municipal building inches closer to reality, councillors approved making a few green upgrades.

Council approved adding an electric car charging station and a geothermal system to the building. Staff was also directed to investigate an enhanced building envelope during the design stage.

Council approved the design concept presented by +VG, who will continue through the detailed design. They also okayed giving King's own Priestly Demolition the job of taking down the structure and removing debris, at a cost of almost \$600,000.

The project team was also asked to look into other sustainable measures that can be incorporated into the design.

Several green initiatives were presented. Council opted for the charging station (\$20,000) and geothermal system (\$350,000). They also okayed an emergency generator (\$434,000). They nixed the idea of a solar green roof (\$350,000), grey water reuse (\$115,000) and LEED certificates (\$75,000).

Geothermal, a heat pump system, is a real benefit and will generate cost savings in the long run.

The province is working with 24 public- and private-sector partners to create an unprecedented network of public charging electric vehicle stations in cities, along highways, at workplaces and at various public places across Ontario. The entire network will be in service by March 31, 2017.

A shift to low- and zero-emission vehicles is vital to the fight against climate change and achieving Ontario's

greenhouse gas pollution reduction target of 80 per cent below 1990 levels by 2050. Greenhouse gases from cars account for more emissions than those from industries such as iron, steel, cement, and chemicals combined.

There are nearly 7,000 electric vehicles currently on the road in Ontario.

"More public charging stations is great news for drivers in Oak Ridges-Markham and in York Region who are considering a change to low and zero emission vehicles. This means owners of electric vehicles can now plan longer trips knowing that a charging station is readily available," said Dr. Helena Jaczek, MPP, Oak Ridges-Markham.

Tom Wilson, of +VG said they're on the right track and both the schematic and layout designs are ongoing. They're planning for a large, open council chambers, with flexibility in the design elements.

In her report, CAO Susan Plamondon said they plan to move the building as far east as possible on the property to improve the appearance from King Road and achieve parking efficiencies. This will open up public and community space as well.

"Considerable care is being taken to respect the environmental characteristics of the site and to compensate for any impacts - the goal being to improve the site from an environmental perspective."

The project steering group examined features outlined in the Community Sustainability Plan and identified priorities that included energy efficiency, flexibility, adaptability and low maintenance.

Councillor Cleve Mortelliti, who sits on the steering committee, said they

had to pick some green features that seemed feasible. Geothermal has the greatest demonstrable results.

The added features are above and beyond the building costs.

Mayor Steve Pellegrini asked whether the consultants considered keeping the footprint, but adding another storey.

Wilson said they did look at it, but it "didn't seem like the right solution."

Councillor David Boyd pointed out the project, as it stands, is already heading for LEED certification, and going the step further would just be "an expensive plaque on the wall."

He also praised the interior design and lobby, noting it was innovative, warm and inviting. Wilson said this will be one of the focal points and the two-storey, glassed space will be quite impressive.

Both Councillor Avia Eek and Debbie Schaefer wanted more information on the feasibility of adding solar panels down the road.

Demolition will take place over the summer. By October, the consultants should have the final cost estimates and design details for council's approval.

## Don't mess with the Saltrie!

A Schomberg business owner is angry that someone vandalized his Saltrie, the national flag of Scotland. Gerald Duffy, owner of The Scottish Nook on Main Street, said someone tore down the flag from his shop some time during the night on Saturday. It was found tossed in someone's back yard. The Saltrie is made up of white St. Andrew's cross on a blue background. First hoisted in 1512, it's believed to be one of the oldest flags still used in the world today.

This is the first time it's ever happened.

"The national flag should not be touched or desecrated in any shape or form," Duffy said.

~ Frank B. Kellogg

## Terrorists up the ante in war on the west

Senseless acts of violence are nothing new.

Thousands are killed every day in conflicts, uprisings and civil unrest all around the world.

Most of us here in the west turn a blind eye to mass killings abroad. Almost daily, suicide bombers in the Middle East kills dozens of men, women and children, in crowded markets or on city streets. Over there, this is commonplace.

But we sit up and take notice when it hits closer to home.

Last week's mass killing in Nice, France, was yet another wake-up call for the west to take terrorist threats more seriously.

For the perpetrators, and those washed with the doctrine, death and killing means glory. Going out in a blaze of gunfire, while taking western heathens with them, is a dutiful act.

In war, and this is a war in a sense, one must know the enemy. It's very difficult to fight those who have no fear and are willing, even eager, to die for a cause.

Our American cousins should have learned some important lessons from engagements with Japanese and Vietnamese forces during those historic wars. These people fought with passion, motivation, even hatred. We simply cannot instill such qualities in our brave men and women to the same degree. If you toss in a religious factor, we're simply out-gunned.

Maybe we're soft. Maybe we've grown complacent. Maybe our liberal policies have allowed us to concede almost everything, in the name of human rights, sensitivity and compassion.

Mark Pavilons

Those things will not win a war. And to an extent, they leave us vulnerable.

Of course, I'm playing a bit of a devil's advocate here. I love our country and the fact we are so welcoming, generous and forgiving.

Prime Minister Justin Trudeau admitted we need to do more:

"Senseless acts like this one are not isolated events, and we will continue to work with our allies and partners to fight terrorism in all of its forms. We will bring those who are responsible to justice, whether they be the perpetrators, or those involved in funding or organizing such attacks. We mourn the loss of so many innocent victims."

It's horrible and unthinkable, yet it happened - twice in France.

The Paris attack in November of 2015 killed 130 people, including 89 at the Bataclan theatre. Another 368 people were injured, many seriously.

The attacks were the deadliest in France since World War II, and the deadliest in the European Union since the Madrid train bombings in 2004. France had been on high alert since the January 2015 attacks on Charlie Hebdo offices and a Jewish supermarket in Paris that killed 17 people and wounded 22, including civilians and police officers.

You can bet the French will respond with retaliation against ISIS.

The mass killing of police officers in Dallas undoubtedly sent shivers down the spines of all front-line emergency personnel.

There's no question the world is messed up. It always has been.

The prevalence of more violent and more extreme incidents speaks to the time in our history.

Every country around the globe is experiencing a new kind of turmoil. Several of our European partners have shaky economies and high unemployment; our Olympic hosts will likely be broke after this event; racial unrest in the U.S. is at its peak, and terrorists will continue to up the ante every chance they get.

Back to my comments on the "beef-witted" west. We're simply an easy target. Our populace gathers at many outdoor events this time of year. We're vulnerable.

Our foes want us to be scared. They want us think twice and look over our shoulders.

The worst thing we can do is give in

and become reclusive, fearful sheep. We must be brave.

There are things we can all do to ensure community safety. A lot of it is simple and goes back to principles used by Neighbourhood Watch. Be attentive and look for anything out of the ordinary in our neighbourhoods. Help one another and get to know our neighbours. If something raises the hairs on the back of your neck, don't ignore it, and perhaps call someone.

From local crime to acts of terrorism, we can make a difference. We don't have to form armed vigilante units patrolling the streets.

I do recall the efforts of Toronto's Guardian Angels, an anti-crime volunteer group who patrolled city streets and subways. Attempts were made to resurrect the group as recently at 2012.

Maybe this is an option, in certain global urban hot spots - a trained group of volunteers trying to make the streets safe.

Of course, we run the danger of being over-policed. Extending greater powers to law enforcement and the military can lead to a slippery slope of curtailed civil liberties and we're not ready to go down that road.

I don't have any answers. I think our leaders and all of our law enforcement agencies are working overtime to mitigate such tragedies. They're undoubtedly working behind the scenes with their counterparts from around the world to monitor, contain and thwart terrorism.

They do this so we can sleep well at night.

Maybe we need a few sleepless nights to think about things.

### CAA survey finds

## Canadians don't trust autonomous vehicles yet

Canadians are wary of driverless cars, according to research released by the Canadian Automobile Association (CAA) on the eve of a major conference looking at the future of autonomous vehicles.

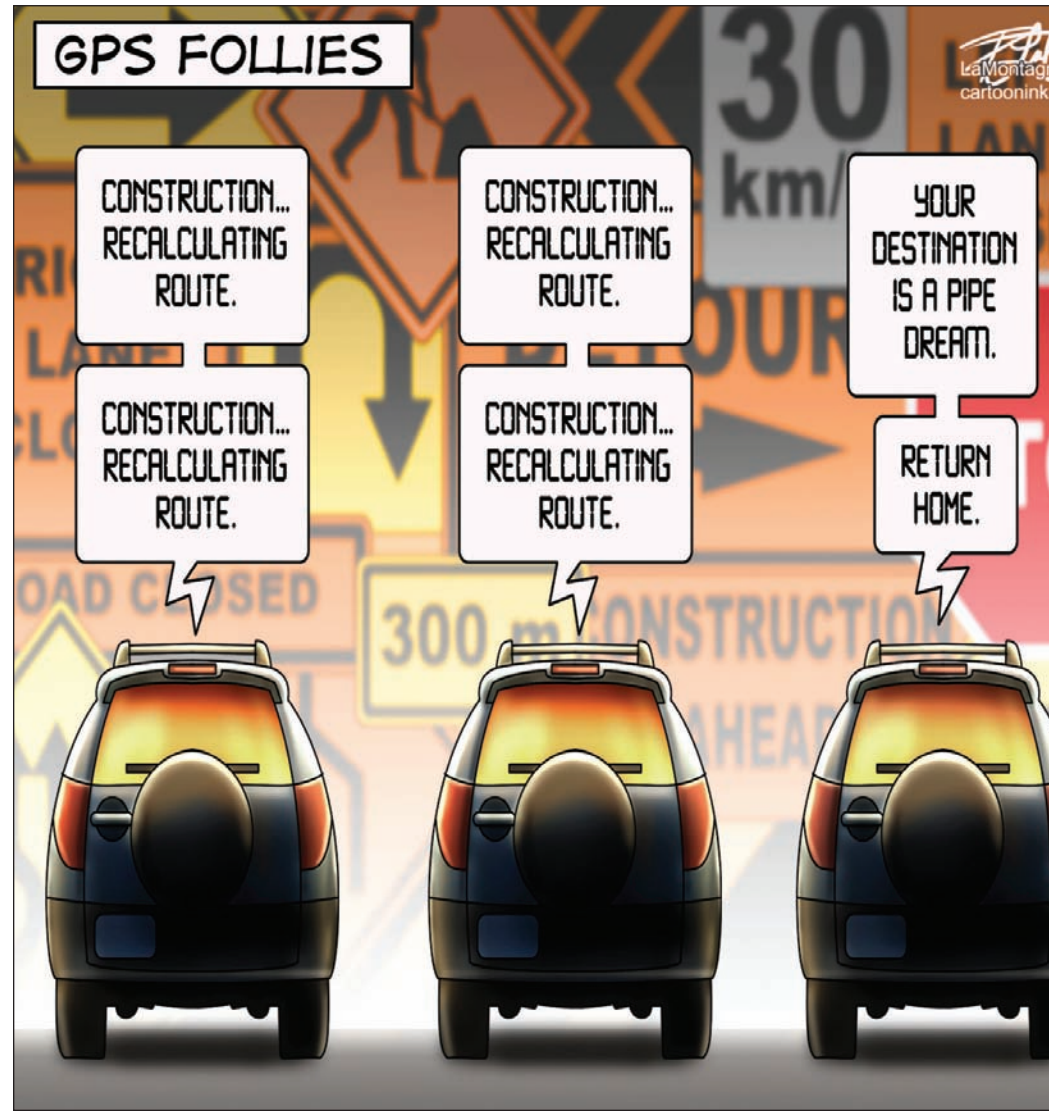

Nearly two-thirds (63 per cent) of Canadians say they would not trust a vehicle to drive itself while they are in it, stating concerns such as vehicle hacking, theft of data generated by the vehicle, and accountability in the event of an accident.

Despite their doubts today, Canadians still believe there are benefits to driverless cars in the future, such as improved accessibility for people with mobility issues and fewer road safety incidents due to reduced human error. In fact, more than half (57 per cent) of Canadians say they think this technology will advance to a point where they would fully trust a driverless car in the next 10 years.

"Canadians clearly see the potential. We are just not there yet. Conferences like this one will help advance the dialogue around the pros and cons of this new technology," says Jeff Walker, vice-president of public affairs for CAA National. "Wherever the debate leads, CAA will be there to make sure the views of the driving public are well represented."

The public opinion research was done in conjunction with the Conference Board of Canada's conference, Automated Vehicles: Planning the Next Disruptive Technology, held in Toronto. CAA, which sponsored the conference, also moderated a panel on the privacy considerations surrounding driverless cars.

The results are based on a survey of 2,090 representative Canadians, conducted between March 23 and March 30, 2016.

# Program delivers 206 youth jobs in King-Vaughan

A record number of local youth are employed in the Canada Summer Jobs program this summer, according to Deb Schulte, MP for King-Vaughan.

"On-the-job work experience is an important opportunity for young people to get the skills they need to launch their careers. This summer, more students than ever before will have a job under the program," said Schulte. "I am incredibly proud to announce the good news that 206 positions were approved in King-Vaughan this summer, a new record."

"We set an ambitious goal to create up to 70,000 jobs for youth across Canada, and we've exceeded it. More young people than ever before will benefit from a job this summer through this program," said the Hon. MaryAnn Mihychuk MP, and Minister of Employment, Workforce Development and Labour.

More than 77,000 jobs are approved for funding under the program this year across Canada, more than double last year's 34,000 and roughly 7,000 more than originally anticipated when

the government announced a boost to the program funding in the federal budget earlier this year.

The program creates summer job opportunities and provides valuable work experience for youth aged 15 to 30 intending to return to their full-time studies in the next school year. The program also helps employers generate jobs serving their local communities, as well as addressing a number of national priorities that include: the settlement of Syrian refugees, the needs of Indigenous people, small businesses, and cultural and creative industries.

"I am pleased to see that nationwide, 13,373 of the positions offered were with small businesses (fewer than 50 employ-

ees), up 397% from the summer before," said Schulte. "Small business remains at the heart of our economy, both locally and nationally, and working for a small business is a great way to gain experience, tap into networks and become part of the community."

The Canada Summer Jobs Program is part of the Government of Canada's Youth Employment Strategy to help young people gain the skills, abilities and work experience they need to find and maintain good employment. Budget 2016 included \$339 million over three years in new funding for the Canada Summer Jobs program, the first funding increase since 2009.

## Annual Georgian Bay Steam Show

In Cookstown this coming Civic long weekend, the Georgian Bay Steam Show will be putting on its 51st annual show. The club has a wide array of displays, demonstrations and activities for spectators both young and old. It is a fun-filled, family oriented and educational event, and a great way to slow down and experience what life was like on Ontario farms years ago.

The feature for this year will be "Everything Massey", (which includes Massey-Harris, Sawyer-Massey, Massey Ferguson and Ferguson), so there will be many displays of locally made Canadian farm equipment. These feature items are but a fraction of what will be on display. Steam traction engines, gas tractors, hit n' miss engines, antique automobiles, livestock, farming demonstrations and a variety of equipment, most notably the clubs saw mill will also be in operation.

Besides all of the farm related demonstrations, the club also puts on a pancake breakfast, stage entertainment, daily parade, corn roast, a flea market and various children's activities including the wildly popular children's Mud Bog where the youth can get "down and dirty" on a lawn tractor. Also popular is the Talent Contest on the Saturday and Sunday evening (open to all), and our large selection of vendors. Do not forget about the OTTPA Modified Truck and Tractor Pull Sunday night either. This is a very popular event with limited seating, so if possible please bring your own chair.

The show runs Friday, July 29 through Monday, Aug. 1 on the club's property, at 4635 Victoria Street West in Cookstown. Admission to the show is \$8 for adults on Friday and Monday, \$10 Saturday and Sunday. Children under 12 are free when accompanied by an adult. The gates open at 7:30 a.m.

For more information, please visit [steamshow.ca](http://steamshow.ca)

### King cracking down on off-road vehicles

Bylaw officers and York Regional Police are focusing on the illegal and unsafe use of off-road vehicles in King Township.

King has received numerous complaints regarding the unsafe and illegal operation of dirt bikes and ATVs on local roads, sidewalks and trails.

Residents should be advised that riding any off-road vehicles is strictly prohibited on any roads in not only King Township but all of York Region.

Off-road vehicles are only permitted on private property. Riders are required to transport their off-road vehicles to properties where permission is granted by the land owner.

Pocket bikes, dirt bikes, mini bikes, ATVs, motorized scooters (Go-peds), power-assisted bicycles and segway scooters are not permitted on public roadways or sidewalks.

Also, off-road vehicles must be registered, plated and insured according to legislative guidelines. Riders must wear helmets and children must be supervised by an adult.

King bylaw officers have increased their patrols in the areas of complaints, including in Nobleton near the arena at Hwy. 27 and King Road and at Tasca Park on Parkheights Trail.

Residents are encouraged to use the Road Watch Program to report those riding these vehicles illegally. [www.yrp.ca/en/community/road-watch.asp](http://www.yrp.ca/en/community/road-watch.asp).

### Emerald Ash Borer Tree Removal

**What:** King Township will soon cut down several hundred trees killed by the emerald ash borer, an invasive species that has killed tens of millions of ash trees in North America. Staff estimate up to 300 or more trees need to be removed. The bulk of the trees are in the 20- to 25-year range.

**Why:** The trees are completely dead and many are on township-owned boulevards next to sidewalks. Removing them is a matter of public safety.

**Where:** The tree removal is scheduled to happen in King City, Nobleton and Schomberg starting July 25. Arbourtech, the company that will be doing the removal, will start in King City, then move on to Nobleton followed by Schomberg.

**Next steps:** This year will see the start of Phase 1 of the ash tree program, which will include the removal of the dead trees but not the stumps. It is more efficient to remove the stump and plant a new tree at the same time due to the hole created during the stumping process.

Phase 2, which will start in the near future, will include the removal of the stumps and the planting of new trees. Phase 2 is expected to be a multi-year initiative.

### Clean Yards bylaw

King Township council passed a new Clean Yards bylaw at its July 11 meeting.

It sets out minimum standards for properties in the Township including rules on litter, waste and property maintenance to help ensure that properties are safe, clean and attractive in relation to adjacent properties.

It also regulates the following:

- Vegetation, grass, weeds, and trees
- Garbage, waste, litter and debris
- Standing water, snow and ice
- Dust
- Storage of composting, fire wood, dirt piles
- Drainage including: sanitary sewage, ground water, etc.
- Pits, excavations
- Parking of vehicles, trailers and/or boats
- Graffiti

For more information on the bylaw, visit [www.king.ca](http://www.king.ca) or [www.bit.ly/29YdII](http://www.bit.ly/29YdII)

### Water restrictions

With this summer's hot weather and lack of rain, King is reminding residents about its water use bylaw.

To water plants, grass and shrubs:

Homes with even numbers may use water on even days between 6 a.m. and 9 a.m. and 7 p.m. to 9 p.m.

Homes with odd numbers may use water on odd days between 6 a.m. and 9 a.m. and 7 p.m. to 9 p.m.

Further restrictions may apply in the summer months. For information check [www.king.ca](http://www.king.ca) or call 905-833-5321.

### Drop-In Climb

At Cold Creek Conservation Area

Join us for Drop-In Climb every Saturday this Summer

Starting July 2 until September 3 from

Participants must be at least 7 years of age and must wear closed-toed shoes to participate.  
Please note this program is subject to cancellation due to inclement weather.

# Mayor's annual golf tournament another success

The annual Mayor's Golf Tournament was another resounding success this year.

The event, held at Nobleton Lakes, drew more than 180 golfers and 200 guests for the dinner portion of the event.

The money raised goes towards the funding of parks, recreation, and culture initiatives within King Township.

Sponsors helped make the event a success.

They included (platinum): Four Valleys Excavating & Grading Ltd./Zancor Homes Ltd. and Magna International Inc.

Gold: Condor Properties Ltd./Coun-

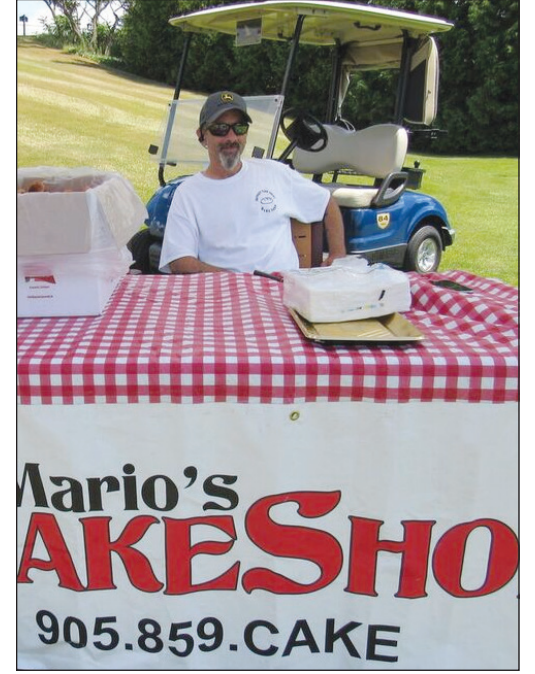

try Wide Homes, Coppa's Fresh Market and Remington Group.

Silver: Caliber Homes, Fandor Homes, Mattamy Homes, Tribute Communities.

Bronze: CastlePoint Investments Inc., Elite Construction, Signature Communities Inc., Trisan Construction, King Automotive Repair Service.

The live auction donors included Sitconf, Garage Living, Nobleton Lakes Golf Club, Club Link Corporation, Vineland Estates Winery, in-home personal chef Aladin Jarrah.

Those who provided samplings, activities and contests on the course included Lisa Crispo Photography, Mercedes-Benz Maple, Marsham International Food Brokers, King Chamber of Commerce, Kingbridge Conference Centre, Hockley Valley Brewing Co., Thornbury Village Cidery & Brewery, Nobleton Lakes Golf Club, Lexus of Richmond Hill, Dorio's Kettleby Bakery, Holland Marsh Wineries, Cappuccino Bakery, Mario's Bake Shop, Olympic Softee Ice Cream, Wild Wing King City, Posto Panino, The Summerhill Resto Pub Patio.

## King Township cracking down on off-road vehicles

Bylaw officers and police are focusing on the illegal and unsafe use of off-road vehicles in King Township.

King has received numerous complaints regarding the unsafe and illegal operation of dirt bikes and ATVs on local roads, sidewalks and trails.

Residents should be advised that riding any off-road vehicles is strictly prohibited on any roads in not only King

Township but all of York Region.

“Off-road vehicles are only permitted on private property. Riders are required to transport their off-road vehicles to properties where permission is granted by the land owner,” said Sergeant Karen Hodge, with York Regional Police’s Traffic Bureau/Traffic Safety Programs Unit.

Pocket bikes, dirt bikes, mini bikes,

ATVs, motorized scooters (Go-peds), power-assisted bicycles and segway scooters are not permitted on public roadways or sidewalks.

Also, off-road vehicles must be registered, plated and insured according to legislative guidelines. Riders must wear helmets and children must be supervised by an adult.

“Residents have complained ATV and dirt bike drivers are using roadways and sidewalks to access open areas popular with riders,” said King’s manager of bylaw enforcement, Nancy Cronsberry. “Complaints have included pedestrians being forced off sidewalks to avoid being struck by careless riders, running stop signs at high speeds and making U-turns in front of oncoming traffic. Parents are concerned about the safety of their children.”

Area residents have also complained about noise, riders trespassing on their properties, and “no trespassing signs being removed.

King bylaw officers have increased their patrols in the areas of complaints, including in Nobleton near the arena at Hwy. 27 and King Road and at Tascapark on Parkheights Trail. Anyone found operating one of these vehicles and not complying with the law will face charges. The vehicle may be impounded and fines may be as high as \$5,000. Parents of children riding vehi-

cles unsupervised can also be charged.

Residents are encouraged to use the Road Watch Program to report those riding these vehicles illegally. ([www.yrp.ca/en/community/road-watch.asp](http://www.yrp.ca/en/community/road-watch.asp)). It is hoped the co-operative effort between the Township, its citizens and York Regional Police results in a reduction of complaints and increased safety for all riders.

### Scotiabank boosts Rotary Club

Nobleton’s Scotiabank really upped the profile and coffers of the Rotary Club of Kleinburg, Nobleton and Schomberg. Scotiabank sold and matched ticket sales for the annual Lobsterfest, held this year at the Trisan Centre. Scotiabank staff presented a cheque for \$5,000 to Rotary president Roy Voakes. This money will make its way back into the community.

Photo by Glenn Rodger

### Shelburne’s Fiddle Fest Aug. 3 to 7

There will be music in the air this summer once again as Shelburne’s Fiddle Fest is reborn as the new Heritage Music Festival with hosts, the Rotary Club of Shelburne hard at work preparing for this exciting new venue. It all takes place August 3 to 7 at the Dufferin Recreation Complex. For information about tickets and to find out more about what’s on, go to our new website: [HeritageMusicFestival.com](http://HeritageMusicFestival.com)

### Cleaners ribbon cutting

Councillor David Boyd and Mayor Steve Pellegrini joined Sam Panetta, family and friends to mark the official opening of Nobleton’s King Custom Cleaners. It’s a state-of-the-art, eco-friendly operation.

# Increased densities pave the way for King City development

By Mark Pavilons

A large portion north of King City will become home to King's next biggest residential development.

King councillors gave their preliminary approval an Official Plan amendment, providing for increased densities of seven units per hectare, giving a group of developers and landowners the green light to prepare and fine-tune their concept plans. It also allows for minor reductions in the environmental buffers and minimum protection zones.

In the application by the King City East Landowners Group, densities and buffers are key. These have been thoroughly debated at council over the past months. There are several plans to create homes in the 204-hectare parcel (504 acres) that stretches from Dufferin west to Keele; King Road, north to the 15th Sideroad.

At the May public meeting, major concerns included loss of agricultural land, increased densities and population.

Norm Elmhirst once again appeared before council, opposing any potential extension of Tawes Trail to Keele. It was noted the Region of York has since dropped this idea.

Steve Papaikonomou is currently a non-participating landowner but he said he intends to develop his lands.

Planning director Stephen Kitchen noted it would be beneficial for all landowners to work together and join forces on this area's evolution.

Resident Peter Iaboni is upset by the potential loss of a forested area off of East Humber Drive. Citizens have been actively protecting this mature area for many years and even fought previous applications at the OMB.

Don Givens, representing the King City East Landowners Group, said they've been working with staff, to the point it's coming together and "moving in the right direction."

He said the group will work with the landowner to respect the woodlot and work on an alternative.

Councillor Cleve Mortelliti said this is a significant decision on densities.

Councillor Debbie Schaefer said she's pleased that some concepts show

a mixed variety of housing types, something that's lacking in King. The plans call for seniors-oriented housing as well.

Staff was also asked to increase the percentages of mixed housing, upwards of 15% to allow for more towns and condos in the mix.

The density increase in King City's greenfield area will ensure King meets the 2031 population targets mandated by the Province. Minor increases or decreases could be considered on a site-specific basis. King has an intensification target of 920 units through 2031, 546 of which are moving forward. It's recommended that 457 of those be planned for King City, and the remaining 89 directed to Schomberg.

King City remains as the top contender for the simple fact that Nobleton lacks servicing capacity for more growth at this time. Capacity is currently restricted to 6,590 people and when current projects are built out, that number will be reached.

Looking ahead, if these lands are developed at the proposed intensities, King City will grow to 14,000 people from its projected 12,000 level by 2031.

Regarding the buffer zones, King maintains its region-leading 30-metre guidelines. However, this application has been revised, seeking minor reductions in five specific locations. The boundary of the feature/buffer presents unique configurations and challenges to the adjacent lot fabric.

This is all very early in the process. The review and approval of these projects will be addressed through future amendments and draft plans of subdivision. Only preliminary design review has taken place so far and focused on broader issues.

Several parcels are involved and a few present their own challenges. In his report, Kitchen said the Entas property and portions of the King Rocks property "have significant access limitations which may present a challenge to achieve a design with multiple access points and, therefore, more difficult to rationalize a higher number of units within those areas."

The York Region District School Board has said they will require a future school site within this area.

# Township has healthy surplus

By Mark Pavilons

A healthy operating surplus will not only help bolster King's coffers, but address the Township's infrastructure needs.

Councillors were happy to receive a report on King's 2015 audited consolidated financial statements, showing a tidy sum.

In his report, Director of Finance & Treasurer Allan Evelyn noted King had a 2015 operating surplus of \$1.5 million. In keeping with council's directives, \$25,000 of that will go to the tax stabilization reserve, and another \$75,000 to the infrastructure reserve. The residual balance, \$1.43 million, will also go to the infrastructure reserve.

Cash and cash equivalents rose by \$14.2 million in 2015, over 2014 levels. The driving factors here included increased development charge payments and proceeds from long-term debentures. Outstanding user charges dropped, primarily due to charges from the Nobleton sanitary sewer project.

As of Dec. 31, 2015, King had a long-term debt of \$21.2 million. All of this debt is for sewer work, roads and water mains in King City and Nobleton over the past decade. The Township's net debt dropped by \$7.3 million last year, over 2014.

At the council meeting, Mayor Steve Pellegrini said the operations analysis "speaks volumes to the mind set of this municipality and how it's administered."

**Seneca's King Day Camp combats summer learning loss**

By: Dimitri Perdicaris

**H**ave your kids already forgotten what they learned this past school year? Their summer vacation may be to blame.

According to Kelly Mathews, manager of Seneca's King Day Camp and Outdoor Education Centre, Seneca may have a solution to this perennial problem, also known as 'summer learning loss.'

"Our programs encourage continued learning outside of the classroom," said Mathews. "Even though children are not in school during the summer, parents can feel confident knowing that our staff keeps the learning going throughout those two months, and does so in a safe and supportive environment."

At King Day Camp, such learning is achieved through experiential play which could include anything from shelter and raft building to survival activities and nature-based crafts.

"Our programming is purposefully-designed to be appropriate for the developmental stages for children ages four to 16," said Mathews. "We help youth learn and develop important life skills such as teamwork, leadership, citizenship and more. This positions them for success once they head back to the classroom in September."

One example of this is King Day Camp's Leader in Training and Staff in Training programs which prepare teenage campers for future employment with the camp or elsewhere. By teaching the hard and soft skills needed for working with youth in the outdoors, campers can have fun while growing and developing as people - they also begin to understand what it means to be accountable.

Registration is still open for some King Day Camp programs. Learn more: [www.kingdaycamp.com](http://www.kingdaycamp.com)

## Lamaze on Canadian equestrian team headed for Rio

The Canadian Olympic Committee (COC) and Equestrian Canada (EC) named the 10 athletes nominated to represent Team Canada in equestrian at the Rio 2016 Olympic Games from August 5 to 21.

Both eventing and jumping will field teams of four athletes, while two individuals will represent Canada in dressage. The Canadian Eventing Team earned their Olympic berth after finishing sixth at the 2014 FEI World Equestrian Games in Normandy, France. The Canadian Jumping Team received a team berth after winning the gold medal on home soil at the 2015 Pan American Games last July. Although the Canadian Dressage Team did not earn a team berth, spots for two individuals were secured through qualification criteria set by the Fédération Equestre Internationale (FEI).

The Canadian Equestrian Team's final preparations for Rio over the next few weeks will include training camps in Florida and Germany. In addition, jumping athletes will compete at the prestigious CHIO Aachen World Equestrian Festival, which ran July 11-17 in Aachen, Germany.

Among those heading to Rio are Eric Lamaze, Yann Candele, Belinda Trussell and Tiffany Foster.

At the Games, equestrian sport will kick off with eventing, August 6-9. Dressage will follow on August 10, 11, 12 and 15. Jumping closes out the equestrian portion of the Games on August 14, 16, 17 and 19.

Historically, Canada has achieved impressive results at the Olympic Games, earning a total of six equestrian medals.

Most recently, Eric Lamaze claimed the individual gold medal in jumping at Beijing 2008. His teammates, Mac Cone, Jill Henselwood and "Captain Canada" Ian Millar also helped secure the silver medal for the Canadian Jumping Team. Millar also set a record at London 2012 by becoming the first athlete in any sport, from any nation, to compete in 10 Olympic Games.

Olympic Show Jumping Champion Eric Lamaze of Schomberg, has selected Fine Lady 5 as his mount for the

2016 Olympic Games in Rio de Janeiro, Brazil.

Lamaze was considering three horses for the upcoming Olympic Games, all owned by Andy and Carlene Ziegler's Artisan Farms in partnership with Lamaze's Torrey Pines Stable. His 2015 Pan American Games team gold medal partner, Coco Bongo, and Check Picobello Z were also in contention but, following the opening week of competition at the CSI5\* Spruce Meadows 'National' tournament in Calgary, Lamaze made his choice.

"She is the most reliable, experienced horse that I have," said Lamaze, of the 13-year-old bay Hanoverian mare (Forsyth x Drosselklang II). "Every time I have asked her to step up and do a big class, she has always done it easily."

A total of 200 horse and rider combinations from 43 countries will compete at Rio 2016. Overall, Canada expects to field a team of approximately 315 athletes.

"Canada has a long history of equestrian excellence and I am very proud that these athletes named will be continuing the tradition in Rio. The partnership between athlete and horse is a unique bond that goes beyond athleticism and one that is admired by many. I look forward to celebrating the results of their hard work this summer," said Curt Harnett, Rio 2016 Team Canada Chef de Mission.

"Our Canadian Equestrian Team has worked extremely hard to earn their berths to the Rio 2016 Olympic Games and achieved remarkable milestones along the way, from winning Pan Am medals to breaking Canadian records. Our team for Rio also demonstrates how unique and extraordinary our sport is. Not only does equestrian sport display an incredible bond between horse and rider, as one of the only mixed gender Olympic sports, it celebrates gender equality. I know our athletes nominated today will continue to make Canada proud and I look forward to celebrating their success in Rio," added Eva Havaris, Chief Executive Officer, Equestrian Canada.

"I am thrilled to be representing Canada in show jumping in Rio. The

Eric Lamaze has chosen Fine Lady 5 as his mount for the 2016 Olympic Games in Rio this August.

Olympics are the pinnacle of sport; for most athletes it starts as a dream, for the fortunate few it is then a goal and, for the lucky ones, it becomes a reality. I feel incredibly privileged to be one of those lucky ones. A huge thank you must be given to our incredible horse owners, our tireless support staff, and the hardworking individuals at Equestrian Canada who make it all possible. There may only be five people named to the Canadian Jumping Team, but the team that stands behind us consists of so many more. I'm looking forward to doing my very best in Rio and making Canada proud!" added Foster.

"It is an honour to be chosen to rep-

resent Canada at the Rio 2016 Olympic Games. These Olympics are so special to me because four years ago my dreams were shattered when my horse Anton had a major injury that took us out of the running for the London 2012 Games. Little did I know he would recover so well and earn a place on the Rio Olympic Team with personal best scores. I could not have accomplished this goal without my amazing family, team and coach. Thank you to Equestrian Canada for all the support and huge organizational challenges getting us all to Rio safely. I will wear the maple leaf proudly in Rio!" noted Trussell, Athens 2004 Olympian.

## Royals U13 team splits games

It was an up and down week for the U13 King City Royals boys' soccer team as they finished the week with a win and loss.

The Royals had their eight-game unbeaten streak end on July 12 with a 4-1 road loss to Oak Ridges.

The first half was a close back and forth affair as both team's mid-field controlled possession. The Royals scored first 18 minutes in thanks to a long pass from defender Dominy Xu to striker Marco LaVerde who converted for a 1-0 lead. The Royals held Oak Ridges at bay until about four minutes left in the half when the opposition scored to tie the game up at 1-1.

All season long the Royals have played their best soccer in the second half of games but this time around, their opponents dominated play. With the wind in their favour, Oak Ridges scored three more times in the second half to win the match 4-1.

### Home victory

The Royals got back on the winning track July 14 with a 1-0 home victory against Aurora.

Marco LaVerde scored the game's only goal 30 minutes in as he ran down the left wing and cut into the box to score his 20th goal of the season. The first half was an even affair as both teams had opportunities to score on a very hot, humid but windy night.

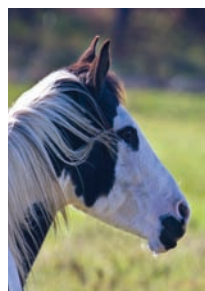

There was no scoring in the second half although the Royals had the best chance to score mid-way through the second half as Jacob Snelgrove's cross to Mason Dalakis was missed as his shot hit the post. The Royals held the Aurora offence late to preserve the 1-0 win and give Anthony Bruno his third shutout of the year.

The Royals are now 9-2-1 (28 points) and played July 19 at home against Vaughan (results unavailable).

# Batting cancer out of the park one more time

It was a great turnout as the Pink Tree Foundation hosted their 4th annual "Home Run for the Cure" Slo-Pitch Softball Tournament & Charity BBQ at Nobleton Sports Park in King Township this past weekend.

Old friends and new friends and future supporters came together to play, cheer and enjoy a great BBQ all in support of the common goal of "batting cancer out of the park."

It was "Runs of Anarchy" who took 1st place at the finals on the Sunday as they beat out "Pink Socks" 10-6.

Over \$3,000 was raised to help Pink Tree Foundation establish a Cancer Wellness & Retreat Centre in the community to help those dealing with cancer and living in York Region. Part of the funds will be donated to help advance cancer research in support of the Princess Margaret Cancer Centre.

The future drop-in Wellness and Retreat Centre will be a comfortable

and relaxed place where those affected directly or indirectly by cancer will be able to connect with each other. The centre will also provide a place and opportunity for people of all ages to open their hearts by connecting with others who have already dealt with similar issues.

The centre will host informal discussions and workshops that will help to get answers and provide ideas on coping skills to address the psychological, physical, emotional and spiritual well-being of those who are living with cancer. A relaxed place where people can spend time with new friends, share experiences and explore what is really on their minds while deepening their understanding and feelings about cancer.

Anyone interested in donating or volunteering their time for this cause can contact Pink Tree Foundation at [www.PinkTreeFoundation.ca](http://www.PinkTreeFoundation.ca) or 416-731-4241.

# Newcomers enjoy trip to Georgian Bay

## King's Corners

King City United  
By Earle Laycock

Remember that there are no worship services or Sunday school on Sunday, July 24. We encourage you during this time to visit our sister churches in King City and make new acquaintances.

Sunday worship will resume on July 31 at 10 a.m. when Rev. McLachlan returns from vacation. Our church office will be open as usual on Tuesdays and Wednesdays from 1-4 p.m. and Fridays from 9 a.m. to 4 p.m. During this time, emergency pastoral care can be obtained by contacting or leaving a message with at the church office 905-833-5181. Messages are checked twice daily.

Thank you for the support of the King Township Food Bank's backpack program. Carol Ann Trabert was very grateful for the support KCUC offered.

Tea and Talk continues on Fridays at 10 a.m. at the Sunset Grill. This is a good chance to come and share your

thoughts, faith or news with other folk.

Rev. Evelyn and I are continuing our travels in Newfoundland. We are currently visiting former parishioners in Open Hall. What a marvellous experience to go out in their boat and view the rugged coastal shoreline. We saw more than half a dozen bald eagles and two pairs were raising young ones. To see such a large, magnificent bird sitting at the top of a cliff is almost indescribable. One pair had a real nest of sticks in a tree while the other pair, had their nest at the mouth of a cave. Rev. Evelyn also went jigging for the first time with great success! We won't mention what her husband caught although Rev. Evelyn will.

We also participated in a pageant at the small coastal village of Trinity. While not a religious pageant, there were elements of the church which played a major role in the life of the fishermen. Life in the outposts was bleak and always was a delicate balance of starving or managing through another winter. Fishing is still a major component of life in these villages but schools and churches are closing or struggling

to remain viable. The non-monetary rewards are many though, including the beauty of creation, an abundance of food from the sea and the occasional iceberg.

We are looking forward to returning to King City and sharing stories and photographs of our travels. Until we resume worship on Sunday, July 31, travel and rest safely. God be with you.

### King Bible Church

Please join us on Sunday, July 24 as we'll be continuing our summer sermon series "5 Things God uses to Grow your Faith." Our Elders will be preaching this month. Phil Wickens will be preaching this week's message - "Personal Ministry."

For the summer months we will have Celebration Zone for ages JK-Grade 2 (going into). All other children will be in the worship service upstairs with their parents.

We have nursery available downstairs for babies 0-3

Get ready to dive into another amazing week of Vacation Bible School

during the week of August 8-12 from 9 a.m. to noon. We are starting a half hour earlier this year to allow for more fun! It's for ages JK to Grade 7.

This year the kids will be going on a "Deep Sea Discovery" where they'll explore the depths of the Bible. Call or email the church to register - info@kingbiblechurch.com

### St. Andrew's By Kathy Patterson

Summer at St. Andrew's - we're open! Come and worship with us at 10:30 a.m. and stay for refreshments following the service. Pastor John Mills will be in our pulpit throughout the summer.

Children remain in the sanctuary during the summer and can be provided with "quiet activities."

Bill and Kathy Patterson were away last Sunday, having the privilege, along with Bruce Craig, of introducing the Almasri Family from Syria to Georgian Bay and Bartram Island!

# Farmers' market at All Saints

From Page 14

We are all so grateful for such a beautiful day spent with wonderful people in such a peaceful, spectacular setting.

Ladies' Prayer Time is Tuesday mornings at 9 a.m. in the church office. Join us for a special time of prayer and quiet reflection knowing that the Lord is present as He promised, hearing and answering our prayers. Please inform us if you have a prayer request or a thanksgiving you'd like to share.

Should you have pastoral care needs please contact Lynn Vissers, our Director of Congregational Ministries at the office: 905-833-2325. Our Interim Moderator is the Rev. Dr. Neal Mathers. He can be reached at 905-895-5512. Our church is located at 13190 Keele St., 2 blocks north of the King Rd. There is a ramp available for accessibility. Check out our web site! [www.standrews-kingcity.ca](http://www.standrews-kingcity.ca)

## Joint Services in Kettleby

With St. Mary Magdalene's Anglican Church (Parish of Lloydtown) 116

Church St. in Schomberg closed for July, parish Holy Communion services with parish priest Rev. Sheilagh as celebrant will be held starting at 10:30 a.m. Sundays in July in Kettleby at Christ Church on Kettleby Rd. half-way between Jane St. and Keele St. Our much treasured organist Joy Gannicott will be handling the music.

## All Saints Anglican Church By Diana Armitage

King City Farmers' Market this Sunday, July 24 from 8 a.m. to 1 p.m. in the All Saints parking lot. Fresh eggs, vegetables, fruit, baking, cured meats, honey, beeswax candles, creamy soaps, smoked olives(!), mini herb gardens in handmade containers and breakfast or lunch on a bun.

This week's spotlight on two of the vendors:

Mike Besser from the Junction area in Toronto brings Stella's (of Streetcar fame) Better Baked Goods to King City. Prime favourites are asiago bread, chocolate carrot cake, and pistachio cake. He also makes soups, muffins,

pies and gluten free products. Extremely delicious!

Sally Shearman owns Sharon Creek Farm, between Sharon and Holland Landing. She grows her organic fruit and vegetables by permaculture methods: a sustainable, self-sufficient approach that uses traditional farming practices. She also sells duck eggs. Imagine a boiled duck egg for breakfast!

Baroque and Bass Concert at All Saints on Saturday, July 30 at 7:30. Ireland-based Baroque violinist, Justin Grounds, and Canadian double bass-

ist, Conrad Good, return to the All Saints chapel with a new collaboration melding Baroque sonatas with elements of jazz and electronica. Truly unique and beautiful music! Entry is by donation.

Sunday services continue at 8 a.m. and 10 a.m. in the chapel.

## 508 CAREERS

## JUSTICE OF THE PEACE VACANCIES Ontario Court of Justice

**COURT LOCATIONS:** Barrie (3), Bracebridge (1), Brampton (3), Brantford (1), Brockville (Bilingual-1), Chatham (1), Cornwall (1), Hamilton (1), London (1), Newmarket (2), Oshawa (1), Ottawa (2), Ottawa (Bilingual-3), Peterborough (1), Sarnia\* (1), Sault Ste. Marie (Bilingual-1), Simcoe (1), Sudbury (1), Thunder Bay (1), Timmins\* (1), Toronto (10), Toronto (Bilingual-1), Walkerton (1)

Please check [www.ontariocourts.ca/ocj/jpaac/advertisements](http://www.ontariocourts.ca/ocj/jpaac/advertisements) for an updated listing of advertised vacancies.

At the request of the Attorney General and in accordance with the *Justices of the Peace Act*, the Justices of the Peace Appointments Advisory Committee invites applications for vacant Justice of the Peace positions in the Province of Ontario.

A Justice of the Peace is an independent judicial officer who presides in court over various proceedings under federal and provincial statutes. Applicants must meet minimum qualifications as set out in the *Justices of the Peace Act*.

The Justices of the Peace Appointments Advisory Committee reviews and evaluates applications and classifies candidates as "Not Qualified", "Qualified" or "Highly Qualified". Classifications are reported to the Attorney General, who recommends candidates for Order-in-Council appointments to the Ontario Court of Justice.

In addition to reflecting the diversity of Ontario's population, applicants should also display the fundamental skills and abilities, personal characteristics and community awareness attributes set out in the Committee's General Selection Criteria.

Bilingual positions require a high degree of proficiency in English as well as a superior level of oral and written proficiency in French. As First Nations people comprise a large percentage of the population in the areas being serviced by the courts in \*Sarnia and \*Timmins, we especially encourage people of Indigenous heritage and people with an in-depth understanding of Indigenous communities and the issues affecting those communities to apply for these vacancies.

For detailed information about the vacancies noted above, minimum qualifications and the General Selection Criteria, the required application form, and the Committee's process, please visit the website of the Justices of the Peace Appointments Advisory Committee at [www.ontariocourts.ca/ocj/jpaac](http://www.ontariocourts.ca/ocj/jpaac).

Applications for current vacancies must be submitted on the current prescribed application form and received by **4:30 p.m. on Wednesday, August 17, 2016**. Applications received after this date **WILL NOT** be considered.

**PLEASE NOTE:** Future vacancies and deadlines for applications will be posted on the Committee's website as they occur. Interested individuals can receive e-mail notification of vacancies by registering at [www.ontariocourts.ca/ocj/jpaac/advertisements/registration/](http://www.ontariocourts.ca/ocj/jpaac/advertisements/registration/).

Pour voir cette annonce en français, consulter le site Web du Comité à [www.ontariocourts.ca/ocj/fr/jpaac/annonces](http://www.ontariocourts.ca/ocj/fr/jpaac/annonces).

# Congregation's picnic is this Sunday

## Nobleton Notes

By Angie Maccarone  
905-859-5174

### St. Paul's Church

The Youth Group will meet bi-monthly during July and August this summer. Check here for details or contact our Youth Leader Taylor Scott at scottietay@yahoo.ca or 289-338-2539.

A2J is a program for kids in Grades 3 to 6. It will resume in September.

Join us Sunday, July 24 at 10 a.m. as we celebrate Communion and Jeff teaches us about "Communion FACs."

Child care (for children 3 years of age and younger) is provided during the gathering. Our Summer KidzKonection and NextStep Program (for children ages 4 to 11) takes place at the same time.

Jeff has a blog and he records his weekly messages there after worship each Sunday. Anyone interested in listening to his messages can go to www.passionatelyhis.com to hear them.

For more information about ANY of our activities or events, please contact the church office or visit our website at www.stpaulsnobleton.ca.

### Nobleton United Church By Nancy Hopkinson

On Sunday, July 24, there will be a congregational picnic at Jack and Kim Campbell's, on the 18th Sideroad. Phone 905-939-2992 for the exact directions. We will gather at 11 a.m., sing songs, have a short message, and lunch at 11:30 a.m. Bring a salad or dessert. The BBQ and drinks will be supplied. There are walks that you can take and/or have a swim in the pool.

On Sunday, July 31, the joint service is at the Kitchen Breedon Manor in Schomberg at 9:30 a.m. Sandra Kirby of King City will be leading a musical service. Park at the Schomberg Library on Main St. as it shares the parking lot with the Manor. Sandra has a strong style and distinctive voice, singing about God's glory and grace, singing inspiring hymns that speak to our faith, through times of strife and times of wonderment.

Sandra has had the pleasure of being a guest soloist from Muskoka south to Toronto, and from Saugeen Shores to the west, to Lindsay in the east. She has sung at a variety of church denominations and has returned to many of these congregations. She is often asked to lead worship services, where music and God's word are celebrated.

Since 2012 Sandra has worked with an extraordinary concert and collabo-

orative pianist, Dr. Oleg Samokhin. As well as singing wonderful Christian standards and performing American Standards/Jazz together at various venues, she acts as manager and agent to Dr. Samokhin in his classical concert work.

Two year ago, Sandra became the conductor of the King City United Church handbell choir. Sandra says that "the ringers in that choir are a delight to work with." The choir plays at Sunday services and holds two mini-concerts per year.

Sandra is honoured to use her ministry of music for community groups, nursing and retirement homes in the area.

Sandra worked part-time, over a seven-year period, with the Toronto Conference of the United Church of Canada. Since the fall of 2012 Sandra has been editor of the Living Waters Presbytery Newsletter, with the aim of keeping church members apprised of events going on within the large geographic area from Steeles Avenue to the south, to Kearney, McKellar, Dunchurch to the north, Huntsville to the east, and the 400 Highway to the west. Unfortunately, Nobleton & Schomberg are in Northern Waters presbytery!

For the first three weeks of August, the joint services will be at Nobleton United at 11:15 a.m. Various church members will be leading interactive

services, including taking requests for favourite hymns. On August 28, we will join with Schomberg Presbyterian, Schomberg Anglican and Schomberg United at the Dufferin Marsh at 11 a.m. for an ecumenical service. Bring your own chair, hat, sunscreen and bug spray!

For more info, visit nobletonunitedchurch.com, our Facebook page, or call 905-859-3976. The church office is normally open on Wednesday and Thursday mornings. Messages are picked up regularly. We are located at 6076 King Rd., north side, about 6 buildings west of Hwy 27. We have a big parking lot at the rear of the building, an accessible ramp at the rear of the building, chair lifts and accessible washrooms.

### Immanuel Reformed Church

What's wrong with the world? Practically everyone admits that the world is sick, but just what ails it continues to baffle all the doctors. Of course, many people have attempted to tell us what ails the world, but their suggestions are usually prejudiced by their own personal interests and for that reason fail even to approach a good diagnosis. Yet there are thousands of remedies being urged and tried.

What is wrong with the world?

See 'Immanuel' on Page 17

# Immanuel Reformed Church holds its VBS

From Page 16

The Bible tells us that it is morally and spiritually sick and no one seems to have the courage to administer the cure. The symptoms of violence, drug addiction, greed, lawlessness, lack of morality, abortion (and others) all prove we are in the last days of grace – days like those of Noah when violence and corruption filled the earth and brought forth the judgment of God. Sin is the root cause of all these dreadful symptoms that plague the world today, and there is only one remedy for that root cause. It is found in the once crucified, now risen and glorified Son of God, Jesus Christ.

To simply return to morality will not solve this world's problems, while the underlying cause of sin remains untreated. There must be, on man's part, repentance of his sin of rebellion against God, then faith in the Lord Jesus Christ as Saviour. Until that point is reached, there can be no remedy for the devastating ills of the world. God has commanded all men everywhere to repent, and He has appointed the day when He will judge the world in righteousness by Jesus – a fact that He gave assurance of when He raised Him from the dead (Acts 17:30,31).

The crux of the whole matter is

man's treatment of the Son of God. No matter how lofty the moral standards adopted, until men have made the Son of God their Savior; they are lost!

But what about you? Are you concerned about what ails the world? If you're concerned, that's good! But what about your own soul?

No matter what level of morality you pursue or what level of spirituality you have obtained, if you haven't repented of your sins to God and trusted Jesus Christ as your Savior; you have not addressed the great need of your soul! Jesus said, "I am the way, the truth, and the life: no man cometh unto the Father, but by Me" (John 14:6).

Immanuel Reformed Church in Nobleton meets for worship service every Sunday at 9 a.m. and 4 p.m. All are welcome to join us as we meet in the United Church building at 6076 King Road, Nobleton. See [www.immanuel-reformed.com](http://www.immanuel-reformed.com). If you are interested in meeting to learn about the Bible, call Pastor Maurice Luimes 905-859-8581 for arrangements.

Sign up your kids (ages 5-12) for "Ocean Commotion; Diving into Noah's Flood!" Our summer VBS program runs July 25 to 29, from 9 a.m. to noon. Get details at [www.immanuel-reformed.com/vbs](http://www.immanuel-reformed.com/vbs).

## Horticulture By John Arnott

Making a definite statement in my dry mid July garden is an herbaceous perennial some 18 in./45 cm tall and almost that wide with large deeply toothed bright green leaves from which 6 long smooth lighter green stems rise much covered in light mauish pink tubular shaped snapdragon like flowers each capped with a purple "helmet" – the flower being an 1 1/4 to 3 cm long and holding 4 pollen covered stamens (flowers of larger plants with longer stems can be 2 in./5 cm long). Every flower is held by a 3-lobed green to purple cup like bract or sepal. The third lobe of this modified leaf like structure carries a long sharp thorn – browser and picker beware!

Bumble bees and bees large enough to force entry into the stiff papery blooms are the only insects able to pollinate this plant.

Native to the Mediterranean region this plant that will create a dramatic sight in any garden in our area. It's acanthus (from the Greek akantha meaning thorn, mollis from the Latin for soft or smooth referring to the leaves). I don't find the leaves of my

acanthus mollis particularly soft but they are smooth.

Long living acanthus mollis, 1 of about 30 species of this flowering plant, commonly known as bear breeches grows from underground stem roots called tubers and can over some years form clumps much like iris. Being drought tolerant it grows well in dry semi-shaded areas but in dry soil exposed to full sun it will wilt if not watered every 10 days or so. My plant does well in full sun in slightly damp soil. It seems to appreciate a little compost or composted cattle manure dug in but not too near its tubers and I do mulch it as soon as the ground freezes to see it through cold winters. Once planted and growing acanthus is very difficult to transplant so choose carefully where you put it.

In its native habitat acanthus mollis is often considered invasive growing along roadsides, in wastelands and even rocky places. On both my visits to Rome I was amazed to see it growing and surviving well among the ruins in the Roman Forum. To end on another historical note the ancient Greeks carved the likeness of acanthus leaves on the capitals of their Corinthian pillars giving them that distinctive look.
