## Sun shines on King staff

By Mark Pavilons

While frugal by comparison to other municipalities, King Township had 11 staff members who made the civil servant "Sunshine List" in 2016. That's three more than 2015.

The salaries and taxable benefits of employees in the Ontario Public Service and the broader public sector who were paid \$100,000 or more in 2016 were released last week. The Public Sector Salary Disclosure Act requires public sector organizations to disclose, by March 31, the name, position, salary and taxable benefits of their employees paid \$100,000 or more in the previous calendar year.

CAO Susan Plamondon was the highest-paid staffer, earning \$192,173.75. This was slightly above the \$184,000 she earned in 2015.

Director of Finance Allan Evelyn received \$145,120.51 in 2016, up from the \$125,000 he earned in 2015.

Andrzej Drzewiecki, director of engineering and public works, earned \$139,534.01 last year.

Stephen Kitchen, planning director, and Clerk Kathryn Smyth earned \$131,431.

Steve Gillies, operations manager, and Nick Vertelman, urban services manager, both pulled in \$127,021.

Fire Chief Jim Wall earned \$126,372.68 last year, up from the \$113,000 he was paid in 2015.

Chris Fasciano, director of parks, recreation and culture, made \$121,513.63, up from the \$107,744.36 he was paid in 2015.

Mike Cole, deputy director of engineering and development, earned \$113,420.68.

Scott Donald, manager of parks, recreation and culture, pulled in \$109,889.

King Mayor Steve Pellegrini earned \$122,520. He works as the City of Brampton's supervisor of business services.

Councillor Bill Cober is an elementary school principal with the York Region District School Board. He earned \$124,470.

## Easter Egg Hunt nears

The stage is set for the annual Community Easter Egg Hunt in Pottageville. The huge local event will be held Saturday, April 15 at the park on 18 Sideroad in Pottageville. There are literally thousands of hidden eggs and several hundred eager youngsters turn out for the event. It begins at 10 a.m. sharp and participants are encouraged to arrive early. Bring your own basket and have fun. The event is sponsored by the King City, Nobleton and Schomberg Lions Clubs.

**EMPLOYMENT OPPORTUNITIES**

- Customer Service Clerk – Parks, Recreation and Culture (PT weekends)
- Equipment Operator/Mechanic – closes April 11

Please visit the Township website at [www.king.ca](http://www.king.ca) for employment opportunities.

**OFFICE CLOSURE – EASTER HOLIDAY**

King Township offices will be closed on Friday, April 14 and Monday, April 17, for the Easter holiday. All municipal offices will be open for regular business hours on Tuesday, April 18 at 8:30 a.m. In case of an urgent Township matter, please call (905) 833-5321 and the Township's answering service will relay your call to the appropriate personnel.

**PUBLIC NOTICES**

Second Installment Due Date: April 25th, 2017

INTERIM TAX bills were mailed in February. Ratepayers who have not received their bills should contact the Finance Department immediately.

PAYMENTS may be made by mail, in person at the Township Offices, or at most financial institutions. When making payments electronically, your account number is your fifteen digit roll number (i.e. 000XXXXXX0000). After hours tax payments may be left in the drop box located to the left of the Council Chambers entrance at 2075 King Road, King City.

Pre-authorized Debit Program (PAD): PAD programs are available for both property tax and water accounts. The enrolment form (same for tax & water) is available at [www.king.ca](http://www.king.ca) (search for "PAD")

**Current vacancies exist on certain Advisory Committees. Here is your chance to become involved and meet local residents!**

The Township is currently seeking interested individuals to participate in the following Committees for the balance of the 2014-2018 term:

- Heritage Advisory Committee (HAC) - 1 Vacancy
- Sustainability Advisory Committee (SAC) – 1 Vacancy (Environmental)

Applications will be accepted at the Township offices, 2075 King Road, King City, ON, to the attention of Kathryn Moyle, Township Clerk, up to April 7th, 2017.

Visit our website, [www.king.ca](http://www.king.ca), to obtain all information about the committees, the recruitment process, as well as submitting an online application.

Become involved and participate with King as a Committee Volunteer! We value your participation.

**Half-load restrictions**

The annual half-load period to limit vehicle weights to 5,000 kg per axle has been implemented on designated Township roads effective Wed., March 1, 2017 to Wed., May 31, 2017. For further information, please visit [www.king.ca](http://www.king.ca) or call 905-833-5321.

**Dog and Cat Licensing**

- All dogs and cats (new in 2017) are required to be registered annually and issued a lifetime tag by the Township.
- NEW: The fee for a cat tag is waived in 2017.
- Tags purchased before April 15 will qualify for a discounted rate. Tags can be purchased online, or at the Township Office.

Please see more King Twp. notices on page 5

**Yard Waste Collection**

Yard waste collection starts the week of April 2 through the last collection ending the week of November 12.

Yard waste is collected every two weeks along with your recycling. We remind residents that there is no limit in the amount of yard waste placed for collection. For more information on what can and cannot be placed out for collection, please visit [www.king.ca](http://www.king.ca).

# Suspect sought in King Township vehicle thefts

Investigators with the York Regional Police #1 District Criminal Investigations Bureau are seeking public assistance to identify a suspect following two thefts from parked cars in King Township.

On Friday, March 24, police were called to a residence on Stallions Court,

which is located in the area of King Vaughan road and Keele Street for a report of a theft. When officers arrived the homeowner showed police video footage of a male suspect that pulled up in front of the home in a light-coloured vehicle. The suspect walked up the driveway and looked inside a

parked car searching for valuables. The suspect went to a pick-up truck nearby, broke the driver's side window and stole a backpack which contained a laptop computer and other valuables.

In a similar incident, which took place on March 25, police were called to a residence on Northcott Way, located in the area of King Road and Concession Road 8, for a report of damage to a vehicle and a stolen wallet. Police spoke to the homeowner, who also had residential video surveillance footage which shows that shortly after 3:30 a.m., a man approached a car that was parked in the driveway. He checked inside the car using a flashlight and noticed a wallet that was left in the vehicle. He used a device to break the window, stole the wallet and casually walked away.

Investigators believe the same suspect is responsible for both thefts and are releasing video of the incidents and seeking public assistance to identify him.

He's described as male, white, 19 to 25 years old. He was driving a light-co-

loured four door sedan.

Citizens are reminded not leave valuables in your vehicles. Thieves are opportunists and spend time going vehicle to vehicle looking for something to steal. Please report any suspicious activity in your neighbourhood. If you spot people looking in parked cars, call police immediately.

Anyone with information is asked to contact the #1 District Criminal Investigations Bureau at 1-866-876-5423, ext.7141, Crime Stoppers at 1-800-222-TIPS, leave an anonymous tip online at [www.1800222tips.com](http://www.1800222tips.com), or text your tip to CRIMES (274637) starting with the word YORK.

# York employees swell the ranks on the 'Sunshine List'

By Mark Pavilons

As one of the largest, fastest-growing regions in Canada, York Region had a long list of staffers who made the "Sunshine List" in 2016.

Last year, York boasted roughly 1,880 well paid employees. The combined salaries is estimated at \$245 million (based on an average of \$135,000).

A substantial number of high-paid employees are members of York Regional Police. Most constables with the force make over \$100,000. YRP has a complement of 1,529 officers and 605 civilians, serving York's population of 1.13 million people. The Region had 13 employees who earned more than \$200,000 last year.

Top of the list was CAO Bruce Macgregor, who made a whopping \$298,125.

Eric Jolliffe, York Regional Police Chief, earned \$272,696.

Karim Kurji, medical officer of health, earned \$274,811.

John Richard Gould, associated medical officer of health, earned \$248,133.

Adelina Urbanski was next with a salary of \$242,254. She's York's commissioner of community and health services.

Lilian Yuan, associate medical officer of health, earned \$238,012.

Thomas Carrique, deputy chief of York Regional Police, earned \$230,974.

Erin Mahoney, commissioner of environmental services, earned \$219,994.

Mary-Frances Turner, president of York Region Rapid Transit Corporation, earned \$219,994.

William Hughes, commissioner of finance, pulled in \$218,959.

Dino Basso, commissioner of corporate services, earned \$218,441.

York Chairman and CEO Wayne Emmerson was the highest-paid politician, earning \$211,968.

Deputy Police Chief Rudolph Crawford pulled in \$201,381.

By comparison, Premier Kathleen Wynne earned \$208,974 and Toronto Mayor John Tory earned \$184,666 in 2016. Prime Minister Justin Trudeau earns \$340,000.

The salaries and taxable benefits of employees in the Ontario Public Service and the broader public sector who were paid \$100,000 or more in 2016 were released last week. The Public Sector Salary Disclosure Act requires public sector organizations to disclose, by March 31, the name, position, salary and taxable benefits of their employees paid \$100,000 or more in the previous calendar year.

For the complete list, visit [www.ontario.ca/salarydisclosure](http://www.ontario.ca/salarydisclosure)

## Car wash Saturday

The King City firefighters will be holding a car wash on April 8 to raise funds in support of charities.

The charities include The Heart and Stroke Foundation, The Canadian Cancer Society, The Township of King Food Bank, and the King City Firefighters' Benevolent Fund.

This is a great opportunity to get that winter grime off your car and support the firefighters in their charitable fundraising. The car wash will be at the King City fire station, 2045 King Road, King City from 10 a.m. until 2 p.m. This is also a great opportunity to meet your firefighters and see the fine fleet of vehicles at our station.

## Lecce becomes PC candidate in King-Vaughan

Upon winning the Ontario Progressive Conservative Party nomination in the riding of King-Vaughan with over 90% of the vote, Stephen Lecce issued the following statement:

"I am humbled by the overwhelming support I received and will fight to make life more affordable for middle-class families and seniors in Maple, Kleinburg and across the Township of King. Life is harder and increasingly unaffordable under the Wynne Liberals. My pledge to you is to make affordability a center piece of my mandate - from lower hydro rates to lower taxes - so working families can make ends meet.

"I will fight for you. I'll fight for our seniors, for our moms and dads, for single parents, for young Ontarians, and for new Canadians who want government to be on their side, not on their back. You deserve a fighter on your side who will bring people together and deliver change for King-Vaughan, including lower taxes, safe streets, and front-line investments in local health and education.

"Under the inclusive leadership of Patrick Brown, I ask you to join our growing movement for positive change."

# Editorial, Letters & Opinion

*"Public opinion shapes our destinies and guides the progress of human affairs"*

~ Frank B. Kellogg

## Big Brother is watching our every move!

*"No system of mass surveillance has existed in any society that we know of to this point that has not been abused."*

~ Edward Snowden

Gone are the dark days of the Cold War.

The Orwellian future of bleak, government-controlled surveillance never materialized. Or so we thought.

The western world has embraced our smart technology and in just one short decade, we've each gone from relative obscurity to international fame.

We're connected to everyone else on the planet who has access to the same technology. We're immediately hooked up to headlines, information and knowledge.

We are no longer alone in cyberspace.

We beehivers in the west go about our business armed with phones the size of our palms and tablets that do everything but make us breakfast. Scratch that, with the latest app, we can have our breakfast delivered before we finish brushing our teeth.

Most would say that's a very good thing, and just one of the advantages that modern technology and commerce have to offer.

Undoubtedly, there are hundreds of reasons to trust and rely on current technology. The bulk of it just makes our lives easier: We can go from point A to point B without ever getting lost. We can order concert tickets from our phone and even translate a foreign language in seconds. We can watch videos and listen to music any time, any place. We can chat with loved ones oceans away.

Yes, modern technology and access granted to us by the tech giants has turned each of us into astute bipeds, roaming about with our heads down, affixed to a screen.

Even at today's level of artificial intelligence, it's possible to never leave the

Mark Pavilons

comforts of your home. You can order in virtually everything you need – groceries, alcohol, cigarettes, entertainment, clothes, toys and DVDs. If there's ever a technological glitch, it can be fixed by a technician, thousands of miles away, in a matter of minutes.

We can work remotely from our home office. We can enjoy virtual dates, group chats and group video games. We can engage in e-learning, study, pass tests and earn diplomas, while still in our pyjamas!

The future is here, my friends. And we're still advancing, at unprecedented speeds. We're charting new territory on a monthly basis.

Work has been progressing on automated systems for many years. Soon we will have self-driving cars on the roads; driverless taxis and buses; an end to teller services at banks; even androids employed to do menial tasks.

Yes, anyone reading this will likely

see such things in the next few years.

Many of us can't wait to embrace even more technology. We love the idea of living out what was once considered science fiction.

But for those well versed in futuristic stories, we need to take heed. George Orwell, back in 1949, warned us that Big Brother will govern our very actions, by as early as 1984. While he may have been a couple of decades off, his lessons are still valid, perhaps even more so today.

*"Yes, you are under surveillance. Yes, it is odious. Yes, it should bother you. And yes, it's hard to know how to avoid it."*

~ Nick Harkaway

Nick is quite right. We are being watched, in shopping malls, banks, ABMs, intersections, airports, elevators, office buildings, sports venues, schools and by our fellow citizens.

There are facial recognition programs that can you pick you out of a crowd of Waldos in seconds.

Our phones and smart watches can be tracked so our exact location can be pinpointed at any time.

Our movements and even spending habits have been monitored for years, so it's really nothing new. We simply ignore it for the most part.

A bank or credit card company knows your spending patterns and raises a red flag when they see an unusual purchase or location pop up. My wife and I have received phone calls from our credit card companies, asking if we indeed made a certain purchase on a certain date.

But, think about this. By monitoring

your spending, Big Brother knows if you're on a diet; whether you're lactose intolerant; are sexually active or even have a disease or ailment. They know when you've last been to the hospital and what was done during that visit. They know what type of movies you like and where you buy your clothes and shoes. They can likely tell us if we're eating too much red meat.

This is not science fiction. Okay, maybe there's no one sitting in front of a computer monitor watching our every move. But it won't be too far down the road, where all surveillance devices, cameras and computers are linked and monitor all human activity on the planet.

Many people today have given up their home phones, opting only for cell phones for their entire family.

How many of us text or Facetime our kids, when they're right upstairs in their rooms?

There's a lot to be said for being "off the grid." Funny that we've actually created a term for something that humans are meant to do.

There is a growing movement in the west to unplug ourselves from the rest of the world. When I'm overburdened by telemarketers, calls from service providers and fed up with paying our mortgage, I often wonder what it would be like to take off and live in a tree house in the woods or a tropical jungle.

This window of opportunity still exists. But one day soon we won't be able to get "off the grid."

I wonder if Big Brother is reading this and can see the look on my face right now!

DVD Release

## Rogue One sets the stage

By Mark Pavilons

In what is a turning point in the Star Wars franchise, the stand-alone Rogue One: A Star Wars Story puts everything in perspective.

Released this week, this latest installment is not so much a prequel as it is the very beginning of the story from a galaxy far, far away.

As the seventh highest-grossing film of all time in the U.S., the Blu-ray and DVD are a must-own for any fan.

A group of unlikely heroes band together on a mission to steal the plans to the Death Star, the Empire's ultimate weapon of destruction. This key event in the Star Wars timeline brings together ordinary people who choose to do extraordinary things, at great cost.

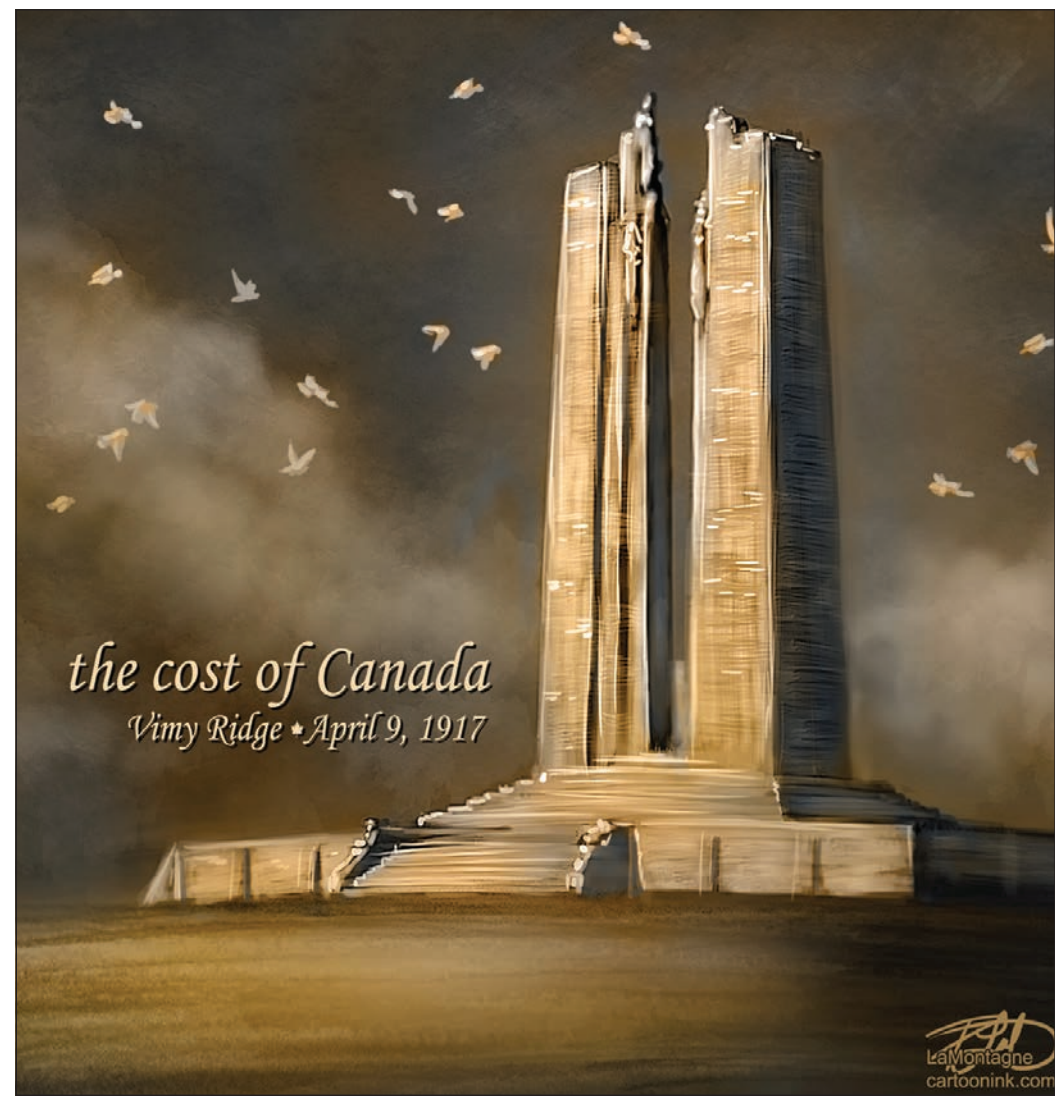

Rogue One: A Star Wars Story is directed by Gareth Edwards and stars Felicity Jones, Diego Luna, Ben Mendelsohn, Donnie Yen, Mads Mikkelsen, Alan Tudyk, Riz Ahmed, with Jiang Wen and Forest Whitaker. All gave some very solid and memorable performances.

Never-before-seen bonus material will take fans behind the scenes with the movie's diverse, dynamic cast and inspired team of filmmakers. An intimate collection of stories reveals how the film came to life.

The cinematography and special effects are what we've come to expect from the franchise and the details in this one are top-notch.

Die-hard fans will love the technical effort involved in bringing the late Peter Cushing (Grand Moff Tarkin) and a young Carrie Fisher (Princess Leia) "back to life." Simply amazing.

If this is the template of things to come, Star Wars fans are in for some exciting times ahead.

# The environment is everything that surrounds us

By Skid Crease

Several years ago I was asked to define the term “environment” for a new geography textbook titled: Geonexus. So I kept it as simple as possible and wrote: “The environment is everything that surrounds us, everything with which we interact, everything that we are. In short, everything.”

The textbook, published by Thompson/Nelson in 2003 was intended for high school Canadian and World Issues classes. One major section of that textbook dealt with “manufacturing consent” and “the role of the media” in presenting diverse perspectives dealing with the realities of our geopolitical landscape. Another dealt with political and corporate forces controlling the media for purposes of propaganda and suppressing dissent.

If, at any time in our history, we need to go back to school and thoroughly read and discuss the many critical questions posed in that textbook, it is now.

In one of my last columns, I highlighted the concern we should all have about the appointment of Scott Pruitt to the role of the U.S.A.’s Environmental Protection Agency (EPA) while Donald was trumpeting the glory of “clean coal.”

If we are truly the environment, then everything that we breathe, eat, and drink, produced from that environment that surrounds us and with which we interact, becomes us. When we breathe in polluted air, when we eat foods with little nutritional value, when we drink contaminated groundwater, it becomes us. And we become sick.

However, beyond the natural environment in which we live, there is the social environment which we create. If we live with passion and compassion, if

we care for others, if we share our vast resources, if we respect our home planet, then we live in a place of balance. If we recognize that all of our economy is based on our ecology, then we become wise stewards. The environment in which we live becomes a peaceful and loving place.

On the other hand, if we allow bigotry and prejudice to permeate our perceptions of anything that is different from us, we open up a door to hate and create an environment that is toxic. If we rape and pillage our planet, and rape and pillage our peoples, the social environment becomes a terror-filled and sorrowful place.

So, as much as I am deeply concerned about the impacts of accelerating climate change and the lack of political and corporate will to do anything significant about it, I am just as concerned at this point in history about the health of the social environment. The connection? When you have the “so-called” president of the United States of America refer to clean coal, you need to know that he is a liar.

There is no such thing as “clean coal” and never has been. We have hard coal and soft coal and coal in between, none of which is clean. What is scientific fact, something which seems to escape our Republican politicians to the south. It is true that hard coal burns with less effluent than soft coal that contains more sulphur. We have technology that allows hard coal to be burned in power generation plants that are equipped with sophisticated scrubbers that remove the sulphuric acid ... which then goes ... where?

The whole reason that China is so on board with climate change protocols right now is that they are dealing with the health issues of having burned

soft, high-sulphur coal in their power plants for years. When I worked with Dr. William Fyfe, then Dean of Science at Western University, and Chair of the international Geosphere/Biosphere program, he told me about a trip he had recently made to China.

“Skid,” he said, “at every doorway in my hotel corridor, there was a spittoon. Everyone had to spit up all the time because every time we took a breath, we were breathing in sulphuric acid.”

My older son recently worked as a teacher in Taiwan, and he said there were days that he couldn’t go outside, when his students were confined indoors, when you wanted a can of clean bottled air to breathe because the air pollution blowing in from China was so thick you could taste it. This is life on Earth now.

The connections are very clear. If we have politicians who are environmentally illiterate, who ignore mainstream science, and who base their decisions on corporate power and profits, we can expect our natural environment to continue to deteriorate to a point of overshoot. It is a simple biological principal.

When the consumers consume and degrade more than the natural systems of the planet can replenish, we overshoot our limits and suffer a catastrophic population collapse. Understand that the reason for the war in Syria was accelerating climate change. Shifting rainfall and temperature patterns altered the growing seasons and resulted in drought and crop failures. Starving peoples moved from the rural areas into the cities on mass. When you put enough disenfranchised, hungry people into an overcrowded social environment, chaos and rebellion ensue.

It happened in the Fertile Crescent when Mesopotamia’s irrigated fields turned to salt and the crops failed. It happened in France during the French Revolution. It happened in Egypt during the Arab Spring. And it is going to happen again. If you put enough hungry, angry, disenfranchised people together in a crowded space, you are going to have a revolution and it won’t be pretty.

The only way a society can prevent this is to ensure that their population is treated with equity and justice. If you work hard, you get to keep a bigger piece of the pie. But everyone gets a place at the table, everyone gets adequate shelter, everyone gets a chance at a good education, and everyone gets appropriate medical care.

If we treat the natural environment with care and work towards a respectful social environment, we may just pass on a healthy home planet for generations to come. If not, well, as we sow, so shall we reap.

*Skid Crease is an accredited member of the Association of Canadian Journalists. He is an award-winning outdoor and environmental educator, a keynote speaker, a storyteller, an author, and a community volunteer. He taught with the North York and Toronto District School boards for 35 years, and officially “retired” from the Faculty of Education, York University, where he was a Course Director and Environmental Science Advisor. Skid has worked with scientists from Environment Canada (pre-2005), NASA, and the Hadley Centre for Climate Prediction and Research in a quest to put an understandable story behind the wealth of their scientific data.*

## ASK presents live jazz performances this Saturday

Looking for a great evening out this weekend? ASK presents a “sweet” night of music April 8 featuring live jazz performances by Siobhan Duffy, John Ebata, Michelle Mele and Tom Walker With the King All Star Band.

Join them at the King Heritage and Cultural Centre. The reception starts at 7:30 p.m. and concert at 8:15 p.m. For tickets call 905-939-9357, seating is limited. Visit [www.ArtsSocietyKing.ca](http://www.ArtsSocietyKing.ca)

# Kings' Beharriell invited to mark Vimy's anniversary

King's LCol (ret'd) Susan Beharriell will be traveling to Ottawa to attend ceremonies commemorating the 100th anniversary of the Battle of Vimy Ridge as part of an official Government of Canada delegation. The delegates will participate in many events and ceremonies culminating in the signature commemorative event at the National War Memorial the morning of Sunday, April 9. The delegation includes veterans and special guests who have direct family ties to soldiers who fought in the First World War.

Lieutenant-Colonel (ret.) Susan Beharriell joined the Canadian Armed Forces in 1973, becoming one of the first women to complete the same Basic Officer's Training as the men. She was also the first woman to be accepted into first the Security Branch and later the Intelligence Branch of the Canadian Armed Forces. A trailblazer for women in the military, she has accumulated a wide variety of service experience including writing intelligence analyses for the Prime Minister, Cabinet, and Allied Nations, working in the North American Aerospace Defence Command HQ (NORAD) in Colorado on 9/11, serving in the North Atlantic Treaty Organization (NATO) in Germany during the First Gulf War and being responsible for the Intelligence function across the entire Canadian Air Force. She earned an Honours Degree from Queen's University and completed numerous military and intelligence courses.

Oscar Robinson, or "T.O." as he was called, earned his wings and was a Flight Instructor in Canada with the Royal Flying Corps during the First World War. His training included aerial photography, gunnery, formation and night flying, bomb dropping and other air tactics. His position as an instructor was a fortunate one, as the average life-span of a pilot who flew at the front lines was approximately two months. After the war, Robinson bought one of the JN-4s training aircraft and became a barnstormer, or stunt-pilot. One day when he was performing with a wing walker, her equipment failed and she fell to her death.

Her connection to the First World War is her grandfather, Thomas Oscar Robinson. 2nd Lieutenant Thomas

Beharriell will represent her grandfather as an official member of the Canadian Delegation.

The delegates will also meet with a group of high school students from across the country as part of their "Encounters with Canada" week in Ottawa, run by Historica Canada.

"It is a great honour to be invited to the ceremonies in Ottawa," Beharriell said.

**Weekly Recipe**

**Lamb with Artichokes**

**Ingredients:**

- Per 6 servings
- 2 lb lamb loin
- 6 artichokes
- Extra Virgin Olive Oil to taste
- salt and pepper to taste
- 1 clove of garlic, finely chopped
- 1 small bunch mint, chopped
- 3 1/2 oz Balsamic Vinegar
- mix of spices (oregano and capers) to taste

**Directions:**

Clean the loin of lamb, leaving it whole.  
Flavor the lamb with mix of spices and allow it to marinate at least one hour.  
To clean the artichokes, cut them in half, and then julienne style (cut them into short, thin strips). Place them in the pan with a little Extra Virgin Olive Oil and sauté until tender.  
Once the artichokes are done, add the chopped garlic and mint; mix gently.  
Brown the lamb in the pan with some Extra Virgin Olive Oil, and then put it in the oven until it is finished cooking (approximately 10 minutes). Just before the lamb is finished, degrease and douse with Balsamic Vinegar. Once the lamb is finished cooking, let it rest for a few minutes.  
Place the cooked artichokes in the center of a dish.  
Slice the lamb, following the line of the ribs, and place them on top of the artichokes. Drizzle it slightly with the Balsamic Vinegar remaining in the pan and the flavorful Extra Virgin Olive Oil and serve.

## King maintains safe drinking water for its residents

By Mark Pavilons

King Township maintains a solid record of providing safe drinking water to its residents.

Any occurrences of Adverse Water Quality Instances (AWQIs) were few and far between in 2016, according to findings in the Annual Water Quality Report, presented recently to King councillors.

Municipalities are bound by provincial legislation to ensure standards of water quality are met and any problems are dealt with.

King City experienced six AWQIs in 2016 and all “were resolved quickly and in compliance with MOECC requirements,” according to staff. All of the incidents, which involved coliform levels, took place in current development areas. The Township monitors the qua-

ter quality in development sites during building to ensure the unoccupied sites don’t negatively impact the rest of the water distribution system.

King City’s distribution system serves a population of roughly 6,630 people and consists of 37 kilometres of water mains and 2,072 connections.

York’s master plan shows a need for new water mains, storage and pumping station(s) to meet the growing needs of King City. A second feed into King City has been identified by the Region.

Schomberg also had six instances, the bulk of which involved nitrates. King is working closely with York Region to monitor and manage the nitrification challenges within the Schomberg system. The Region is reviewing the treatment technologies in place for this system and examining alternative technologies to better manage nitrification.

The 14 kilometres of water mains

and 840 connections serve Schomberg’s 2,688 people.

Six connections serve residents of New Tecumseth on the north side of Highway 9.

York’s master plan doesn’t indicate a need for any upgrades to the Schomberg system.

Nobleton only had two instances in 2016 involving coliforms and sodium. The sodium was found at the North Elevated Tower.

Nobleton’s system serves 5,466 people through 1,708 connections along 29 kilometres of water mains.

There were no AWQIs in the Ansnorveldt system last year.

That village’s system serves roughly 176 people and includes 1.5 kilometres of water mains and 55 connections.

King receives all of its drinking water from York Region.

### Drinking water report summarizes how York Region’s systems are managed

Ontario’s Chief Drinking Water Inspector’s Report confirms The Regional Municipality of York’s commitment to delivering high quality drinking water.

“York Region’s water operations staff work 24/7 to keep our drinking water systems operating safely and in compliance with Ontario’s strict drinking water regulations,” said York Region Chairman and CEO Wayne Emmerson. “The high scores achieved are a direct result of ongoing training, monitoring and testing and demonstrates our commitment to continually improve drinking water operations.”

The 2016 report summarizes how York systems are managed to keep drinking water safe, along with water quantity and quality results. In 2016, more than 18,000 laboratory drinking water tests were performed and over 31 million online analyzer readings were recorded to confirm the quality of Regional tap water.

“York Region continues to work with our nine local cities and towns to distribute high quality drinking water,” said Vaughan Regional Councillor Mario Ferri, chair of Environmental Services. “Protecting our water from source to tap and back to the source again allows residents to drink a glass of tap water with confidence.”

In 2015 and 2016 York Region ranked first in the GTA in the Ontario Chief Drinking Water Inspector’s Annual Report. In fact, York Region has not issued a boil water advisory in more than a decade due to excellent water quality and diligent operational management.

Under the Safe Drinking Water Act, 2002, York Region reports annually on the quality and quantity of drinking water produced. It is one component of a multi-barrier approach which also includes source water protection, operator training, water treatment, extensive monitoring and testing, as well as emergency preparedness.

### Boost for Specialty Meats

Nobleton’s long-serving Specialty Meats received a boost last week for their re-opening. On hand with the Dziurans were Tom Allen, president of the King Chamber of Commerce, and Mayor Steve Pellegrini. Specialty Meats has been offering high-quality and home-made products for 14 years.

### Roost Cafe marks its anniversary

Councillors Avia Eek, Debbie Schaefer and Cleve Mortelliti, along with Mayor Steve Pellegrini, joined the Roost Cafe in King City in marking its 1st anniversary recently. Owner Alison Mumford is thrilled with the response by the public and looks forward to many years ahead.

## KING Pottageville Mosquito Control Program Notice of Aerial Application of Larvicide for Mosquito Control

Sometime between April 6 and April 24, 2017, Pestalto Environmental Health Services Inc. will apply a biological larvicide by helicopter in the Pottageville area. This application is for the control of Spring Aedes Mosquito Larva only and will be conducted over specific mosquito breeding sites within the boundaries of:

8th Concession to the West  
19th Side Road to the North

Weston Road to the East  
18th Side Road to the South

A detailed map that indicates the specific boundaries of application and affected properties for this program is available at the Township of King municipal offices and on the Township’s Website at [www.king.ca](http://www.king.ca).

The program will use a single spring application of VectoBac 200G (PCP# 18158) in a granular formulation. This product contains the active ingredient *B.t.i.* which is a naturally occurring bacterium found in soils and is very specific to mosquito larva.

If your property falls within the treatment area you will be contacted by direct mail. If you have any questions or concerns you may contact Pestalto at 1-866-648-7773 or by e-mail.

## King man among those arrested in home invasion

Four men, including one from King Township, have been arrested and charged following a home invasion in the City of Vaughan.

On Tuesday, March 28, 2017, shortly after 8 p.m., police responded to a report of a home invasion on Lavender Place, which is the area of Ansley Grove Road and Blue Willow Drive. When officers arrived at the house, they located two victims. Officers in the York Regional Police helicopter Air2 quickly arrived on scene and observed four men running from the back of the house. With the assistance of frontline officers, as well as officers from the Canine Unit, all four suspects were located and arrested in the area. One of the suspects was in possession of a loaded .40 calibre Glock handgun at the time of the arrest.

The victims sustained minor physical injuries. Investigators believe that the homeowners were targeted by the suspects.

"These arrests are an excellent example of teamwork by our frontline, Canine and Air Support Unit officers,

as well as our dispatchers," said Chief Eric Jolliffe. "Their efforts have removed four dangerous people from our community and taken a loaded firearm off of our streets. I thank them for their efforts."

Aopng those charged is Pasquale Leone, 30, of King. All four were charged with Robbery With a Firearm, Forcible Confinement, Use a Firearm While Committing Offence, Unauthorized Possession of a Firearm, Carrying a Concealed Weapon, Disguise With Intent.

The investigation is ongoing and any witnesses or anyone who has video surveillance of the area are encouraged to call police.

Anyone with information is asked to contact the York Regional Police Hold-Up Unit at 1-866-876-5423, ext. 6630, or call Crime Stoppers at 1-800-222-tips, leave an anonymous tip online at [www.1800222tips.com](http://www.1800222tips.com) or text your tip to CRIMES (274637) starting with the word YORK.

"At King's I've gained confidence.

I've learned that I don't need to be part of a pack.

I can be myself and become whatever I want to be."

## Peter Van Loan's Bill C-323 is off to Committee

York-Simcoe MP Van Loan's Bill C-323 would create a tax credit for the rehabilitation of historic properties. Based on a successful pilot project in the early 2000s, the bill would create a program that balances cost with efficiency. With 2017 being the 150th anniversary of Confederation, there was no more appropriate time to introduce this program.

"This Bill represents a historic opportunity to invest in our cultural heritage" said Van Loan. "It is very exciting that the House of Commons supports our initiative. We're looking forward to debate in committee."

Bill C-323 aims to reduce the demolition of Canada's heritage infrastructure, and instead encourage the rehabilitation of these culturally significant buildings. C-323 would create a 20 % tax credit for rehabilitation of recognized historic places. The tax credit would be available to properties that appear on the National Register of Historic Places.

"It is my view that Bill C-323 would reconnect Canadians to their cultural heritage, as citizens would have been more likely to seek out heritage designations for their historic properties" said Van Loan.

The bill passed by a vote of 150 to 139. All Conservatives, New Democrats and 22 Liberals voted for the Bill.

"I want to thank all those MP's who supported the Bill. I especially want to thank John Aldag, the member for Cloverdale-Langley City for his help on this Bill," said Van Loan.

The Bill is due to be discussed at the Environment Committee in the near future.

*Some things*  
just feel right.

So many of our residents tell us that it just "felt right" when they walked in the doors at **Oak Ridges** and got that "welcome home" feeling. Choosing the right residence can be just that easy! **Experience that Oak Ridges feeling for yourself!** Arrange a personal visit by calling Kristen or Catherine at (905) 773-4220.

**RATES STARTING FROM \$3580.00**

## Fraud Prevention

Thursday, April 27th  
3:00 - 4:00 pm

RSVP to Kristen or Catherine for all events at (905) 773-4220.

RBC will be here to teach us about different types of fraud, what some of the typical schemes and scams are, types of technological fraud and how to protect ourselves. The session will finish with a question and answer period where you can ask questions about ways that you may have been targeted by fraudsters in the past and how to safeguard yourself in the future.

# ASK presents a variety of great local events

Arts Society King is offering residents a cornucopia of fun-filled events this spring.

Looking for a great evening out this weekend? ASK presents a "sweet" night of music April 8 featuring live jazz performances by Siobhan Duffy, John Ebata, Michelle Mele and Tom Walker With the King All Star Band.

Join them at the King Heritage and Cultural Centre. The reception starts at 7:30 p.m. and concert at 8:15 p.m. Tickets at 905-939-9357, seating is limited. [www.ArtsSocietyKing.ca](http://www.ArtsSocietyKing.ca)

Local artists from King Township and guest artists from neighbouring communities are preparing for the next Arts Society King (ASK) Studio Tour King.

This two-day annual spring art event is April 22 and 23, and is expected to be the largest in its 12-year history.

This event is a great opportunity for visitors to the studio tour to meet a new generation of great artists.

A broad spectrum of disciplines will be represented during ASK Studio Tour King. Artists working in oil, acrylic, and watercolour painting, leather, photography, textiles and woodworking will be showing a variety of unique and original creations at their own studios and in many public locations throughout the Township such as the King Heritage and Cultural Centre, Nobleton Community Hall, Libraries, BMO Bank of Montreal and Engel and Volkens, to name a few.

All sites are free admission. This is a great time to connect with artists on a personal level, find out what inspires them, and purchase artwork from a local source.

ASK Studio Tour King takes place on the weekend of April 22 and 23 from 10 a.m. to 5 p.m. both days, at various locations in King Township. All sites are free admission. For an interactive online experience, connect with ASK Studio Tour King on Face book at: [www.facebook.com/studiotourking/](http://www.facebook.com/studiotourking/) and at [www.ArtsSocietyKing.ca](http://www.ArtsSocietyKing.ca) and begin your journey.

ASK presents Linda Lundström, a Canadian fashion icon May 18. Linda will share stories that will inspire and engage the audience. This intimate presentation will be held at the beautiful Kingbridge Conference Centre and will include a garden cocktail reception. [www.ArtsSocietyKing.ca](http://www.ArtsSocietyKing.ca)

ASK has revved up their very successful fundraiser of 2014.

The King Car Rally returns Sunday,

June 4, and provides the perfect opportunity for King residents and friends to make up a team, then gas up their family van, hop into their sports car, climb aboard the pick-up, or dust off the vintage auto, and explore the beautiful countryside with new eyes. Exciting challenges await each team as they explore a township unlike any other in Ontario.

This adventure tour winds its way through the very best of King: unique villages and towns, sparkling rivers, lakes and wetlands, parks, forests and nature trails, all decked out in the brilliant greens of spring. Teams will discover a King Township they never knew existed as they find hidden trails, meet local characters, test their agility, pick up gardening tips, taste local delicacies, learn about heritage gems, and

have an afternoon full of fun.

The route begins just after noon in King City, then travels through the Holland Marsh and the quaint village of Ansonveldt. Then it heads down through the sights of the Nobleton area and around through Schomberg. Along the way, participants will meet delightful King folks: historic heroes, farmers, landscapers, sports stars, animal-lovers, artists, and chefs. During the journey the passengers will test themselves with tricky trivia puzzles and quizzes. At the end of the road, everyone will gather at a unique private estate to enjoy a glass of wine and feast on a delicious duck dinner. Then they'll win prizes and vote for unique silent auction items provided by King merchants.

For more on these vents, visit [www.ArtsSocietyKing.ca](http://www.ArtsSocietyKing.ca)

## Kettleby hosts 150th birthday on July 1

For a number of years now, King's celebration of Canada Day has been held at Tyrwhitt Park in picturesque Kettleby. This year marks a triple anniversary in the hamlet. As well as this being Kettleby's 175th anniversary, the beautiful stone Christ Church marks 125 years and of course Canada turns 150 on July 1.

This year's Canada Day Celebrations in Kettleby will be the biggest yet. Organizers are planning a wonderful and fun-filled day of games, crafts, live music, food and drink and a host of other activities, all topped off with free birthday cake and a spectacular fireworks display.

It's King's only Canada Day celebration and the place to be this July 1. More details will be forthcoming as we get closer to the date.

In the meantime, the organizers are looking for sponsors and volunteers to help make this the best Canada Day in Kettleby ever. Sponsorship packages are available at all levels and volunteers are needed to help organize the activities or at the event itself. More information can be obtained by contacting Elaine Kitteridge at [elaine.kitteridge@gmail.com](mailto:elaine.kitteridge@gmail.com), or calling 416-824-1613.

Help make this an event worthy of our country's 150th birthday. Become a volunteer or a sponsor today. And be sure to come down on Canada Day for the biggest little party around!

## Guides selling cookies on Saturday

On Saturday, April 8 from 10 a.m. to noon the Nobleton Sparks, Brownies and Pathfinders will be at the Nobleton Plaza selling their traditional vanilla and chocolate cookies! Help them out with the purchase of a delicious box of cookies for only \$5.

## Antique show

The first annual Aurora Antique Show, in support of the Alzheimer Society of York Region, will take place on Sunday, April 30, 10 a.m. to 4 p.m., at the beautiful Aurora Seniors Center, 99 John West Way. Admission is \$3 per person.

# Four King City students lauded by school board

By Jake Courtepatte

Four King City Secondary students have been recognized as leaders in their community and in their craft.

Makayla Goodman, Jacqueline Iantorno, and Eleanor Kenyon brought a trio of awards to their school through York Region's "Celebrating Student Success" program, selected for their "combination of character, leadership, academic achievement and service to the school and/or community."

"We've had numerous double awards, but never three winners," said Sheila Cholyk, Family Studies and Social Sciences department head at KCSS. "There are 24 nominated throughout the entire school board, so getting three at our school is pretty awesome."

King City has had at least two winners of the prestigious award since 2013.

All three students serve as mentors and leaders for Grade 9s just entering high school, whether it be academically or socially.

"They help them find their classes, learn the ins and outs of the school ... it's really important work that they do," said Julie Morris, head of the program.

"It's a really fun experience," said Goodman, who is now in Grade 10. "We've all experienced being Grade 9s and know how difficult it can be, so we're happy to help them transition to high school, because it's such a big step."

Iantorno said her intention is to make the first step in high school an exciting one, rather than an intimidating one.

"The first few days or weeks of high school, you just expect to be lost, and that you have to force yourself to adjust. The mentor program really makes it fun to be here, and you want to come to school, because you know that you have a bonding experience that no other school really gives."

The program also includes a camp at the beginning of the year, an experience that Kenyon finds value in.

"It gives the Grade 9s a chance to know each other better, and know the mentors better," she said. "So when they come back to school, they know the older grades better, and can look up to you for any advice or help."

Brianna Wilkins, a Grade 11 student at KCSS, was also celebrated recently for her eye for fashion, winning the York Region Skills Challenge for fashion design.

"It's the biggest competition of its kind in Canada," said Cholyk. "It's huge. They rent out Seneca in York Region, and hundreds of kids come in to compete. If you win that, you go on to provincials, and then nationals."

To enter, Wilkins had to send a pattern in to judges, eventually judged on their drawing, their sewing skills, and the embellishment of their garment as a whole.

Her passion for fashion began at her oma's house in Ottawa.

"Just to give me something to do, she taught me how to knit and sew," said Wilkins. "It just kind of became a hobby. Right now it's just more of a fun thing to do, to get away from homework and everything."

King City Secondary students Brianna Wilkins, Makayla Goodman, Jacqueline Iantorno, and Eleanor Kenyon were recently awarded for their academic and leadership success by the York Region District School Board.

## York Region establishes new business to improve broadband connectivity

York Regional council has authorized the creation of the York Telecom Network as a separate business to develop, build and operate the Region's fibre network assets.

"Improving broadband connectivity to York Region's communities is a key priority of this term of council. It is necessary to help businesses remain competitive and gives families much needed access to high speed Internet," said York Region chairman and CEO Wayne Emmerson. "By transitioning the York Telecom Network into a business, York Region will be in a stronger position to expand our service."

The York Telecom Network was established in 2002 as a means of efficiently connecting two Regional facilities. To date, York Region has invested \$16 million in the network of nearly 200 kilometres of fibre highway linking Regional buildings, traffic cameras, traffic control systems

and water and wastewater monitoring systems. The network is also used by municipalities, universities, schools and hospitals.

Creating the York Telecom Network as a separate business will allow Internet service providers to also access the fibre network and help extend high-speed connectivity in hard-to-service rural areas.

"For the past 10 years, funding has been directed to private networks," said Vaughan Regional Councillor Michael Di Biase, chair of Planning and Economic Development. "Taking the York Telecom Network in this direction aligns with the Regional Broadband Strategy, will help increase economic development and open up additional funding opportunities."

Developing the York Telecom Network could also be a factor in helping the Region achieve Intelligent Community Status and recognition as a global leader in fostering innovation.

## King's 'sweetheart' Hughes performs at Toronto's 120 Diner

By Mark Pavilons

King's very own Diva In The Rough has been entertaining concert-goers throughout the Township since she moved to Kettleby four years ago.

In that time she recorded her first full-length CD with a fantastic release party at Pottageville Lions Hall, emceed by Sentinel Editor Mark Pavilons. She has performed at many fundraisers for local charities, and has twice sold out what many hope will become a new tradition of Christmas shows at Christ Church Kettleby's Church Hall. She has also become the voice associated to many of the Township's Remembrance Day celebrations and Kettleby's Canada Day Fireworks display.

Even nestled in the beautiful hamlet of Kettleby, a talent like this does not go unnoticed. Her self-titled debut, available both as a good old fashioned CD ([www.cdbaby.com/cd/catherinehughes1](http://www.cdbaby.com/cd/catherinehughes1) or [www.divaintherough.com](http://www.divaintherough.com)) and through multiple digital formats such as iTunes, Spotify and others, has been purchased all over Europe and as far afield as Japan and South America.

She has also resumed performing in her original stomping grounds of The Big Smoke. After a fun-filled and triumphant return to the Toronto stage at Lula Lounge last fall, our Diva In The Rough has just announced a special Saturday night performance at 120 Diner on Church Street in Toronto.

This relatively new and intimate venue is fast becoming a major hot spot in the downtown core, and when she was offered the Saturday night slot she jumped at the chance. The space features music, comedy and cabaret nights, making it the perfect venue for the Diva's mix of storytelling, on-stage shenanigans and beautiful singing.

Hughes said visitors will see a grittier side to the Diva and she's reworked some lyrics and is offering a spoof of The Donald.

For those who haven't had the opportunity to take in her wonderfully entertaining and irreverent stage show, this is a great chance to see one of our own in her natural habitat, so to speak. Tickets are the best \$20 you'll ever spend. The show is at 9:30 on Saturday, April 22. Doors open at 9 p.m. 120 Diner is at 120 Church Street (at Richmond), Toronto. Space is limited so your reservations are recommended. Make a night of it and go for dinner and the show. Call 120 Diner at 416-792-7725 or text 416-706-4237. This wonderful King talent is definitely one to keep an eye on.

To find out more about Diva In The Rough go to <http://www.divaintherough.com>. You'll find music, videos, pictures and lots more. Or follow her on Instagram, YouTube and Facebook.

## Because our students are just as invested.

The Seneca Student Federation and Student Athletic Association have made a significant contribution of \$17-million-plus to the King Campus expansion.

These funds will be used towards developing a multi-purpose athletic and recreation space, gymnasium, fitness centre, event spaces, and student commons to connect and collaborate.

With anticipated completion by September 2018, current students likely won't have the chance to use these new facilities themselves, making this an extraordinary investment in Seneca's future.

With strong partners like these we are one step closer to our goal.

Help us realize our vision by contributing to the Campaign for King.

**Seneca**  
Because it matters.

[senecacollege.ca/king](http://senecacollege.ca/king)

# Iconic artist Helen Lucas finds solace in her home studio

By Mark Pavilons

More than 54 years after being called an emerging, passionate artist, King's Helen Lucas still finds solace at work in her studio.

For Lucas, best known for her very large floral canvasses, idle hands just don't cut it. She's constantly busy creating new pieces.

Painting is not only her passion, but it has become quite therapeutic. Lucas, 85, said most of her aches and pains subside when she's hard at work, elbows deep in paint and surrounded by canvass.

She's long been a believer that people have to exercise the creative parts of their brains to remain spry and feeling alive. A couple of recent pieces – a white and tiger lily – reveal

that Lucas is still at the top of her game. The colours are bright and the lines are as crisp as ever.

It's little wonder that Lucas, who's been an artist for more than half a century, drew a packed house at a recent exhibit in Toronto. "Helen Lucas Roots to the Present" ran for a month at The Papermill Gallery on Pottery Road in Toronto. During the launch, it was so crowded that there was a waiting line just to get into the venue.

"It was incredible," Lucas observed.

This was a first-ever retrospective, in partnership with the Clara Thomas Archives and Special Collections at York University, and explored Lucas's work, from the 1960s through the present.

With "brutal honesty," the show was an intimate diary of her life. It showcased some 1,000 pieces by Lucas, many of which have never been seen before.

Some of the "diary" pieces were from the nine years Lucas taught art at Sheridan College. She explained that during the week, upon returning home from the college, she'd whip off sketches, often without thinking. On the weekends, she'd pick one and do a large, 20-inch-by-24-inch finished drawing.

In 2007, Lucas began painting single white doves, as a symbol of the Holy Spirit. Each of these was for her daughter Andrea, who was ill at the time and has since passed away.

Lucas said she'd like to see these distributed in some form, perhaps in posters or postcards. She would like others to draw inspiration from them.

Lucas lived through some interesting times in the 1960s and '70s, and the self-proclaimed feminist decided to "go big or go home." Lucas wanted her large pieces to stand as a testament to female artists, who can be free to express themselves.

Like her massive canvasses, Lucas herself is rather unassuming, but her passion is larger than life.

For more, visit [www.helenlucas.com](http://www.helenlucas.com)

**Thank you** to our valued customers,  
and on behalf of all of us at John's No Frills, we wish you a

## Join, support Team Spring Hill Chicks and Jocks at Southlake Walk

The 2017 Run or Walk for Southlake, presented by Nature's Emporium is fast approaching, and participants are already eagerly gearing up for the special 15th anniversary event.

The event is the largest annual community fundraiser hosted by Southlake Regional Health Centre Foundation in support of the Newmarket hospital. Since it began in 2002, more than \$1 million NET has been raised thanks to the dedicated efforts of individuals and teams who participate and raise pledges to run or walk.

Among this year's fundraising teams are the Spring Hill Spring Chicks and Jocks, a team based out of a condominium residence in King City who have developed a unique way of fundraising for the event.

King City is just one of the many communities Southlake serves. The hospital's six regional programs offer services and care to patients across York Region, Bradford, South Simcoe and Dufferin Counties, and even as far north as Muskoka. And the residents of Spring Hill know just how important that is.

Join team Spring Hill Spring Chicks and Jocks, and help make sure patients like you and your loved ones can get the care they need by participating as an individual or a team in the 2017 Run or Walk for Southlake on Sunday, April 30. Funds raised through this event support the purchase of new and replacement equipment that is urgently needed across the hospital. Register today at [runforsouthlake.ca](http://runforsouthlake.ca).

## DISCOVER PICKERING COLLEGE IN NEWMARKET

Pickering College's Global Leadership Program strikes the ideal balance between challenging students to develop critical thinking and real-world life skills that can be applied to their university career and beyond. As a result of their studies, students develop valuable skills, including:

- advanced academic ability
- time management and self-reliance
- strong research and writing
- critical thinking abilities
- leadership and mentorship
- dialogue, communication and presentation
- design, invent and problem solve

All Pickering College students – from JK to Grade 12 – benefit from an immersed program that prepares and inspires students to make a difference in the world as ethical, compassionate and values-based decision-makers.

**OPEN HOUSE**

# PICKERING COLLEGE

Learning For Life. Creating The Future.

## Shoulder Pain: New Approach Delivers Remarkable Results

If you suffer from Shoulder Pain (tendonitis/Arthritis) you need to be aware of effective advancements that can eliminate years of pain, suffering, immobility and frustration.

You may have told your doctor you suffer with one or more of the following: sore, stiff, painful shoulder; neck stiffness or pain, hand stiffness, and/ or elbow pain.

You may find that your pain or stiffness affects your work, housekeeping, leisure activities, exercise, sports or other activities. You go to the drug store or to your doctor and get pills to help relieve your pain. But you find the pain keeps returning. Alternatively, the doctor may refer you to a specialist who may tell you that surgery is needed or is an option for you.

However, many people are hesitant to have surgery given its invasive nature. It is important to know that although surgery is sometimes necessary, it is considered a last resort in most cases.

Also, you may have heard that there are serious health risks associated with chronic use (or overuse) of pain pills or anti-inflammatory drugs that include damage to the liver, kidneys and gut.

There is a new, natural, safe and highly effective approach that has helped many

sufferers improve their lives dramatically: Laser therapy uses light to favor and accelerate the body's natural healing processes. The innovative Multiwave Locked System (MLS) Laser produces a safe, efficient and simultaneous effect on pain, inflammation, swelling and water retention, exceeding the limits of traditional LLLT (Low power) and concerns of HP (High power) laser therapy.

*What does this mean for you?*

**Our patients have reported a 90-95% relief of their symptoms, more mobility, increased flexibility and vastly improved function!**

It is the very latest in medical technology, with years of clinical studies supporting its safety and efficacy and we are very proud to offer our patients effective solutions to their recent or chronic conditions.

"This new, natural, safe and highly effective approach has helped many sufferers improve their lives dramatically".

*Come in and allow us to help you achieve the results you deserve! Call (905) 773-2225 to book your FREE consultation and examination at King West Wellness Centre 141 King Rd., Unit 10, Richmond Hill (In the Home Hardware Plaza)*

## King artist Tahedl holds show in her native Austria

One of the most important instances of world interpretation is art. It is not the decor of our life, not ornamentation and cosmetics, but representation and interpretation of our world and our lives.

According to King artists Ernestine Tahedl, art and culture are "essential when it comes to presenting our society with a mirror, looking deeper and clearer at what characterizes a country and its people."

Tahedl presents a special bridge from the past to the present of our cultural life. The artist's family roots lie in Upper Austria; her education led her to Vienna and she finally found a new home in Canada. Artistically triggered by the music of Anton Bruckner, Tahedl's journey has taken her back home once again.

Tahedl will have an exhibit in Austria in the Monastery of St. Florian, Upper Austria. Her works on display are all inspired by Bruckner, the Austrian composer (1824-1896) who lived and worked for many year in the monastery.

In many respects Ernestine Tahedl crosses boundaries: from Canada to Upper Austria, from music to visual arts. The artist thus points to the extent to which the cultural and artistic network of Upper Austria is widely and deeply anchored.

## Step into *Spring* at RICHMOND HILL

By Wendy-Sue Bishop

## Running/Walking groups

Dr. Carla Day is offering a free Running Clinic and Walking Group. The "Learn To Run" clinic is specifically designed for beginner level runners who would like to improve their overall health. So, if you are out of breath just thinking about running for one minute, this clinic is designed for you.

We start out easy with a program of mostly walking and gradually work our way up to mostly running over a 9-week period.

The Walking Group is a fun, social walking group open to all ages and fitness levels.

Previous participants are welcome!

This happens from through May 30 for a 9 week duration. Please contact Dr Carla Day at 905-959-7569 or info@schombergchiropractic.ca

## York Pines United Church

Plan ahead and pencil it in for Holy Week and Easter. Wednesday, April 12 beginning at 6 p.m. we will be hosting a labyrinth walk. Thursday, April 13 beginning at 6 p.m. we will be marking Maunday Thursday with a brief service and communion marking the Last Supper.

Friday, April 14 a service marking Good Friday will begin at 10:30 a.m.

Sunday, April 16 people can gather in the parking lot of York Pines at 7:15 a.m. to walk to the Kettleby cemetery, or meet us there for 7:30 a.m. for a sunrise Easter service. At 8 a.m. a light Easter breakfast will be served at the church (call Martha to RSVP, 905-939-7379), and then at 10:30 a.m. an Easter service will be held in the sanctuary at the church.

Also, watch out for YPUC's Spring Pop-Up Market on April 29 from 10 a.m. to 3 p.m.

There will be tons of vendors, crafters, local artisans, demonstrations, food and entertainment for the whole family.

It's a great spot to pick up that ever-important Mother's Day gift and the kids can make a great craft for Mommy there, too!

There will be a bake sale and refreshments, free parking, a \$2 admission fee.

Door prizes, draws and when you fill out your Market Passport, you will receive a free swag bag.

You can follow what's happening at the church by visiting <http://ypuc.ca/calendar.html>. Our facebook page <https://www.facebook.com/yorkpine-sunitedchurch/>

## Spring Art Classes

The Township of King, with Giovanna Colalillo as teacher, is putting on Spring Art Classes at the King Museum on Thursdays from 6-9 p.m. starting on April 13. Contact the township for further information or registration at 905-833-5321.

## Dufferin Nature Connection

The frogs will soon be calling. This is your chance to learn who is making all those sounds and to contribute to the information on frogs and toads being collected all across Canada through the Frog Watch program.

This Frog Monitoring Training Workshop happens on Friday, April 6 at 7 p.m. at the Grackle Coffee Shop on Main Street. This is a great way to enjoy the sounds of the Marsh in the spring.

It is great for high school students to get those ever important community hours; for parents, it is a great opportunity to bond with your kids without a computer; and for teachers is it a great opportunity for a school science project. For further information about the Dufferin Marsh Nature Connection and all its events please contact Mary Asselstine at 905-939-7544 or visit their website at [www.dufferinmarsh.ca](http://www.dufferinmarsh.ca)

## Anglican Parish By John Arnott

On April 9 at 9:30 a.m. Christ Church, Kettleby on Kettleby Rd. mid way between Keele and Jane Sts. and at 11:15 a.m. St. Mary Magdalene's Schomberg 116 Church will mark Palm Sunday with palm processions and Holy Communion. All are welcome to attend.

At the beginning of the services there will be a time of Remembrance as we observe the 100th anniversary of the Battle of Vimy Ridge a defining point in Canadian history when, no longer followers, we took our hard won place as leaders on the world stage.

Native to Mesopotamia (modern Iraq), the date palm has, since prehistoric times, provided a staple highly

nutritious food for people of the Middle East, especially the poor.

Dates picked and dried hold their nutrition for a very long time. So they were the perfect food to carry on long journeys particularly across deserts. In fact without dates desert travel and exploration long ago would have been impossible.

As well, rough shelter could be made quickly with palm branches (fronds).

In the ancient Middle East people often broke off palm fronds to wave at and welcome heroes, victorious kings, generals and troops much the way it is done with flags today (to the relief of environmentalists).

This return of soldiers usually signified the end of hostilities and the return of peace thus the palm branch would become the symbol of peace.

Many Israelites welcomed Jesus with palm branches that day so long ago, the only time he permitted himself to be treated like a victorious king. They expected him to raise an army and drive out the hated Romans. That wasn't to be and bitterly disappointed many turned against him.

This coming Sunday, Palm Sunday, The Anglican Parish of Lloydtown with Christians worldwide will remember

this event in spectacle, story and song.

Easter Holy Communion Services Sunday, April 16 will happen at Christ Church, Kettleby and St. Mary Magdalene's Schomberg at the regular times.

The parish Maundy Thursday service will be at Christ Church Kettleby at 7 p.m.

The parish Good Friday service will be on Friday morning at St. Mary Magdalene's Schomberg at 10 a.m. Followed by hot cross buns, tea or coffee.

## Schomberg Community Farm

The Farm will be open very soon. The bridge arrived Monday, ahead of schedule. Follow The Farm on Facebook for up to date information on the bridge and its progress and look out for news of a grand opening in September.

[www.facebook.com/schombergcommunityfarm/](http://www.facebook.com/schombergcommunityfarm/)

The three-inch brass nameplates will be available until late August only. They are \$150 each and will be installed on the bridge boards for the official opening. You can have them engraved with your family's name, business, company or in memory of a loved one. They are available for purchase on our website.

## Mete signs entry-level contract with Canadiens

By Jake Courtepatte

A product of King City education is a Montreal Canadien.

Victor Mete joined the Original Six organization following the end of the London Knights' season, his current OHL club.

Selected in the fourth round, 100th overall, Mete officially put pen to paper with the Habs in signing his entry-level contract.

He described it as "a dream come true," and he was "glad to share the moment with friends and family."

Now in his third season with the Knights, the defenceman played for King City's Country Day School Cyclones from Grade 5 right until 2013, when his outside commitments as one of the game's elite players became too demanding.

A student of the King City independent school since Grade 2, Mete is an offensive-minded defenceman and a product of both the York Region and Toronto Jr. Canadiens AAA programs.

He was taken in the first round of the 2014 OHL Draft by the Owen Sound Attack after posting almost a point-per-game pace, and was sent to the Knights before playing a game.

Winning the Memorial Cup with the Knights last season, he has racked up 105 points in 179

OHL games.

His point production is only half the story, as his defensive game has significantly improved since reaching the OHL level.

Though standing at just 5'10" and 181 pounds, Mete is often matched up against elite level forwards of a much larger size.

"You can't give them the time and space," Mete said. "I can't out-muscle them, but I can use my speed and quickness to stay with them and take the puck away when I get the chance."

Since missing 15 games after taking a deflected shot under his visor, Mete closed off the season with 12 points in the final 14 games.

With one year of CHL eligibility still on the board, it is likely Mete remains with the Knights for one more season.

He will certainly be on the radar of Hockey Canada for next year's World Junior

Championship, having been invited to camp this year but walking away as a late cut.

## Stage set for Charity Golf Challenge June 1

The golf tournament season is fast approaching. With this in mind you're invited to join organizers at Kettle Creek, Cardinal Golf Club's Executive Course on Thursday, June 1 for the 4th annual Charity Golf Challenge. This great day of golf at a very reasonable price is in support of Friends of We Care. This organization has been in existence for over 34 years with the sole purpose of raising money to send children with disabilities to summer camp.

Following golf there will be a buffet lunch on the patio and a small silent auction.

Register online to play or to sponsor at [www.charitygolfchallenge.ca](http://www.charitygolfchallenge.ca) by April 25 and be eligible to win a foursome at Kettle Creek. This will also ensure your company name will be on the event program and website as a 2017 sponsor.

Organizer Brent Morning is thrilled to have four-time Canadian Olympian skier Brian Stemmler as the special guest once again.

The cost is only \$90 per person to play including taxes and handling fees and is limited to 72 players. Tee and green sponsors are only \$100 so register and or sponsor a hole early to secure your spot in this great community event. Also if you would like a power cart please book them online during the registration process. Power carts are \$13.56 per person.

"On behalf of the committee and Friends of We Care, we would like to thank you for your consideration of being part of this 4th annual event," Morning said.

If you have any questions about this event or, if you would like to donate a prize or auction item please contact Brent Morning at 905-841-5735 or email. [brent@charitygolfchallenge.ca](mailto:brent@charitygolfchallenge.ca)

## NobleKing Tyke LL2 team wins special Marlies experience

Though just as successful on the ice, the NobleKing Tyke Ninjas are being recognized for their fantastic contributions off the ice as well.

Their work in the King community has earned them a pro hockey experience of a lifetime, through the annual Ford Drills and Skills competition.

Drills and Skills, accepting hundreds of nominations from teams across Ontario each year, selects minor hockey teams who have proven to be leaders in their community. The Ninjas were able to give back through working with the local fire department, thanks to hockey dad and King City firefighter Doug Bolton, donating canned goods as well as learning about proper fire safety and handling.

"This gave our kids a good understanding of teamwork and how we can work together give back to our community," said parent Ines Ditullio, who added that the parents especially enjoyed watching the players "rescue" coach David Speranza out of the culvert.

For their commitment, and their donation of hundreds of pounds of food to the local food bank, the Ninjas have been rewarded with one of 16 Toronto Marlies Experience packages. Run by the Toronto Marlies Development Team, the Ninjas earned a one-hour, hands-on clinic session, learning the skills the pros do on the same ice surface at Ricoh Coliseum in Toronto.

The entire team will also be able to enjoy a free Marlies game later this season. Dates are yet to be announced.

It's a fitting end to a well-played season for the LL2 Tykes, who finished second among NobleKing teams in the Tyke Local League system.

# Curlers rise to the top in championship week

By Shellee Morning

After 26 weeks of curling, and 1,664 rocks (thrown per team), the King Curling Club has crowned their new 2016-17 League Champions.

The hurry hard crew along with their draws, guards, and run-backs will now retire for this year and wait for next year's season to begin. The calibre of improvement among the club's leagues has grown with an abundant amount of excellence over its few short years in operation and while members continue to expand their repertoire, the camaraderie exceeds all levels of professionalism.

The Men's Championship game included defending champion Team Davis against first time finalists Team Sheardown.

Davis earned the hammer after finishing top of the league and played a simple rock for rock in the first end to score a single point. Sheardown had the confidence of a pro and guided his team to a 4 point end in the second to take a 3 pt. lead. After 6 ends, the game was tied at 6 points a-piece and well under way to being a great final game finish. A slight miss in the 7th by Team

Monday Night Men's League Champions are (l to r) Gary Boose, Steve Broad, Karl Davis and Joe Burnato.

Sheardown and Davis able to capitalize, went ahead on the board by one. Skip Karl Davis was on his game in the 8th capturing another point for the steal and the win, to once again claim Men's League Champion.

Both the Davis and Sheardown teams are the only 2 original teams to have the same players they began with when the club opened its doors in 2011. The remaining 18 teams have either juggled players around or have new players that joined the league. Congratulations Skip Karl Davis, Steve Broad as Vice, Second Gary Boose and Joe Burnato as Lead and congratulations to Team Sheardown that included Wayne Rhind, Gino DiFebo, Clark Bryce and Skip Larry Sheardown on second place.

The Ladies League featured 2 new teams for its final championship game of Team Bones and Team Morning. Skip Fran Bones conducted a brilliant first place standing in the round-robin with her team of Cheryl Hamilton, Tamara Niepage and Wendy Yates to earn her spot in the final.

# Broads overpower foes to claim championship

From Page 20

After a rocky (no pun intended) start in the first half of the season, Skip Shellee Morning and her team of Kaye Groen, Nancy McCarron and Sharon Doerny found their footings and themselves in their debut game as finalists.

The first end resulted in an exchange of rock hitting by both squads that allowed Morning to hold Bones to a single. In the 2nd, Bones creatively stole one more to be up by 2. Morning drew into a pocket of granite that crowded the button in the 3rd to earn a single and get on the board. Bones, facing 4 Morning rocks that framed the outside rings and one on the top 4 foot, delivered a perfect hit and stick for one in the 4th. During the 5th, Nancy McCarron played a heroic end by taking out both of the Bones rocks for Morning to set up the house and collect 3 and go ahead for a score of 4-3. With time running out, the final end came down to a draw for Morning to hold the Bones team to one for a tie and hope for a shoot to the button play-off. With great line Morning's rock ended up being a pound too heavy and wicked off a rock to sit just behind the 2 counting stones handing Team Bones the win and the title of Ladies Champion.

Thursday Mixed League also featured 2 new teams for its final championship game that included Teams Gerrits and Broad. Skip Steve Broad, who's not a stranger to the pressures of a final game, led his squad of (wife) Kim Broad as Vice, Stephen Heise as 2nd and Lead Cindy Peelar towards a comfortable lead after the first few ends. Skip George Gerrits and his team of Vice Shelley Courneya, 2nd Al Courneya and Lead (wife) Ann Gerrits known for their tremendous peels by

Al and draw to the button by George, played a strong game but missed a few shots by mere centimeters allowing the opposition to benefit and take control. Gerrits shook hands in the 7th after Broad simply ran them out of rocks for the 7-3 championship win.

Kim Broad remarked later that "it was Steve who kept us in our game, he couldn't miss tonight. When we missed, he made up for it."

Broad, playing with an injured knee, was forced to simplify his own game by not throwing his signature nuclear weight shots and judging by the results of the last few games in the round robin and the playoffs, could possibly be the difference for his timely winning streak.

Friday Social League congratulates their second half championships winners.

1st place: Skip Fabio Lus, Vice Dan Gavigan, 2nd Miriam Firth, Lead Peter Werry.

Runners up: Skip John Franz, Vice Norma Jean Franz, 2nd Mark Saldat, and Lead Kim Bayley.

Consolation Winners: Skip Gerry Duffy, Vice David Chauvin, 2nd Laurel Nelson, Lead Jake Kamstra.

Runners up: Skip Peter Wasylkiw, Vice Angello Deldonne, 2nd Fiorenzo Gagliano Lead Jennie Pate.

Wednesday night Social League crowned their 2016/17 winners.

1st Place: Skip Charles Pringle, Glen Barry Vice, Allison Rende 2nd and Sandra Fennell Lead.

Runners-up: Skip Fausto Mussato, Ross Cameron Vice, Kim Koteff 2nd, Sharon Dorney Lead.

3rd Place: Skip Pat Lee, Candace Zboch Vice, Ginny Ross 2nd, Edith Mussato Lead.

Thursday Mixed League Champions are (l to r) Steve Broad, Kim Broad, Stephen Heise, Cindy Peelar.

Submitted Photos

The NobleKing Knights minor peewees were finalists in the Toronto Avalanche's March Madness tournament over the weekend.

## Minor peewee Knights finalists in March Madness tournament

By Jake Courtepatte

Chalk one more finalist finish to the NobleKing Knights' 2016-17 season.

The minor peewee Knights made a run to the championship game Sunday at the Toronto Avalanche's March Madness tournament, an enormous final weekend of hockey for teams from across the province.

Opening up the competition Friday morning at Canlan in Etobicoke, the Knights toppled the Toronto Royals 3-1 before disposing of the Dundas Blues 5-2 later that afternoon.

Their only loss of the round robin came at the hands of the Oakville Rangers Saturday morning, before capping off with a 5-3 victory over the rival Aurora Tigers to book a spot in the semifinal game.

There they once again found the Tigers, notching a close 4-3 win to meet the undefeated Rangers in the championship. Oakville came out on top in a hard-fought 3-2 game.

# King's Corners

## King City United By Earle Laycock

Rev. Evelyn McLachlan based her sermon on Luke 18:31-19:10. Part of this scripture contains the account of a blind beggar meeting Jesus on the road to Jericho. The man shouted "Jesus, Son of David, have mercy on me!" Jesus stopped and spoke to the man asking "What do you want me to do for you?" The beggar replied, "Lord, let me see again."

The scripture tells us that "... immediately he regained his sight and followed him, glorifying God; and all the people, when they saw it, praised God." Rev. Evelyn asked, what would you say to Jesus if you had the opportunity to respond? What is it that you would like Jesus to do for you?

Small miracles still happen, even in King City. Parishioners at Sacred Heart Catholic Church challenged Rev. Evelyn to enter their Lasagna Cookoff in support of the King Township Food Bank. Rev. Evelyn spent weeks soliciting advice on how to prepare a winning lasagna. And win she did, placing third! Not bad for a non-Italian, Protestant

who knew nothing about good lasagna techniques. Thanks to Father Michael and his congregation for their warm welcome and support. It's always a pleasure sharing activities with Sacred Heart.

Free supper, movie and discussion! Our second movie night will be on Tuesday, April 11. Come to King City United Church at 6 p.m. for supper and watch the movie Chocolat. Please sign the list in the Narthex or call the church to say that you are coming so that enough food can be prepared.

King City United will be sharing Easter worship as follows: Maundy Thursday at All Saints Anglican Church, April 13 at 7 p.m. and Good Friday at St. Andrew's Presbyterian Church, April 14 at 10:30 a.m.

Maundy Thursday worship commemorates and remembers the final gathering Jesus had with his disciples in the Upper Room. It was here that they shared in their final meal together and when Jesus showed them what service meant as he washed their feet, including the feet of the one who would betray him, Judas Iscariot.

Good Friday is a more solemn worship as we remember the sacrifice that Jesus made on the cross for each of us.

Bible study meets every Wednesday at 10:30 a.m. in the Chapel. You don't have to be a scholar to participate, you only need an inquisitive mind and enjoy discussing ideas.

Tea & Talk continues every Friday morning at 10 a.m. at Sunset Grill in King City. There's always lots to talk about! Join us for some discussion and delicious breakfast. We usually are sitting at the table inside the doors on the right. Come join in the fun and make some new friends.

The United Church Women are collecting new or gently used clothing for children and youth. Please drop items off at the church. Items will be shipped at the end of May.

King City United is located at 50 Elizabeth Grove, King City. Worship is every Sunday at 10 a.m. There is Sunday school for the young people. For more information, call our Office Administrator Kristen at 905-833-5181 or visit our website at: www.kcuc.ca

## King Bible Church

We welcome you to join us for worship service on April 9! for Palm Sunday.

Please take advantage of our excel-

lent children's ministry. Our Sunday morning "Celebration Zone" provides age-appropriate programs for children aged 4 to Grade 8. Our children's program is staffed by screened volunteers who care about your kids! The children in Grades 1-8 will join their parents for the beginning of the service until they are invited to go downstairs. The children in kindergarten can go directly to their class at the start of the service.

If you have children aged 0-3 then we invite you to bring them to our beautiful and safe nursery facilities which are located on the lower level.

Caregivers will meet you there. Vacation Bible School. While summer is a long way off, it'll be here before we know it! This year our VBS week will be Aug. 14-18! Further details to follow!

Our seniors ministry group meets the second Tuesday each month at 1 p.m. Join us Tuesday, April 11. John Saville will be our guest speaker. What would the Biblical characters of long ago look like? using various woods, John has carved a few of the Biblical women as he imagined them. Each of their stories is unique and hand-crafted by God.

## 708 OBITUARIES

**Cameron: Kevin Wade** Suddenly as the result of an industrial accident on Monday, March 27th, 2017. Kevin Cameron at the age of 35, dearly beloved son of Ken and Lynda Cameron of King City and loving brother of Jeffery. Dearly loved uncle of Emma Kimbell. Fondly remembered by his uncle Barry Cameron and his cousins Robert Cameron and Tyler Fenton. The family received friends at Rod Abrams Funeral Home, 1666 Tottenham Road, Tottenham, 905-936-3477 on Sunday, April 2nd, 2017 from 11:00 am until time of funeral service in the chapel at 1:00 pm. Donations in Kevin's memory to the World Wildlife Fund, Canada, <http://www.wwf.ca/donate/> would be appreciated by the family. [www.RodAbramsFuneralHome.com](http://www.RodAbramsFuneralHome.com)

## Free: Marjorie Gertrude

Peacefully at Stevenson Memorial Hospital Aliston on Friday March 31, 2017. Marjorie (nee: Simms) in her 99th year, loving mother of Marilyn (nee: Menton) and her husband John Kamstra, Bob Menton, and the late Sandra Menton. Beloved wife of the late Joseph Menton, the late Russ Switzer, and survived by her husband Harvey Free Sadly missed by her grandchildren: Kathy (Laurie Lloyd), Kelly (Greg Collins), Sandra, Julie (Simon Law), Johnny, and her great grandchildren: Joe Lloyd, Lily, Christopher and Sophie Law, Isabel and Patrick McKenna, and Carman Kamstra. Dear sister of Eileen, Bill (the late Ada), and the late Lillian (Jack), Dorothy, and George (Phyllis). Forever in the hearts of her step-daughter Carolyn Miller (Don), extended family, and friends. A special thank-you to the staff at Good Samaritan Retirement Home for all their care and love. The family received friends at Rod Abrams Funeral Home 1666 Tottenham Rd., Tottenham 905-936-3477 on Wednesday April 5, 2017 from 10 am until the time of service in the chapel at 11am. Interment was held in Glendale Memorial Gardens. [www.RodAbramsFuneralHome.com](http://www.RodAbramsFuneralHome.com)

## 708 OBITUARIES

**Harvey Garbé Johnson**  
April 12, 1934 - March 25, 2017

At Southlake Regional Hospital after a lengthy illness. Son of the late Cyril Herbert Johnson and Florence (Garbé) Johnson. Loving father of Lynda Gail (Stephen Jaworski), Sandra Carol (Steven Turcotte) and Mark Andrew Johnson. Will be dearly missed by his Grandchildren Lorrie Lynn (Rich Simpson), Christine Gail Redl, Michael, Graham & Matthew Colvin and Great-Grandson, Everett Douglas Simpson. Remembered by many friends. After attending the University of Pennsylvania, Harvey Johnson with his father Cyril Johnson and John Hogan formed Johnson and Hogan Construction. Later Johnson Road Builders was formed continuing with the building of roads and sidewalks. Following Johnson Road Builders, Johnson Recycling was formed. This was the first of recycling roads in Canada and building of asphalt recycling machines. Along with recycling of roads the company was one of the first with road grinding machines in Canada. Leading in technology, Harvey was a pioneer. He was definitely ahead of his time. Visitation and celebration of Harvey's life to be held at Mount Pleasant Funeral Centre, April 12th, 2017. Visitation starting at 2:30 pm. Service to be held in the chapel 6 pm. Refreshments to follow.

## Groombridge, Helen Esther

September 18, 1923 - March 29, 2017 Peacefully at Southlake Regional Hospital on Wednesday, March 29, 2017, Helen Esther Groombridge, in her 94th year, beloved wife of the late William Groombridge. Dear mother of Grace and John Canning, Doug Groombridge, Earl and Margaret Groombridge, Lois Groombridge and the late Ray Cooper, Murray and Lisa Groombridge. 12 grandchildren, 17 great-grandchildren and one great-great granddaughter. The family received their family and friends at the Egan Funeral Home, 203 Queen Street S. (Hwy. 50), Bolton (905-857-2213) Friday evening 6 - 9 o'clock. Funeral service was held in York Pines United Church, 3150 Lloydtown-Aurora Road, Kettleby on Saturday morning, April 1 at 11 o'clock. Interment King City Cemetery. If desired, memorial donations may be made to The Palliative Care Unit at Southlake Regional Hospital and the Canadian Cancer Society. The family would like to thank Dr. David Rowe and the Palliative Care Team at Southlake for their kind and compassionate care.

## 708 OBITUARIES

**Dorothea Eisenstat**  
Tottenham

It is with deep sadness that we announce the passing of Dorothea Eisenstat (nee Peterson) in her 91st year on March 30th, 2017 at Southlake Regional Hospital, Newmarket Ontario. Loving wife of the late Nathan Eisenstat. Dear sister of Eveline Porter, sister-in-law of Georgia Peterson and Robert Bruce Porter. Loving aunt and great aunt to her many nieces and nephews. Adored companion of her dog Pepper. Predeceased by her parents Eveline and John Peterson, her sister Cassandra, her brothers Peter (Kathleen), George (Audrey), and John. Predeceased by her Nephew Grant and Niece Sandra. Private Funeral Service was held on Monday April 3rd, 2017. Ward Funeral Home, 2035 Weston Rd., Weston, Ont. Interment Prospect Cemetery. In memory donations may be made to The Palliative Care Unit at Southlake Regional Hospital and the Canadian Cancer Society. The family would like to thank Dr. David Rowe and the Palliative Care Team at Southlake for their kind and compassionate care.

## St. Andrew's By Kathy Patterson

Come and be a part of our Easter Services at St. Andrew's. Pastor John Mills will be with us Palm Sunday, April 9 at 10:30 a.m. The Maundy Thursday service, April 13 is at 7:30 p.m. led by The Rev. Dr. John Vissers, and the Good Friday service with the United Church, April 14 is held at St. Andrew's this year at 10:30 a.m. The Easter Sunday worship and communion service is at 10:30 a.m., presided by The Rev. Dr. John Vissers. A warm welcome is extended to all.

On Easter Monday, April 17, some members of St. Andrew's will be singing with Chorisma at Thornhill United Church at 7:30 p.m. as they present "The Song Lives On," choral music for Holy Week. A freewill offering in support of Hill House Hospice in Richmond Hill will be received.

Thanks to all who stayed for lunch following our worship service last Sunday to discuss a number of options for the future of St. Andrew's, King City.

This discussion was led by our Interim Moderator, The Rev. Dr. Neal Mathers. A follow-up workshop with The Rev. Dr. J. P. Smit, from our Synod will be arranged to move forward with the ideas and results.

Tuesday morning Ladies' Prayer Time continues at 9 a.m. Come to pray, give thanks, or just listen and be still before the Lord who is with us as He promised, hearing and answering our prayers, offering comfort, hope, and direction. Let us know if you have prayer requests or thanksgivings.

Coffee and Conversation is held on Thursdays with Lynn Vissers in the office at 10 a.m. and Soup and Conversation in the evening at 6 p.m.

Youth group meets the first and third Fridays of the month at 7 p.m. Contact Lynn Vissers for further information.

Should you have pastoral care needs please contact Lynn Vissers, Director of Congregational Ministries. Our church office number is 905-833-2325, located at 13190 Keele St., 2 blocks north of the King Rd. A ramp is available for accessibility. [www.standrews-kingcity.ca](http://www.standrews-kingcity.ca)

## All Saints Anglican Church By Diana Armitage

All Saints Holy Week Services: This Sunday, April 9, is Palm Sunday with worship at 8 a.m. in the chapel and 10:30 a.m. in the main church. The Maundy Thursday Service, on April 13, is at 7 pm. The Good Friday Service, on April 14, is at 11 a.m.

Easter Sunday services are at 8 a.m. in the chapel and 10:30 a.m. in the main church.

Off the Grid Youth Event. Join Rev. Elizabeth Green and her husband Kevin on April 21 and 22 for a special 24-hour, overnight event. Off the Grid is a program which focuses on the environmental and social implications of our dependence on electricity, resources extraction, climate change, warfare and pollution, by challenging participants to go off the electricity grid for 24 hours. We will gather after school on Friday, April 21.

All Saints Youth are welcome to invite their friends. Please speak with the Rev. Elizabeth Green or the church office 905 833-5432 as soon as possible.

All Saints "Best of the Best" Rummage Sale returns on Saturday, April 29 from 9 a.m. to 2 p.m. Excellent Rummage this year! Loonie entry, children 12 and under free.

All Saints' famous Women's Dinner

is on Thursday, May 11 at 6:30 p.m. Tickets are \$40 and are now available by calling the church office at 905-833-5432.

Dave Gordon informs us that Grace Anglican Church in Markham hosts Ontario Federation of Indigenous Friendship Centres, Indigenous Cultural Competency Training on Saturday, May 6 from 9 a.m. to 4:30 p.m. Cost is \$40 and includes two coffee/snack breaks and lunch. Course is open to 60 participants as it is inter-active and inter-generational. Register at Grace Markham 905-294-3184

OFIFC-ICCT has been mandated by Premier Wynne and Mayor Tory for Ontario and Toronto employees who meet the public.

## King City Seniors Centre

Travel Club - Last chance to sign up for the Woodbine Race Track and Casino trip. The price is \$71 per person. The coach will pick us up at 10 am on Saturday, April 22. To book your place, please call Jane at 905-833-5870.

## St. Paul's Church

The Youth Group takes place every Wednesday night at the church from 7-9 p.m. (unless there is a special activity planned). Come join in the fun. Check here for details, or contact our Youth Leader Taylor Scott at [scottie\\_tay@yahoo.ca](mailto:scottie_tay@yahoo.ca) or 289-338-2539.

A2J is a program for kids in Grades 3 to 6. It's an evening of Bible stories, songs, games, crafts, self-confidence building and lots of fun. A2J meets the 2nd and 4th Friday evening of each month, through May. It's not too late to join. Contact the church office at 905-859-0843 for more information.

Join us Sunday, April 9 at 10 a.m. as Jeff continues his series entitled "Songs of L(am)ENT." His message this week - "Redeemer King." Child care (for children 3 years of age and younger) is provided during the gathering. Our KidzKonneciion and Next-Step programs (for children ages 4 to 11) take place at the same time.

Mark your calendars! Our Saturday morning men's group "Walk the Talk" and the St. Paul's Community Youth Group will be joining forces on Saturday, April 8 from 9 a.m. to noon for a Lawnmower Servicing and BBQ event. Join them in the front parking lot where your lawnmower will receive a free oil change, its spark plugs will be cleaned and the blade(s) sharpened. And enjoy a delicious bbq lunch as well. What better way to spend a Saturday morning?

Our Good Friday gathering will be at 10 a.m. On April 14. Our Easter cel-

ebrations will begin on Sunday, April 16 with a pancake breakfast at 8:30 followed by our Easter Sunday worship and communion gathering at 10 a.m. Everyone is invited to join us.

Jeff has a blog and he records his weekly messages there after worship each Sunday. Anyone interested in listening to his messages can go to [www.passionatelyhis.com](http://www.passionatelyhis.com) to hear them.

For more information about any of our activities or events, please contact the church office or visit our website at [www.stpaulsnobleton.ca](http://www.stpaulsnobleton.ca).

## St. Mary's Catholic Church

Holy Week schedule:  
April 8/9, Palm Sunday, regular mass schedule.

April 13, Holy Thursday, 8 p.m. at SM Church.

April 14, Good Friday Services, 12:30 p.m., St. Patrick's Church; 2:30 p.m., Stations of the Cross (Italian) SM Church; 3 p.m. St. Mary's Church.

April 15, Holy Saturday, 10:30 a.m., SM Church, Blessings of Easter Foods; 7:30 p.m., SM Church, Easter Vigil.

April 16, Easter Sunday, 8 a.m., St. Patrick's Church, 9 a.m., St. Patrick's Church (latin); 9:45 a.m., St. Mary's Church, 11 a.m., St. Mary's Church; 11 a.m. St. Patrick's Church.

## Nobleton United Church By Nancy Hopkinson

This coming Sunday, April 9 is Palm Sunday, a time when we remember with great joy Jesus entering Jerusalem on a donkey and people waving palm branches to greet him. We will have palm branches to wave!

Our minister Carol-Ann Chapman invites everyone to come for worship

at 11:15 a.m. in Nobleton at 6076 King Rd. or at 9:30 a.m. in Schomberg at 116 Church St. If you would like to have a chat with Carol-Ann, please phone 905-859-3976, leave a message and Carol-Ann will get back to you to arrange an appointment.

Tuesday, April 11 at noon, seniors are invited for a hot lunch at the Kitchen-Breedon Manor. If you are interested, please contact Jack Campbell at 905-939-2992 to make sure that they have room.

Tuesday, April 11, from 5-7 p.m., Messy Church. We will be doing a number of crafts and activities related to the theme of Easter. One of the activities involves making a cross using Perler beads which are fusible beads, so an adult has to iron the creation after the child has completed a colourful design of the cross. We have story time at 6 p.m., followed by a meal at 6:15 p.m. Children must be accompanied by an adult. All are welcome to attend this free event.

Friday, April 14 at 11:15 a.m. Good Friday service is a remembrance of Jesus's death on the cross. Please note that the time has been changed from our earlier plan.

Sunday, April 16, at 11:15 a.m., Easter is a joyous occasion with lots of tulips in the sanctuary and with special singer/guitarist Danny Szauter. If you would like to order a pot of tulips in someone's memory, please contact Sue DiFebo at 905-859-4260. The cost is \$9.

April 23, at 9:30 a.m., Schomberg's Anniversary at St. Mary's Magdalene Church, 116 Church St. The new music group, the Joyful Spirits, will sing "Water Flowing From the Mountains" from our More Voices book. There will be no service at Nobleton that day as we join with Schomberg to celebrate the long

history of Schomberg United. The congregation was part of the Union Sabbath School in Brownsville from 1856 until 1881 when they became Methodists until the United Church of Canada formed in 1925.

Sunday, May 14, Mother's Day with flowers for the ladies; June 18, Father's Day with Beatles Music; June 25, Canada Day Celebration with Orangeville's lively "Day by Day" guitar/singing group.

Summer's coming! Have your high school aged children or grandchildren made plans for the summer? Rendez-vous happens every three years and is a great way to discover Canadian history, heritage and beauty while worshipping and celebrating and making friends. This year Rendez-vous is happening in Montreal, Aug. 14-20. Last time, it was in Winnipeg. Everyone who goes comes back very enthusiastic about the experience. Visit [www.uc-rendezvous.ca](http://www.uc-rendezvous.ca) for more info.

Last Sunday, Carol-Ann taught us about a "Breath Prayer." This is a short prayer that involves breathing in deeply and slowly exhaling whenever a set phrase is spoken, such as "God, breathe new life into us and our world." This helps to focus our minds back to God. Try it. It is supposed to capture of sense of peace with God. I think that it works.

For more info, visit [nobletonunit-edchurch.com](http://nobletonunit-edchurch.com), our Facebook page, or call 905-859-3976. The Nobleton United Church office is normally open on Wednesday and Thursday mornings. Messages are picked up regularly. We are located at 6076 King Rd., north side, about 6 buildings west of Hwy 27. We have a big parking lot at the rear of the building, an accessible ramp at the rear of the building, too.

## Nobleton Lions

The Pet Value Walk for Dog Guides is planned for Sunday May 28. The Nobleton Lions will be hosting one of 240 walks across Canada. This walk helps provide funding for six different specialty programs including Canine Vision, Hearing Ear, Service, Seizure Response, Autism Assistance, and Diabetic Alert. Each Dog Guide costs approximately \$25,000 to raise, train, and place with its handler.

Check out [www.walkfordogguides.com](http://www.walkfordogguides.com) for all the details of where and when. We look forward to having you join us at this year's walk, and help give Canadians a new LEASH on life.

The Nobleton Lions Annual Fund Raiser is planned for June 4. This year the event is a Charity Golf Tournament to be held at Nobleton Lakes Golf Course. This is the major fund raiser for the Lions Club, with proceeds planned to go to numerous organizations in and around town. Golfers and hole sponsors are invited to call Jim Kassam at KARS on King Rd. west of Hwy. 27 at 859-5277.

Check out our website at [www.nobletonlions.com](http://www.nobletonlions.com)

Free advertising is available to non profit groups in and around Nobleton via the electronic sign at the library. Contact the Township of King for details on how to get your message up there at no charge. The Lions have arranged to collect unused eye glasses, refurbish and distribute them to those in need. Unused eyeglasses can be dropped off at the Pharmasave Pharmacy, where they will be collected for

this purpose. Your support is greatly appreciated by the Lions and those who we support, in keeping with our motto, "We Serve."

The Lions Club is seeking new members. If you are interested in helping your community become a better place, call Bob Phillips at 416-522-9675.

## Anglican Parish By John Arnott

The year is 1650, the place a courtroom in Derby England where 26-year-old George Fox, stands before Judge Gervase Bennet accused religious blasphemy. When asked to answer to the charge young Fox exclaimed "Tremble at the word of the Lord." To which Bennet shot back "The only quaker in this room is you."

Soon after the members of the religious group that Fox had founded, began to be called Quakers, a name that was meant to be derogatory but was soon adopted by members of this group although their correct name is the Religious Society of Friends, often referred to simply as Friends. Like early Christians, Friends call their members the church and the building where they gather the meeting house.

The St. Alban's Anglican community in Nobleton notes that in the early 1800s Timothy Rogers a Quaker brought his family and other Friends from Vermont to Upper Canada where they would receive land in return for work building roads and be exempt from military service. They settled near today's Newmarket and were followed there by several other Quaker families from Pennsylvania. Religious services were held in a small log cabin but the community grew and a permanent larger facility was needed. Thus in 1808 plans were

made to build a meeting house but tragically struck when many in the community died from plague. Now plans for the meeting house drastically changed resulting in a much smaller building just 30 ft./9.2 m wide by 60 ft./18.4 m long.

Work began in 1810 with Amos Armitage, Reuben Burr, John Doan, Thomas Linville and Isaac Phillips, master craftsmen, given charge of the project with the responsibility of getting the supplies and furnishing the labour with help from others in the community. So on a base of local field stone using local pine as the main wood the Friends' Newmarket Meeting House began to rise, a labour of love. It stands today much as it was when completed in 1812 making it York Region's oldest surviving church and it is still in use.

Over its 207-year history the building has undergone repairs and renovations. The worn batten and board outside walls have been covered with new wood in the same style and painted the same warm beige. The plain wooden former main door facing Yonge Street is original as are those along the building's south side where stands an long porch that runs the length of the building supported by 7 elegant white wooden pillars each with a plain classical carved base and capital.

Flooding the room with light, an important element to Quakers, the rectangular windows with their pleasing clear rippled glass around the meeting house and their working 2 paneled shutters are also original as is much of the door and window hardware. Wooden shakes covering the original roof have been replaced by thicker ones. In 1975 under the direction of architect Napier Simpson the entire building including its original pine floor was raised, with modern equipment, to accommodate a

lower level for a kitchen, 2 washrooms, 1 fully accessible, a meeting room used for the children's Sunday school and other activities like "potluck" dinners and space for the modern gas furnace. An elevator has recently been installed inside the back of the building where the new main entrance leads into a tiled foyer.

The Newmarket Meeting House, following the distinct architectural design of Friends meeting houses in Pennsylvania and New England, has no steeple and one main room divided by a movable screen into 2 sections, one for the men and one for the women. In the Newmarket building rows of the original pew like wooden benches for the congregation, face east and what was the main door while a single row for elders faces them. In beautiful condition a black original wood burning stove now sealed stands in the space between the 2 sets of benches. Two tiered seating along the north men's area wall results in windows there being set higher than those along the south wall. The meeting room has neither a cross, other ornamentation nor pulpit.

The service begins when someone takes a seat and others follow. For about an hour all sit in silent meditation. There are no hymns or sermon but a member feeling the Spirit may speak - this requires no response. The service ends when a designated elder rises and shakes hands with his neighbour. Services to which all are welcome happen Sunday mornings from 10:30 to 11:30 with a coffee/tea hour following.

Many thanks to Ruth Jeffery-MacLean, Marie Doan, Barbara Horvath all members of Newmarket Religious Society of Friends and Dave who helped me immeasurably with this article.
