Mayor Steve Pellegrini joined MPP Dr. Helena Jaczek, Transportation Minister Steven Del Duca and Vaughan Mayor Maurizio Bevilacqua in launching the construction project that will expand Highway 400 through King.

## Highway 400 expansion will improve traffic flow

By Mark Pavilons

The Province is creating jobs and keeping people moving by widening more than 10 kilometres of Highway 400, from Major Mackenzie Drive in Vaughan to King Road in the Township of King.

Transportation Minister Steven Del Duca and Helena Jaczek, MPP for Oak Ridges-Markham, joined Mayor Steve Pellegrini last week, to announce the construction of the Highway 400 widening project. This project, which is scheduled for completion in fall 2020, will widen the highway from six lanes to eight lanes and include a High Occupancy Vehicle (HOV) lane in each direction.

"Improving our highway infrastructure is vital to Ontario's economy. This stretch of highway is already very busy for residents and businesses. Adding new lanes will help keep traffic moving so that businesses can continue to operate and people get where they need to be sooner," said Minister Del Duca.

"I am proud that the provincial government continues to invest in much needed infrastructure improvements in York Region. Widening Highway 400 and adding HOV lanes will improve travel times for families, commuters and businesses in Oak Ridges-Markham," added Jaczek.

**PUBLIC NOTICES**

**NOTICE OF PASSING OF A ZONING BY-LAW BY THE CORPORATION OF THE TOWNSHIP OF KING**

**TAKE NOTICE** that the Council of the Corporation of the Township of King passed By-law Number 2017-62 on the 12th day of June, 2017 under Section 34 of the Planning Act, R.S.O., 1990.

**AND TAKE NOTICE** that any person or agency may appeal to the Ontario Municipal Board in respect of the by-law by filing with the Clerk of the Corporation of the Township of King not later than the **12th day of July, 2017** a notice of appeal setting out the objection to the by-law and the reasons in support of the objection, together with 1 cheque in the amount of \$300.00 (certified cheque or money order only) payable to the Minister of Finance to cover the Ontario Municipal Board fee, and a cheque for \$210.00 representing the Clerk's Department Administrative processing fee, payable to the Township of King. Should this date fall on a holiday or weekend, you will have until 4:30 p.m. of the next business day to file your appeal. If you wish to appeal to the Ontario Municipal Board, a copy of an appeal form is available from the Ontario Municipal Board website at [www.omb.gov.on.ca](http://www.omb.gov.on.ca) or from the Clerk of the Township of King. Please note the Board will only accept filing fee payments by certified cheque or money order.

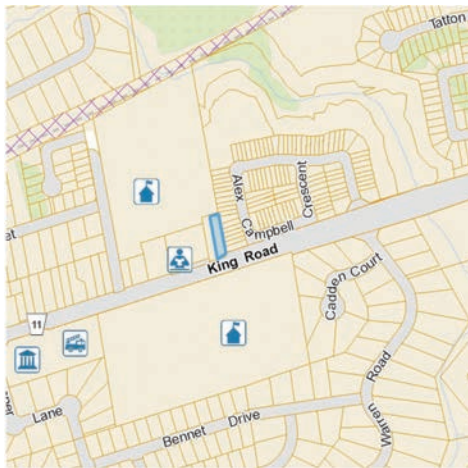

Only individuals, corporations and public bodies may appeal a by-law to the Ontario Municipal Board. A notice of appeal may not be filed by an unincorporated association or group. However, a notice of appeal may be filed in the name of an individual who is a member of the association or the group on its behalf.

No person or public body shall be added as a party to the hearing of the appeal unless, before the by-law was passed, the person or public body made oral submissions at a public meeting or written submissions to the council or, in the opinion of the Ontario Municipal Board, there are reasonable grounds to add the person or public body as a party.

Comments received and considered in the preparation of the By-law 2017-62 from the Public were summarized and included in the Planning Department Recommendation Report (P-2017-23). This report is available on the Township's website [www.king.ca](http://www.king.ca). There were no public comments received for the application. Matters relating to the location of parking, fencing and stormwater management will be assessed at the site plan approval stage through file #SPD-16-74.

A location map and an explanation of the purpose and effect of the By-law are available on our website at [www.king.ca](http://www.king.ca).

**DATED** at the Township of King this 22nd day of June, 2017.

# Heavy downpour causes widespread flooding

By Mark Pavilons

The recent heavy rains have created some headaches for Township staff and King homeowners.

The downpour last Thursday night and Friday morning saw roughly 89 millimetres of rain, as measured at a King public works yard.

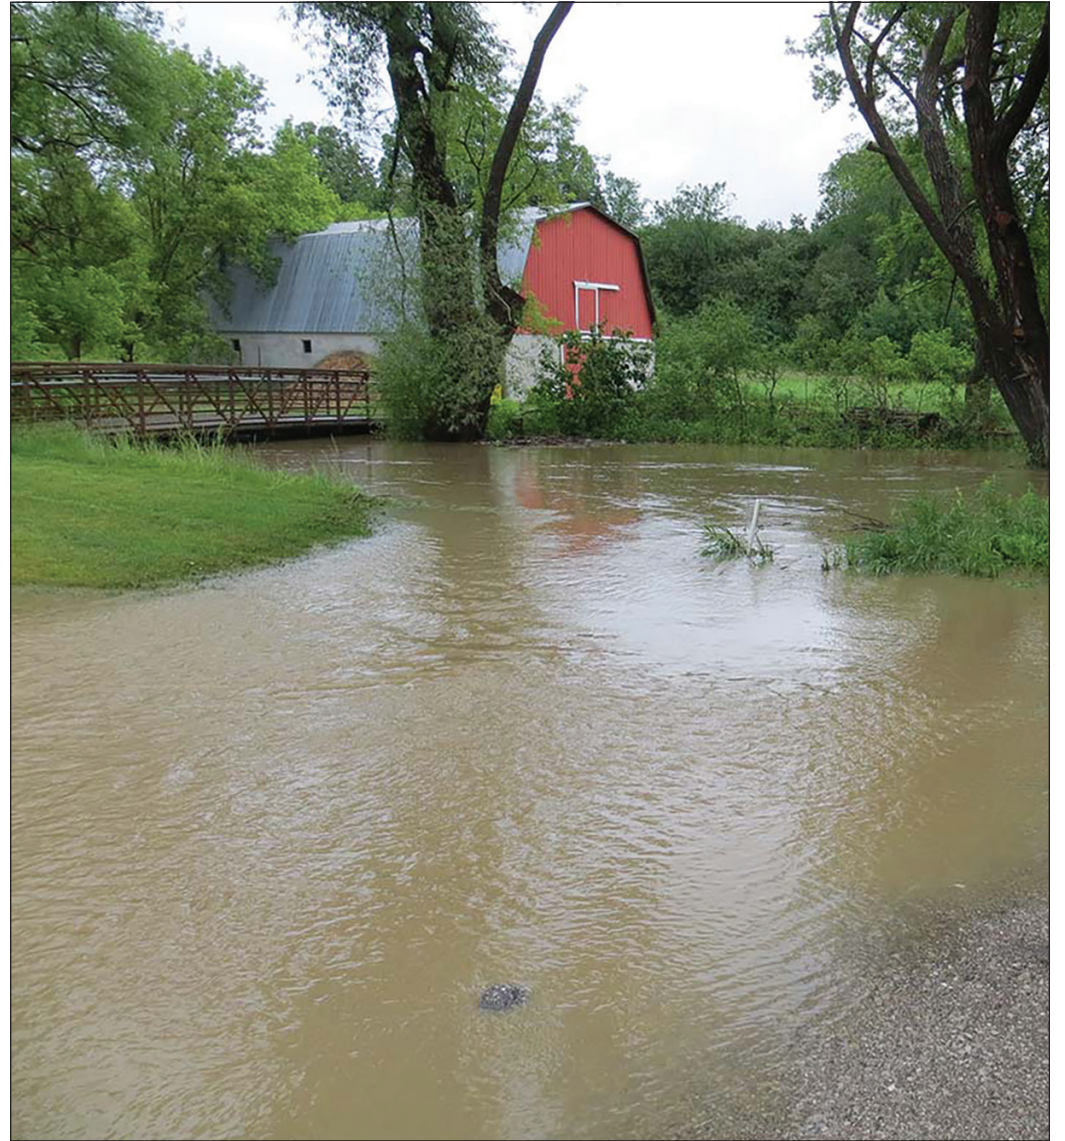

A section of the 8th Concession, north of Aurora Road, was under water. Crops were impacted in the Holland Marsh.

Some Schomberg residents reported flooding, and several roads were closed in nearby New Tecumseth Friday morning.

King crews – water, roads and fire department – were on hand to assist where they could. Councillors praised staff for going above and beyond to help out.

According to Peter Alm, water resource engineer with the Nottawasaga Valley Conservation Authority, the location with the highest rainfall was their rain gauge at Mono, with a total rainfall amount for the month of June of about 180 mm so far and approximately 114 mm of this amount on Thursday-Friday last week.

Historically, the GTA averages just over 80 millimetres of rain for the entire month of June.

From the Holland Marsh to Schomberg, last week's downpour caused widespread flooding, affecting crops, roads and residents' basements. King received more rain overnight Thursday and Friday morning than it typically receives in the entire month of June.

## Highway expansion comes as welcome news in King Township

From Front Page

Mayor Pellegrini thanked Del Duca for recognizing the need to continue to invest in our transportation infrastructure.

The planned improvements to Highway 400 between King Road and Major Mackenzie represent a significant investment in our local transportation network.

Almost 100,000 vehicles a day use the 400 near King Road. The work will help improve the flow of this traffic, meaning less time on the road for drivers. Reduced drive time also equals reduced emissions. It will also allow for the more efficient movement of goods to and from local businesses.

"We're also excited about the improvements coming to King Township's transportation network as a whole," he said. "We just recently passed a municipal budget that will see significant investments in improving and maintaining our local roads. York Region has made improvements on some of their roads in King, including the recent completion of upgrades to Bathurst Street and the roundabout at Keele Street and the Lloydtown/Aurora Road."

The mayor pointed out that GO Transit also recently announced plans to add another track, upgrade King City's station and introduce 15-minute service.

"These are all huge wins for residents and businesses in King."

Ontario is investing \$89.9 million in this project.

Widening of Highway 400 will create or sustain approximately 629 construction jobs.

The average daily traffic for this section of Highway 400 is approximately 122,500 vehicles per day.

Manitou Mkwā Singers open Canada Day at Kettleby

The Manitou Mkwā Singers will open Canada Day celebrations in Kettleby this Saturday, starting at 4 p.m.

Manitou Mkwā Singers (Spirit Bear Singers) are from the Mississaugas of New Credit and are composed of mainly a mother and six daughters and one son. The singers have grown up surrounded by the traditional big drum and hand drum songs and have continued to flourish in this area. They all attend traditional pow wows and dance and sing together and often provide openings and closings at traditional events.

## Preventable deaths still drive mortality rates

*"Mortality defines the human condition." - Drew Gilpin Faust*

*"If we knew about the real facts and statistics of mortality, we'd be terrified."*  
- Vilayanur S. Ramachandran

Well, here they are. According to WHO, the leading causes of death in the world today are ischaemic heart disease, stroke, chronic obstructive lung disease and lower respiratory infections.

Chronic diseases cause increasing numbers of deaths worldwide. Diabetes caused 1.6 million (2.8%) deaths in 2015, up from 1.0 million (1.8%) deaths in 2000. Deaths due to dementias more than doubled between 2000 and 2015, making it the 7th leading cause of global deaths in 2015.

Injuries continue to kill 5 million people each year. Road traffic injuries claimed about 3,700 lives each day in 2015, about three-quarters of whom were men and boys.

In Africa, WHO indicates that 56% of deaths are due to communicable, maternal, perinatal or nutritional conditions.

It's unbelievable, but 5.9 million children under age five died in 2015, or 16 000 every day!

The leading causes of death among children under five in 2015 were preterm birth complications, pneumonia, intrapartum-related complications, diarrhea, and congenital abnormalities. Neonatal deaths accounted for 45% of under-five deaths in 2015.

We seem to hear a lot about natural disasters world-wide and the impacts they have. This is largely due to the Internet and speed at which we can share information.

Over the past 100 or so years, there

Mark Pavilons

have been 8 million deaths due to natural disasters, which caused an estimated \$7 trillion (US) in damage.

China has been plagued by the most tragic disasters in history.

The "Great Chinese Famine," which ran from 1959-1961, is reported to have claimed some 15 million deaths. Unofficial estimates vary, but scholars have estimated the number of famine victims to be between 20 and 43 million.

This event was in many of our lifetimes, and this number is almost unfathomable. Can you imagine the entire population of Canada being wiped out in three years?

Upwards of 4 million people died in the floods of July 1931 in that country. The 1887 Yellow River flood claimed another 2 million souls.

One of the worst was in recent his-

tory - the Indian Ocean earthquake and tsunami on Dec. 26, 2004, in which 280,000 people perished.

The Haitian earthquake of 2010 killed 160,000.

Between 1994 and 2013, there were an estimated 6,873 natural disasters worldwide, which claimed 1.35 million lives or an average of 68,000 lives each year. In addition, 218 million people were affected by natural disasters on average per annum during this 20-year period.

The frequency of geophysical disasters (earthquakes, tsunamis, volcanic eruptions and mass movements) remain constant, but there has been a rise in "climate-related events" - mainly floods. Given the recent rainfall right here, it's not surprising.

Since 2000, EM-DAT recorded an average of 341 climate-related disasters per annum, up 44% from the 1994-2000 average and well over twice the level in 1980-1989.

There are several reasons for the trends.

Today, there are more people in harm's way than decades ago, and more people and buildings are at risk.

EM-DAT data show that flooding caused the majority of disasters between 1994 and 2013, accounting for 43% of all recorded events and affecting nearly 2.5 billion people.

Storms were the second most frequent type of disaster, killing more than 244,000 people and costing \$936 billion (U.S.) in recorded damage. This makes storms the most expensive type of disaster during the past two decades and the second most costly in terms of lives lost.

Earthquakes (including tsunamis) killed more people than all other types of disaster put together, claiming nearly 750,000 lives between 1994 and 2013. Tsunamis were the most deadly sub-type of earthquake, with an average of 79 deaths for every 1,000 people affected, compared to four deaths per 1,000 for ground movements. This makes tsunamis almost twenty times more deadly than ground movements.

Drought affected more than one billion people between 1994 and 2013, or 25% of the global total. Some 41% of drought disasters were in Africa, indicating that lower-income countries are still being overwhelmed by drought despite effective early warnings being in place.

Preventable deaths are always cause for concern. We breathe a collective sigh of sadness for our fellow humans lost in the recent terror attacks and apartment fire in England. We become alarmed at suicide bombings and shootings.

But these are relatively small numbers in the big picture. Every day, thousands of children perish; hundreds die in mudslides; hundreds more are left homeless and thousands of refugees are left without hope.

We could combat all childhood illness worldwide if we wanted to. We could end hunger, if we had the will. We could eliminate malnutrition with enough support.

We are mortal. There's no escaping that. We can't prevent natural disasters.

But if senseless loss of life can be prevented, shouldn't we do everything we can?

### Letter to the Editor

## Holy Name extends its thanks

The Holy Name Catholic School Council would like to extend its gratitude to the many community corporate companies and families who sponsored the 12th annual Carnival on June 9. Thanks to your help, this year's carnival was bigger and better!

On behalf of myself, the carnival committee and the staff and students of Holy Name C.E.S, we would like to acknowledge your generous donations; without your help the event wouldn't have been as successful.

As a school built on the values instilled by our Catholic faith, we pride ourselves on the relationships we have with our families and surrounding community. Our students give so much back to those in need that it's an honour to give them a fun filled evening to end off their school year. As we continue to grow as a school so does the need for more to be offered at our carnival.

I would also like to thank the many volunteers, from the King City High School, Cardinal Carter Catholic High School, Holy Name Catholic School Council, custodial staff, teachers and Holy Name parents.

To our wonderful vendors - Fiesta 4 Kids, Star Foods, Tiger Paws Exotics and Petting Zoo, Kinfolk & Friends and Durgy Spade Magician - who provided a wonderful experience for our families.

To our special guests who were able to join us this year - Rev. Michael B. Martell, School Trustee Ms. Elizabeth Crowe, Superintendent Dr. Opiyo Oloya and, Mayor Steve Pellegrini, thank you for participating in our event.

We are appreciative that so many people can come together and provide such a wonderful event for our school community.

Your support was greatly appreciated.

Cinti Pereira, Carnival Chair  
Ms. L. Barone, Principal

# A low-carbon economy rewards efficiency

By Skid Crease

*"We should not just consume hydro-carbon fuel but use it to develop nuclear energy, hydro power and renewable energy sources." – Vladimir Putin*

*"Without passion you don't have energy, without energy you have nothing." – Donald Trump*

History makes strange bedfellows. If these two could only get together, we wouldn't be trying to reopen the coal mines in Virginia. Putin, of course, is absolutely right.

It makes no sense to pump fossil fuel effluent up the chimneys of poorly insulated dwellings, or out the tailpipes of fuel inefficient vehicles. That last gasp of the oil industry should be used to power the engines of research and development into a renewable energy economy so that we can safely make the transition.

Then with a hybrid mix of nuclear, hydro, solar, wind, geothermal, biomass, hydrogen and as yet undiscovered energy sources, we keep the energy flowing. We certainly don't want to be caught looking at the last lump of coal as the lights flicker off. Leave the rest of the oil in the ground, the gas uncracked, and the coal reserved. Future generations may need it some day, like after a nuclear winter. When all the power goes out and the all the computers shut down, it's nice to have a pencil to write by candlelight.

And that is exactly what Minister of Foreign Affairs, Christia Freeland, and Minister of Environment and Climate Change, Catherine McKenna announced recently in two separate events. Their combined quotes would sound like this:

"We will set our own clear and sovereign course ... all provinces and territories agreed in the Vancouver declaration with the Prime Minister that we needed to have a credible plan with serious actions that would meet our international obligations in the Paris Climate Accord. The Pan-Canadian Framework on Clean Growth and Climate Change represents that plan and we will be supporting provinces and territories that have signed up for the plan."

In other words, Oh Canada, we are charting our own course, and Manitoba and Saskatchewan had better get on board.

So, what exactly does this Low Carbon Economy plan mean to the average Canadian, and to the mitigation of accelerating climate change concerns? It means that if you want to pollute you are going to pay more for energy. If you are energy efficient, you are going to pay less. It means that our two holdout provinces in the Prairies will be burning coal, gas and oil while the rest of the country glows in renewable energy development. Manitoba and Saskatchewan have one year to see the solar light and sign-on. Otherwise their monies are doled out to the other provinces.

There will, of course, be the standard incentives of rebates for energy efficient retrofits for home and business, and for pursuing clean energy options for industry. As a consumer, as always, we have the choice of buying a Prius or a Hummer. We have the

choice of landscaping our homes with water efficient plantings and native species. We have the choice of supporting a government that is committed to a clean energy future, or a fossil fuel nightmare. If the price on carbon (that should go into the Low Carbon Economy Fund) is the stick, then these incentives are the carrots.

The first carrot is a \$600-million Low Carbon Economy Challenge for industry and public sector projects, to be launched this fall and doled out on a merit-based, project-by-project basis. From there, the Fund provides about \$1.5 billion per participating Province to make the transition to a sustainable energy, low carbon economy. This should translate into jobs, new industry, and a cleaner local environment. But remember, there is no filter up the Ohio Valley if Trump goes Virginia coal crazy. When those winds of sulphuric acid change blow into Ontario and Quebec, there is little that our Low Carbon Economy can do to stop the acid rain.

Overall, for the health of the planet, our policies mean very little. But

there is a moral victory in our declaration of independence, and the recognition of our global interdependence. The justifiable pride we can take provincially, nationally and internationally is invaluable. It is our Canadian symbolic gesture of intelligent leadership to say to our fellow True North citizens and generations to come that we tried to do something wise. On the contrary, the Trump administration seems consumed with the Easter Island Syndrome: use it all up until it's all gone and let the 1% die rich.

When the chaos down south became apparent, Justin Trudeau wisely met with some of the world's top business leaders. The message was clear: we have a stable banking system, we have respect for diversity, and we are open for business that is sustainable, forward thinking, and energy efficient.

With this Low Carbon Economy announcement, Trudeau has said to the world, not only are we honouring our global commitments, but we are leading the way. An international community that is rapidly turning away from the uncertainty of U.S. policies is now

looking to Canada as the stable North American leader. In Green We Trust.

As a footnote, for those who don't normally watch his show, I would suggest that readers find a broadcast of John Oliver's "Last Week Tonight" on HBO. In it, he gave a scathing exposé of the spin that has been spread by the Trump administration around the myths of coal cleanliness, increase in miners' jobs and safety, and the integrity of coal mine owners. The outright lies, fudging of figures, and deceit of the president, the director of the Environmental Protection Agency, and the coal industry CEOs is almost beyond belief.

Murray Energy Corporation sent a letter to John Oliver threatening to sue and demanding that he "cease and desist" from any defamation of the coal industry. Oliver's response, and ours, "We will not cease and desist." Ever.

## Notice of Commencement and Public Meetings GO Rail Network Electrification Transit Project Assessment Process

Metrolinx, an agency of the Province of Ontario, is upgrading its commuter rail system into Regional Express Rail. The Greater Toronto and Hamilton Area (GTHA) is now home to nearly 7 million people and heading towards 10 million by 2041. To address the urgent transit needs of the GTHA, the Province of Ontario committed to implement Regional Express Rail and make other improvements to the GO system. By 2025, electrified trains will be running every 15 minutes or better, all day and in both directions, within the most heavily travelled sections of the GO network.

### The Process

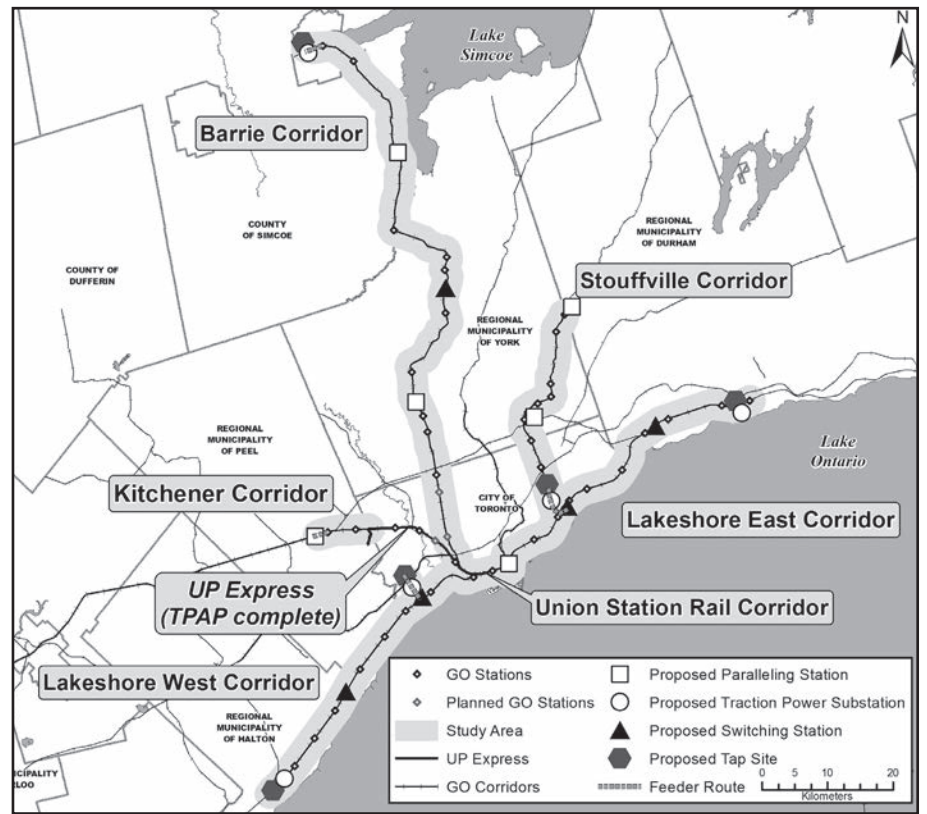

Metrolinx and Hydro One are co-proponents, jointly carrying out the Transit Project Assessment Process (TPAP) in accordance with *Ontario Regulation 231/08 - Transit Projects and Metrolinx Undertakings* (made under the *Environmental Assessment Act*) to examine the environmental impacts of converting several GO rail corridors from diesel to electric propulsion.

### The Project

As part of Regional Express Rail, Metrolinx is proposing to electrify GO-owned corridors. The GO Rail Network Electrification undertaking will entail design and implementation of a traction power supply system and power distribution components located along and within the vicinity of the rail corridors.

The Study Area (see key map) includes six GO rail corridors, as well as proposed locations for the traction power facilities (i.e., Traction Power Substations, Paralleling Stations, Switching Stations) and ancillary components:

- Union Station Rail Corridor
- Lakeshore West Corridor – West of Bathurst St. to Burlington
- Kitchener Corridor – UP Express Spur (at Highway 427) to Bramalea
- Barrie Corridor – Parkdale Junction to Allandale GO Station
- Stouffville Corridor – Scarborough Junction to Lincolnville GO Station
- Lakeshore East Corridor – Don River Layover to Oshawa GO Station

### Traction Power Supply and Distribution System

Electrification of the GO Network requires a connection to the provincial electrical system. It is proposed that power be supplied from Hydro One's existing 230 kilovolt (kV) transmission lines through the installation of five (5) Tap locations which will bring power to the Traction Power Substations (TPS) and then feed into the power distribution system components adjacent to and along the rail corridors to be electrified.

### Consultation

Building on the first and second rounds of public consultation meetings held in February/March 2016 and November 2016, Metrolinx and Hydro One are now formally commencing the TPAP. A third round of public consultation is planned for June/July 2017 (details below) and will present the findings of the technical/environmental studies (posted online at [www.gotransit.com/electrification](http://www.gotransit.com/electrification)) undertaken for the GO Rail Network Electrification Project. Members of the public, government agencies, Indigenous communities and other interested parties are encouraged to participate in the process and/or contact the project team directly with feedback or questions. A discussion guide will be posted online at [www.gotransit.com/electrification](http://www.gotransit.com/electrification) prior to the meetings to provide key information.

We invite you to join us in person at the public meeting nearest you to find out more.

**Meeting times: 6:30 p.m. – 8:30 p.m. / Presentation: 7:00 p.m.**

## Flower theft a 'slap in the face'

By Mark Pavilons

The theft of plants from a King garden centre is a slap in the face to Canadian pride.

The owners of the family-run Black Forest Garden Centre on Keele Street, were horrified Wednesday morning when they opened up and realized someone had stolen 43 out of 50 Canna Lillies that made up a beautiful display marking Canada's 150th birthday.

Karl Kohnen said they feel somewhat violated, and never expected this to happen.

Karl's father planted the sesquicentennial flower bed just weeks after knee replacement.

The flowers were planted roughly two weeks ago and are valued between \$800 to \$1,000. Every year they see plants missing from the front bed, but this is the worst yet.

It's not about the money, he said, but the disrespect shown toward our country "and what we tried to do."

Their business, and patriotic effort, is all about community and inclusion and now one person has ruined it.

Mr. Kohnen said they didn't contact police, believing that it would cost taxpayers more to send out an officer and do the paperwork.

He hopes to get the word out, and perhaps the culprit will be shamed into coming forward. Karl also pointed out that if you recently received 43 new Canna Lillies, chances are they're the beautiful stock grown by Black Forest.

"It hurts when someone steals from you, and stealing is not a Canadian value." If you have any information on the theft, contact Black Forest at 905-727-4349.

# Beneficiaries laud efforts of C150 Global Odyssey

By Mark Pavilons

The historic C150 Global Odyssey is not only about breaking records. It's about supporting some very worthwhile causes.

When Kingscross resident Steven Dengler and his father Bob lift off early Canada Day morning, they will make history with the C150 Global Odyssey (C150GO). It will be the world's first Canadian around-the-world helicopter flight, and the first-ever father-son global circumnavigation by any light aircraft.

In celebration of Canada's 150th anniversary, the Canadian crew – comprised of Bob, Steven, and helicopter ace Rob "Dugal" MacDuff – will fly a Canadian-made Bell 429 helicopter over 38,000 kilometres in just over one month. Starting in Ottawa on July 1 and zigzagging the globe, the crew will visit more than 100 airports in 14 countries. Along the way, they will be joined by notable Canadians such as astronaut Dave Williams and hockey legend Guy Lafleur.

C150GO is a registered Canadian not-for-profit organization, supporting both the Southlake Regional Health Centre Foundation and True Patriot Love Foundation.

"Community support is vital to the work done every day at Southlake Regional Health Centre. It's what makes it possible for us to fund the tools, equipment and technology across the hospital that our clinical staff rely on to transform lives and, ultimately, perform miracles. We are so fortunate to be part of such a generous community, full of people like Bob and Steve Dengler, who are committed to Southlake's vision of delivering world-class health care, close to home. We certainly look forward to keeping a close watch of their progress during this record-breaking flight, and wish them all the best on their travels," said Katherine Alyea, vice-president of philanthropy and engagement at Southlake Regional Health Centre Foundation.

"It's incredibly inspiring to see people like Bob and Steve Dengler rally together with their families, friends, co-workers and neighbours to fundraise. We have approximately 150 third-party events hosted by the general public in support of our hospital every year, although this one is certain-

ly unique! Last year these initiatives raised more than \$1 million. People don't always realize it, but the impact they can make is truly incredible.

"Southlake serves a wide area with our regional programs, from York Region to as far north as Muskoka. A number of world-firsts in health care have been accomplished here, so it's exciting to participate as a partner and have our hospital recognized through this exciting initiative, which goes so far beyond our local community."

The proceeds from the C150 Global Odyssey are not supporting a specific Southlake Foundation fundraising campaign, but will be designated to support the area of greatest need at Southlake, whether it be tools, equipment or technology that are urgently needed for patient care. This type of unrestricted support is so appreciated, as it makes it possible for the Foundation to best support Southlake's physicians and clinical staff in continuing to provide world-class care to patients in our community, when they need us most.

"I am extremely honoured and excited to be taking this flight with the Denglers. Their passion for flying and their support of Southlake inspires us all. The opportunity to celebrate Canada's 150th birthday on this journey parallels some of the most meaningful moments I have experienced in both healthcare and as a Canadian astronaut," said Dr. Dave Williams, Southlake CEO and president.

True Patriot Love CEO Bronwen Evans said they were thrilled when Dengler approached them with the offer of support. She said it was nice that the Denglers found out about them and that word of the organization's efforts is getting out there.

Evans said she met Dengler a number of times and her group will definitely be following the Odyssey's progress on the various social media sites.

TPL is embarking on its own "odyssey" of sorts. Building on the success of previous expeditions to the Himalayas (2012), the North Pole (2014), and Antarctica (2016), TPL is leading teams of ill and injured soldiers, along with Canadian business leaders, on a series of incredible expeditions across the country. The first group embarked June 9. Together they will conquer some of the most remote and challenging locations in Canada including an intensive

sea kayak adventure off the coast of Newfoundland (June 9-17); a thrilling recreation of the last leg of Sir Alexander Mackenzie's first crossing of North America (July 9-23), and a challenging white-water canoe expedition through the Northwest Territories (July 29 to August 12).

In addition to providing meaningful mentorship opportunities for soldier participants, previous expeditions have raised more than \$5 million to support veterans, and their families, as they transition to civilian life. Funds raised have allowed for enhanced job training and recruitment, provided 144 veterans with rapid job placement, helped to fund more than 4,600 hours of peer-to-peer mental health counselling, and allowed for a \$500,000 investment to create a virtual reality therapy program for veterans living with PTSD which is now being used across the country.

Evans said this year's treks have been in the planning stages for quite some time. They wanted to go above and beyond for Canada's 150th.

Both the expeditions and Odyssey will expose Canadians to our veterans on this special anniversary.

TPL, formed in 2009, is a national charity with the mission to inspire every Canadian to contribute to the resilience and well-being of military and veteran families. TPL has provided more than \$18 million to support military families, including supporting more than 100 community-based programs across the country that address the unique challenges resulting from service including mental health, physical rehabilitation, transitioning to civilian life, and the special needs of children.

In addition, TPL contributes to advancements in research and technology through our \$5 million commitment to the Canadian Institute for Military and Veterans Health Research (Queen's University). For more information, visit [www.truepatriotlove.com](http://www.truepatriotlove.com)

The Odyssey team lifts off from Bolton's National Helicopters on July 1, heading to Ottawa for Canada Day celebrations that day.

To learn more about the C150 Global Odyssey, to become a sponsor or to view the complete C150GO itinerary, please visit [www.c150go.ca](http://www.c150go.ca)

## Landmark breaks ground in Kingsgate development

Landmark Devco has broken ground at the newest commercial development in Schomberg.

Officials and dignitaries were on hand last week as the company launched the project at the corner of Highway 27 and Dr. Kay Drive.

Devco's CEO Dave Martino is thrilled to announce the company has officially broken ground for their 35,000-square-foot commercial plaza, in Schomberg.

Construction of the plaza is targeted for an early January completion, with production beginning in the next few weeks. Furcap Management, a division of Castle Ridge Homes, has been contacted to begin in the next few weeks.

Business owners which include a day care, pharmacy, nail salon, and restaurant, were present for the event.

Sales are currently at 70% with additional units for purchase or lease. For more information please visit [www.landmarkcad.com](http://www.landmarkcad.com), or call 647-499-1546.

Founded in 2014, Landmark Devco has achieved exceptional growth surpassing many developers with forward thinking, creativity and delivering fantastic projects across the GTA, providing elite client services and building value with the core of their vision of putting clients first.

Landmark Devco is an innovative industry leader in residential development, ensuring each project receives hands-on attention and detail.

### Built to Last: Heritage Properties from York County through to York Region

As Canada celebrates its 150th anniversary of Confederation, York Region is commemorating this event by introducing Built to Last: Heritage Properties from York County through to York Region.

The online project highlights the settlement of York Region, acknowledging the Indigenous peoples and their use of the land and recalling the built, cultural and natural heritage properties established by early American and European settlers.

Step back in time by visiting the following exhibits at the York Region Administrative Centre, located at 17250 Yonge Street in the Town of Newmarket, Monday through Friday, between the hours of 8:30 a.m. and 4:30 p.m.

On July 1, 1867, the British North America Act became law, uniting Ontario, Quebec, New Brunswick and Nova Scotia into one nation. In honour of the occasion, members of York Regional Council will raise a Canada 150 flag immediately following the June 29 meeting of Regional Council at the York Region Administrative Centre.

Join Canada's coast-to-coast celebration and participate, celebrate and explore #Canada150 and join the local conversation #YRCanada150.

### Networking event at The Manor showcases York Region businesses

By Alex Bowlin

The Colossal Chamber Networking Event provided the opportunity to businesses from all municipalities in York Region a chance to connect with each other. A small contingent from King was on hand at the event.

The public event, organized by the chambers of commerce of nine different municipalities, was held June 13 at the The Manor in King City. It opened with an hour and a half networking period where attendees were free to mingle among themselves, exchanging information about each other's businesses to learn about their community and discover areas where their businesses could improve with the assistance of others.

The smaller King City showing was in large part due to the relative size of King to larger municipalities like Richmond Hill and Markham, but this does mean that King could not have a larger present at this event and similar events in the future. For more information about similar events, contact the King Chamber of Commerce or visit their website at [www.kingchamber.ca](http://www.kingchamber.ca)

The event also featured dozens of exhibitors, ranging in size and type of enterprise, who had displays and representatives that were available to provide information about the value that their services could provide to attendees. To learn of new developments in York Region that are going to help business there was representatives from VIVA transit; for answers on technology solutions there were representatives from Shaw and Halo Technology; for advertising information there were representatives from Pattison and 105.9 The Region; for your general roofing needs there were representatives from Guaranteed Roofing, and if you were looking for a way to spice up the day to day goings on at the office there was no better people to talk to than the representatives from Reptilia.

To close the event two York Region Business Excellence Awards were given out to the Small and Large Business of the Year. Finalists for the Small Business of the Year were Accessible Daily Living, Bento Nouveau Limited, and Sigma Promotions Incorporated. The finalists for Large Business of the Year were Benson Kearley IFG, Nu-Trend Construction, and Redline Communications, a wireless broadband company. If one could bet on who would win Small and Large Business of the Year, the smart money would have been on the eventual winners, Bento Nouveau Limited and Benson Kearley IFG.

## Laskay Hall will soon be on the move

King Township is about to breathe new life into an old building. Council has agreed with a staff recommendation to move Laskay Hall from its current location in the hamlet of Laskay to the grounds of the King Heritage and Cultural Centre in King City. The move was unanimously supported by the Laskay Hall Board.

"Moving Laskay Hall will rejuvenate an under-used, aging structure," said Mayor Steve Pellegrini. "Given its current state, lack of adequate parking and other factors, this move will be a win for all the residents of King. It protects the past while planning for the future."

The decision came after extensive consultation with a number of community groups and organizations, including the King Township Heritage Advisory Committee, Arts Society King (ASK), the King Township Historical Society, the Community Museum Board, the Nobleton Children's Theatre Company and the Laskay Hall Board. The overall consensus was positive, and the Laskay Hall Board unanimously supported the move.

"The recommendation and its endorsement were based on a long consultation process that included many heart-felt conversations with board members, residents and the community groups who had the strongest connection to the hall," said David Boyd, Ward 2 Councillor. "The difficult decision to relocate the hall is a forward-thinking vision that will allow the hall's legacy as a treasured community gathering spot to continue and benefit our residents for generations to come."

Some of the major factors impacting Laskay Hall today are parking, traffic and lack of community use. The inefficiency of the existing services (water, hydro, sanitary) also impact opportunities for expanded use on the current site. Due to these issues, usage has dropped over the last several years from around 600 hours a year to less than 100.

Chris Fasciano, King's Director of Parks, Recreation and Culture said the move will result in several benefits including:

- Additional cultural programming (dance, music, arts, theatre).
- Alternative exhibit space that allows for rental of the gallery spaces at the site.
- Performing arts space.
- An ongoing venue for Laskay and

other community events.

The Heritage Advisory Committee has formally provided its support for the move, relocation and redesignation of Laskay Hall with recommendations that the move of the structure be undertaken by qualified heritage professionals and that the new location of the hall include signage that makes reference to its original address to educate future generations on its importance within both Laskay community and King Township as a whole.

The next steps in moving the hall will be repealing its designation as a heritage property for the purpose of the move and then redesignating it once it is moved to the Heritage and Cultural Centre property. A basement is also planned for the new location to be used as overflow storage for the museum and ASK and to construct the appropriate utility services (furnace, duct work, electrical upgrades).

Although the exact date of the move has yet to be determined, staff hopes to undertake it in late August or early September.

As the move approaches, King will extensively document and communicate the process online and through social media.

Susan Plamondon, Chief Administrative Officer for King, said the move will accomplish several things, all of them benefiting the Township.

"We recognize how important King's heritage is, both natural and cultural. That's why we took so much time in consulting with the community about the move," Plamondon said. "Moving the hall to the grounds of the Heritage and Cultural Centre will enhance the existing heritage campus that includes several other significant heritage buildings."

The King Heritage and Cultural Centre site at 2920 King Road in King City currently consists of the original Kinghorn School SS#23, originally built in 1861, that houses the museum and the majority of its collections.

Also on the grounds are the original railway station building of Springhill (now King City), built in 1852 and the King Christian Church, built in 1851.

The church was moved from its original location at Kettleby Road and Jane Street to the museum grounds in 1982. The railway station was moved to the grounds in 1989.

Move your mortgage to BMO

Earn up to \$1,500<sup>1</sup>

Switch your existing mortgage to BMO, use a BMO Chequing Account to make your mortgage payments, and earn up to \$1,500<sup>1</sup>. Roof repairs, a weekend away, or saving for a rainy day - we're sure the money will come in handy!

How it works:

**Step 1: Apply for a BMO mortgage with a minimum four-year term and a maximum 25-year amortization on or after June 1, 2017<sup>1</sup>:**

- Receive \$500 when you switch to a BMO mortgage valued between \$100,000.00 - \$249,999.
- Receive \$1,000 when you switch to a BMO mortgage valued between \$250,000 - 499,999.
- Receive \$1,500 when you switch to a BMO mortgage valued at \$500,000 and above.

**Step 2: Make your mortgage payments from a BMO Chequing Account that has a Bank Unlimited, Practical, Plus, Performance, AIR MILES<sup>SM</sup>, or Premium Plan<sup>1</sup>:**

- If you already have a BMO Chequing Account and a Bank Unlimited, Practical, Plus, Performance, AIR MILES or Premium Plan, you're ready to go.
- If you don't yet have a BMO Chequing Account and a Bank Unlimited, Practical, Plus, Performance, AIR MILES or Premium Plan, open one to get started.

Conditions and exclusions apply. See terms and conditions for full details.

## King engineers set sights on Mars

By Mark Pavilons

A small, rather unimpressive looking device may very well hold the key to some new frontiers.

The vestibulator doesn't roll off the tongue and won't garner any design aesthetic awards. It's a functional product, capable of furthering humankind's efforts in the final frontier.

Engineers don't tend to be superheroes, but they are definitely invaluable as hero support. Astronauts may take the glory, but it's the network of engineers who put them in space and keep them there, who deserve credit.

Laskay's Sherry Draisey and Mayes Mullins have been nurturing their "little box" for decades. Basically, the vestibulator administers small electrical impulses behind the ears to alter a person's sense of motion. It mitigates motion sickness, which goes a long way to assisting pilots and astronauts.

The concept behind the vestibulator isn't new, in fact it dates back to the 1700s, and the work of the father of bioelectricity, Luigi Galvani. It revolves around Galvanic vestibular stimulation, the process of sending specific electric messages to a nerve in the ear that maintains balance.

The practical applications for the wireless device came after the couple's work at SPAR Aerospace, during development of the Canadarm robotic arm used on the space shuttles. When controlling the arm itself, there was no way of "feeling" the force it exerted on objects, as human touch would. Engineers like Draisey and Mullins are working to give it a sense of motion through six degrees of freedom. Using an audio system to signal direction and force proved ingenious. This simplifies the human-machine interface, Draisey observed.

They worked at SPAR from 1981 through 1992 and it was "a glorious time for a young engineer." Draisey even gets a little teary-eyed when she recalls this "exciting time" of her career.

They were asked to create a wireless version and so work began, along with some limited funding from the federal Industrial Research Assistance Program (IRAP). The duo set up Good Vibrations Engineering Ltd. to continue their research and applications for the vestibulator, as well as offering consulting services for private companies.

The vestibulator was found to be an ideal instrument for flight simulators, particularly for helicopter pilot training. Canada's Department of National Defence wasn't interested, but the Americans were, and still are.

The vestibulator found a home at York University where scientists are using for brain research studies.

The renowned Mayo Clinic obtained a device and grew an entire laboratory around it and the study of bioelectricity. They have since patented their own Galvanic Vestibular Stimulation (GVS) technology specifically for use in virtual reality and augmented reality.

Universities in British Columbia are using the vestibulator for Parkinson's disease research.

Engineers tend to be problem-solvers and they don't always foresee the different applications of their work.

The vestibulator is also being sought after for its virtual reality features, ideal for the massive video gaming industry. They have been approached by a large manufacturer.

The device is also being used by psychologists studying the human decision-making process. Others have found a weight loss application.

The vestibulator has received a mountain of supportive papers attesting to its efficacy and safety, bolstering its credibility. Draisey admits they had to "wimp it down" a bit because the technology could be altered to become quite dangerous.

Aside from this "little thing," Good Vibrations is working on a force motion sensor, which may be used on missions to Mars. The Curiosity Rover follow-on, Mars 2020 will be armed with a drill, and such a sensor would be beneficial to duties the rover would perform.

As well, this duo has laid the groundwork for a "flying saucer," also destined for Mars. Draisey explained the saucer is designed to map the subsurface of the red planet, using electromagnetic induction sounding to locate briny water.

The Martian atmosphere is much thinner than Earth's, so flying while carry any significant payload is problematic.

This small saucer is more like a rocket.

### Canada Cord recipients

Members of the 1st Nobleton Pathfinders – Brianna Kerr and Elyssa – Bush were awarded the Canada Cord Certificate recently. The Canada Cord is the most prestigious award a Pathfinder can receive and follows three years of hard work on badges, first aid training, citizenship, community service, and the development of leadership in camping skills. These two girls have had the chance to learn new skills, develop lasting friendships, build their confidence and leadership abilities among other activities. Mayor Steve Pellegrini was in attendance to present this special honour.

# KING CHAMBER OF COMMERCE

On behalf of the Board of Directors and all our Members

[www.kingchamber.ca](http://www.kingchamber.ca)

## Good Vibrations making inroads

From Page 12

It compresses Martian CO2 atmosphere to form propellant. This propellant is enough to let the vehicle make a 15-metre “hop” every day or two.

Draisey is passionate about the work and their efforts to help propel our contribution to the space program.

Canada’s funding has, unfortunately, not kept up the pace. The Province doesn’t support the space program, which is a shame, given the talent pool in this province. Draisey observed that Ontarians produced the historic Avro Arrow and Canadians have contributed greatly to the U.S. space program and NASA.

Talented individuals, and small, private companies will continue to carry the weight when it comes to innovative technologies and applications.

Good Vibrations hopes to be the only commercial producer of the vestibulator and related technologies. For more on their work, visit [www.goodvibrationsengineer.com](http://www.goodvibrationsengineer.com) or contact Draisey by email, [sherry@gve.on.ca](mailto:sherry@gve.on.ca) or by calling 905-833-0417.

# Some things just feel right.

So many of our residents tell us that it just “felt right” when they walked in the doors at Oak Ridges and got that “welcome home” feeling. Choosing the right residence can be just that easy! Experience that Oak Ridges feeling for yourself! Arrange a personal visit by calling Kristen or Catherine at (905) 773-4220.

**RATES STARTING FROM \$3580.00**

### History of Popular Music with James

Tuesday July 4th  
2:00pm-3:00pm

### Summer Sizzle with Alice Hwang

Monday July 24th  
2:00pm-3:00pm

Explore the history of popular Canadian singers, songwriters and musicians. We will mine our memories to rediscover a rich heritage, a wealth of knowledge, and a pride for Canada shared with fellow Canadians: Leonard Cohen, Anne Murray, Maureen Forrester, Gordon Lightfoot, Stompin’ Tom Connors, Shania Twain, Bobby Gimby, Paul Anka, Joni Mitchell, Guy Lombardo and His Royal Canadians, and many more!

Join us for an afternoon of Sizzling hot tunes for a sizzling hot summer! Alice performs summertime favourites such as Those Lazy, Hazy Crazy Days of Summer, Summertime, Fever, Summer Holiday, Under the Boardwalk and more. Fun choreography is provided to get everyone singing and moving to the beat!

RSVP to Kristen or Catherine for all events at (905) 773-4220.

## Local Investors Turning to Mortgages

*This month, as banks and Home Capital Group turn down Canadian borrowers seeking a mortgage, local investors step up to fill the increased demand.*

“Private lenders are now overwhelmed. They are taking many deals turned away by Home Trust,” said Victor Camba, a mortgage agent who specializes in matching borrowers with individual investors.

Home Trust, Canada’s biggest non-bank lender, was a conduit for many Canadians to have home ownership. During its struggles in recent weeks, it has scaled back on lending, leaving many borrowers in the lurch.

### More investors are becoming lenders

*Now there are opportunities for the retail investor with cash, a line of credit or an RRSP*

A misconception is that these are bad-quality borrowers. “Bad credit? No Credit? No Problem,” are advertisements sometimes seen. This is far from the truth.

In 2016, 2.7 million Canadians were self-employed (Statistics Canada). These people are generally in the sales and services industry, such as Realtors and Contractors. There were also 1.2 million small businesses. These borrowers do not meet the bank’s lending criteria, and are therefore turned down. Their tax return may show a significantly lower figure than what they actually take home as income.

“We take into consideration all sources of the client’s income,

including stated business income, something the banks don’t do,” Victor said. “But we are not going to take undue risk. We will take a calculated risk.”

He prefers to offer loans below 80% of the value of the property to limit losses in case of a housing price downturn. Unlike mutual funds or stocks, a mortgage investment is collateralized with real property within the Greater Toronto Area, including Aurora and Newmarket. Loans are typically 1 year in duration and can earn investors up to 12% interest rate.

“It used to be investors went to their lawyer or accountant and said, ‘I have a few million dollars and I want to lend this out and make a good return,’” Victor said. “They are still around, but now there are opportunities for the retail investor with cash, a line of credit or an RRSP.”

*For those who want to invest in real estate without the hassle of tenants or repairs, there will be a free workshop on how to become a lender. Details below:*

## We Believe in Abby Day brings funds to SickKids

By Jake Courtepatte

Abby Eveson was able to celebrate her fourth birthday on Saturday surrounded by family and friends.

The annual “We Believe in Abby” fundraiser event went off without a hitch Saturday at Schomberg’s Hickstead Park, giving kids the opportunity to meet characters, jump in a bouncy castle, and get their faces painted.

An annual event raising money for the Labatt Family Health Centre at SickKids hospital in Toronto, the day of fun is named for Abby, who was born with multiple congenital heart defects. She’s had several open heart surgeries.

Celebrating her fourth birthday last week, parents Craig and Becky have put a positive spin on the situation while paying it forward.

“It made me feel good, helping me deal with it,” said Craig. “We started for our own piece of mind, and people caught on. The only thing we ever ask is that people be nice to each other, create a nicer world.”

Though the totals are still being tallied, the annual event brings in thousands for SickKids.

## Ontario artists celebrate milestone

By Brock Weir

As the daughter of an artist – and an artist herself – King-based photographer Claire Ross has grown up with the Ontario Society of Artists and, in turn, the Ontario Society of Artists has grown up with Canada.

As Canada marks its 150th anniversary, the Ontario Society of Artists (OSA) is marking its own milestone – 145 years – and it marking this special anniversary very close to home.

Mosaic: Ontario Society of Artists 145th Anniversary fills all four galleries of the Aurora Cultural Centre through Aug. 5.

The OSA is Canada's oldest operating artists group and, as it looks ahead to the future, it is looking at ensuring it remains a valuable and relevant resource – and collective – for the changing face of Ontario art.

"145 years means we have a long, rich history that we can look back to and take direction and inspiration from, but we're looking to be a more innovative organization moving forward," says Ms. Ross, daughter of OSA member Judy Finch. "The mandate remains the same, committed to artists, our own members, and also artists in the community who are not our members trying to promote art in general.

"With technology today, we have an opportunity to reach more people and to be relevant to more people and also to provide a better service for our members. We're also trying to bring in a broader range of styles of artwork, techniques behind artwork, multimedia. Most of the works here are more traditional, but we're trying to move in a way that is going to bring in some newer styles."

Fittingly, the theme of Mosaics is "Canada" which, in itself, has become a mosaic over the last 150 years.

"Canada is a country made up of people from all over the world, with a variety of cultures and perspectives and ideas," said Ms. Ross. "We want to be relevant in that we're flexible enough and inclusive enough that we can be relevant to a variety of different cultures, perspectives, and ideas. What we really want people to see is Canada isn't just one thing. It is a multitude of ideas and people and cultures and that is the thrust of the whole show."

It is a show which organizers hope

reflects the reviews garnered when OSA's first put themselves out there to the public – way back when Canada was a youngster of five.

"This is the 145th anniversary show and the OSA was initially formed at a meeting in June of 1872," said OSA president Larry Glaser. "The first show was held in April 1873 and, at that show, there were 28 artists and here at this show we have 93. That show was really well visited and received and from the looks of the work here at the Aurora Cultural Centre I expect this one will also receive wonderful reviews and good attendance.

"This show was made possible by the Aurora Cultural Centre and we thank them for providing us with the opportunity to exhibit here and also with the hard work of some of our OSA volunteers that put in a lot of hours to make this show a success."

Added Cultural Centre curator Stephanie Nicolo: "I want to say how important it is to the Aurora Cultural Centre to be presenting artwork that is meaningful and professional that inspire others to continue to be their very best and consider new perspectives and new ideas. (The work here) celebrates different aspects and facets of Canada, different elements from little details (from artists') personal lives and beyond into our landscapes. It is really important and we are very proud to be presenting all these perspectives."

## Shoulder/Elbow/Wrist Pain: New Approach Delivers Remarkable Results

*If you suffer from Shoulder/Elbow/Wrist pain (Injury/strain/tendonitis/Arthritis) you need to be aware of effective advancements that can eliminate years of pain, suffering, immobility and frustration.*

You may have told your doctor you suffer with one or more of the following: sore, stiff, painful Shoulder/Elbow/Wrist, "clicking" sound with movement, difficulty bending, and/or walking.

Often times, problems/symptoms in one of these areas leads to compensatory issues in one or more of these other joints.

You may find that your pain or stiffness affects your work, housekeeping, leisure activities, exercise, sports or other activities. You go to the drug store or to your doctor and get pills to help relieve your pain. But you find the pain keeps returning. Alternatively, the doctor may refer you to a specialist who may tell you that surgery is needed or is an option for you.

However, many people are hesitant to have surgery given its invasive nature. It is important to know that although surgery is sometimes necessary, it is considered a last resort in most cases.

Also, you may have heard that there are serious health risks associated with chronic use (or overuse) of pain pills or anti-inflammatory drugs that include damage to the liver, kidneys and gut.

*There is a new, natural, safe and highly effective approach that has helped many sufferers improve their lives dramatically:* Laser therapy uses light to favor and accelerate the body's

*It is the very latest in medical technology, with years of clinical studies supporting its safety and efficacy*

natural healing processes. The innovative Multiwave Locked System (MLS) Laser produces a safe, efficient and simultaneous effect on pain, inflammation, swelling and water retention, exceeding the limits of traditional LLLT (Low power) and eliminates concerns of HP (High power) laser therapy.

*What does this mean for you?*

Our patients have reported a 90-95% relief of their symptoms, more mobility, increased flexibility and vastly improved function!

It is the very latest in medical technology, with years of clinical studies supporting its safety and efficacy and we are very proud to offer our patients effective solutions to their recent or chronic conditions.

"This new, natural, safe and highly effective approach has helped many sufferers improve their lives dramatically".

*Come in and allow us to help you achieve the results you deserve! Call (905) 773-2225 to book your FREE consultation and examination at King West Wellness Centre 141 King Rd., Unit 10, Richmond Hill (In the Home Hardware Plaza).*

## Minor Bantam Jays victorious in Bolton tournament

By Jake Courtepatte

The Minor Bantam Aurora-King Jays have segued a successful season into a major tournament win in Bolton.

An undefeated stint last weekend led the 14-3-1 Jays to the gold medal in the AA tournament, walking it off in the championship game in incredible fashion.

Opening with a 3-3 tie against Ajax on Friday, the bats came alive on Saturday, with the Jays outscoring their opponents 23-4. Jackson Maclean and Ethan Belisle put up three hits and three RBIs respectively in a 9-1 bashing of North Toronto, while Maclean, Aidan Katz, and Jackson Gosselin held their opponent to just one hit while working the mound.

The Jays went to work early on a team from Ottawa later that afternoon in a seven-run first inning, eventually advancing to the tournament semifinals thanks to a 14-3 score. Ethan Solilo led the way both at the plate and on the mound, going four for four to cash in two runs and combining with Belisle to allow just three hits against.

They met a familiar foe in Orillia in Sunday's semifinal, building a four-run lead before holding off a late Orillia comeback to win 6-4 and advance to the afternoon's final.

Katz, Gosselin, and Maclean were in tough on the mound against a power hitting Mississauga Twins squad, holding the Twins to nine runs to the Jays' five heading into the final inning.

Aurora-King rallied in their half of the inning to score four runs, highlighted by a two out double from Nick Giorgio, to send the game into extra innings.

It only took one more, when Gosselin knocked a single over the infield with the bases loaded to win the tournament in a walk-off.

The Minor Bantam Aurora-King Jays won the annual Bolton AA tournament last weekend.

Photo courtesy of Don Maclean

## Royals split pair of games

The U14 King City Royals boys' soccer team continued their outdoor campaign in the Central Soccer League (CSL) playing two more matches over the past few weeks.

On June 14, the Royals played at home against West Toronto and defeated their opposition 3-1.

Mason Dalakis opened the scoring to give King City an early 1-0 lead. They extended the lead with Gianpaolo Luciani netting his first goal of the year off a header and Zack Donsky finishing the scoring for the Royals with his third goal of the year. Reserve goalkeeper Gianluca Matticoli made some key saves throughout the game allowing only one goal to pick up the win.

The Royals then travelled to Etobicoke to play USC Karpaty on June 19 and lost a heart-breaker 2-1.

Mason Dalakis opened the scoring again scoring with his third goal of the year to put King City up 1-0. USC Karpaty scored late in the first half to make it 1-1 at the break and after starting the second half with a battle in the midfield, USC Karpaty scored the winner mid-way through the half to take home the victory.

The Royals are now 3-3-0 (9 points) after six games in the CSL and are in 9th place out of 18 teams. It will continue to be a very tough season for the boys as the bottom seven teams in the CSL get relegated. King City's next game is after the Canada Day break when they host Toronto's Sporting CP on July 5.

Country Day School's Wilson O'Neill won double gold in junior boys 100m and 300m hurdles at the OFSAA Championships in Belleville.

## CDS cleans up at OFSAA track

Seventeen years in the making, Country Day School was back at the top of the podium not once, but twice in the Ontario Federation of Secondary Schools Championship recently in Belleville.

Grade 10 student Wilson O'Neill shattered the almost two decade-long drought with a gold medal in both the junior boys 100m and 300m hurdle events, in Canada's largest high school sporting event.

With nine students representing the independent school in 10 different events, it was a day of records, with Caleb Clarke becoming the first to represent CDS in three different events. Clarke set new school records in both the midget boy's long jump and the 200m sprint.

Coming in with high hopes after a double-bronze performance in his grade nine year, O'Neill continued to improve his personal best throughout the season leading to Ontario's ultimate event.

"Instead of becoming stressed out by the pressure to perform well, Wilson embraced the challenge and set his goals high," said coach Denise Steadman.

O'Neill is the first CDS athlete to ever win double gold at an OFSAA meet.

Also making history was the Midget boy's 4x100m relay team, who despite entering the finals ranked fifth, squeaked out a bronze medal performance.

Earned by Clarke, Jonah Di Simone, Lucio Masini, and Maxx Railton, it was the first ever relay medal for CDS.

Jane Stanton, Alessia Masini, Karsen Roy, and Angelica Tait also put in valiant efforts in representing CDS at the province's highest level.

"This season was definitely one to remember as there were so many personal bests and school records conquered this season," said Steadman. "Congratulations to the whole team on an incredible season! We are so proud of all that you have accomplished and we look forward to working with you again next year."

Coach Steadman and Coach Geneva Winterink want to wish graduating athletes Beau Binnie, Logan Hunt, and Nicole Petrovita good luck as they move on to university.

Please do your part and recycle!

## York Pines United Church

The Vacation Bible Camp, known as "Camp Awesome" at York Pines will run from August 21 to 25 each day from 10 a.m. to 3 p.m. This camp is for children aged 5-12. The cost is \$60 per child and space is limited! This cost includes lunch and snacks.

This year's camp theme will be "Make A Joyful Noise!" This springs out of the 100th Psalm. Using the Song of Faith and stories from the Bible, we will have fun making our own joyful noise. Come for games, stories, crafts, songs, fun and adventure! Registration space is limited! For more information or to register, please contact the church office.

Registration space is limited! For more information or to register, please

contact the church office at 905-727-8118 or check out our website for the registration form and waiver form.

## Farmers' Market

We will be celebrating July 1 at the Old Arena parking lot on Western Avenue. Will have some new vendors this week. Albion Hills Community Farm will have fresh vegetables. We also hope (weather permitting) to have fresh strawberries to buy from Kings Farm. There will be cake & strawberries for tasting. Our regular vendors will be there with cheese, bread, baking, eggs, pottery & wool, plants, preserves, crafts, honey and dried cured meats.

## Christ Church Summer Camp

The Anglican Christ Church in Kettleby is once again holding their summer camp. This goes from July 10 to 14, from 9 a.m. to 3 p.m. for a price of \$125 per child. Before and after child care is also available for an extra \$25 per child.

This camp is for kids aged 3-12 years of age. There will be lots of fun and lots of activities. This is the 9th season for this camp and kids return year after

year claiming this is their favourite camp!

Snacks and drinks will be provided. For further information or registration please call Sheilagh Ashworth at 905-939-2314 or email Lisa at lisakokelj@gmail.com

## Schomberg Community Farm

Don't miss out! If you want a name plate that will be installed on the bridge, ready for the official grand opening on September 9. The clock is ticking. Deadline is July 21 to get your orders in. You can order online and pay with PayPal, or via mail or contact Cheryl Fisher at schombergcommunityfarm@gmail.com or 905-939-8494 to arrange for a pick up. They are \$150 each but if you have a large family or wanted to add something more than a name, you can have a bonus plate for just \$10 and they will be connected.

Every Wednesday morning (until further notice) is a "work" time at the Farm from 9-11 a.m. All help is appreciated.

## Jays Variety

Jays Variety in Pottageville is celebrating their 30th anniversary and wanted to thank local residents and customers for all their support over the years. They will have a customer appreciation day on Thursday, June 29 with coffee and treats. They will also take donations for We Believe in Abby and have a draw to win Esso gift cards. This event is happening all day.

## 50th Anniversary

I would like to send congratulations and best wishes to Bill and Sheila Kelly, who recently were pleasantly surprised by many family and friends, sharing with them, their celebration of 50 years of wedded bliss.

Their half a century momentous anniversary is actually near the end of the month but their kids, Hal, Jane and Jill wisely decided that celebrating this date early would truly surprise them – and it did!

Bill was actually born in Beeton but has spent all his married life on Western Avenue and Sheila has lived all her life on Western Avenue, although she did move across the road! They are both the epitome of life-long Schomberg residents but they are so much more than that – generous, kind, compassionate

only start to describe this wonderful couple.

## Anglican Parish By John Arnott

With the passing of Eastertide many Christians are observing the longest and last season of the church year once called Trinity but now Pentecost from the Greek word for 50 as it starts 50 days after Easter. Green symbolizing life and living is much in evidence throughout this season in church hangings and clergy robes from the poncho like chasubles worn over the long ankle length white cassock to the long scarf like stole worn around the neck.

But two very short church seasons precede this long one – Ascension and Whitsuntide.

Ascension, which always falls on a Thursday, marks the day when 40 days after his resurrection Jesus ended his stay on Earth and ascended into heaven. He had arranged to meet his closest followers on the Mount of Olives just outside Jerusalem where he gave them his last in-person blessing then turned and almost seeming to rise, disappeared into a thick morning mist that had gradually shrouded the Mount. When the mist dissipated he was gone but 2 men in white thought to have been angels stood in his place and spoke to comfort the dismayed disciples.

Today, a small chapel used by both Christians and Muslims stands on this site. Although Ascension and its season which lasted 10 days are not now considered a major event, it is one of the oldest Christian festivals first being observed in 68 AD.

The observance of Whitsuntide that immediately follows Ascension only dates back to the 13th century AD and was mostly observed in northern Europe especially Britain.

The colour for this day as well as Ascension and Whitsuntide is white symbolizing joy and purity.

During July, St. Mary Magdalene's Anglican church in Schomberg will be closed re-opening for services August 6.

Starting this Sunday morning, July 2, combined parish Holy Communion services will be held in Christ Church, Kettleby on Kettleby Rd. mid-way between Jane and Keele Sts. starting at 10:30 a.m.

Canada 150 starts at 4 p.m. Visit Christ Church, Kettleby's tent or become a volunteer.

Contact church office 905-939-2314 for further information.

# Eight local gardens explored during annual tour

Visitors had the opportunity to explore eight King gardens this Sunday, during the annual Garden Tour presented by the Schomberg Horticultural Society. Visitors also enjoyed artists at each garden, courtesy of Arts Society King.

**Chestnut Manor, Schomberg** – This idyllically situated Manor invites you to sit for a while and enjoy the peace and tranquil surroundings. Stately chestnut trees, maple trees, locusts, spruce and ash trees line the walkways, which lead to a gazebo in the manicured gardens. Burning bushes and spireas define the residents' personal space, while hostas and Bridlewood spireas are abundant in the public gardens.

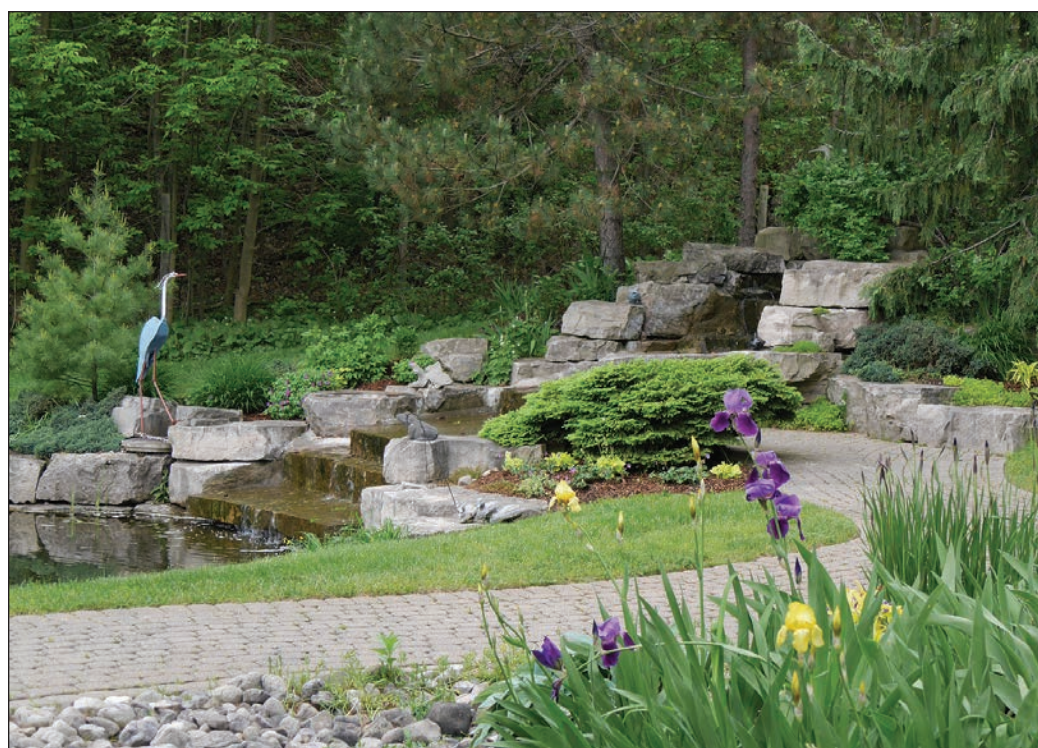

**Centre Street, Schomberg** – An art collector's paradise! Numerous sculptures, wood carvings and a stone inlay at the fire pit complement the eclectic collection of plant material. Ostrich ferns, variegated hostas, buttercups, Shasta daisies, various hydrangeas, false sunflowers, a climbing rose, salomon seals, a ginkgo tree and a show-stopping mock orange are among the many plant specimens. Strawberries and black berries are abundant.

**2nd Line, Schomberg** – New plantings, vegetables (square foot gardening principle) and containers only get

watered in this country garden and only with rain water. With last year's drought, the rain barrels ran dry and only the strong survived. If you wandered along the pathways, you discovered some unique survivors such as Veronicastrum "Fascination," a Dawn redwood, a varietal lilac and Bosnian pines to name a few.

**2nd Line, Schomberg** – This secluded country property at the edge of a boreal forest boasts blue beachnut, butternut, black walnut and hickory nut trees. The main focal point is the massive waterfall culminating into a reflecting pond covered with waterlilies. Around the waterfall are a rambling rose, Siberian iris, clematis, crimson fans and hostas among a collection of other interesting plant material. Tomatoes, lettuce and herbs (Anis for the butterflies) are in planters poolside. The Sunburst locust was planted to commemorate the birth of the owner's granddaughter.

**Schomberg Community Farm** – After a lot of hard work and determination, a bridge was installed to access the property where now local residents are able to grow and harvest their own home grown vegetable and fruit crops for their families. Tour visitors met resident garden owners who tented to their new plantings. Plots, sized 10 X 20,

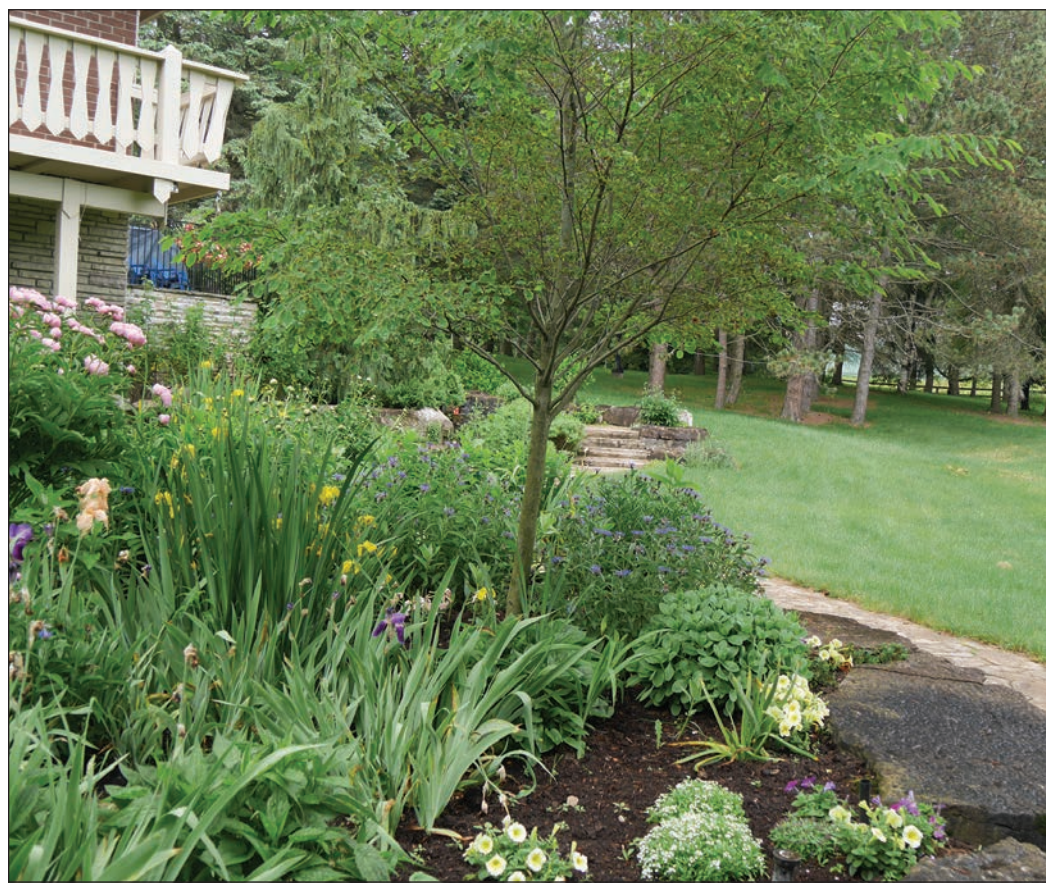

are available for seasonal rent.

**8th Concession, Schomberg** – This 5-acre property bordering on the Oak Ridges Moraine is a true wildlife habitat. The vast, terraced gardens hugging the stately house are interplanted with vegetables and herbs, while the fountain provides water for wild animals. Blue and white phlox, prairie fire ornamental crab apple, potentillas, and various rose specimens, delphiniums are the signature plants. The owners make their own maple syrup on the fire pit.

**Lorne Avenue, Kettleby** – Overlooking Kettleby Valley, this newly established garden shows off perfectly groomed boxwood hedges which frame established Anabelle hydrangeas. Unusually coloured spireas, variegated hostas and purple sedum complete the

colour palette. Succulents enjoy the heat around the pool while heliopsis "Lorraine sunshine" provide spectacular foliage. "Rozanne" geraniums and Korean lilac add a splash of purple colour.

**Graham Sideroad, Ansnorveldt** – This artist's hideaway in the Holland Marsh is a true botanical gem as a dense forest was slowly transformed into meandering garden paths with mainly shade gardens, a fruit orchard and vegetable beds planted with unusual Korean roots and vegetables. In a nursery bed, small trees are raised from seed. White pine, white spruce, sugar maples, apple trees, black and native birches are the anchor trees. The pond adds to the tranquility of the property.

# King's Corners

**King City United  
By Earle Laycock**

This past Sunday, Rev. McLachlan spoke about division. We always seemed divided over race, status, education or any number of "differences."

Rev. Evelyn based her sermon on Ephesians 2: 11-22. Building walls of exclusion happened close by last week. We were shocked to see a video of a woman in a Mississauga medical clinic loudly demanding that her young son be seen by a "white, English speaking" doctor. She apparently wasn't satisfied with the doctors available in the clinic who did not match these criteria.

Division is nothing new. The scripture referenced the Apostle Paul dealing with a very divisive issue in the early Christian church in Ephesus. The Christian church began as a movement within Judaism. Many believed Christians must also follow the Mosaic Law. Paul had to convince early Christians to lay aside their divisiveness and accept the universal love offered to all through the teachings of Jesus.

As Rev. Evelyn stated: "I am actual-

ly very grateful to Paul in this chapter, because he reminds us very clearly that when we divide ourselves up into groups, we always end up looking down on the other group. And that is not what Christ calls us to live into. We are called to live into unity, not division."

As summer descends upon us, remember that King City United will hold worship services every Sunday morning at 10 a.m. Join us and give thanks for the gifts we enjoy as residents of King Township.

Going on vacation this summer? Travelling to distant countries? If so, please send us a post card or an email and photo to let us know where you are! We will post the card and email in the church. There will be a prize once again for the person who has travelled the furthest. Where ever you travel, find time to join another community of faith in worship and bring them greetings from King City UC.

Hungry? Come out for breakfast at 10 a.m. at Sunset Grill in King City. There's always a lot to discuss. We usually are sitting at the table inside the doors on the right. Come and make some new friends.

We are in need of volunteers for worship through July and August. There

is a sign-up sheet on the bulletin board across from Kristen's office. If you are able to offer your time for any of these Sundays, it would be greatly appreciated.

King City United is located at 50 Elizabeth Grove, King City. Worship is every Sunday at 10 a.m. There is Sunday school for the young people. For more information, call our Office Administrator Kristen at 905-833-5181 or visit our website at: www.kcuc.ca

## King Bible Church

We welcome you to join us for worship service on July 2 as Pastor Mark will be continuing our series "The Book of Revelation" with "Can You Sing the Song of Moses and the Lamb?"

Please take advantage of our excellent children's ministry. Our Sunday morning "Celebration Zone" provides age-appropriate programs for children aged 4 to Grade 8. Our children's program is staffed by screened volunteers who care about your kids! The children in Grades 1-8 will join their parents for the beginning of the service until they are invited to go downstairs. The children in kindergarten can go directly to their class at the start of the service.

If you have children aged 0-3 then we invite you to bring them to our beautiful and safe nursery facilities which are located on the lower level. Caregivers will meet you there.

At Operation Arctic, kids will learn about the coolest book on the planet (the Bible!) as they enjoy songs, crafts, games, goodies, and dramas.

Vacation Bible School at Operation Arctic will be flurry of fun and excitement, so contact us today! We're calling all explorers to join us for an amazingly cool adventure!

It runs Aug. 14-18, from 9 a.m. to noon daily.

Children staying for the full day program will be given a choice of elective options for the afternoons and will be placed in three electives for the whole week, in order to have a good experience in each of the interest areas. The options will be listed with the registration forms which will be available through the church office as of early May.

Cost for the week is \$20 per child for morning and \$60 per child for the full day. Direct inquiries to Ruth-Ann Heise, Director of Children's Ministries, ruth-ann@kingbiblechurch.com

## St. Andrew's By Kathy Patterson

St. Andrew's welcomes you this Sunday, July 2 at 10:30 a.m. Frank Kovacs, professor from Knox College, U of T, will be preaching this Canada 150 weekend! Although Sunday school has wrapped up for the summer, children are welcome to sit with their parents in the sanctuary and quiet activities are available for them. A nursery is also available. After the worship service, join us for refreshments.

Last Sunday, June 25, Lynn Vissers and Sophia Khani led us in worship. We heard about Sophie's amazing school mission trip to Belize last March. The group built new classrooms, helped with renovations, and brought love and laughter to many impoverished school children. Lynn and John Vissers just returned from a special Truth and Reconciliation trip with the Presbyterian Church in Canada. They travelled to Kenora, Win-

nipeg and Saskatoon, visiting many of the previous residential schools or the sites where they had been, healing centres and churches. Lynn was impressed with the warm welcome they received.

She told us that she had a hard time deciding which scripture passage she would use for her sermon since the Bible is all about reconciliation! She decided on Genesis 32 about the reconciliation between Jacob and his older twin, Essau.

Reconciliation had to take place for God's plan to be enacted.

This summer we're taking the opportunity to go for prayer walks! New pamphlets prepared by Lynn will be available every few weeks that may be used as a guide. Anyone may participate at their own time, in their own community, with others or on their own. Let's get out there. God will be listening! Call the office if you're interested and would like some pamphlets.

Art-in-the-Park starts this Tuesday, July 4. That's four days! Please note the time is from 1 to 3 p.m! This is a free event provided for school-aged children, ages 5 up to 12. An adult or an older responsible child needs to be

present. Come to St. Andrew's Park to play and drop by and make special memories together. If there is rain, we meet inside! Hope to see you there!

Should you have pastoral care needs please contact Lynn Vissers, Director of Congregational Ministries. Our church office number is 905-833-2325, located at 13190 Keele St., 2 blocks north of the King Rd. A ramp is available for accessibility. www.standrews-kingcity.ca

## All Saints Anglican Church By Diana Armitage

All Saints enjoyed a relaxed and fun Strawberry Social last Saturday. Thank you to everyone who attended and to everyone who helped organize the event. The mini market of maple syrup, honey, books, Boutique items and fantastic model cars proved to be very popular.

Donations raised at least \$300 for the Pikangikum Water Project. Thank you!

Our summer worship schedule continues through July and August with 8 a.m. and 10 a.m. services in our beautiful chapel. All are welcome!

There are members of our parish

community who have difficulty getting to church. We know who some are, but not all. If you need a ride on Sunday morning, please call the church office: 905-833-5432.

## Horticultural Society By John Arnott

Please keep in mind the Nobleton-King City Horticultural Society's upcoming 2017 Garden Tour is Sunday, July 16 10 a.m. until 4 p.m. rain or shine!

Here's a great chance to visit several lovely private gardens nestled in the lovely green rolling countryside of the southern tier of King Township, the Nobleton-King City area.

These interesting and varied gardens are only open to the public for this occasion.

Advance tickets at \$15 each are available at the pharmacy in the Nobleton Plaza on Hwy. 27 north of the King Rd. near the public school; the King Museum on King Rd. near Jane St. just east of Hwy. 400, and Black Forest Garden Centre on Keele St. just south of the Aurora-Lloydtown Rd. On the day of the tour tickets will be on sale at each garden on the tour.

### 701 COMING EVENTS

**WEEKLY SPECIALS** **NOTTAWASAGA DAYLILIES**

### 708 OBITUARIES

## Neilson, Gail Sharon (née Brigger)

Formerly of Tottenham, Ontario; passed away suddenly on Wednesday, June 21, 2017 at the age of 71. Beloved wife of 27 years to Christopher Neilson. Loving mother of Kathleen Kitchener of New Lowell, ON and Ronald Kitchener and his wife Tammy of Glen Williams, ON. Deeply missed by her grandchildren, Katelynn, Kelly, Benjamin, Abigail, Dayton and Avery and her nieces and nephews. Gail was predeceased by her father Herbert Charles, mother Dorothy Isobel and brother William Charles and is survived by her brother Robert (Debbie). Gail devoted herself to raising her family and then went on to pursue a career as an insurance broker (McGoey Bros.), followed by running a successful courier business along with becoming a highly respected Champion Bulldog breeder (Come-Pat-A-Bull). Always passionate about animals, she was a strong leader and advocate in the bulldog community. Gail loved and lived life to the fullest, travelling the world and following her passions. She was a dynamic and compassionate woman and will be forever loved. A special thank you to her doctors and nurses working at St. Michael's Hospital for their exceptional care and compassion. Family received friends at NEWEDIUK FUNERAL HOME, KIPLING CHAPEL, 2058 Kipling Avenue (north of Rexdale Boulevard), on Tuesday, June 27, 2017 from 6-9 p.m. A celebration of life was held in the chapel on Wednesday, June 28, 2017 at 11 a.m. In lieu of flowers, donations made in memory of Gail to the Ontario SPCA would be appreciated. Online condolences at newediukfuneralhome.com

## St. Paul's Church

Youth Group takes place every Wednesday night at the church from 7 to 9 p.m. (Unless there is a special activity planned). Come join in the fun! Check here for details or contact our Youth Leader Taylor Scott at scottie\_tay@yahoo.ca or 289-338-2539.

A2J is a program for kids in Grades 3 to 6. It promises an evening of Bible stories, songs, games, crafts, self-confidence building and lots of fun! A2J meets the 2nd and 4th Friday evenings each month from September to May. A2J will be taking a break for the summer and will resume the 2nd Friday in September.

Join us Sunday, July 2 at 10 a.m. as we welcome Grant Vissers to the pulpit. Child care (for children 3 years of age and younger) is provided during the gathering. Our summer program for NextStep and KidzKonnection will begin next Sunday, June 25.

Jeff has a blog and he records his weekly messages there after worship each Sunday. Anyone interested in listening to his messages can go to [www.passionatelyhis.com](http://www.passionatelyhis.com) to hear them.

For more information about ANY of

our activities or events, please contact the church office at 905-859-0843 or visit our website at [www.stpaulsnobleton.ca](http://www.stpaulsnobleton.ca)

Nobleton United Church  
By Nancy Hopkinson

This Sunday, July 2 at 11:15 a.m., we will have a short half-hour service.

During July, minister Carol-Ann Chapman will focus on sections of the United Church of Canada (UC OF C)'s Song of Faith. According to the UC of C's website.

"A Song of Faith, adopted in 2006, seeks to provide a verbal picture of what The United Church of Canada understands its faith to be in the historical, political, social, and theological context of the early 21st century. It is also a means of ongoing reflection and an invitation for the church to live out its convictions in relation to the world in which we live."

The service is short, so that the section of the Song of Faith that has been mentioned can be discussed afterwards.

For cottagers who may miss Sunday services (everyone is welcome, not just cottagers), Schomberg will be hosting Wednesday services (July 5, 12, 19 and 26), also only half hour, at 6 p.m., followed by a meal. Schomberg will provide the protein, and everyone else is to come with a potluck salad or dessert. These services will be different

from the Sunday services, but will also be focussed on a section of the Song of Faith.

On Sundays July 9, 16 and 30, we will have similar short half-hour services, followed by discussion, at Nobleton United at 11:15 a.m. On July 23, Jack and Kim Campbell have kindly offered their place for a short service, BBQ picnic, swim, and walk in the forest.

For August, Nobleton has accepted Schomberg United's invitation to join them for the following services: for Aug. 6 at 9:30 a.m. at Kitchen Breedon Manor; for Aug. 13 at 10:30 a.m. at St. Mary Magdalene for an Anglican lay-led morning prayer service; for Aug. 20 at 10:30 a.m. also at St. Mary Magdalene for an Anglican Communion service led by Rev. Sheilagh Ashworth; and for Aug. 27, at 10:30 a.m. an ecumenical service with Anglicans, Presbyterians, and United Church people at the Dufferin Marsh in Schomberg. Park on Dr. Kay Dr. Pot luck lunch follows this last service.

Last Sunday, June 25, we had a fabulous Canada Day 150 Celebration with Orangeville's lively "Day by Day" guitar/singing group (Lynne & Tom Smith & Shirley Jemmett, assisted by our own pianist Dennis Kowal). Day by Day sang many songs and led us in singing hymns and O Canada. For children's time, the group invited the children to come forward and to copy the actions to "When the Rain Comes Down (Rainsticks)."

"When the rain comes down, it comes down on everyone. No matter if you're rich or poor, no matter if you're great or small. When the rain comes down, it comes down on everyone."

What a wonderful and inclusive message! Shirley had a large instrument that she tilted slowly and it sounded like rain coming softly down. Later in the service, there was lots of rain coming down. Luckily the rain stopped by the time we finished our delicious lunch after the service.

If you would like to meet Minister Carol-Ann Chapman, come to Sunday service or phone the church and make an appointment. You are welcome to come to the church to meet, or Carol-Ann can visit you.

For more info, visit [nobletonunited-church.com](http://nobletonunited-church.com), our Facebook page, or call 905-859-3976.

Messages are picked up regularly. We are located at 6076 King Rd., north side, about 6 buildings west of Hwy. 27. We have a big parking lot at the rear of the building, an accessible ramp at the rear of the building, chair lifts and accessible washrooms.

Residents are asked to remember that the Lions have arranged to collect unused eye glasses, refurbish and distribute them to those in need. Unused eyeglasses can be dropped off at the Pharmasave Pharmacy, where they will be collected for this purpose.

Your support is greatly appreciated by the Lions and those who we support, in keeping with our motto, "We Serve."

The Lions Club is seeking new members at this time. If you are interested in helping your community become a better place to live while having lots of fun, please call Bob Phillips at 416-522-9675.

## Anglican Parish By John Arnott

With song and words the Anglican Parish of Lloydtown kept the spirit of St. Alban alive when this past Sunday, June 25 it marked the anniversary of his 305 AD martyrdom.

The service began with "Alban High in Glory Shining" as the processional hymn followed by the story of this saint and a brief history of St. Alban's Anglican Church in Nobleton - the village's oldest church (now sadly closed)

of which he is patron.

The offertory hymn "In a Town Below the Hillside" actually tells the good saint's story and the threads this story were skillfully woven through parish priest Rev. Sheilagh Ashworth's sermon. During the Communion that followed our treasured organist, Joy Gannicott, played a moving version of Simon and Garfunkel's "A Bridge Over Troubled Waters" in memory of the victims of the terrorist attacks and the horrific apartment building fire in London recently. The service ended with the uplifting "We Sing of Holy Alban" and its rousing "glory glory hallelujah" chorus as the recessional hymn.

Britannia (England) was a provincia of the Roman Empire and Alban was Roman soldier, probably of centurion rank, serving in this province in the town of Verulamium near Londinium, its capital, during the reign of Emperor Diocletian.

The emperor's closest advisors alarmed by the growing number of Christians throughout the empire saw them as a threat. They, in the emperor's name, declared this peaceful religious group enemies of the state and began a purge of them.

It was when this totally unwarranted persecution reached Britannia that Alban became involved. He gave refuge in his home to a Christian who if caught would have been killed. Why he chose

to do this is not known - perhaps he was a Christian too, a closeted one. Or had secretly attended Christian meetings and was thinking of converting or as is most likely he was simply a man of honour and compassion as many of his fellow Romans were. Whatever his motives were he sheltered the man and during their time together they struck up a solid friendship.

But as fate would have it the local authorities found out and soldiers were sent to arrest the Christian. Alban quickly devised a plan and by putting on each other clothes they took on each others identity. The Christian escaped while Alban was arrested. When the authorities realized they'd been duped they were furious but when Alban declared himself a Christian their anger knew no bounds. Alban was given a choice either recant and make sacrific-

es to the Roman gods or face execution. Alban chose death.

A few days later he was marched out to the arena on the edge of town and there in front of all the townspeople forced to assemble to witness what happens when Roman authority is defied. He was beheaded, an execution reserved for Roman officers. England had its first recorded Christian martyr and saint.

Many years later when Christianity became the accepted religion in England, now Anglo Saxon, a small shrine was erected on the site of the saint's death and Verulamium was renamed St. Alban's. After the Norman conquest a beautiful abbey incorporating this shrine was built. This abbey now a cathedral still stands remaining active in community affairs and holding weekly services.

# King City Seniors Centre

By Carol Kanitz

Travel : Some tickets are still available for the visit to the Walters Family Dinner Theatre on Tuesday, July 4. The coach will leave the arena at 10:15 a.m. The cost is \$115 per person. Note: There is a change in contact person. Please call Carol (905-833-3324) to book your seat.

# WE DON'T BREW OUR BEER FOR THE AWARDS.

# BUT HE DOES!

Our brewmaster, Andrew Kohnen, threw away a successful career in logistics to pursue his dream of reconnecting with the brewing roots of his family. This carried him to the UK's prestigious Brewlab in Sunderland, England, where he procured the alchemy that would drive his signature brewing style.

He took what he could from there and ventured to Scotland, Cornwall, and ultimately to Krefeld, Germany, working in the same brewery that had belonged to his ancestors. He came home to Canada for Hockley.

*You could call it dumb, but we call it destiny.*

**Andrew Kohnen**
