All students at The Country Day School in King participated in the annual Terry Fox Run Friday.

## The Country Day School runs for Terry Fox

Over half a million dollars have been raised by King City's Country Day School for cancer research since its first Terry Fox Run 26 years ago. All students in the junior, middle, and senior schools of the independent school took part in Friday's annual Terry Fox Run festivities, held throughout the lot's extensive trail system. With mascot Storm the Cyclone cheering them on, students and staff ran and walked the loop to add to the massive total of \$505,168 that has been raised

over the years for the Terry Fox Foundation. Keynote speaker Nikkita Holder, a Canadian Olympic hurdler at the 2016 Summer Games in Brazil, thanked the school for their contribution to the organization that has raised over \$650 million for cancer research since its inception. "Terry embodied the best of the Canadian spirit," said Holder. "We are generous and fair-minded, not shy to be patriotic, but deeply proud of our country."

# Global contest aims to curb the impacts of phosphorus

By Mark Pavilons

A unique “contest” is enticing the world’s brightest into finding a solution to growing phosphorus levels in our water systems.

Algae blooms, resulting from large amounts of nitrogen and phosphorus into the water, is wreaking havoc with water systems around the globe. The removal of phosphorus and algae is a long and expensive process.

Florida-based The Everglades Foundation has created the George Barley Water Prize, in honour of its late co-founder. The Barley prize aims to find a better and cheaper way.

The Everglades Foundation is dedicating four years and a grand prize of \$10 million to showing the world just how serious phosphorus water pollution is.

The \$10 million grand prize goes to the team who develops the most cost-effective, scalable technology that thoroughly removes and recovers phosphorus from freshwater bodies.

Sabrina Ternier, a staffer with the Ontario Ministry of the Environment and Climate Change, provided details of this unique campaign to members of King council recently.

We’re at the tipping point, right here in Ontario, where our watercourses

can’t process the amount of phosphorus entering our eco-system. The threat to drinking water, she said is “very real” and the severe algae growth also threatens the Lake Simcoe watershed, which pumps \$200 million annually into the economy.

Innovation and “crowd-sourcing” seems to be a way to encourage innovative solutions.

The George Barley Water Prize is attracting a lot of attention. Hopes are the contest will result in a radical breakthrough, or as Ternier called it, a “game-changing moon shot!”

Concepts and potential solutions will emerge as the contest progresses over the next few years.

The MOECC, she said, supports anything that “makes our water cleaner.”

Councillor Avia Eek pointed out the Lake Simcoe Phosphorus Offset Program (LSPOP) aims to mitigate the amount of phosphorus entering the watershed.

Based on the Ontario Ministry of the Environment’s Water Quality Trading in the Lake Simcoe Watershed Feasibility Study, the Lake Simcoe Phosphorus Offset Program (LSPOP) was developed to promote greater phosphorus reductions to offset the increases from future urban expansion.

MOECC is aware of the LSPOP.

## Hoedown supports worthy causes

There was an electric atmosphere under the big top on Friday and Saturday nights as York Region came together for a celebration of country music all for a good cause. Featuring Tom Cochrane with Red Rider, Chad Brownlee, and the Hoedown Showdown, the 2017 Wild, Wild West Hoedown, hosted by Magna International, raised over \$530,000. The entire pot will be shared between 20 York Region charities, non-profits and community partners. King Mayor Steve Pellegrini was among the dignitaries who turned out to support the event.

## Sip & Savour tickets now online

By Mark Pavilons

The party of the year in King is shaping up to be a star-studded affair to rival any TIFF gala.

King Mayor Steve Pellegrini has been named as the honorary chair of Sip & Savour, the main fundraiser for the King Township Food Bank. Philanthropist and TV personality Joan Kelley Walker will also be a special guest.

“London Calling” is the theme for the soiree, which will be held Oct. 19 at Nobleton Lakes.

Meline Beach is serving as event coordinator and things are coming together nicely.

Organizers are still looking for donations of auction items, and any corporate sponsorships. If you can help, contact Beach at mbeach@rogers.com.

This event expects to raise roughly \$40,000, which is half of the Food Bank’s annual budget needed to assist more than 200 residents of King, who struggle to make ends meet. The King Food Bank promises recipients a week of non-perishable groceries.

~ THE BEST MOVE YOU COULD MAKE ~

# Editorial, Letters & Opinion

*"Public opinion shapes our destinies and guides the progress of human affairs"*

~ Frank B. Kellogg

## Actually, we parents did sign up for all of this!

Most of us parents "never signed up for this."

In fact, no one asked us to sign anything.

And yet, we're bound, legally, morally, emotionally and mentally, to our offspring and our never-ending responsibilities on the home front.

There's nothing good, or old-fashioned, about child-rearing in this day and age. It's a web of sticky complexities, compounded by growth hormones in our food and instant access to the world's knowledge.

I often feel like I'm caught in a giant Slinky and the more I struggle to escape, the more entangled I become.

Alas, this is, in fact, what I signed up for.

As Baby Boomers, we should have recognized the break-neck speed at which society changed over the past three decades. We should have realized that all previous bets were off, and we had to totally redesign the handbook on life and parenting. Like technology, parenting advice becomes obsolete before it even catches on!

My parents never gave me much in

Mark Pavilons

the way of advice. My dad passed away when Lexie, our first-born, was just six months old. My mom died when our last born was only six.

My mom offered plenty of tidbits and

observations and despite being "old school," was often subtle about it. She understood modern family dynamics and realized that often "resistance was futile."

In the end, she was quite impressed with the offspring we molded, but it would have been nice to have her around today. As much as things have changed, there are times when I would love to hear some outdated advice from my mom and dad. Heck, I'd just like them to see my kids, almost all grown up and everything.

Perhaps they can, from their Heavenly perch.

Some people turn to God, and ask for the "serenity" to accept things we can't change, and for the "courage" to change stuff we can. And of course, the "wisdom" to know the difference. There's a lot to this prayer.

Whenever I hear the word "serenity," I always think of the 1997 Seinfeld episode where Frank Costanza utters the phrase "serenity now" to keep his blood pressure in check.

I'm all for courage, and of course, wisdom. Both come with age, and a certain amount of risk-taking and life experiences. We learn by doing, and we grow by making mistakes and using our noggins to figure things out.

In helping my kids with their homework, I would rank "patience" at the top of the parenting list. I believe patience is adversely affected by ground-level ozone, Aspartame and rock music from the 1980s!

I am struggling with elementary and high school math and I doubt I would pass either course today! And yet, I toil on with my youngsters. I have found a new respect for good teachers - it's quite an art to impart knowledge, and better, create a spark for understanding complexities.

My son Liam is finding it a bit tough. He's worried that several of his career choices all involve math and science and he won't be able to rise to the challenge. We found a very good tutor, but it's hard to ease his inner turmoil. Many educators criticize current school methods for teaching math, and others are working on easy-to-follow apps in hopes that kids will embrace math again.

Who among us, would want to be a teenager today, trying to decide on a decent career and deal with current economic conditions?

My dad wanted me to pursue a career in computer programming because he felt that was the way of the future. While he was right, the very thought upset my stomach. My strengths were always in languages,

writing and people.

I don't know how to help my son reach for the stars, discover new comets, or send new probes into outer space. I can surely share his interest and love of the cosmos.

I can guide him, encourage him and help fund his post-secondary education. The rest is up to him.

Generally, youngsters don't have a great deal of patience, serenity or wisdom.

Maybe these things should be included in every university course!

I envy those who've reached the pinnacle of success, and can give their kids everything, or leave them a legacy in the form of a family business.

In King, there are ample opportunities to encounter very successful entrepreneurs. A recent visit to Kingscross also revealed the lifestyle of the rich and famous and stirred a tiny bit of envy.

We all strive to be successful in our own created mini-worlds.

It's not always simple to accurately measure success.

Parents don't get a lot of praise or reward for this full-time "job." But the reward is in those smiling faces, warm hugs and hearty belly laughs! More often, the reward is also in those broccoli-induced frowns, math-generated pencil-throwing and hormone-sparked mood swings. We burst with joy when we see our kids leave the house wearing two different socks. And we swell with pride when our young adults let loose with award-winning burps at the dinner table!

Late-night phone calls from university, money transfers, and refereeing school yard disagreements are all part of the job of a parent. The pep talks and ego-booster are constant, and often exhausting.

Serenity now!

### Letter to the Editor

#### Standing up for farmers, families and doctors

The Liberal move to raise taxes on local businesses has drawn condemnation from every corner of Canada, and I would like to go on the record to add my name to the list.

And I will tell you why. This plan could make it harder for local farmers to exist, for families in rural communities to find a doctor, and could force small business owners in King Township to close up shop.

The Liberals are targeting the very people who put food on our tables - family farmers - who have faced dramatic increases to their costs including hydro hikes, tax increases, new regulations and red tape that make the family farm costlier to operate.

Scott Ross, the farm policy director for the Canadian Federation of Agriculture, summed it up: "It's pretty clear to me that this has a significant potential to increase the tax burden facing family farms."

The proposed changes will also mean farmers will take a huge hit to their retirement plans. I oppose making life harder for farm families, as I oppose making life more expensive for our consumers to buy local produce.

As we see in Kathleen Wynne's Ontario, this federal Liberal tax grab is designed to make you pay for the government's out-of-control spending habits and legacy of deficits.

As economist Jack M. Mintz said about the economic impacts of this tax scheme, "this is just one more way to discourage entrepreneurship, on top of all the tax increases in the past two years."

Experts and members of our local Chamber have been clear that these tax hikes will discourage young Canadians from starting their own businesses, make our community less competitive from job creating investment, and will result in layoffs, fewer working hours, and reduced health insurance and other benefits.

In addition to adverse impacts on our agricultural community, these policies will make it harder for local residents to find a family doctor and it will lead to increased wait times, that are already too high. Dr. Shawn Watley, President of the Ontario Medical Association, made clear: "If implemented, these proposals would create uncertainty for physicians and make it difficult for doctors to plan for their clinics, staff and equipment, and ultimately, provide dedicated services to their patients. Furthermore, this would have a negative impact on all small-business owners' ability to plan for their retirement."

Have your say by sharing your perspective with the federal government ahead of their deadline on Oct. 2: <http://www.fin.gc.ca/activty/consult/tppc-pfsp-eng.asp>.

Unlike the provincial and federal Liberals, I support policies that reduce the tax burden on families and seniors, and help our businesses grow and create jobs here in King Township and across York Region and the GTA.

I am running as a Progressive Conservative because I believe in my core that prosperity, affordability and opportunity should be in every citizen's reach.

Stephen Lecce  
Ontario PC Candidate,  
King-Vaughan

### Brainteaser

I have 2 coins, one is marked George I and one is marked George IV. One is genuine, one is a forgery. Which is the forgery?

Last week's answer: A hole in your pocket is still something!

### King Township Trivia

St. Mary's Catholic Church on the 10th Concession of King Twp. was opened September 23, 1855. The first pastor was Father Rattigan.

## Green Fund accepting applications

Ontario is helping people across the province save money and fight climate change through the Green Ontario Fund, a new not-for-profit provincial agency that will deliver programs and rebates to help reduce energy costs in homes and businesses. The agency is part of Ontario's Climate Change Action Plan and is funded by proceeds from the province's cap on pollution and carbon market.

Chris Ballard, Minister of the Environment and Climate Change, encourages people to visit GreenON.ca to find out how small changes can help homes and businesses save money while reducing greenhouse gas pollution.

This includes the new GreenON Installations program, which opened early registration today. Interested and eligible households can register to have a Green Ontario Fund-trained technician visit and install a smart thermostat at no cost. The technician will also provide advice and tips as well as personalized suggestions for additional ener-

gy-saving upgrades.

More GreenON programs for residents, businesses and industry will be announced in the coming months.

No matter where you live or work in Ontario, fighting climate change can be as easy as changing a light bulb, switching your thermostat or making other home improvements that cut your energy bills.

Making it easier and more convenient for homeowners and businesses to reduce their carbon foot print and save money is part of our plan to create jobs, grow our economy and help people in their everyday lives.

When fighting climate change, every step forward makes an impact. The new GreenON Installations program is an easy first step to help reduce your carbon footprint and lower your energy bills. Receive a smart thermostat with installation and in-home energy review at no cost and see how you can tackle climate change right from your doorstep.

## LEAF offers two planting program options

The regional LEAF program is offering planting choices for local property owners.

**Full Service Backyard Tree Planting Program:** This option provides homeowners with an easy and convenient way to get expert advice on beautifying their yards while simultaneously planting native trees and shrubs that are beneficial to the environment. Trees are planted in backyards only (or in fenced-in side yards).

For \$150-\$220, residents receive a 30-minute yard consultation with a LEAF arborist; 5-8 foot tall native deciduous tree OR 2-4 foot tall native evergreen tree; delivery and full planting service; mulch and planting/care guide.

Native shrubs available for \$30 each and eastern white cedars available for \$50 each.

**Do-It-Yourself Planting Program:** This option provides the property personalized advice through a virtual consultation with a LEAF arborist. Participants watch a series of short educational videos and then book their virtual consultation. All that is needed is a telephone, computer and internet connection.

Trees and shrubs are then delivered right to their door. This is a great option for those looking to plant a tree in their front or side yards, or for those who simply want to get their hands dirty and plant their own tree!

For \$100 to \$170 you receive the online educational videos; 30-minute virtual consultation with a LEAF arborist to help you select the right species for the right location; 5-8 foot tall native deciduous tree OR 2-4 foot tall native evergreen tree; delivery (property owner plants); mulch and planting/care guide. Native shrubs available for \$30 each and eastern white cedars available for \$50 each.

Please note that LEAF will deliver a maximum of five trees per household in York Region (subject to space availability and arborist's discretion).

If your property is larger than 2 acres (0.8 hectares) and you are planning a larger naturalization/restoration project, you should visit the Lake Simcoe Region Conservation Authority or Toronto and Region Conservation to find out about larger scale planting programs.

For more, visit <http://www.yourleaf.org/york-region>

The 90th Agar Family reunion was held recently at St. Andrew's Presbyterian in King City.

## Agar Family celebrates 90 years of annual family gatherings

The Agar Family gathered at St. Andrew's Presbyterian church, King City, on Sept. 10 to celebrate 90 continuous years of family reunions.

The family was welcomed by family President, Darlene Hayter and a delicious potluck luncheon was enjoyed by all. Games for young and old were played while others enjoyed pouring over family memorabilia dating back over the years to the first picnic.

Family members came from as far away as Texas, New York and Alberta to join in the celebrations. Art Agar was the eldest family member present at the age of 94 years.

Thomas Agar and his wife Hannah originally came from Yorkshire, England to Canada in 1832 and settled on lot 11, 10th Concession of Vaughan, south of Nashville, Ontario. With them came their children: Thomas, Richard, Hannah, Margaret and Robert.

The first picnic in 1927 was held on George Hemphill's farm in Kleinburg and over the years held at various locations such as Woodbridge, Nashville, Mono, Nobleton and now King City.

## Revamped visitors centre at Cold Creek

By Mark Pavilons

King Township is moving ahead on redesigning the visitors' centre at Cold Creek Conservation Area.

Council recently approved a staff request to hire Brook McIlroy as the prime consultant for the work.

This stage of the project includes design and contract administration for a 3,000-square-foot expansion to the existing visitors centre.

Brook received the highest scores of bidders and their services will cost \$155,805.

Funds were approved in the 2017-2018 capital budgets.

If all goes according to plan, construction could begin in the spring of 2018.

## Municipalities will have to deal with legalized marijuana

By Mark Pavilons

In anticipation of the federal government legalizing marijuana in 2018, governments at all levels have to find ways to deal with the issue.

Municipal governments have a bit more clarity in planning for the legalized sale of marijuana with the Province's announcement of a cannabis control board.

According to the Association of Municipalities of Ontario (AMO), the legal sale of marijuana will have a broad impact on municipal services and responsibilities, and our local communities. Now that the Ontario Government has made this decision, municipal governments can move forward with other aspects of legalization.

"One of our key concerns has been local influence on where retail outlets are located in our communities," said AMO President Lynn Dollin. "Under a provincial Crown Agency, the rollout

of storefronts must begin with willing municipalities and a municipal voice on where the drug is sold to ensure community safety."

Location is just one concern, however. Municipal governments will have major roles and interests related to:

- Proper enforcement of new regulations (such as driving under the influence, as well as licensing for designated grow operations).
- Potential impacts on emergency services.
- Public health education and awareness.
- Maximizing opportunities for local economic development.

Since it was first announced in April 2016, AMO has been working closely with municipalities and the federal and provincial governments on how to implement the safe, legal sale of marijuana. AMO welcomes further input on how the provincial control board would ensure local say in the location of re-

tail outlets. Municipal governments will also need revenue from marijuana sales to finance new or added responsibilities.

"We look forward to continuing to work with our partners in the federal and provincial governments on the critical details," Dollin added. "We need to make sure that municipal governments have the authority to serve the best interests of our residents and communities, and that we have the resources needed to do so."

Ontario's approach to the legalization of cannabis will be informed by the province's experience in managing tobacco and alcohol, as well as practical lessons of other jurisdictions that have recently legalized cannabis.

This approach will focus on ensuring a safe and sensible transition to federal legalization. Key elements include:

- The proposed minimum age to use, purchase and possess recreational cannabis in Ontario will be 19. The use of recreational cannabis will be prohibited in public places and workplaces.
- The LCBO will oversee the legal retail of cannabis in Ontario through new stand-alone cannabis stores and an online order service. This approach will ensure that there will be only one legal retail distributor for cannabis in Ontario and alcohol and cannabis are not sold alongside each other.

Approximately 150 stand-alone stores will be opened by 2020, including 80 by July 1, 2019, servicing all regions of the province. Online distribution will be available across the province from July 2018 onward.

Illicit cannabis dispensaries are not and will not be legal retailers. The province will pursue a coordinated and proactive enforcement strategy, working with municipalities, local police services, the OPP and the federal government to help shut down these illegal operations.

Ontario will prohibit individuals under the age of 19 from possessing or consuming recreational cannabis, which will allow police to confiscate small amounts of cannabis from young people. The province's approach to protecting youth will focus on prevention, diversion, and harm reduction without unnecessarily bringing them into contact with the justice system.

The province will support young people and vulnerable populations through the development of an integrated prevention and harm reduction approach that would promote awareness of cannabis-related health harms and help people make informed decisions about use. The approach will also include education, health and social service providers that work with, and educate, youth and young adults.

Decisions with respect to pricing and taxation will be made after further details are provided by the federal government. Final decisions will be informed by focusing on the objectives of discouraging consumption and eliminating the illegal market.

In the lead up to federal legalization, to help ensure public awareness of this transition and the new measures that will take effect, the government will also undertake a public information campaign in coordination with the federal government.

Ontario intends to consult closely with municipalities, Indigenous communities, and stakeholders to determine additional details about the retail and distribution system.

Ontario is the first province or territory in Canada to publicly announce a

comprehensive plan to regulate federally legalized cannabis.

The government recently made changes allowing police to immediately remove drivers from the road who they believe are impaired by drugs, including cannabis.

According to a 2015 report by the Centre for Addiction and Mental Health, 45 per cent of Ontario adults have used cannabis at least once in their lifetime, while about 15 per cent have used cannabis in the past year.

In eight U.S. states that have legalized cannabis, the minimum age for sale has also been aligned with the minimum age of alcohol consumption.

"We've heard people across Ontario are anxious about the federal legalization of cannabis. The province is moving forward with a safe and sensible approach to legalization that will ensure we can keep our communities and roads safe, promote public health and harm reduction, and protect Ontario's young people," said Yasir Naqvi, Attorney General of Ontario.

"We are committed to getting this transition right. When it comes to retail distribution, the LCBO has the expertise, experience and insight to ensure careful control of cannabis, helping us to discourage illicit market activity and see that illegal dispensaries are shut down," added Charles Sousa, Minister of Finance.

The federal government of Canada announced up to \$274 million to support law enforcement and border efforts to detect and deter drug-impaired driving and enforce the proposed cannabis legalization and regulation. Subject to Parliamentary approval and Royal Assent, these investments will support the Government's commitment to provide regulated and restricted access to cannabis no later than July 2018.

To support the proposed Bill C-46, An Act to amend the Criminal Code (offences relating to conveyances) and to make consequential amendments to other Acts, the government has committed up to \$161 million for training front-line officers in how to recognize the signs and symptoms of drug-impaired driving, building law enforcement capacity across the country, providing access to drug screening devices, developing policy, bolstering research, and raising public awareness about the dangers of drug-impaired driving.

Of the \$161 million, provinces and territories will be able to access up to \$81 million over the next five years for new law enforcement training, and to build capacity to enforce new and stronger laws related to drug-impaired driving. Public Safety Canada is already engaged with provinces and territories to identify current law enforcement capacity which will inform how federal funding will be distributed.

On April 13, 2017, after extensive consultation with law enforcement, health and safety experts, and the hard work of the Task Force on Cannabis Legalization and Regulation, the Government of Canada introduced legislation to legalize, strictly regulate and restrict access to cannabis. Following Royal Assent, and subject to Parliamentary approval, the proposed legislation would allow adults to legally possess and use cannabis. This would mean that possession of small amounts of cannabis would no longer be a criminal offence and would prevent profits from going into the pockets of criminal organizations.

The government is toughening laws to enforce a zero tolerance approach.

### Scotiabank boosts Rotary Club

Once again, Scotiabank Nobleton helped raise funds for the Kleinburg, Schomberg, Nobleton Rotary Club. They presented the \$5,000 cheque to the club recently. Shown are (l to r) Sunny Virk (Scotiabank), Andy Hehus (Scotiabank), Dr. Christopher Jones (Rotary), Roy Vokes (Rotary), Antonio Esposito (Scotiabank).

# Global odyssey is now in the record books

By Mark Pavilons

The world is a very big, beautiful place. But it's made a bit smaller because we're all members of one big human fellowship.

Kingscross resident Steven Dengler met some consummate hosts and genuinely interesting souls during his seven-week Canada 150 Global Odyssey.

The trek, which landed Dengler, his father Bob, and ace pilot Rob "Dugal" MacDuff in the history books, was the first Canadian circumnavigation of the world by helicopter, and the first father-son circumnavigation by light aircraft in aviation history.

The team flew the Canadian-made Bell 429 helicopter over 35,000 kilometres in a month and a half. The crew visited some 14 countries in all.

The Odyssey helped mark Canada's 150th birthday and helped two important charities along the way - Southlake Regional Health Centre Foundation and True Patriot Love Foundation.

Despite being plagued early on by bad weather, significantly extending

the journey, it was "an amazing experience." Eighteen months of around-the-clock preparation helped make the journey less problematic, but where flying is concerned, anything can happen. And it did, more than a few times.

Fuel logistics, inclement weather, scheduling conflicts, and even forest fires all came into play.

"Flying was the easiest part," Dengler admitted.

Given all the variables in play, Dengler said all scheduling of a trip of this magnitude needed to be flexible, and able to adapt to changing circumstances on the fly.

Despite being on a tight schedule, Dengler said he spent his down time exploring towns and villages, and meeting as many people as he could. Some have become life-long friends.

He said the majority of people he encountered, regardless of the country, spoke English, and showed a very genuine interest in the adventure. It wasn't adulation, but rather a keen desire to know and share. So many people had a "host mentality," and welcomed the

crew with open arms. In almost every place they set down, people went all out to accommodate their needs and show them around.

Given compounding delays, the team was worried their Russian visas might expire too soon. Fortunately, they had forged a strong relationship with the staff of the Russian Embassy in Ottawa. They contacted their colleagues at the Russian embassy in Prague who were helpful and accommodating, extending the team's visas. Dengler noted that the universal language of hockey did wonders to cement friendly relations with the officials in Prague.

He found the long flight through Russia particularly fascinating and enjoyable. The country is massive, and seemingly endless when you're flying day after day, crossing one or two time zones a day on a regular basis.

The Russian leg went smoothly thanks to Russian navigator and communicator Sergei Komarov. He accompanied the team through Russia, making that segment almost seamless.

Dengler said he learned about geography, history, and culture at every turn. He found Kazan, Tatarstan, a city of 1.2 million on the banks of the Volga and Kazanka rivers, quite interesting. Later he spent several days exploring Yakutsk in the Sakha Republic, and made a number of great friends further on in Magadan.

Travelling by helicopter presented some challenges, since they're not long-range vehicles. It resulted in the crew landing in some very remote places, including a remote fishing camp at the edge of a rushing river in central Russia.

The beauty of the world didn't escape notice and Dengler said he was presented with a cornucopia of photographic images. He was particularly taken by the landscape of northern Labrador and the Canadian Arctic, including the Akshayuk Pass on Baffin Island. Other memorable spots included Whitehorse, Yellowknife, and Nome, Alaska.

The trip resulted in an arm's length of must-visit places for Dengler and his family in the future.

Dengler praised his wife Bruna who was often the team's "mission control and lifeline to the outside world." Helping with logistics and being the trouble-shooter on the ground became her full-time job while the crew was travelling.

Dengler noted there's a unique fraternity of aviators the world over who provided much support and respect.

Living and flying together in cramped quarters presented some challenges, but the trio became a well-oiled machine. Dengler said he has a great deal of respect for MacDuff, a larger-than-life character whom he considers one of Canada's foremost helicopter pilots.

Dengler himself, an experienced fixed-wing pilot, said his helicopter skills increased exponentially.

Dengler has already been invited to publicly speak on the trip. In the near future, he plans to convert the c150go.ca website into a day-by-day retrospective, and also publish a book containing many photos of the historic journey.

# King family reaches out to help needy

By Mark Pavilons

Supporting a worthy cause can be quite contagious.

Giving back is essential for King's Clara Lovisotto and she's brought her family into the fold of an organization that's near and dear to her heart.

Lovisotto has been involved in the Canadian Central American Relief Effort (CCAMRE) for more than 15 years, a group that provides direct, on-the-ground assistance to people living in the Merendon Mountains of La Union, Guatemala.

Lovisotto got hooked on the organization when she first met founder Hilda Rossi at a fundraising event. Rossi's exuberance and enthusiasm drew Clara into the CCAMRE family and she's never looked back.

Rossi, who's of Guatemalan origin, created CCAMRE in response to the devastation left behind by Hurricane Mitch in 1998. Rossi and Rosie DeBiasi launched the group initially in the Halton and Peel regions and CCAMRE became a registered Canadian charitable organization in 2003 ([www.canadiancamre.org](http://www.canadiancamre.org))

CCAMRE's mission is to promote initiatives that enhance the capacity of communities to become self-sufficient and sustainable. Of particular focus are the indigenous Mayan Chorti, who still live in remote mountain villages of Timushan, Pena Blanca and Volcancito. Victims of genocide during the 1960-1996 Guatemalan Civil War, many families fled and remained in hiding for decades, fearful, isolated, uneducated

and cut-off from mainstream society.

As a grassroots organization members and volunteers who contribute time and skills at their own expense are the linchpins of CCAMRE. Projects that have been realized over the course of its inception include construction of houses, two community centres, a community store, construction of schools, stove program, sewing projects, education and scholarships, sponsor a child and a breakfast program, a baking project, seniors' project, yearly missions, donation of dental clinic and yearly mission of dental teams and medical teams. They also sent four loaded container of hospital and dental equipment and aid following two natural disasters.

"The Mayan Chorti have hope now because of people who believe in sharing and caring," Rossi said.

Lovisotto enlisted the help of her daughter-in-law Christine and grandsons Michael and Nicholas. This past April, 27 Canadians and Americans participated in this year's mission. The Lovisottos are members of CCAMRE and their main focus is on securing a sustainable water source for the villagers. The area is known for coffee bean production, but the locals are typically employed only three months of the year, when the beans are harvested and processed. The mountain terrain and soil presents its challenges for other types of agriculture.

"It's a heart-breaking situation," Lovisotto observed, noting the locals have been waiting for water for almost a decade. They've almost given up hope.

See 'Water' on Page 13

Please check [www.ontariocourts.ca/ocj/jpaac/advertisements](http://www.ontariocourts.ca/ocj/jpaac/advertisements) for an updated listing of advertised vacancies.

At the request of the Attorney General and in accordance with the *Justices of the Peace Act*, the Justices of the Peace Appointments Advisory Committee invites applications for vacant Justice of the Peace positions in the Province of Ontario.

A Justice of the Peace is an independent judicial officer who presides in court over various proceedings under federal and provincial statutes. Applicants must meet minimum qualifications as set out in the *Justices of the Peace Act*.

The Justices of the Peace Appointments Advisory Committee reviews and evaluates applications and classifies candidates as "Not Qualified", "Qualified" or "Highly Qualified". Classifications are reported to the Attorney General, who recommends candidates for Order-in-Council appointments to the Ontario Court of Justice.

In addition to reflecting the diversity of Ontario's population, applicants should also display the fundamental skills and abilities, personal characteristics and community awareness attributes set out in the Committee's General Selection Criteria.

Bilingual positions require a high degree of proficiency in English as well as a superior level of oral and written proficiency in French. As First Nations people comprise a large percentage of the population in the areas being serviced by the court in **Timmins\***, we especially encourage people of Indigenous heritage and people with an in-depth understanding of Indigenous communities and the issues affecting those communities to apply for this vacancy.

For detailed information about the vacancies noted above, minimum qualifications and the General Selection Criteria, the required application form, and the Committee's process, please visit the website of the Justices of the Peace Appointments Advisory Committee at [www.ontariocourts.ca/ocj/jpaac](http://www.ontariocourts.ca/ocj/jpaac).

Applications for current vacancies must be submitted on the current prescribed application form and received by **4:30 p.m. on Wednesday, October 11, 2017**. Applications received after this date **WILL NOT** be considered.

**PLEASE NOTE:** Future vacancies and deadlines for applications will be posted on the Committee's website as they occur. Interested individuals can receive e-mail notification of vacancies by registering at [www.ontariocourts.ca/ocj/jpaac/advertisements/registration](http://www.ontariocourts.ca/ocj/jpaac/advertisements/registration).

Pour voir cette annonce en français, consulter le site Web du Comité à [www.ontariocourts.ca/ocj/fr/jpaac/annonces](http://www.ontariocourts.ca/ocj/fr/jpaac/annonces).

# Water project is vital

From Page 12

But CCAMRE hasn't. In fact, Lovisotto vowed to help pipe in the water, with help from Rotary International.

The Rotary Club Water Project will take place in Volcancito, which is located in the Merendon Mountains of La Union, Zacapa, Guatemala. Reaching out to two villages, the project will provide potable water for almost 400 people. This project will cover half of the village of Volcancito, and later on the group hopes to help the other half of the village.

Lovisotto, like Rossi, gives from the heart but shoots from the hip. She's tenacious and takes a hands-on approach to making things happen. Her dedication is in honour of her late husband John and his mother Salute, both of whom promoted paying it forward and giving from the heart.

When they viewed the water source this past spring, Lovisotto's response was "let's start to raise the money."

"If there's a situation, let's fix it," she says confidently.

The Mayan Chorti tend to be quiet and reserved, but Lovisotto wanted to hear from them directly, as to their needs. Water, plain and simple.

"The only time the communities in the Merendon Mountains of Guatemala see a physician or dentist is when CCAMRE arrives and we could see the happiness in the natives faces on our arrival. The volunteers on this humanitarian mission worked tirelessly for two weeks, enduring the heat, dust and much physical and mental difficulty. We visited 5 villages and attended to more than 1,000 patients," Rossi commented.

"The highlight of this year's mission was the inauguration of the two-room addition to the school in Volcancito. We are appreciative of the Guatemalan people; especially the volunteers, the government institutions, the Ministry of Health, and the Guatemalan Embassy in Ottawa for facilitating our work and for the problem free entrance of the medicine into Guatemala, and especially for protecting our wellbeing. Guatemala's Mayan indigenous population have long been neglected and deprived of education, health and employment opportunities. As a result, many live in poverty and segregation as do the Mayan Chorti whose home is in The Merendon Mountains," she said.

Clara is a doer, and is sometimes frustrated by hurdles involved in any international aid.

What does matter is giving back. Lovisotto said her family has worked hard building a family business, and has been very lucky to live and succeed in Canada. Her philosophy is that when you achieve, you "gotta give back." She's made that her mission and she's made quite an impression on the younger generation in her family.

They've been quick to carry the torch.

Nicholas Lovisotto, 16, from Schomberg, said he wanted to go with his grandmother "mainly because I felt that I was taking what I have for granted and not appreciating things to the full extent. Also because I wanted to try and make a difference for at least one child in Guatemala."

He admitted he didn't really know what to expect.

"When we arrived in the mountain villages of Guatemala, I was overwhelmed by how little they all had and how happy the children were regardless of their circumstances. Kids with nothing at all, smiling from ear to ear for a little rubber bracelet. It was heart-breaking.

"You would never even know how desperate these people are because they are so humble. From what I saw they need everything from proper housing and food to clothing, but most importantly clean water and they need the resources that we can provide to help them access clean water. Something we all take for granted in developed countries."

Nicholas said the most important thing that can be done to help improve their lives is to instill the importance of education. "We continue to encourage them to stay in school to get a better education which in turn will allow them to venture out in the bigger cities

with better opportunities. Some children leave school at 10 years of age to help raise their siblings."

He wants to return to Guatemala to complete the mission they started, which is to provide clean drinking water to the villages and to improve the living standards.

Following the water project, Lovisotto would like to build a medical clinic and help foster a farming co-op, where locals can pool their resources for the common good.

To help further the cause, the annual fundraising 5k/10K Walkathon/Run takes place Saturday, Sept. 30 at Newmarket's Fairy Lake Park. It will begin at 10 a.m. For more, visit <http://canadiancamre.org/walkathon17.pdf> or to register go to <https://goo.gl/xo3Z9x> or email [info@canadiancamre.org](mailto:info@canadiancamre.org) or <https://goo.gl/xo3Z9x>

## Why Buy Benjamin Moore?

Over the 30 years that I have been in the coatings business, I have been asked that question a lot. Is Benjamin Moore really worth it? Or is it just Marketing hype? As the former Marketing Director for a global coatings company, I have a pretty good understanding of paint formulations. When our family decided to open our paint and décor store here in King, it was an easy decision to sell Benjamin Moore Paint. Every paint company develops their products to meet the needs of their core customers. Some formulate for contractors (good hide, good touch up), some formulate to win Consumer reports (scrub tests). Benjamin Moore formulates for the Home Owner. They are concerned about how the paint looks and performs over years of use. So if you want the paint that will perform the best in releasing stains, and that stands up to the wear and tear of family life, Benjamin Moore is the best choice. And one of their best performers is the Regal brand. This 100% acrylic formula is extremely durable and with no VOC's, it is a great choice for the family and the environment. By the way, Regal Exterior can be applied above 5 degrees, so there is still time to get that exterior project done! (sorry about that... were you hoping to put the job off until next year??)

Good luck with your paint projects and if you have any questions feel free to stop by any time for a chat, we love to talk about paint!

Andy Nemes is the co-owner of Design on King.

**TD Wealth**

# Experience the power of total wealth care.

We believe in the importance of total wealth management that embraces far more than day-to-day investment advice. Supported by the vast resources of TD Bank Group, we deliver a highly personal, specialized approach to:

- Investment and Wealth Planning
- Business Succession Planning
- Retirement Planning

We engage TD Specialists who can provide clients with expertise with the following:

- Wealth protection, tax and insurance solutions
- Estate and trust planning
- Charitable giving

If you have investible assets in excess of \$1 million, contact us for a second opinion and find out why we've built so many successful, long-term client relationships.

### Great response to exhibit

There was a full house at the Heritage and Cultural Centre to hear Ed Bartram's story of 50 years in art-making. Bartram, along with Ernestine Tahedl and Helen Lucas, are displaying their work. Mayor Steve Pellegrini joined them to offer his support. A special artists' reception will be held Sept. 21 from 7-9 p.m. when Tahedl and Lucas will be the special guests.

### You're invited! Workshop: Sept 28th

#### Learn How Local Experts are Investing in Mortgages

Ever wonder how banks earn big profits? Last quarter, the big 6 banks posted a net profit of \$10.15 billion. According to the Canadian Bankers Association, 56% - a significant portion of their profit - is generated from net interest income, such as from residential mortgages.

Local investors can now follow this proven formula for success by becoming mortgage lenders.

"Our investors earn between 8% and 12% annually on private mortgages," said Victor Camba, a mortgage agent at UNION Capital Management who specializes in matching borrowers with individual investors.

For those wanting to learn more, there will be a free workshop on September 28th in Aurora. Investors will learn how to get involved, and how to examine private mortgage deals in order to maximize returns and reduce risk.

Private lenders can invest using cash or registered funds (such as their RRSP). In return, they obtain similar benefits that banks enjoy, such as predictable and stable monthly cash flow, and "bricks and mortar" security.

It is becoming increasingly more difficult to obtain mortgage financing through traditional banks. As a result, these borrowers are turning to private lenders.

A misconception is that these are bad-quality borrowers. "Bad credit? No Credit? No Problem," are advertisements sometimes seen. This is far from the truth.

In 2016, 2.7 million Canadians were self-employed (Statistics Canada). These people are generally in the sales and services industry, such as Realtors and Contractors. There were also 1.2 million small businesses. These borrowers do not meet the bank's lending criteria, and are therefore turned down. Their tax return may show a significantly lower figure than what they actually take home as income.

"We take into consideration all sources of the client's income, including stat-

ed business income, something the banks don't do," Victor said. "But we are not going to take undue risk. We will take a calculated risk."

He prefers to offer loans below 80% of the value of the property to limit losses in case of a housing price downturn. Unlike mutual funds or stocks, a mortgage investment is collateralized with existing residential properties within the Greater Toronto Area, including Aurora and Newmarket. If the borrower defaults, their lender has the legal power to sell the property to recover their funds.

"It used to be investors went to their lawyer or accountant and said, 'I have a few million dollars and I want to lend this out and make a good return,'" Victor said. "They are still around, but now there are opportunities for the average investor with cash or an RRSP."

For those who want to invest in real estate without the hassle of tenants or repairing toilets, register online to attend the free workshop. Seating is limited to the first 25 people who register.

#### REGISTER TODAY TO ATTEND

Date: Thursday, September 28th at 7.30pm  
Where: Aurora Town Hall Leksand Room 100 John West Way, Aurora  
Cost: Complimentary

Snacks and refreshments will be served.

# Annual Fox Run in King City

The community gathered to support the annual Terry Fox Run in King City Sunday. On hand were local dignitaries and participants. The Tito Family (middle) has participated for the past few years. Emma Tito made bracelets this year and sold them to raise over \$150!

## Knee Pain: New Approach Delivers Remarkable Results

If you suffer from Knee Pain (Injury/strain/tendonitis/Arthritis) you need to be aware of effective advancements that can eliminate years of pain, suffering, immobility and frustration.

You may have told your doctor you suffer with one or more of the following: sore, stiff, painful knee, “clicking” sound with movement, difficulty bending at the knee.

You may find that your pain or stiffness affects your work, housekeeping, leisure activities, exercise, sports or other activities. You go to the drug store or to your doctor and get pills to help relieve your pain. But you find the pain keeps returning. Alternatively, the doctor may refer you to a specialist who may tell you that surgery is needed or is an option for you.

However, many people are hesitant to have surgery given its invasive nature. It is important to know that although surgery is sometimes necessary, it is considered a last resort in most cases.

Also, you may have heard that there are serious health risks associated with chronic use (or overuse) of pain pills or anti-inflammatory drugs that include damage to the liver, kidneys and gut.

There is a new, natural, safe and highly effective approach that has helped many sufferers improve their lives dramatically: *Laser therapy uses light to favor and accelerate the body's natural healing processes. The innovative Multiwave Locked System (MLS) Laser produces a safe, efficient and simultaneous effect on pain, inflam-*

*It is the very latest in medical technology, with years of clinical studies supporting its safety and efficacy and we are very proud to offer our patients effective solutions to their recent or chronic conditions.*

*mation, swelling and water retention, exceeding the limits of traditional LLLT (Low power) and eliminates concerns of HP (High power) laser therapy.*

### What does this mean for you?

Our patients have reported a 90-95% relief of their symptoms, more mobility, increased flexibility and vastly improved function!

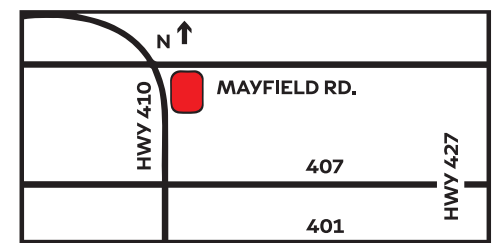

It is the very latest in medical technology, with years of clinical studies supporting its safety and efficacy and we are very proud to offer our patients effective solutions to their recent or chronic conditions.

“This new, natural, safe and highly effective approach has helped many sufferers improve their lives dramatically”.

*Come in and allow us to help you achieve the results you deserve! Call (905) 773-2225 to book your FREE consultation and examination at King West Wellness Centre 141 King Rd., Unit 10, Richmond Hill (In the Home Hardware Plaza).*

## THE COUNTRY DAY SCHOOL

Members of the Class of 2017 received more than 410 admission offers and \$1.1M in scholarships and awards.

The Outdoor Education program engages students in hands-on, experiential learning.

Our state-of-the-art Performing Arts Centre enhances our ability to inspire students in drama and music.

Participation on CDS sports teams encourages self-confidence, discipline, sportsmanship and integrity.

CDS community service programs develop social awareness, civic responsibility and self-worth.

## Introducing the **York Scholarship Bursary**

We believe that everyone should experience an education with balance. That is why, in addition to the nearly \$7 million endowment CDS has steadily grown over the years, we have **three NEW entrance scholarships available to an incoming Grade 9 or 10 student starting in 2018-2019.** It is our hope that the York Scholarship Bursary will attract and encourage more families to consider CDS as an option for their child.

This renewable scholarship will provide support for **up to 65% of tuition and additional fees** throughout their high school career and is awarded based on financial need, as well as a demonstrated and balanced approach toward academics, the arts and athletics.

To learn more, visit [www.cds.on.ca/yorkscholarshipbursary](http://www.cds.on.ca/yorkscholarshipbursary) or contact the Admissions Office at 905-833-1972.

### VISIT CDS

We would love to show you how far we have come in our first 45 years and invite you to be part of our future. Call us today at 905 833 1972 to book a personal tour!

## Schomberg Cougars split first week of PJHL season

By Jake Courtepatte

It was quite a polarizing first week of the Provincial Junior Hockey League season for the Schomberg Cougars.

The Junior C club kicked off their season on Thursday with a home opener against the Stayner Siskins at the Trisan Centre, where the new-look squad was lit up by four Siskins goals in the first period, followed by five straight in the second to prompt the removal of Matthew Lolli from the net.

Albert Parente let one more through before the end of the period, following up with a shutout third, but with the damage done the Cougars fell by a score of 10-1.

Lucas Brockie, a first-year Cougar and former staple of the Juvenile Red Wings team, notched his first junior hockey goal at the 3:20 mark of the first period.

### Cougars tame Terriers

The shoe was on the other foot in Friday's match-up with the Orillia Terriers,

where after a split first period 2-2, Schomberg opened up for seven more goals through the final 40 minutes of play to take the game 9-4.

Brockie once again starred with his second goal of this season's campaign, adding an assist. Curtis Dubeau had himself a three-point night, as did Thomas Foulds, Spencer Ripley, and James Floyd.

Parente was back between the pipes for another solid performance, stopping 20 of the 24 pucks he faced.

The Cougars once again continue their tradition of Thursday night home games this season, this week hosting the reigning league champion Alliston Hornets. Puck drop is set for 7:30 p.m.

They then travel to New Tecumseth Rec Centre on Friday to face the Hornets in the second half of a doubleheader.

The Hornets remain one of two teams in the PJHL's Carruthers division to be unbeaten, along with the Siskins.

For stats, schedules, and more information, visit [www.schombergcougars.com](http://www.schombergcougars.com).

Luca Brockie controls the puck in the neutral zone in the Schomberg Cougars' 9-4 win over Orillia on Friday.

## Gianni Giro Bike for Heart fundraiser

What better way to spend a Sunday than with exercise and support for your community?

Sunday, Sept. 24 marks the third annual cycle of the Gianni Giro Bike for Heart, which raised an astonishing \$300,000 last year for the Toronto General and Western Hospitals Foundation.

Over 100 riders took part in routes consisting of 90, 45, or 5-kilometre distances, including the 100-acre The Country Day School campus.

The LiVolsi family, with kids attending Country Day School, hold the event each year in honour of Carlos LiVolsi's father, Giovanni, who went into cardiac arrest and suffered brain damage despite his good health.

As a cycling family, promoting good health through cycling was a no-brainer. "A health fanatic and longtime cyclist, he had just completed his usual Saturday morning workout when he went into cardiac arrest and suffered consequent brain damage," said LiVolsi. "My strong and healthy father passed away - taken from us suddenly without any notice."

"It is only fitting that we ride in support of the Heart & Stroke and Peter Cardiac Centre (UHN) in the hope of continuing my father's journey to make the world a happier healthier and place."

This year's event, which draws serious cyclists as well as casual riders alike, will include a barbecue lunch, live music, as well as a fun fair for the kids.

Funds raised through registration fees will benefit the Heart and Stroke Foundation as well as the Peter Munk Cardiac Centre.

The event runs from 9 a.m. to 1 p.m. More information can be found at [www.giannigiro.ca](http://www.giannigiro.ca).

The NobleKing Knights Novice LL2s had a chance to train like the Maple Leafs at the Air Canada Centre in the Ford Drills and Skills competition recently.

## Novice Knights train like the Maple Leafs

The NobleKing Knights Novice LL2 team took their first step recently towards their hockey dream.

A passion to help others and strong community involvement earned the Knights the opportunity to train like the Toronto Maple Leafs, one of 16 teams across Ontario to win the dream day through the Ford Skills and Drills competition.

"From the very start of the season, it was evident that the NobleKing Knights Novice LL2 team was an exceptional group of players and parents," said head coach David Boyd. "Our players learned to be champions both on and off the ice, while forming bonds of friendship and developing a sense of sportsmanship and community that will surely carry on. It's an honour to be recognized by Ford Drills & Skills for the great work our team has contributed to the community."

While coming together as a team throughout the season on the ice, off the ice the Knights worked to provide meals at Christmas time to families in need in the community, as well as "adopting" a fire hydrant in Nobleton, keeping it clear of snow throughout the winter months to help out local firefighters in case of an emergency.

A vote throughout the season helped the Knights win the chance to "Grow Like a Pro," the tag line of the signature event.

Held at the Air Canada Centre, the Knights took part in a variety of skill-building sessions similar to their professional idols, including physical fitness and conditioning (Train like a Leaf) and nutrition information (Eat like a Leaf).

## Schomberg Youth Club returns

Schomberg Youth Club is proud to announce that it is returning for a 7th season of fun and activities at Schomberg Public School. It runs every Friday night at its usual time from 7 to 9 p.m. starting Sept. 22.

It is open to all youth ages 10 to 16 and, as in the past, is free of charge to all participants. The main focus will continue to be on sports, with a choice of basketball, volleyball, dodgeball, ball hockey and even soccer. For variety, our Youth Leader will add in some team-building games as well as craft making.

Our Youth Leader from last season, Mallory Groombridge, has retired from the position and we would like to thank her for having shared her talents with the local youth. Mallory loved working

with the kids and brought her own creative ideas and enthusiasm to the program.

The organizers of Schomberg Youth Club are currently looking for someone who can share the role of Youth Leader for the coming season. They should be at least 17 years old and have worked with youth in similar programming. This is a paid position and, of course, the experience always looks great on a resume.

For further information about registering or helping out, contact Jack Campbell at 905-939-2992 or email jcampbell@look.ca.

## Country Run

The Schomberg Country Run/Walk is taking place on Saturday, Sept. 30. The 1-km family run/walk will start at 9 a.m. and the 5k run/walk will start at 9:30 a.m., from the Anglican Church at 116 Church St. Register in advance on Eventbrite or the day of the run. This event is hosted by The Anglican Parish of Lloydtown to raise money for clean drinking water in the Northern Ontario community of Pikangikum. For additional information www.anglican-

parishoflloydtown.com.

## Schomberg Farmers' Market

We only have two more markets left until the end of the season.

We will be back in our usual spot this week on the parking lot of the old arena on Western Avenue. Our usual vendors will be there for your shopping pleasure plus we hope our own familiar potato man.

Thank you to everyone who joined us last time over at the Schomberg Community Farm.

## Horticultural Society

The Schomberg Horticultural Society invites you to attend the last-of-the-summer season meeting (what summer?) on Tuesday, Sept. 26 at 7:30 p.m. in the Schomberg Community Hall, 325 Main Street. Our special guest speaker, Wolfe Bonham, will speak on the topic "Landscape Design 102 - Overcoming Common Problems and Mistakes," just in time for the annual fall re-arranging and your plans for next spring! After Wolfe's presentation you are invited to stay and chat with him while enjoying yummy light refreshments.

SHS meetings are held on the fourth Tuesday of the month from March to June and September to October (six meetings in all). We welcome guests and new members - individual membership is \$20 per year and the family rate is \$25. You can also choose to pay \$5 per session at the door.

## Diamonds and Denim gala

The fair board invites everyone to their gala on Saturday, Sept. 30 at the Schomberg Community Hall, on our illustrious Main Street.

There will be a dinner, dance with a roast beef dinner, cash bar, live and silent auction and so much more! Dinner starts at 7:30 p.m.

Tickets are \$35 each or \$50 per couple. Please contact Cathy at 905-939-8283 or manager@schombergfair.com for more information or to purchase tickets for the event.

Proceeds from this event will go directly to our own Mike and Bonnie O'Hara. Mike O'Hara has been farming his entire life. He was born on a farm near Brampton and moved to King Township in the early '60s. He is a long-time member and currently

vice-president of the Schomberg Agricultural Society. Most importantly, Mike is a true and loyal friend and member of the farming community. He is always ready to help whenever he can.

Mike has been battling a virus for several months, which has been attacking his spine and has left him immobile. He has had some help from his friends and family with his farm work however, his crop has suffered significantly.

We are asking for your help and support in getting Mike out of his wheel chair and back behind the wheel of his tractor - where he belongs!

Hope to see you all on Sept. 30 at Schomberg Community Hall.

## Condo report at library

At the recent meeting held at Schomberg Public Library regarding the proposed 32 Condominium Townhomes on the former Coburn property on our Main Street, the King Ridge Development representatives and the Township of King promised to have reports available for public perusal at the Schomberg Library. They have arrived and are available for all to peruse in the Library. Please stop by the front desk and the Librarians will make them available for you.

These reports cover such issues as traffic, noise and natural heritage concerns.

Whether you are old or new citizens of our great community of Schomberg, we should all be concerned and very aware as to what is happening to the facade of our town. Every community is going through such growing pains with development, diversity, infilling and what is strangely called progress and I realize these pangs are not unique to Schomberg.

It was not that long ago that the provincial government had the misconception that Schomberg was just a sleepy little town that could be run over, unbeknownst to us all, and install a mega-dump on some of the best farmland in all of our province. We fooled them with our knowledge, fire and passion and I can only hope that will always be the case.

So, don't be afraid to speak out; be sure to attend a council meeting when something controversial is being discussed; keep your ears and eyes open.

**Kleinburg Nobleton Soccer Club**

### St. Paul's Church

Youth Group has resumed and meets at the church on Wednesday evenings from 7 to 9 p.m. The Youth Group will meet on Sunday as well this week! Join in the congregational pot luck lunch on Bring A Friend Day this Sunday, September 24th. Come check us out! For more details, contact our Youth Leader Taylor Scott at scottie\_taylor@yahoo.com, or 289-338-2539.

A2J is a program for children in Grades 3 to 6 that runs on Friday nights from 7-9 p.m. They normally meet the second and 4th Friday of the month, but will be meeting Sept. 22 this month. A2J promises an evening of fun, learning, Bible lessons, crafts, snacks and more. A2J runs September through May. Everyone is welcome to join in.

Join us Sunday, Sept. 24 at 10 a.m. for Bring A Friend Day. Jeff begins a new series about parenthood. Jeff's message this week - "A Parent's Priority." Child care (for children 3 years of age and

younger) is provided during the gathering. Our regular NextStep and KidzKonnection have resumed and takes place at the same time.

Jeff has a blog and he records his weekly messages there after worship each Sunday. Anyone interested in listening to his messages can go to [www.passionatelyhis.com](http://www.passionatelyhis.com) to hear them.

For more information about any of our activities or events, please contact the church office at 905-859-0843 or visit our website at [www.stpaulsnobleton.ca](http://www.stpaulsnobleton.ca)

### St. Mary's Church

Il Gruppio Di Padre Pio is hosting a Handmade Pasta & Fagioli dinner on Saturday, Sept. 23 after the 5 p.m. mass in the downstairs hall at St. Mary's Catholic Church. Tickets are \$12 for adults, children \$7, under 2 years old free. Contact Carmela for tickets at 905-859-0732 or purchase after mass at St. Mary's Church.

The 2018 Pilgrimage to the Holy Land, Jan. 29 to Feb. 6, 2018, 8 nights in Holy Land. A deposit of \$600 is due Sept. 10. Please make all cheques payable to Don McMillan. Contact Deacon Don, 905-235-2335 or [don.mcmillan16@rogers.com](mailto:don.mcmillan16@rogers.com) (more details on Parish

Website)

### Nobleton United Church By Nancy Hopkinson

Regular services are at 11:15 a.m. Sundays at Nobleton United at 6076 King Rd., Nobleton and at 9:30 a.m. at Schomberg United at 116 Church St. in Schomberg. We share the same minister, Carol-Ann Chapman.

One of the popular items at our Annual Craft and Bake Sale (Oct. 28) is our individual meat pies of chicken, beef or turkey. If you would like to pre-order these pies, please contact Fran Bones at 905-859-3819.

Schomberg Youth Club is proud to announce that it is returning for a 7th season of fun and activities at Schomberg Public School. It will run every Friday night at its usual time from 7 to 9 p.m. Our start date will be announced soon, once a new Youth Leader has been hired. The organizers of Schomberg Youth Club are currently looking for someone who can take on the role of Youth Leader for the coming season. They should be at least 17 years old and have worked with youth in similar programming. This is a paid position and, of course, the experience always looks

great on a resume. For further information about registering or helping out, contact Jack Campbell at 905-939-2992 or email [jcampbell@look.ca](mailto:jcampbell@look.ca).

Looking ahead, we will have Communion at the Thanksgiving service on Oct. 8.

Our 121st Anniversary is on Oct. 22. Five people will talk briefly about their families' long history in this church, as we look to the future. It will be a fine time of remembrance and renewed inspiration. Schomberg United will join in our celebration. There will be lunch afterwards.

There will be an interfaith meeting at Tottenham United Church, 26 Mill St. E., Tottenham, on Tuesday, Oct. 17, at 7:30 p.m. Imam Omar Patel offers an opportunity to gain an understanding of Islam from an Imam. After the presentation, there will be a discussion and refreshments. Authentic Syrian refreshments will be provided by Nisrin Elahmad. This event is hosted by Nobleton, Palgrave, Schomberg, Trinity Beeton, Tottenham-Rich Hill United Churches, and Church of the Evangelists Anglican Church.

For more info, visit [nobletonunitedchurch.com](http://nobletonunitedchurch.com), or call 905-859-3976.

### 602 ARTICLES FOR SALE

**Custom-designed, one-of-a-kind men's ring.** It combines 3 apple green Colombian emeralds of .15 carats each, for a total of .45 carats. They are joined by roughly .28 points of small diamonds of decent quality. They are set in 14kt gold and the ring weighs roughly 10 grams. It's also roughly a size 10. Truly unique, will get attention. Worn only a dozen times. Daughter in university, need I say more? Asking \$2,100. Make me an offer. Email [mpavilons@rogers.com](mailto:mpavilons@rogers.com)

**ADVERTISING  
LOCALLY  
WORKS!**

### 602 ARTICLES FOR SALE

**Art sale aids mission**

Arctic 1 is an original acrylic on canvas by Austrian-Canadian artist Ernestine Tahedl. This is a great example of her earlier northern Canadian landscapes. It measures 36" by 31" and is signed by the artist. One of a kind and truly unique. Tahedl is known internationally for her landscapes, abstract and glass creations. The award-winning artist has work in public, private and corporate collections around the world. Part of the proceeds from this sale will help fund Mission Team 2018, a humanitarian mission trip to assist the Haitian sugar cane workers in the Dominican Republic. Price is \$2,500 which is fair current market value. Email [mpavilons@rogers.com](mailto:mpavilons@rogers.com) for more.

**Freelance Reporter  
for Local Community Newspaper**

Come join a dynamic, fast paced, growing entrepreneurial company looking for an energetic Freelance Reporter with a passion for community news. The ideal candidate will have a distinct willingness to cover local community events and issues.

**DUTIES AND RESPONSIBILITIES:**

- Freelance reporting work for weekly community newspapers and special projects
- Will produce stories and bylines for the events they cover
- Will be paid on a freelance/contract basis per project/story
  - Generate story ideas and follow up on news tips
    - Take photographs
  - Work some evenings and weekends, as required

**QUALIFICATIONS:**

- Diploma in journalism preferred
- Candidates should have experience working on the editorial side of the newspaper industry
- Excellent writing, editing and photography skills
  - Valid driver's license and a reliable vehicle
    - Reporting experience an asset
    - An interest in local issues is a necessity, as the majority of the writing for this role will be local

**Let's Talk.**

Interested and qualified candidates should forward their cover letter and resume to [brock@auroran.com](mailto:brock@auroran.com)

From Page 22

**Guiding**

We are planning another exciting year of Guiding in Nobleton and all girls and women are welcome. Guiding is a dynamic organization for girls and women that teaches and promotes leadership and respect of self, others, community and the environment through games, crafts, songs, excursions and camping. Guiding is a uniformed organization where Sparks (ages 5, 6) Brownies (ages 7, 8) Guides (ages 9-11) Pathfinders (ages 12-14) meet weekly. All meetings take place locally in Nobleton on Tuesday nights from September to June.

The energetic leadership teams look forward to an exciting year with your daughter! We are looking forward to seeing old friends and making new ones. We are actively recruiting adult women volunteers so please share this opportunity if you know someone who might be interested.

You do not need to have a daughter to be involved.

For more information and to register visit online at [www.guidesontario.org](http://www.guidesontario.org)

**Women's Volleyball**

We play Thursday evenings from 8 to 9:30 p.m. in Nobleton and are looking to add a few players to the roster. If you enjoy playing recreational volleyball and are looking for a social activity on Thursday nights, please call Glenda at 416-561-6016.

**Nobleton Lions Club**

The Nobleton Lions Club is up and running for our 56th year of service to the community.

We start off with a fund raising Cash Draw to be held at the Library Gazebo on Saturday, Oct. 21. Three cash prizes will be awarded totalling \$5,000. Tickets are available at the plaza when weather permits, or by calling Joe at 905-859-0877, or Jim at 905-859-5277.

November 4 is the date for the annual Clothing Drive. Good used clothes and small household articles will be collected and put to good use. Watch for a flyer which will be mailed prior to the pick-up, and can be attached to bags or boxes put out for collection.

December features the Tree Lighting at the Library, and Annual Skating Party at the arena, with free skating for all,

and Santa is planning to come and visit the kids. Watch this space for more details.

**Horticulture  
By John Arnott**

Somewhat shy and retiring during much of the spring and summer this immigrant from Eurasia (Europe-Asia) soon will make its presence known. For this is the time of year when unhappily common burdock or simply "burrs" comes into its own. This plant, easy to recognize by its large rhubarb like leaves and stalks, can be found growing on waste ground, railway banks, roadsides and forest trails.

Being a biennial it lives only 2 years, producing roots and leaves the first year and stem/stalk, flowers and seeds the following year-then dies. The first year foliage forms a ground level whorl (circle) consisting of 4 to 7 leaves with slightly ruffled edges on stalks that can range any where from 4in./10 cm to 14 in./35 cm in length and carry elongated heart shaped leaves that can be up to 18 in./45 cm long and 7 in./18cm wide. Plants with full grown leaves 28 in./71 cm long have been found-one photo I came across shows a huge leaf (with

short ground stem) 5 ft.11 in./180 cm in length! These vibrant much veined green leaves with lighter muted green undersides give the plant an almost tropical look.

Most plants produce branched stalks 2 ft. to 6 ft./80 cm to 2 m in height. I pass a 6 footer just off the trail in the conservation bush I walk daily with my little Boston terrier, Victory. We keep a respectful distance away! From my research I've found 10 footers are out there! The leaves on these hollow stems are smaller the higher they grow.

Deeply growing sturdy carrot like tap roots keep these tall, bushy plants erect. Bitter tasting burdock stems and roots have a long history in herbal medicine as a diuretic and blood purifier. As well the root can be boiled and eaten as a vegetable as it is in Japan. Leaves are toxic and avoided by grazing animals.

Burdock's thistle type flowers, actually a collection of brush like florets, are a lovely shade of purple with tiny white thready stamens extending out. Both bees and butterflies appreciate the nectar these blooms carry.

And of course we do, exactly what burdock hoped we'd do pull the burrs of and toss them aside thus helping it spread its seeds.

# King's Corners

**King City United**  
By Earle Laycock

Rev. Evelyn McLachlan is basing her sermons on the Narrative Lectionary, a schedule of readings from the Old Testament building up for the birth of Jesus. Throughout the seasons of Advent, Christmas, Epiphany and Lent the scripture readings will be from the Gospel of John. Some people like to focus on the New Testament as the Old Testament part of the Bible is seems too bizarre and difficult to reconcile with today's thinking. Sunday's sermon dealt with one of the difficult passages.

Sunday's sermon was based on Genesis 21: 1-3; 22: 1-14 and John 1: 29-31. In Genesis, we hear about Abraham and Sarah who are blessed with a son Isaac during their old age. We are told that God tested Abraham by commanding Abraham to take Isaac up the mountain and sacrifice his beloved son.

How cruel is that command? But Abraham responded accordingly and as he was about to kill his son, was stopped from doing so by divine intervention. As Rev. Evelyn stated, "Abra-

ham took what he loved more than anything, and was ready to offer it to God, knowing that God would provide for him. I am not saying that we are to take our children and offer them up, but God does ask a lot of us and sometimes we are not really sure just how we can respond. Sometimes we don't want to go to that mountain, we just want to stay where it is comfortable."

When we see what is happening in our world - ethnic cleansing, hatred, killing, refusal to help those in need of a home - are we answering our call by remaining quiet? Are we ready to stand up for what we know is right despite the consequences? Is our commitment to God as strong as Abraham's?

After worship Sunday, the congregation was invited to celebrate Dianne Wear's birthday. As Rev. Evelyn said, "Dianne is 39 with 41 years of experience!" Everyone was pleased to help Dianne celebrate this happy occasion especially in light of her recent granddaughter Georgia's birth last week. Congratulations, Dianne.

Thanks to Marylee Skurdelis and Sandra Kirby who helped Rev. Evelyn with the Sunday worship at the Richmond Hill Retirement Home. The next worship will be at King City Lodge on

Thursday afternoon. These worships allow people who cannot attend regular Sunday church to hear the Scripture, enjoy singing and fellowship.

If you are male (sorry gals) and like to sing in the shower or can play an instrument, you might enjoy coming out for the United Men's Choir on Monday, Sept. 25 at 7 p.m. at the church. All men of the congregation and of the community are welcome to join in the fun and shenanigans! Mark Friday, Nov. 24 and Saturday the 25th in your date books now as that will be the two shows for the Men's Dinner. This promises to be another stellar production, thanks in large part to the planning by John Kell.

Hungry in the morning? If your Friday mornings are free and you would like something a little different for breakfast, join us for "Tea and Talk" at King City Sunset Grill Friday mornings at 10 a.m. We usually are seated at the table to the right of the doors. This is a time to make some new friends, enjoy a delicious breakfast and discuss the latest happenings in our lives and the world.

With the impending retirement of our minister, the congregation is going through a discernment process using Circle Culture with the facilitator Rev. Karen Hilfman Milton. To help us with this, our worship on Sunday, Sept. 24 is going to include a time of reflection and discussion. This means we are changing up worship that day. Arrive at 9:15 a.m. for coffee/tea and muffins. Our worship will begin at 9:30 a.m. and throughout the morning we will take part in small group discussions and end the time with a delicious chilli lunch around 12:15 p.m. This is an exciting time for the congregation as we look to the future and what God has in store!

King City United holds worship services every Sunday morning at 10 a.m. Sunday school, for the young people, resumes on Sunday September 17th. Young folk are welcome to join their family in the Sanctuary for worship and participate in a story for children every Sunday. King City United is located at 50 Elizabeth Grove, King City. For more information, call our Office Ad-

ministrator Kristen at 905-833-5181 or visit our website: www.kcuc.ca

## King Bible Church

We welcome you to join us for worship service on Sept. 24 as Pastor Mark will be continuing our exciting new series, "Transformed" with "Mentally."

"What is Transformed? The world is shouting for our attention with answers to our relationship struggles, solutions to our financial trouble, and explanations to our search for meaning. But the world's promises leave us empty and searching for more. God's Word is the only answer that promises to TRANSFORM our lives from the inside out.

TRANSFORMED is a church-wide, 7-week campaign that will guide and grow our church by exploring what the Bible has to say about every essential area of our lives: "Spiritual, Physical, Mental, Emotional, Relational, Financial and Vocational."

Please take advantage of our excellent children's ministry. Our Sunday morning "Celebration Zone" provides age-appropriate programs for children aged 4 to Grade 8. Our children's program is staffed by screened volunteers who care about your kids! The children in Grades 5-8 will remain in the service with their parents for the summer while JK-Grade 4 will be in the service for the beginning until they are invited to go downstairs.

If you have children aged 0-3 then we invite you to bring them to our beautiful and safe Nursery facilities which are located on the lower level.

## St. Andrew's By Kathy Patterson

St. Andrew's welcomes you! Our Sunday worship service is at 10:30 a.m. and Sunday school for children up to grade 6 runs concurrently with the service. Join us afterwards for coffee.

This Sunday, Lynn Vissers will conclude her sermon series taken from the Gospel according to John chapter 15.

**From Page 24**

Last Sunday she had us think about what Jesus meant when He said: "Ask whatever you want in My name" as she shared examples about faith in Jesus's time, and afterwards – far back in history and now. When we abide in Jesus, the "Vine," His will is done and the "Branches" thrive.

Communion Sunday is Oct. 1 with the Rev. Dr. John Vissers presiding. We are pleased to announce that Friday, Sept. 29 at 7:30 p.m. in the Knox College Chapel, there will be an Induction and Installation service for John Vissers as the Principal of Knox College, U of T.

Last Sunday was a perfect day for our Welcome Back BBQ. Thanks to all who came, and to those who made it happen – especially our chef, Sandra deRoos! It was great being together after the summer holidays.

We're continuing with our prayer walks over the fall with the pleasant weather. Let us know if you need any pamphlets that may be used as a guide. God wants to have conversations with us. If you have prayer requests or thanksgivings, let us know and we'll be happy to pray with and for you.

Based on the fabulous interest from our Art-in-the Park this summer, we're excited to offer "Messy Church" once a month starting Sept. 24 at 5-6 p.m. This is fun for the whole family and is inter-generational with art fun, worship and supper. We'll keep you posted re dates, but it's looking like the 4th Sunday of the month. Mark your calendar!

Should you have pastoral care needs please contact Lynn Vissers, our Director of Congregational Ministries.

Our church office number is 905-833-2325. We are located at 13190 Keele St., 2 blocks north of the King Rd. A ramp is available for accessibility. <http://www.standrews-kingcity.ca/>

**All Saints Anglican Church  
By Diana Armitage**

This Sunday, Sept. 24, after the 10 a.m. service, there will be a Potluck Parish Council Meeting. On Sunday, Oct. 1, we

return to our regular service schedule of 8 a.m. in the chapel and 10:30 a.m. in the main church.

The one and only Linnea Good comes to All Saints for a concert on Wednesday, Oct. 18 at 7 p.m. Linnea Good is a singer-songwriter who has been called "the contemporary musical voice of the emerging church in Canada."

Tickets are \$15 for adults, \$5 for children. Please call the church office, 905-833-5432.

All Saints' Annual Vestry Meeting is on Sunday, Oct. 22, after the 10:30 service.

**Horticultural Society  
By John Arnott**

Nothing tastes better than fresh veggies raw or cooked! And if they come from your own garden that makes it even better.

Whether you're a pro or a novice if you want to grow the best vegetables ever come to the Nobleton-King City Horticultural Society's upcoming September meeting Monday night Sept. 25 starting at 8 p.m. in the Nobleton Community Hall on Old King Rd. just north of the arena complex and just east off Hwy. 27.

Expert vegetable grower, Julia Dimakos is guest speaker and this home gardener with 2 green hands never mind a green thumb will talk about starting seeds, companion planting, intensive planting, succession planting, crop rotation and saving seeds. You'll want to kick yourself if you miss her presentation, so be there!

Another feature will be the last flower show of the 2017 season.

**Anglican Parish  
By John Arnott**

This Sunday, Sept. 24 is indeed a sad day for the Anglican Parish of Lloydtown especially St. Mary Magdalene's Schomberg, as after more than 10 faithful years our treasured organist, Joy Gannicott from Aurora, is retiring. And this will mark her last Sunday with the parish. We shall miss her and husband

Dave sorely. There will be a special 10:30 a.m. combined parish Holy Communion service at St. Mary Magdalene's to say a heartfelt good bye to Joy and David. A reception in the church's lower level will follow the service.

As well guest speaker David Steeves, the engineer whose vision kick started the Clean Water for Pikangikum the remote First Nations community in northern Ontario will speak about this vital project and its progress to date.

No community in this richly endowed country should be without clean potable water. We here in affluent King Township can't begin to imagine what it must be like to not have clean water to drink, for cooking, personal hygiene, laundry and running indoor facilities! Yet many First Nations communities across this country lack one of life's basic needs clean water a situation they didn't have before settlers from overseas arrived here with "progress."

This disgraceful and at times life

threatening problem needs immediate rectification, And we "the new kids on the block" must do whatever it takes to correct this absolutely unacceptable condition asap.

Saturday morning Sept. 30, the annual Schomberg Run starting at 8 a.m. until noon kicks off from St. Mary Magdalene's Anglican Church 116 Church St. Schomberg to raise money for the Pikangikum Project. There's still time runners/walkers to sign up and others to sponsor them. Call the church office 905-939-2314 to do so and for more information.

**Christ Church, Kettleby**

Keep in mind this Saturday, Sept. 23 historic (era 1891) fieldstone Anglican Christ Church, Kettleby on Kettleby Rd. mid way between Keele and Jane Sts., will be part of Doors Open King, 10 a.m. till 4 p.m. See the beautiful 126-year-old church interior.

**Alpha in King – big questions, great discussion**

By Patrick Gossage

The world renowned ALPHA Course continues in King for the next seven weeks. This is the only opportunity in our area this year to explore answers to the big questions we all ask: "Why am I here, is this all there is, why am I not satisfied, happy with my life?"

It's a wonderful opportunity to meet and make friends who are dissatisfied with material answers and are open to spiritual ones.

The course began Sept. 19 at All Saints Church just north of the King Road on Keele Street, and continues every Tuesday at 6:30 p.m. The sessions follow a proven path to make them stimulating, inspiring and to allow everyone who attends to fully participate.

Each meeting starts with a light meal, continues with a fully produced video featuring a British lawyer and former skeptic, Nicky Gumbel, and two young presenters, Toby Flint and Gemma Hunt. Street interviews bring home the questions we all ask when we reflect on our lives, and Nicky tells why he embraced Christianity belief from being a non-believer.

After the 15-20-minute video, participants break into small groups to talk about themselves and react to what they've heard in totally open, non-judgemental discussions which last about three quarters of an hour. After a brief closing, the session ends after 8:30 p.m.

There are no obligations, no pressure to join a faith group and the sessions are free. Many groups have found the course so mutually enriching that they make friends who meet years after ALPHA ends.

You do not have to be a churchgoer or even a believer to attend. In fact, ALPHA is designed for skeptics or faith dropouts. We are all searchers for something more in life. ALPHA could be the answer.
