Pets blessed at All Saints

All Saints Church in King City held a special outdoor event to bless our animal friends and pets. Rev. Dr. Elizabeth Green blessed the roughly 20 animal lovers and their pets – mostly dogs, but one cat and a bearded dragon lizard named Capone. The animal rescue and rehabilitation centre Shades of Hope Wildlife Refuge and Sanctuary was represented by founder Gail Lenters who said that they treated 4,000 injured animals a year. A generous offering was donated to her critical work.

PUBLIC NOTICES

Municipal water flushing

Ansnerveldt, King City, Schomberg and Nobleton

In the spring and fall the Engineering and Public Works Department flushes all water mains and hydrants. As a result, residents over the course of the next few weeks may experience low pressure and/or discoloration. This process contributes to the safe, effective delivery of municipal water and **does not** affect the quality of your water in any way. Should you require further information please contact the Engineering and Public Works Department at 905-833-5321.

2018 MUNICIPAL ELECTION

**Avoid the lineups -
Vote at one of our upcoming Advance Polls**

Identification will be required when you attend one of the advance voting locations or your election day voting location. You may attend any advance voting location, but on Election Day electors must attend the location assigned for their ward and poll. Remember to bring one (1) piece of identification showing your name and qualifying King Township address. Your Voter Notification Card cannot be used as a piece of ID.

If you are not on the voters' list and do not have acceptable ID, you will be asked to return with ID in order to receive a ballot.

- **Monday, October 15th to Friday October 19th, 2018 from 9:00 a.m. to 8:00 p.m.**
@ King Township Municipal Office, 2075 King Road, King City
- **Saturday, October 20th, 2018 from 9:00 a.m. to 5:00 p.m.**
@ King City Arena and Community Centre, 25 Doctors Lane, King City

Accessible voting will be available at all advance voting locations and all locations are accessible for persons with disabilities. Please visit our Website at www.kingvotes.ca, for information on acceptable identification or call (905)833-5321.

REMINDERS

KING FIRE & EMERGENCY SERVICES

LOOK. LISTEN. LEARN.
BE AWARE! Fire can happen anywhere.

• **LOOK** for potential fire hazards around your home. Take action to prevent fire from starting.

• **LISTEN** for the smoke alarms in an emergency. Everyone must know the sound and be able to hear them in an emergency. Early detection gives you the extra seconds needed to get out safely.

• **LEARN** two ways out of every room. Practice an escape plan with everyone in your home before a fire starts so you and your family can get out quickly.

For more information contact your local fire department.

Development issues emerge at 2nd CCKT debate in Pottageville

By Mark Pavilons

Concerns about development and a need for affordable housing dominated the discussion at the second of two CCKT-sponsored political debates.

Concerned Citizens of King Township brought together eight candidates in Wards 2, 3, 4 and 6 at the Pottageville Lions hall for a lively discussion last Thursday. Growth, the relationship between developers and the Township, and the need for more affordable homes were discussed.

CCKT prepared two written questions, sent to candidates prior to the meeting.

The first asked who should take the lead in planning new subdivisions, and whether candidates can find solutions to housing needs.

Ward 6 candidate Roman Dyriw said council and staff have done a good job preserving greenspace and allowing development. Council should look at the long-term continuity of all the development and collaborate with developers who have a knowledge of the marketplace. While the trend is for luxury homes, the model seems to be working since they are all selling out.

Incumbent Avia Eek said King is taking the lead, implementing various policies and using our own Sustainability Plan as a guide. She admitted there's a need for a variety of housing stock. Just as the ICSP relied on public input, so too does the Official Plan review, which will contain valuable tools for future direction. She noted York Region has created a committee that is reviewing affordable housing across the region.

Incumbent Ward 4 Councillor Bill Cober said the planning process is complex and the municipality has to follow the rules laid out in the King's OP, York's OP and the provincial Places to Grow legislation. Council does set a clear vision and diversified housing options have started to appear in King. It's a matter of meeting both community needs and market demands.

Candidate Mary Asselstine said intensification is spelled out in urban areas and citizens are telling her they want more affordable homes. The trick is finding a balance and there needs to be more dialogue.

Ward 2 candidate Sherry Draisey

said she wants to remain in King in the coming years. Along with offering condos, we have to solve our transportation problems and provide better transit options for seniors as well.

Incumbent David Boyd admitted a broader housing stock is integral to King and we're in a very exciting time. He urged the public to get involved in the OP review as this is the essential framework that will guide staff for the next decade.

King is like Forest Hill, noted Ward 3 candidate Jakob Schneider. "We pay the price to live here," he said, noting houses are becoming more energy efficient. He does support the creation of more seniors' housing.

Candidate Geoff Simpson said there's a need for more housing options. Attracting investment to King is vital to providing housing and he will work with staff to encourage future development to head in that direction.

The candidates were asked about their availability for the role as councillor, and their volunteer desires.

Asselstine said she's been on countless committees and organizations that have helped shape her community. Volunteering, she stressed, makes the community better and she's built many strong partnerships over the years. She sees the role of councillor as an advocate and she'll devote all of her time to the job. She's interested in the Sustainability Committee and Heritage Advisory Committee at the Township.

Cober noted he's been able to efficiently carry out his constituency work while working as a principal. He's proven his dedication and over the years on council, and he's served on numerous boards and committees.

Boyd said his schedule is flexible as a firefighter and he firmly believes that "life is about community." He's fully involved and knows what's required as councillor. He also boasts a 100% attendance record at council. He's involved in community events in Nobleton and also coaches hockey.

Draisey runs her own home-based business and has a very flexible schedule to serve.

Simpson, an IT professional, also has a lot of flexibility with his time.

THE BEST MOVE YOU COULD MAKE

Editorial, Letters & Opinion

"A newspaper is the center of a community, it's one of the tent poles of the community, and that's not going to be replaced by websites and blogs."

- Michael Connelly

Letting your inner self shine through

"It's amazing ... the love inside, you take it with you."

Sem, from the movie Ghost

In this classic movie, Patrick Swayze learned that death isn't the greatest loss. Love continues.

The biggest loss is what dies inside us while we live.

For those of us who've experienced the potholes in life, we've come to realize a few things. The old cliché about what's inside that matters, is true. Real beauty comes from inside and joy is one of the most powerful substances on the planet.

Joy, happiness and a sense of peace don't come from looking in the mirror.

We have all endured pain and suffering. I need my pain; it has helped shape who I've become. My pain, coupled with the extreme love I have inside, are the ingredients of this strange concoction known as Mark. Of course, there are some other things in this mixture, like DNA, environmental influences and maybe even eye of newt. But it's all good, and it's all necessary. Remove a single substance, and we're no longer the same.

We scatter-brained westerners are so busy dealing with minutiae that we often neglect ourselves. Moms and dads know this all too well. My wife and I are often in the kitchen until 10 p.m., making lunches and doing the dishes, after all the other umpteen chores, errands and tasks have been dealt with.

There are times when I feel like I've

Mark Pavilons

lost myself, or at least I've gone missing. We have so many responsibilities, priorities and menial tasks to tend to that we become almost robot-like in our actions.

We may take time for ourselves at the end of the day, to chill and decompress from the day's stressors. But during this down time, do we meditate or look deep into our souls?

No, that would take too much time!

In order to fully recharge, we need to disconnect totally from the world. We feed our bodies every day and we need to feed our minds, souls and inner selves.

My oldest daughter enjoys yoga. My other two like to be distracted by movies,

but they do grasp some of the important messages in life. I enjoy online "window shopping" and a couple of apps on my smart devices. My wife doesn't have much in the way of hobbies, but does like a good laugh and sitcom.

It wasn't too long ago that our species spent time together as a family and shared stories. We talked, discussed things and laughed together. Before TV, the Internet and even electricity, we literally sat by the fire and read books.

Even going back a mere 40 years, life was much simpler. Sure, we had big hair, big shoes and wide pant legs, but we didn't stress over the threat of nuclear war, RRSPs or legalized marijuana.

We had faith in our government, our law enforcement professionals and our teachers. We spent most of our time outside, running around, until we could run no more.

Fast-forward and there's a void, a piece missing. I can't recall when exactly that something died inside, but I know it has. It likely slipped away quietly in the middle of the night.

In my teens and early 20s, I was optimistic, relatively happy, positive, funny and curious. I was up for anything.

When I met my wife, I became quite the romantic, something she wishes would surface again.

We work so hard at working out problems, we forget about working on ourselves.

I tend to smile and laugh a lot. It's my way of coping. I've been told that my smile is like an old friend, somewhat reassuring. There are so many reasons to smile during the course of the day, I wonder why more people aren't doing it! You must admit, human beings are hilarious.

At work, I can solve almost any prob-

lem, often within the hour. At home, it's a different matter. In all of my post-secondary education and hands-on experience, I never learned about keeping the spark alive, or having patience with a child who's struggling with math. I seldom had to deal with who I am.

What I do know is that I have a lot of love inside; I'm compassionate and genuine. I'm witty, sarcastic and efficient. I'm a pretty good communicator.

Do all of these qualities define who I am? Or do they complement the interesting critter inside?

We are all different, and yet, we're all the same.

Until scientists perfect cloning, we are unique creatures, you and I. "There is no one alive Youer than You," noted Dr. Seuss.

Joel Osteen challenges us to get out of our comfort zones. "God has put gifts and talents in you that you probably don't know anything about."

What lies behind you and in front of you, pales in comparison to what lies inside, said Ralph Waldo Emerson.

What if we opened the door and really looked inside of ourselves?

"You find sometimes that a thing which seemed very thingish inside you is quite different when it gets out into the open and has other people looking at it," remarked Winnie-the-Pooh, who was much wiser than people give him credit for.

When I think of my wife and kids, I think of their really cool characteristics. They are deep thinkers but they can be opinionated. They are caring to a fault. Maybe we all care too much. I think it's called love.

I think we need to disconnect and then reconnect with ourselves and our loved ones.

Letters to the Editor

Pot is criminal in every sense

The following letter, to MPP Stephen Lecce, was submitted to the Weekly Sentinel.

Once again I wonder what this PC government is all about, allowing the smoking of pot in public areas.

It is a really an obnoxious smell to be avoided at all times.

I am so disgusted with this government now and unless things change I will not vote PC again, and that's from a life-long Conservative.

As far as I am concerned you are acting like a bunch of brainless idiots, which those smoking POT on a regular basis will actually become.

Wake up! Teens and the 20s gang will be well into it and heaven forbid for those who have just arrived in this world!

It is criminal in every sense and thankfully, I probably will not be here when the hammer drops!

Dave Platt

King Fox Run raises \$4,500

The 38th annual Terry Fox Run was held in King Township on Sunday, Sept. 16 at Wellesley Park in King City. The weather, although hot and humid, provided a beautiful day for the 58 participants who came out to support the event and raise money for cancer research.

The event was quiet compared to previous years, but our team of 20 volunteers welcomed our participants and together, collected funds of just over \$4,500.

Thank you to all our volunteers and participants and to all our 2018 sponsors: Ivan Rappa, King City Lions Club, King Fire and Emergency Services, King Township, King United Soccer Club, King Weekly Sentinel, Pine Farms Orchard, Schomberg Quality Meats, TD Canada Trust (King City) and Total Condition.

Our event may be small but it brings hope to all those who continue to fight. Some day soon we will find a cure.

Lisa Barenthin
Coordinator
King Township Terry Fox Run

Mayor notes the qualities that make a good councillor

By Mayor Steve Pellegrini

We are quickly approaching the municipal election on Oct. 22 when you will elect your Township council for the next four years. And, while many of us are tired of politics, this is still a very important election as the results affect you and our community directly.

I have had the great fortune to lead a stable, cohesive council for the past eight years. We have not always agreed on the issues but we have been respectful of each other and the decisions that have been made by the majority. With Councillor Pabst retiring after 24 years of service, there is going to be at least one new member of a team that has been the envy of the GTA in the way it functions.

At a recent all-candidates debate a local resident came up to me and asked, "What qualities are you looking for on your council?" I thought I would share my answer with the entire Township for your consideration as you go to the polls to cast your vote for your next council.

An effective council member will be a collaborator and team player. We need relationship builders who can help to create partnerships to achieve our common goals and to work effectively with those partners. A good councillor does their homework and is a mature, critical thinker who understands the entire impact of their decision (not just for their neighbours or in their ward). They

do what is best for the entire Township. A good councillor is approachable for all residents and is respectful of their needs and concerns.

The final, and one of the most important characteristics that a councillor must have, is financial acumen. Municipal finance is not the same as your private finances nor is it the same as business finance. We deal with development charges, grants, user fees, general taxation, reserve funds, cash in lieu, etc. not topics that most people encounter in their daily lives.

It greatly concerns me when I hear promises to "cut taxes." The decision to raise or lower taxes cannot be taken lightly. We are a small municipality with a small budget; for every 1% increase, or decrease, in taxes we lose or gain, \$250,000. A tax cut likely means cutting a service that residents want and need, or not putting in traffic calming measures somewhere, etc. etc. I, and every member of council, pay taxes and we don't like increases any more than you do, I guarantee that! We do our very best to ensure that every tax dollar is used in a responsible and respectful manner.

On a more personal note, I thank everyone in King for the confidence in my leadership and I promise to continue to work hard to improve the quality of life for our great residents and businesses.

Please get out and vote!

Salaries disclosed for 1899 council

By Kimberley Rush-Duyguluer

In light of the upcoming elections Oct. 22, we thought it might be fun to revisit our historical Public Disclosure Data archives.

We perused the Township's previous financial statements going back 120 years to reveal the salary ranges of our former Reeves and Councillors.

In comparison, a loaf of bread retailed for approximately 3 ½ cents a pound in 1900 in the Toronto area according to the Board of Inquiry into the Cost of Living Report published in 1915.

The Public Sector Salary Disclosure Act only came into being in 1996 and requires any corporation which receives public funding to disclose the names of their employees earning \$100,000+. The council of King Township had no qualms disclosing their salaries in 1899.

The salaries and allowances for Town Council, Dec. 15, 1899 to Dec. 15, 1900, were:

R. Gallagher, Councillor, \$87; J. Burns, Councillor, \$61; T. H. Legge, Councillor, \$60; S. Lemon, Reeve, \$80, and J. Rogers, Councillor, \$50.

Letter to the Editor

CCKT thanks candidates, public for attending debates

I'm writing on behalf of Concerned Citizens of King Township (CCKT) in recognizing and thanking several community partners for help and support in organizing and presenting the two well-attended CCKT all candidates meetings for the upcoming municipal election.

A special thank you to the King Weekly Sentinel which has included notices in the newspaper about the meetings which took place on Oct. 10 and 11, and also references to the CCKT Candidate Questionnaire and candidate responses. The Questionnaire and all the received candidate responses are posted on the CCKT website and available to the public for review – www.cckt.ca

Thank you also to Villanova College, for providing a comfortable and well set up venue in the school library which accommodates up to 150 guests.

Our two moderators, Greg Locke and Tom Butt, one for each meeting, did an excellent job at setting a respectful and comfortable tone, and facilitating the many questions and answers of the two meetings.

We appreciate that all the candidates attended, and that so many members of the public took time to attend one or both of the two meetings, asked many thoughtful questions and became better informed about the 14 candidates running in King's six wards.

One of the CCKT's prime goals is to help the public become well-informed and participate in making an informed choice when voting. We encourage you to learn all you can about each candidate, and understand what each one may be able to bring to "the table" and

to the position of ward councillor.

At the municipal level are a wide range of important issues which can have a significant impact on our neighbourhoods, communities and township as a whole. I think of the Greenbelt Plan; preserving a healthy Oak Ridges Moraine; King Township Official Plan review; building more complete communities in King City, Nobleton and Schomberg (which include a fairly wide range of more affordable housing options that integrate well into each village); maintaining balanced budgets with minimal increase in property tax; engaging and consulting with the public regarding planning applications which have a significant impact on our larger communities; plus effective communication between councillors and their constituents.

Please take time to consider the important issues facing King Township and the positions of various candidates on these issues. Who will listen well, and faithfully represent the best interests of constituents, King Township and the broader area of York Region? Become an informed voter and come out to vote on election day, Oct. 22, or in one of the advanced polls at the Township offices.

Wouldn't it be great to have at least 60% of potential voters in King Township cast a vote in this election? It's a wonderful privilege we have in Canada. It's now your turn!

J. Bruce Craig
Chair, Concerned Citizens of King Township

CCKT offers resources for voters

Concerned Citizens of King Township offers resources for voters in the coming municipal election, via their website.

Check out these links, including the two with embedded videos of the two recent all candidates meetings held last week, plus the post of the results of the group's first-ever 14-question Candidate Questionnaire replies.

Feedback has been great so far.

Your Voice for Business in King

Ontario is ready for legal cannabis, Mulroney says

By Mark Pavilons

The province stands ready to ease the transition to legalized marijuana.

The recreational use of pot became legal Wednesday.

Addressing the Empire Club of Canada Oct. 9, York-Simcoe MPP and Attorney General Caroline Mulroney said social effects associated with consuming recreational cannabis will not magically disappear and they are all very much top of mind.

"The risks to our children, our roads and our communities are real – and we are committed to addressing them," she said.

"Time was of the essence because the federal government had dictated the legalization date and we knew we needed to develop a new a plan to protect children and youth, keep our roads safe and combat the criminal market in Ontario.

"To provide certainty on each of

these priorities, we spoke directly with Ontarians about their concerns regarding the federal government's decision and how to enforce and oversee this federal government decision in a responsible and reasonable manner."

Mulroney noted that in mid-August, she and Minister Fedeli announced Ontario would move to a robust private retail system, and away from the previous government's public retail model with stores run by government employees in locations chosen by the government.

"We concluded that such a system was incapable of seriously competing with the illegal market and in turn would leave our communities more vulnerable and susceptible to the underground market ... we developed a retail and regulatory framework designed to fulfill our three objectives: protecting children, keeping roads safe and combatting the illegal market."

The Province proposed to establish the Alcohol and Gaming Commission

of Ontario as the provincial regulator to oversee the licensing and compliance process.

"In our consultations, it was clear that municipalities and police stakeholders were supportive of the AGCO as the province-wide regulator for private cannabis retail sales in Ontario."

Mulroney admitted that while new resources will be needed to help get the AGCO up and running in the short-term, ultimately they expect the licensing regime to run on a sustainable cost-recovery basis. Establishing the AGCO as a province-wide regulator also benefits smaller municipalities who could not implement their own municipal licensing regime, primarily due to lack of administrative infrastructure.

"This approach also means the AGCO can provide communities and operators more certainty through a one-stop licensing approach rather than allowing a patch work of municipal licensing regimes to spread across Ontario. In order to best compete with the illegal market, our government made the decision that the number of licenses for cannabis retail stores would not be capped, but instead would be issued based on market demand.

"I want to underscore the fact that the proposed legislation would also in-

clude regulation-making authority to set concentration limits for how many retail store licenses a single operator can hold to ensure diversity in the market. So our approach to this issue will certainly evolve as we gather more information from stakeholders and as we see the market take shape.

"We want to ensure that only responsible and accountable individuals are participating in the licensed retail framework.

"It is my view that the system we have proposed provides an opportunity for small and medium size businesses to compete in this legal retail space, which we believe is the best way to drive out the illegal market."

Mulroney noted that the Association of Municipalities of Ontario and in regional consultations held MPPs, revealed that a "one-size fits all approach" – the approach of the previous government – was not the right way forward. Municipalities wanted a provincial framework with an opportunity for local input.

"We heard this message on two key elements of our policy.

"One, where stores can be located, and two, where people can consume cannabis."

Doors open at Be-you-tiful

Andrea Serra and Rita Rojcek are so grateful to come together and open up their own salon Be-you-tiful in the heart of King City. Mayor Steve Pellegrini joined in the ribbon-cutting ceremony recently.

The owners said they're so proud to call the salon their second home along with the rest of the wonderful team – Suzana, esthetician; Nahal, micro blading technician, and Elise, the stylist.

"We're here to help complete with outer beauty with our team of specialist putting together your special vision specializing in balayage, baby lights, ombré and your simple root coverage," Rita said. "Maintaining hair health is important to us and that is why we use the very best 11 Australia products and treatments to complete your couture look!"

Queen's Park is confident

From Page 8

"First, municipalities will decide whether there will be any stores in their communities at all. Each municipal council will have the opportunity to opt-out of having bricks and mortar retail stores in their communities. Those decisions will need to be made by Jan. 22 of next year. That gives each council three months from the municipal election date to make this decision, and the decision date is five months after we announced our intention to move to a private retail model."

At a recent council meeting, King has decided to opt out of the retail plan.

Nobody in Ontario has the right to a cannabis retail license, she pointed out. The AGCO's due-diligence process will be strictly applied and thoroughly enforced, and the role of public commentary in this process is real. Before you pick your store locations, be mindful of the importance of local responses that can be provided within the 15-day comment window.

The government has largely aligned the rules for cannabis consumption with the tobacco restrictions under the Smoke Free Ontario Act.

This approach prohibits smoking and vaping of cannabis in areas where the smoking of tobacco is also prohibited, such as playgrounds, child care facilities, schools and hospitals.

"Our approach also allows local municipalities to enact bylaws that further restrict smoking cannabis beyond the provincial minimum standards in places like parks.

"Once again, these proposed amendments have been crafted after consultations across the province and are designed to allow each of Ontario's 444 municipalities to shape consumption rules that work for them."

The government has already launched an awareness campaign, to educate and communicate with people regarding applicable rules, regulations and health and safety measures.

"We will plainly tell Ontarians how our children, communities and roads will be protected, and how we will work to combat criminals. Our messages will be apparent and accessible where people live and commute, on social media and where they view content online, on television, and across university and college campuses."

Mulroney knows that many people will be looking for as much information as possible now that cannabis is legal. Go to Ontario.ca/cannabis homepage for more detailed information and resources.

"We are confident that when taken together, our proposed licensing model, overseen by the AGCO, the flexibility and certainty we are providing to local communities, and the public awareness campaign I shared with you today are the best way forward to achieve our objectives.

Collectively, our determination to work with communities across Ontario to address the health and social risks associated to cannabis consumption has not wavered for a single day because we all understand what is at stake."

Bolton man killed in motorcycle collision

By Mark Pavilons

Investigators with the York Regional Police Major Collision Investigation Unit are seeking witnesses following a fatal collision involving a motorcycle in King.

On Oct. 10 shortly after 7 p.m., officers responded to a collision on Highway 27, north of 17th Sideroad, involving a motorcycle and a dump truck.

The rider of the motorcycle, a 55-year-old man from Bolton, died at the scene. The driver of the dump truck was not injured.

The investigation is ongoing and any witnesses who have not yet spoken with police, or anyone who may have dashcam footage of the collision, are being asked to please come forward. York Regional Police is asking anyone with information to contact the Major Collision Investigation Unit by calling 1-866-876-5423, ext. 7704, or to call Crime Stoppers anonymously at 1-800-222-TIPS, or leave an anonymous tip online at www.1800222tips.com.

The King City Library is OPEN FOR BUSINESS!

The **temporary location** is on the lower level of the King City Seniors Centre, 30 Fisher Street, access via Doctors Lane and the King City Arena parking lot.

51 per cent of Canadians do NOT have a WILL

Do you care who is appointed the guardian of your minor children if you die?
Do you care who gets your money if you die?
Do you want to protect your valuable business?

You need a Will to avoid costly court proceedings, reduce probate fees, delays, family squabbles and unintended financial results.

POWERS OF ATTORNEY

Do you want to keep living in your home as long as possible rather than a retirement home?
Who will decide what medical procedures and medications you will accept?

You need a Power of Attorney for Personal Care to appoint someone to help make your decisions about your living arrangements and health care.
You need to make sure someone you trust is in charge of your money in case you can't manage money anymore. A Power of Attorney for Property is the best way to protect yourself.

Call CAROL STRUTHERS LAW OFFICE at 905-951-0503 and make an appointment to do your Will and Powers of Attorney.

10% discount for First Responders and Military or 10% discount if you bring a copy of this ad.

One discount per family.
Offers expire October 31, 2018.

Heroic Humans marks 1st anniversary

By Mark Pavilons

Heroic Humans – everyday people with amazing stories of achievement – were honoured with a red carpet celebration recently.

Heroic Humans, a social impact movement, marked its first anniversary Oct. 1 in Aurora, at a beyond-capacity red carpet affair. Guests enjoyed a gala evening, which included social media interviews.

“It was an incredible evening,” said founder Dana Clark.

More than 130 tickets were sold to a diverse crowd of Heroic Humans supporters. That generosity flowed through the donations and raffle prizes from local entrepreneurs.

Ola Mazzuca, of Sonic Fold, a platform and podcast dedicated to highlighting diverse voices, cultivating community connections, interviewed Clark at the gala, promoting Heroic Humans across the airwaves.

The success of Heroic Humans over the past year has been phenomenal.

The online network featured 112 “heroic humans” from all over the globe, who are dedicated to changing the world. This turned Heroic Humans from a local social media movement, into a global effort, with ambassadors hailing from Australia, Iceland, China, the U.S. and Canada.

“The online forum has evolved into a shining example of raw humanity and the very best we all have to offer,” Clark said. “Heroic Humans has exceeded my expectations and this bodes well for the now global movement.”

Heroic Humans provides a safe gath-

ering space for inspiration, celebration and empowerment, fostering authentic connections and revealing the power behind all people and all of their passions.

The mission from the outset, Clark said, was to really get people to celebrate one another. “Mission accomplished,” Clark stressed. “This snowball effect will continue to bring out the kindness and support to those around the world.”

But Clark won't rest and simply enjoy the movement's success. Plans are already in the works for an action-packed year, including increased partnerships; more workshops; training programs with an application to corporate businesses and custom social responsibility programs for businesses.

For more on Heroic Humans, visit <http://www.heroichumans.com/>

ASK presents improv at Laskay Hall

Improv, aka improvisational theatre, is a form of comedy or theatre that is unscripted, off the cuff so-to-speak.

On Nov. 24, Improv will hit the stages of King Township. Arts Society King is working with well-known professionals at Bad Dog Theatre Company who have successfully performed one of the longest running improv shows in Toronto. Perhaps we will solicit suggestions from you, our audience, as a source of inspiration, get you all involved, and, it may end up so well done and detailed that you may suspect the scenes were all planned.

Grab your friends and leave your inhibitions at home. This evening is intended as a fun, unique night out in King. Tickets include refreshments and fun and are available at ArtsSocietyKing.ca or call 905-833-2331.

Annual art show and sale in the barn

Join two prominent local artists as they hold a show and sale in the barn, Oct. 20 and 21.

The show runs 10 a.m. to 5 p.m. each day at 5625 16th Sideroad, Schomberg. Karola Steinbrecher is a Canadian fine art painter. Her award-winning pieces are lively and expressive, delivered in very intense colors, on exciting, rich backgrounds. She exhibits frequently in galleries, group and solo shows and exhibitions, and is a member of artist leagues and her art has been purchased to private and corporate collections in Canada, the U.S. and Europe. Visit www.karola.ca

Silvia Phillips has been creating in various forms throughout her professional and personal life. Her current medium is oil and her paintings are her response to what she sees and feels around her, repeated in form and colour.

Re-elect DAVID BOYD Ward 2 Councillor

What matters to you,
matters to me.

Vote Boyd on October 22nd

Commitment · Collaboration · Communication

My commitment to you is to listen, to understand, and to represent your needs. For the past four years, I have worked hard to improve our villages based on community needs and feedback. This is a role I embrace with enthusiasm and dedication. I am proud of what we have achieved together as a council and as a community, and am excited and committed to carry it forward to 2022.

On October 22nd show your support and vote to continue the momentum!

- ✓ **Vote for experience.**
- ✓ **Vote for community partnerships.**
- ✓ **Vote for confident and knowledgeable leadership.**
- ✓ **Vote for proven results.**

My priorities for another term of Council include:

- Infrastructure investments to ease traffic congestion and improve pedestrian safety.
- Township-wide traffic calming strategy and updated Transportation Master Plan.
- Ward-wide access to high speed internet.
- Village revitalization and economic development.
- Transparent communication and passionate leadership.
- Effective and efficient management of your tax dollars.

I am honoured to have been part of a cohesive Council that has worked collaboratively for an even better King! I hope I can count on your vote and support on Monday, October 22nd -- or at one of the following advance polling stations:

- Thursday, October 18th to Friday October 19th, 2018 from 9:00 a.m. to 8:00 p.m.
@ King Township Municipal Office, 2075 King Road, King City
- Saturday, October 20th, 2018 from 9:00 a.m. to 5:00 p.m.
@ King City Arena and Community Centre, 25 Doctors Lane, King City
- Monday, October 22nd, 2018 from 10:00 a.m. to 8:00 p.m.
@ your assigned polling station in Nobleton

Transportation is available to the polling stations!

Visit my website and subscribe to my newsletter for regular Ward 2 updates

King City concerns dominate first CCKT debate

By Mark Pavilons

There's no question King City is taking the brunt of King's development. Issues related to growth dominated the first of two all-candidates' meetings, hosted by Concerned Citizens of King Township (CCKT) last week.

Ward 1 candidates were peppered with questions during a lively debate at Villanova last Wednesday.

CCKT prepared two written questions, sent to candidates prior to the meeting.

CCKT wanted to know how much time the candidates are prepared to give to their role as councillor, as well as their interests in serving on committees and volunteer groups.

Rob Payne noted he's a financial advisor and as a small business owner he has a lot of flexibility in his hours. The former councillor said he's in a good position to serve. He's interested in getting involved in the library board and Sustainability Committee.

Incumbent Debbie Schaefer said her council post is her priority. She's retired and noted the job can be hectic and unstructured at times. She's served on the Heritage Advisory Committee, Sustainability Committee and was one of the founding members of King for Refugees.

Sasha Mozaffari recently graduated university with a degree in political science and she's planning on attending law school. She's an efficient multi-tasker and she would split her time between her constituents and her studies. It's a post she takes seriously. She would be interested in the Sustainability Com-

mittee and perhaps the Committee of Adjustment.

Jordan Cescolini sees the value in serving his community. He's self-employed in a family business and is committed to providing upwards of 25 hours per week for council work.

Incumbent Cleve Mortelliti said it's considered a part-time job, with peaks and valleys during the course of a year. Council relies on staff for the majority of the studies and recommendations, so council is more like a board of directors. He's part of the senior management team of R.J. Burnside and Associates, and he has a flexible schedule to meet his duties. He's managed his time well over the past term and "I know the job."

Kelly Colasanti said as a retired executive, he "has all the time in the world" to dedicate to the job. He said he's used to working 24/7 and has no time constraints. He's interested in heritage and the public library.

CCKT asked the candidates who should take the lead on planning new subdivisions and communities – the Township or the developers. CCKT also wanted to know their vision on housing in King City, Nobleton and Schomberg.

Colasanti said the Township is the local planning authority and should take the lead, but they have to work with developers. Housing has to meet the community's needs and has to fit with existing houses. He'd like to see more townhouses and eco-friendly options.

Mortelliti said the Township follows the guidelines laid out in the Community Plans, but the Province does mandate development through various pieces

of legislation, particularly the Places to Grow Act. There is always room for negotiation with developers, something they do with every application.

Cescolini said there has to be a fruitful relationship between the Township and the developers. He'd like to make sure developers contribute more towards local road infrastructure, to deal with the traffic that comes with new development. He'd like to see smaller bungalows for seniors.

Mozaffari said they have to work together and council should also ask residents what they'd like to see. She would like to allow landowners of smaller parcels to develop housing types.

Schaefer said it's council's job to manage growth, but there are other players in the mix, including York Region and the Province. They have control over their Official Plan and zoning bylaw and they can certainly help shape future growth. There are still gaps and she's like to see a more robust mix of housing types.

Payne said the Township has a vision, the developers have a stake and the Province sets the rules. He supports intensification in core areas, along with mixed use.

Both local and commuter traffic is a concern of residents who asked candidates about possible solutions.

Payne said the King-Vaughan Townline is the only viable option for a "bypass" and he strongly opposes reviewing the 15th Sideroad again as a route. He said council, York Region and the Province have to work together to help alleviate traffic and he's willing to take on this task as councillor.

Cescolini does support using the 15th as an alternate route, noting the King-Vaughan road doesn't work.

Mortelliti pointed out this is not an election issue and it's a moot point for at least another 10 years.

Colasanti said more studies are needed and the traffic issues have to be addressed.

A Snowball resident wanted to know whether the candidates would lobby the Province to limit intensification to the urban areas.

Mortelliti noted the current rules restrict development to the King City boundaries and nothing should change.

Colasanti said he supports current Greenbelt restrictions.

Schaefer said the provincial Growth Plan is a valuable tool and it sets the parameters for development.

Payne said we can accommodate growth in the legislated areas under the Places to Grow Act.

The candidates were all asked whether they accepted campaign donations from developers. All said they did not.

A Warren Road resident, who said he was "okay with roads and taxes," asked whether the Township should consider ward redistribution.

Mortelliti noted Ward 1 has grown significantly and said ward realignment may be worth looking at. He did admit it's "a painful process."

Payne said he would be happy to start this discussion. A ward redistribution may be warranted in the name of fairness and equity. He said he supports an extra King representative on York Regional council.

RE-ELECT Debbie Schaefer FOR WARD 5

*I listen
I analyse
I get the best results*

I'm proud of what I've helped accomplish since my first election in 2010. My collaboration with Council colleagues and the expertise from Staff has achieved so much for King. Most importantly, the influence and support from you, the engaged citizens and business owners of King, helped me reflect and build on your needs.

Here are some of the most noteworthy accomplishments for King this last term:

- Anticipated new facilities are being built without burdening today's taxpayers.
- Meaningful contributions to our long-term infrastructure reserve were made.
- Innovative designs for new facilities as community hubs: Town Hall includes gymnasium and York Region Police substation; King City Seniors' Centre combines with King City Library.
- Approved developments continue to respect the environmental buffers.
- Unique cultural heritage artefacts are being protected and yet integrated into our contemporary community.
- Enhanced village cores with new sidewalks and streetscaping.
- Businesses in the village cores are taking advantage of the Community Improvement Program which benefits all.
- Commencement of broadband internet to rural areas.

I'm excited to focus on the following issues and opportunities during the 2018-2022 term:

- Elevate our already high standard of environmental stewardship by better protecting our mature trees.
- Increase the mix of housing options in a manner respectful of neighbours.
- Improve the protection of mature neighbourhoods.
- Deliver greater access to broadband internet.
- Monitor our capital projects with objective of meeting time and budget.
- Update our important planning policies including our new Official Plan.
- Advocate for distribution of natural gas to rural areas.
- Expand the Community Improvement Program beyond the village cores.
- Reconstruct our rural roads with attention to what is appropriate for the area.
- Continue to be sensitive to cost pressures on current taxpayers without forsaking the need to build for the future.

My commitment to you to maintain and regularly update my blog at DebbieSchaefer.ca has been highly effective: it has kept you in touch with my activities; and it delivers me your valuable feedback on Council's issues and plans. I'll renew this commitment to you!

ON OCTOBER 22ND, RE-ELECT DEBBIE SCHAEFER WARD 5

Ensuring a Better King for Today and the Future

BioBlitz identifies flora and fauna

With the sun shining, flowers blooming, and frogs hopping, volunteers and species experts were ready to explore a privately-owned property in King Township during the King-Caledon BioBlitz on Sept. 15. Their goal? To find and identify as many different species that live there as they could.

From sun-up to sun-down, they searched the forests for fungi, the meadows for spiders, and the wetlands for salamanders and frogs. At night they were serenaded by owls calling and watched the bats fly overhead. Participants found over 400 different species in just one day!

Organizers thanked local experts, volunteers, and politicians for joining them for the event! Thank you also to our generous funders for making this event possible – Ontario Trillium Foundation, The Regional Municipality of York, Patrick and Barbara Keenan Foundation, and Pratt & Whitney Canada.

Vermicomposting and super sprout speaker at garden club

The Nobleton & King City Garden Club is welcoming a wonderful speaker at their last meeting of the season. Cathy Nesbitt, Worm Advocate and Founder of “Cathy’s Crawly Composters” (established 2002), is a multi-award-winning environmental innovator who motivates people to live a more sustainable, joy-filled life.

Learn all about worms and vermicomposting and how worms convert organic matter into nature’s finest soil amendment. She will also speak about sprouts, which are considered nature’s superfood. Sprouting is about a lifestyle change for people seeking a non-pharmaceutical path to improved health and wellness.

Join them on Monday, Oct. 22, at the Nobleton Community Hall, 19 Old King Road, Nobleton. Doors open at 7:30 p.m. Meetings are held on the fourth Monday of the month from March to October (excluding July and August).

Guests welcomed. Individual annual membership is \$20 per year and \$30 for a second family member. Guest fee per evening is \$5. Product available for sale at the meeting.

ROB PAYNE

CANDIDATE FOR WARD 5

LISTEN. ENGAGE. INSPIRE.

I'm **COMMITTED TO KING** and the residents of Ward 5. Over the course of this campaign, I've listened to what's important to you.

Speeding & Traffic Calming in our neighbourhoods and on Lloydtown Aurora Road, King Road, Jane Street and Burns Boulevard. I pledge to take action and address Speeding & Traffic.

Controlled & Sustainable Development. Protecting and Preserving our Mature and Established hamlets and neighbourhoods - including Kingscross Estates and King Heights.

To preserve our community, Opposing and Stop Long-Term plans by the Region of York to extend and widen the 15th Sideroad to Hwy. 400 through environmentally sensitive areas and Kingscross Estates.

Revitalization of our village cores.

Property Taxes. Ensuring you are kept informed and your concerns are voiced.

And I will continue to listen as your Councillor for Ward 5.

I've engaged you in conversation at the door, on the street, on the telephone, in the coffee shop and online. I will continue to actively engage the community, including attending and participating in public meetings, events and driving community engagement through digital & social media channels.

Lastly, I will strive to inspire the community and spark a **new and energetic approach**. Inspire our young people, volunteers, businesses, seniors and residents to take an active role in building our community spirit and vision for the future.

Together, we can make difference. On Monday, October 22nd, I respectfully ask for your vote and support.

Thank you.

Sincerely,

Rob

King's Leon flashes brilliance in Women's World Cup

By Jake Courtepatte

Adriana Leon made her return to the world stage early last week in a qualification game against Cuba, putting together a performance that ensured her a permanent spot on the Canadian Women's World Cup roster.

The 26-year-old King City native blasted home four goals in a 12-0 routing of against the 88th-ranked Cubans for the fifth-ranked Canadians in the CONCACAF World Cup qualification tournament.

"We're feeling pretty good," said Leon on the CONCACAF post-game broadcast. "I think it was a pretty dominant performance. I thought we kept the level high up until the 90th minute, so it was a good team performance."

Leon, who suits up for the Seattle Reign FC of the National Women's Soccer League, posted a brace by the 23-minute mark before adding two more in the second half.

She backed up her resume with yet another pair of goals Monday night in a 7-0 win over Panama in the tournament semifinals, a game that clinched a spot for Canada in the Women's World Cup next year, their seventh straight tournament.

With the top three teams earning qualification, the defending champi-

on United States are also already in, who Team Canada will meet in the finals later this week.

"It's gonna be physical, for sure," said Leon. "It's gonna be tough. It's always hard to play against the U.S."

"They're the number-one team, they're number-one for a reason. So it's gonna be a tough battle, but I'm looking forward to it. They're always our big rival, so we'll be gearing up for it."

Growing up in Maple, Ontario, Leon's parents moved the family to King City when she was 16 years old in 2008. She was still attending classes at The Country Day School the first time she was called up to represent her country internationally, playing in the U-20 World Cup a year later.

Since then, her career has taken her to all corners of the globe, from Cyprus, to Japan, to Germany, and Brazil.

It was in 2012 that she joined the senior squad and got the opportunity to play alongside her childhood idol, Christine Sinclair. She scored the only goal in a 1-0 win over China PR, and has now found the back of the net 12 times since joining the senior team.

Leon was a player on both the rugby and volleyball programs at The Country Day School as well.

Cougars stung by Hornets in a high-scoring affair

By Jake Courtepatte

Just one month into the Provincial Junior Hockey League season, the Schomberg Cougars/Alliston Hornets rivalry has already heated up.

The two sides squared off for what was already the third time through the first nine games on Thursday night, needing extra time in both decisions.

All square at twos after the first period of the latest battle, team-leading scorer Brandon Scholten gave Schomberg its first lead of the game just over four minutes into the second, which doubled thanks to Jonathan Calleja's first of the year just over a minute later.

Three unanswered markers from Alliston once again put the Hornets on top, before Lucas Brockie tallied an unassisted goal late to make it 5-5.

Schomberg found themselves playing catch-up again after Alliston went up 7-5 just over half-way through the third, before Alexander Cordeiro made it a one-goal game with a little under three minutes left on the clock, with the score reading 7-6 by the final buzzer.

Parker Lantz still made an impressive 31 saves in the Schomberg net, snapping a three game unbeaten streak with his first loss of the year.

In Huntsville the following night to face the Otters, a third period push wasn't enough to erase a two-goal deficit, when Huntsville added a late empty-netter to ice a 4-1 game.

Despite doubling up on Huntsville's shots in the final frame, the Cougars lone goal was netted by Spencer Ripley early in the second.

Schomberg sits eighth in the Carruthers division standings, three points back of the Penetang Kings with a record of 2-6-1-1.

Despite finding themselves on the wrong end of a few lucky bounces, this year's Schomberg club has shown plenty of potential in the scoring department: averaging 3.5 goals per game over their first ten games of the season, Schomberg trails only Alliston, the Stayner Siskins, and the Midland Flyers in the category.

The veteran trio of Scholten, Ripley, and Brandon Cohen have jumped out of the gate to playing at over a point-per-game pace, all sitting just shy of the top ten in the league scoring race with eleven points apiece.

Cordeiro has impressed in his first month in a Cougars uniform, posting 10 points through his first 10 games.

The Cougars will have a chance to earn some revenge on the Otters (5-5-0-1) Thursday when they host them at the Trisan Centre. Puck drop is set for 7:30 p.m.

They then return to Alliston for yet another meeting with the Hornets the following evening.

PROUD SUPPORTER OF Habitat for Humanity

Future 'rock stars' rock the house in King curling

By Shellee Morning

Nothing is more satisfying than seeing the jubilant face of an 8-year-old who curled their stone down the ice and settle into the house where it was supposed to go. An achievement that even the most seasoned adult curlers, love to accomplish.

Coach Julie Oakley, returning to her 6th year with the King Curling Club's Little Rock program, is excited with her newest assembly of energetic future curling stars. These kids are like sponges and resilient to the challenges this sport presents and endures. The Little Rock program operates Wednesday and Thursdays for 7-11-year-olds. The program offers a Bonspiel as well as the very popular Hit, Tap and Draw competition.

Coach Julie is really looking forward to the club's future stars and another great year of memorable moments with these youngsters.

The Bantam program also operates on Wednesday and Thursdays and with 2 teams in the Toronto Curling Assoc. league, we are in for what's anticipated to be a very exciting season. Returning Skip Ethan Mumford and brother Eric as Lead, along with Kayla Emerson playing Vice and Rachel Fenning as Second make up Team 1. KCC second returning team consists of Ben Harbridge as Skip, Matthew Murphy as Vice, Johnathan Brunato in 2nd position and Matthew Harbridge as Lead. Both teams are returning with experience and have proven to be contenders in their field.

On Oct. 21, the well received Adult Learn to Curl program will begin with a full house of new enthusiasts. This program is greatly recommended for the never-before curler that highlights the basic skills of safety and technique to the sport. The last 3 weeks of the program is dedicated to game play. The program when completed has the "newbie" league ready with a full understanding of the rules and game of curling. Anyone interested in learning more about any of these leagues for youth or adults can contact Kingcurling.com for a full listing of what the club has to offer.

Local curler selected in U18

King Curling Club and local resident

Codie Harris has been recruited by Team Naus to play in the U18 Ontario Junior Curling Tour. Codie began curling at the age of 4 with the club's Little Rocks program and now the Grade 12 student has not only consistently moved up the ranks, but has done so at a rapid rate. Long-time Coach Julie Oakley adds: "Codie has done so well and we're all very proud of him and his achievements."

Harris with his full time studies and competitive curling schedule has even found the time to help with the Little Rocks program this year bringing his positive and pay-it-forward attitude.

Playing as vice for Team Naus, Codie will be participating in the Slam Series and CurlOn Bonspiels and Qualifiers with some of the U21 dates. Players are from Scarborough, Pickering and the Campbellville areas, and the goal for this young team this year is to be competitive amongst the more seasoned teams within the province. The team practices a couple of times a week at Tam Heather curling club situated in Scarborough and at least once a week at their own respected clubs. King Curling Club wishes Codie a great curling season and the best of luck at the spiels and qualifiers.

Leaders of the House

After 2 weeks of play the club's leagues are in no doubt short of excitement. Already teams have come up with amazing shot making and turn of the table surprises.

In the Men's division a 4-way tie for the leadership is between Teams, Boynton, Brown, Scott and Sheardown. The Ladies league records last year's League Champion Team Stronach ahead by ½ point over team Morning while Teams Bones and Jessop are trailing by just a point to round out to top 4.

The Mixed Team Entry league has new Skip Sylvain Pellhand out in front by a ½ point over Teams Morning and Steenhoek who are tied for 2nd spot. And the brooms of Teams Boynton and Campbell are sweeping right behind for 3rd place.

The action is heating up, the scoreboards are counting with some pretty big totals, and the memories are building. What more could a curler ask for?

From Page 3

He's served on several community organizations, including CCKT and the Food Bank. He would be interested in serving on the HAC, Sustainability Committee and library board.

Schneider serves on King's Accessibility Advisory Committee and York Federation of Agriculture. He's also a volunteer firefighter in King. He vows to remain "connected" and available 24/7.

Eek, who operates a Holland Marsh farm with her husband, notes her role as councillor is her top priority. For her, the job is not part-time and she's served on many committees and attends all local events. Her personal motto is "being present and speaking up."

Given his concerns with the Holland Marsh Drainage Board, Dyriw said that's one organization he would get involved in. He's a Marsh farmer as well, and he has scaled back his operation to free up his time.

One resident asked the candidates how they would balance greenspace with sustainable development.

Cober noted the OP will guide the future vision and direction of King and he urged the public to get involved in 2019 during consultation sessions.

Asselstine said the Township is governed by various planning documents and provincial legislation already protects the greenbelt and Oak Ridges Moraine. Growth is limited to our urban

centres.

Boyd said under the Sustainability Plan, all plans should be reflective of sustainable goals. The task at hand is to make sure the OP aligns with the Sustainability Plan.

Draisey said King's natural environment is the best defence against climate change and she will work hard to protect all of King's greenspace.

Dyriw noted King's destiny is ruled by the people and it has kept true to its spirit.

Eek said King's zoning bylaws for the rural areas are being revamped in 2019 and she's encouraging residents to provide their concerns and input.

Simpson said King will continue to limit growth to the urban areas and not infringe on the rural areas.

Schneider said development is taking place in King, but some areas will never see it. He vows to keep any development off of prime agricultural land.

Another resident asked candidates what they would do to upgrade many of King's sub-standard roads.

Simpson said many residents expressed the same concern at the door and he discovered they're split - half want all roads paved, others don't. Some argue that once a rural road is paved, it will attract traffic and speeding will increase.

Schneider said council would have to weigh the pros and cons, and the costs of paving gravel roads.

Region remains vigilant in tracking and managing invasive plants and insects

The Regional Municipality of York continues to combat the effects of invasive species such as the emerald ash borer and giant hogweed across York Region with strategies to slow down their spread.

"Invasive species in York Region and Ontario continue to be a growing environmental and economic concern," said York Region chairman and CEO Wayne Emerson. "York Region remains proactive in our approach to assessing, preventing and mitigating the impacts of these invasive species."

Ontario has more invasive species than any other province or territory in Canada. The potential economic impacts on agriculture, fisheries, forests, health care, tourism and the recreation industry are estimated at \$3.6 billion per year.

"The Region is committed to protecting our residents, our assets and the local environment," said Vaughan Regional Councillor Mario Ferri, chair of Environmental services. "By investing in prevention and early detection of these invasive species we can minimize the need for long-term, more costly management."

Together with regulatory agencies, the Region remains vigilant in monitoring for tree pests and diseases and works with partners to reduce the impact of hazardous plants such as wild parsnip and giant hogweed along Regional roads.

LEARN ABOUT THE NOBLETON TRACT CONTROLLED BURN (FALL/WINTER 2018)

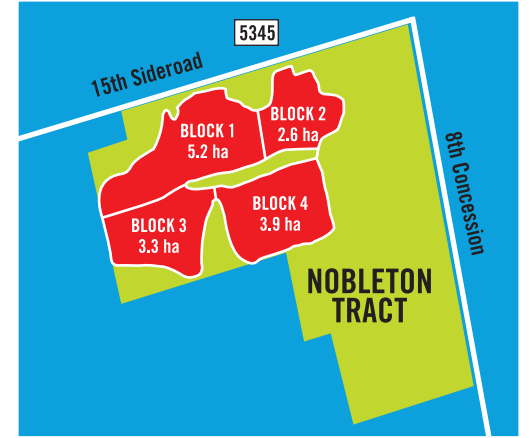

Date: Tuesday October 23, 2018
Time: 7 p.m. to 9 p.m.
Location: Nobleton Arena & Community Centre
 Nobleton Arena Hall
 15 Old King Road
 Township of King, ON, LOG 1N0

The Regional Municipality of York is planning a controlled burn of a tallgrass prairie located in the Nobleton Tract of the York Regional Forest.

Controlled burns are carefully set and managed fires that are an important restoration tool to help maintain and protect tallgrass prairie habitat. Fire-dependent ecosystems like tallgrass prairies contain plant species that respond positively to fire and gives them an advantage over weedy less-desirable plant species.

The red shaded area on the map indicates the area to be burned in fall/winter 2018. During the burn, access may be temporarily restricted in areas surrounding the burn site.

Please let us know if you require accommodations to participate in this meeting. An accessible version of this notice is available upon request.

Ward 1 candidate Cescolini champions tax reduction

By Mark Pavilons

Reducing taxes is top of the list for Ward 1 candidate Jordan Alexander Cescolini.

The life-long King resident pointed out the average household in King Township pays \$12,182 a year in property taxes. In comparison, the average house in Vaughan pays \$6,850; Richmond Hill \$7,418; Aurora \$7,394; Newmarket \$6,698 and Markham \$6,762.

“Council has argued over the past few years that the reason your property tax bill is so high is due to the price of homes in King Township. Regardless, the cost of removing garbage, snow removal, and other municipal services do not change based on the value of your home and for too long the residents in King Township have been paying far too much and seeing far too little in return. If elected, I will bring fourth much needed tax reform and make every dollar go further.”

Cescolini also stresses that investing in our infrastructure is vital.

“Over the last decade our community has seen a surge in development, our one lane roads have been overwhelmed and traffic congestion has led to a decrease in road safety. Commuters passing through our community have been taking short cuts through neighbourhoods to avoid congested

main roadways and intersections. This puts at risk our community! Especially our children and seniors! It is time for council to recognize this huge risk and stop ignoring the plain fact that our roadways are becoming less safe. If elected, I will use the one-time development charges that new homes pay, to build safer roadways to alleviate traffic congestion. I also promise that every time a main roadway is expanded or even resurfaced that we mandate that a side walk is installed if it is not existing and a bike lane is put to ensure maximum safety for everyone in the community. Together with property foresight and planning we can continue to grow sustainable and increase safety in our community.”

Cescolini said community recreation is the cornerstone that binds a community together. It is where we gather to play, cheer, and make memories.

“With the growing number of people calling King Township home it is our duty to ensure we create environmentally sustainable recreational infrastructure. This starts with building a community centre in the heart of King City, that features new ice rinks and both indoor and outdoor soccer fields. But it extends way past that into creating and maintaining new walking/biking trails in our green spaces and building youth conservation programs, so the next generation can see the importance of sustainability and lead a generation that will help promote and enhance this in our dear community.”

Cannabis will impact driving

The legalization of recreational cannabis will likely have an impact on drivers, according to a survey conducted by Desjardins.

Survey highlights reveal:

- 71% believe there will be an increase in impaired driving now that marijuana is legal.
- 77% say that there has not been enough driver education on the topic.
- 75% are concerned with progress in crucial areas like legislation, testing and awareness.
- 81% believe we lack the tools and resources necessary to identify marijuana-impaired drivers.
- 75% are concerned with progress in crucial areas like legislation, testing and awareness.
- 20% have driven at least once under the influence of a prescription drug.

According to the Traffic Injury Research Foundation (TIRF), the percentage of fatally injured drivers who tested positive for marijuana rose to 20.9% in 2015 from 15.9% in 2000

According to TIRF, the two biggest age brackets for fatally injured drivers who tested positive for marijuana in 2015 were 16-19-year-old drivers (32.1%) and 20-34-year-old drivers (35.9%)

According to Statistics Canada's National Cannabis Survey, one out of every seven marijuana users with a valid driver's licence is getting behind the wheel within two hours of consuming marijuana.

Schomberg Should Know

By Wendy-Sue Bishop
905-590-0054
wsue52@hotmail.com

King Public Library

October is "Canadian Public Library Month" where librarians and library partners raise awareness of the valuable role the library plays in Canadians' lives.

KTPL has a very busy month of events planned and invites and welcomes everyone to come out and help us celebrate!

Thursday, Oct. 18, Schomberg Library will be hosting a "Butterfly Talk" with Grazyna Tonkiel. Grazyna, a local artist and international expert on the lives and habits of the butterfly, will tell us what happens to butterflies in the winter.

Nobleton Library is also hosting "The Repair Café" on Saturday, Oct. 20 from 10:30 a.m. to 1:30 p.m. Volunteer fixers will be on hand to fix anything from toys, tools, to furniture and small appliances.

Never fear moms, Monday, Oct. 22 is a PA Day and we are offering a free program at Nobleton Library, where kids 6 and up can make their own "Horrific Origami!" from 1-1:45 p.m.

From Tuesday, Oct. 23 through to Wednesday, Oct. 31, Nobleton Library will be offering a boo-rific good time to kids of all ages, especially 0-6. Our Pre-School Haunted House will have thrills and chills, music and crafts. Come in costume and experience the fun of Halloween!

The culmination of our month of October is on Thursday, Oct. 25 where Schomberg Library hosts an event we call "One Book; OneAuthor; Three-BookClubs." Plum Johnson, the celebrated author of the memoir "They Left Us Everything" will be telling her story and all three of our book clubs in the KTPL will be on hand to appreciate her stories and memories. Everyone is welcome. This starts at 7 p.m.

Schomberg United Church

This past Sunday we celebrated with Nobleton United on the occasion of

their 122nd anniversary. The focus of the service was on "As for me and my household, we will serve the Lord." (Joshua 24:15).

We as a church are the house of God, so how exactly do we serve? We serve by sharing the Gospel, the message of Jesus, a message that offers hope. We serve by offering a place where we can meet you wherever you are on your faith journey; whether you have been a life-long church goer or if you are still trying to figure out this "God thing." We serve by looking for ways that we can meet the needs of our community. One of the demographics that we intentionally serve is the senior population. Our monthly lunches provide a hot nutritious meal, time for socializing and some light entertainment. Once a month we have Sunday services in Kitchen-Breedon Manor to make it easier for some to attend, and at the same location on the last Thursday of the month, I offer coffee, juice and a snack along with some conversation as a way of spending some quality time with some lovely people.

Some of the other things we are doing are:

The joint Nobleton-Schomberg choir, called The Joyful Spirits. Come join us on Wednesdays between 7 and 8:15 p.m. at Nobleton United.

Holy Humour Sunday is on Nov. 18 and The Joyful Spirits will sing "Everyone Has a Place in the Choir." This piece is guaranteed to have you laughing. There will be hilarious jokes told as well. It will be a fun service.

This month's Seniors Lunch is on Tuesday, Nov. 20, the entertainment will be Sentimental Journey, with singing, guitar, drums, and piano.

Schomberg United meets at St. Mary Magdalene, 116 Church St. From September to June, services are held at 9:15 a.m. On the first Sunday of the month we meet at Kitchen-Breedon Manor, and all other Sundays at St. Mary's. Information can be found at nobletonunitedchurch.com, click on the Schomberg United link. I can be contacted at 905-859-3976.

Scarecrow Competition

The Schomberg Scarecrow competition is well under way. This year there is a new category for you to make your mark - "Selfie Competition." Since selfies seem to be the current fad, whoever takes the most selfies with the astounding scarecrows, around town could win \$50. #schombergscarecrowselfie

This competition is literally open to everyone whether you are a business, team, organization or just you!

The categories are business, team, organization, family and First Timers!

Jennifer Caruk is the Scarecrow "CEO" this year and her email is thecaruks@sympatico.ca

The website is www.schombergscarecrows.com

Lions Club

On Sunday, Oct. 21, the Schomberg Lions are celebrating a very special milestone as the Kitchen-Breedon Manor marks its 25th anniversary. Everyone is welcome to share in this celebration with special presentations happening at 2 p.m., followed by light refreshments.

Come celebrate with the Lions and the current residents of the 32 Unit KB Manor at 40 Roselena Drive as we look forward to the next quarter century of this beautiful, well-needed and appreciated Kitchen-Breedon Manor.

Upcoming Lions events include Hockey Day in King, Saturday, Nov. 10. Join the Lions in cheering on our Schomberg Midgets and the Schomberg Cougars. Wear red and white. Festivities begin at 3 p.m. with the Cougars 50th Anniversary Alumni game starting at 6 p.m. Beer and wine will be available for purchase.

Remembrance Day Ceremony, Sunday, Nov. 11. Please join us at the Cenotaph, located at the Trisan Centre, 25 Dr. Dillane Dr. Schomberg on Sunday, Nov. 11 at 10:30 a.m. Refreshments to follow provided by the Schomberg Agricultural Society.

BBQ and 50/50 Draw at A Main Street Christmas, Schomberg, Saturday Dec. 1. Tickets are on sale now for \$5 each from any Lion. Look for us around town and at Foodland. Cash prize is a maximum of \$2,500.

KING VOTES
10.22.2018

King Township Food Bank centres open this Saturday

Visit www.ktfb.ca for the latest news and updates, including distribution dates, that are always the third Saturday of the month. For November, the date is Saturday, Nov. 17.

This Saturday, Oct. 20, the three Distribution Centres are open from 9 to 11 a.m. to receive those registered with the Food Bank. If you need help, please call ahead 905-806-1125 or ktfoodbank@gmail.com so food can be shipped to the appropriate centre in the right quantity for you.

After that, at the King City location there will be a Pop Up Clothing Give-away from 12-2 p.m.

Three cheers to Sacred Heart. Their hard work resulted in a cheque for \$7,000 to King Township Food Bank late in September.

Smile Cookie sales from the King City Tim Horton restaurant topped \$2,900, and it is all directed to the King Township Food Bank again this year. Huge thanks go to all who bought cookies, some by the boxful to share with colleagues, friends and family, and of course to the Mizzonis who tagged KTFB as the beneficiary of this annual event.

Thanks to the Tim Hortons in Schomberg and Dorio's Kettleby Italian Bakery, there are extras in the form of locally baked bread and sweets at every distribution. We also thank the anonymous cucumber grower for the abundance of cucumbers. Hillside Gardens continues their fabulous monthly year-round sponsorship with a generous selection of root vegetables, along with cauliflower and celery in season.

The annual sponsorship campaign for 2018-19 closed with a record of over \$20,000 being raised. The brochure is in production and the website to be updated, so you will be able to see the full roster of generous businesses soon.

The period ended with \$1,500 from Coldwell Banker Ronan Realty, and Green Tractors Nobleton at the Gold Level, with Schomberg Veterinary Services and Ford Fines Lincoln (Bolton), with McDonald's Schomberg at the Silver Level.

Sip & Savour tickets sales are brisk; they can still be purchased either through www.ktfb.ca or at retail out-

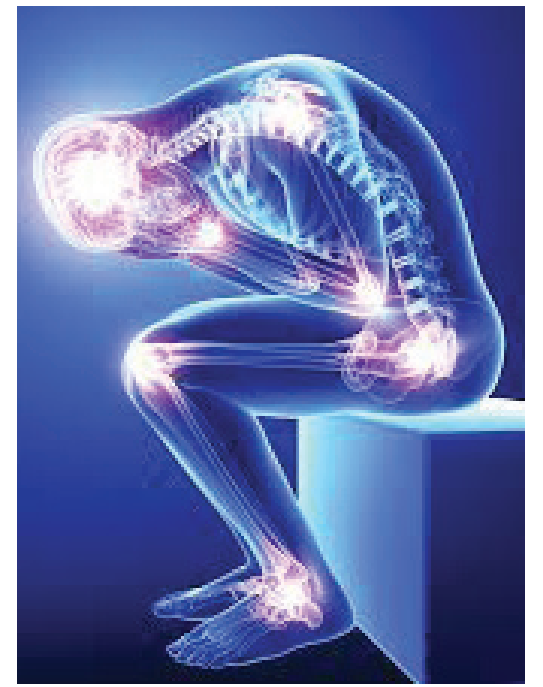

York Energy Centre has become a Diamond Sponsor for Sip & Savour. Shown above, Bill Mercer plant manager and Laura Tuckett, plant administrator, presented a cheque for \$2,500 for this year's Food Bank Sip & Savour. Grazie mille!

lets across King. This year, York Energy Centre, at the Diamond Level, is headlining the lineup of sponsors who support with cash or in kind goods and services. Nobleton Lions are again coming in above the Platinum level, with Dominion Securities (Michael Hogg), Trisan Construction, Kingsdale Animal Hospital and John's No Frills at the Platinum level. This is the last week that we can accept sponsorships to be able to get the logos to the printer for on site signage.

Faithful returning in kind sponsors include King Weekly Sentinel, Party Magic, and King Print. Curbex has supported the event with a deeply discounted mobile sign rate; Marquis Gardens have offered generous support for a very special installation, and Lisa Pace Photography will be offering the photo booth this year; the backdrop will be stunning! Jenn Scherle of Art in the Park will be present to share her passion for painting. A special entertainment group in Toronto is giving us a Green Level Sponsorship on one of their services, but to tell you more would take away from the WOW factor that Meline Beach and her team are planning for this year.

Arthritis:

New Approach
Delivers
Remarkable
Results

If you suffer from Arthritis you need to be aware of effective advancements that can eliminate years of pain, suffering, immobility and frustration.

You may have told your doctor you suffer with one or more of the following: sore, stiff knees, painful achy hips, low back pain, mid back pain, neck stiffness or pain, hand stiffness, shoulder pain or elbow pain.

You may find that your pain or stiffness affects your work, housekeeping, leisure activities, exercise, sports or other activities. You go to the drug store or to your doctor and get pills to help relieve your pain. But you find the pain keeps returning. Alternatively, the doctor may refer you to a specialist who may tell you that surgery is needed or is an option for you.

However, many people are hesitant to have surgery given its invasive nature. It is important to know that although surgery is sometimes necessary, it is considered a last resort in most cases.

Also, you may have heard that there are serious health risks associated with chronic use (or overuse) of pain pills or anti-inflammatory drugs that include damage to the liver, kidneys and gut.

There is a new, natural, safe and highly effective approach that has helped many sufferers improve their

lives dramatically: Laser therapy uses light to favor and accelerate the body's natural healing processes. The innovative Multiwave Locked System (MLS) Laser produces a safe, efficient and simultaneous effect on pain, inflammation, swelling and water retention, exceeding the limits of traditional LLLT (Low power) and concerns of HP (High power) laser therapy.

What does this mean for you?

Our patients have reported a 90-95% relief of their symptoms, more mobility, increased flexibility and vastly improved function!

It is the very latest in medical technology, with years of clinical studies supporting its safety and efficacy and we are very proud to offer our patients effective solutions to their recent or chronic conditions.

"This new, natural, safe and highly effective approach has helped many sufferers improve their lives dramatically".

Come in and allow us to help you achieve the results you deserve! Call (905) 773-2225 to book your FREE consultation and examination at King West Wellness Centre 141 King Rd., Unit 10, Richmond Hill (In the Home Hardware Plaza)

#hospicemoments

Question:
*Why are you
a hospice nurse?*

Answer:

Many think that this job is filled with only sadness and tears, but each resident that enters teaches me how to live. It's an honour when families bring their loved ones to us, allowing and trusting our team to help them "live until they die". Through their stories and family & friend connections we learn that every life, every day and every moment is important and we all need love, care and respect right up to the last breath.

No two days are ever the same at the hospice as residents and families are unique and different but you can always find lots of love and hugs when you need them. The team of healthcare professionals is like no other I have encountered, all filled with a compassion for palliative care. As a Registered Practical Nurse I do have one of the best jobs ever, but now, also pride myself on being a hug specialist!

Lisa

RPN

"Working at the hospice I see the true essence of life. Its vulnerabilities and strengths, tears and laughter, joys and sorrows, reflection and truth. Every day I make a new friend at the Hospice and every day I witness humanity. It is truly a gift to share my life and be invited into the lives of others.

The Hospice is a place where we can truly be ourselves. Beyond its open doors, people share with one another, they love, they cry, they smile. The care we provide goes much further than the physical - it is also emotional care. What's better than a quiet chat, holding hands, hugs, telling a joke or playing some music. These are very human experiences that lie deep within each of us. My colleagues are also a part of my family, and make the Hospice my second home. The Hospice is a place where we care for one another, residents, families, friends and colleagues.
- no questions asked.

Home can be anywhere and is a place where you never feel alone and a place you are loved.
This is the Hospice."

Schomberg Club 55

Schomberg Club 55 meets every other week at 10:30 a.m. in the Curling Lounge of the Trisan Centre, 25 Dillane Drive. This group, along with their regular meetings, organizes special events, programs, activities and outings for seniors in our community.

Their next outing is planned for Friday, Nov. 2 to Flato Markham Theatre, 171 Town Centre Boulevard, Markham. You will be blown away by The New Chinese Acrobats, who are an elite handpicked troupe of Chinese acrobat performers who will astound you with their daring feats of strength, agility, balance, grace and artistry. Their amazing acrobatic prowess defies the laws of physics and nature leaving you in a state of awe and wonder.

Personal transportation is being organized but if you are interested, please call Lynn Bird at 905-836-2597 or email schombergclub55@gmail.com

Rich Hill United sale

The Rich Hill United Church Women (UCW) are at again with their Big Bake & Small Craft Sale happening on Saturday, Oct. 27 from 9 a.m. to noon.

This quaint, historic, well-maintained and well-loved little country church is located at the corner 2nd Line and 10th Sideroad in Tecumseth Township.

Their doors are always welcome to new-comers and old-timers alike and as a tease, these women really know how to bake!

Horticultural Society

For the last general meeting of the year, the Schomberg Horticultural Society is delighted to welcome our special guest speaker who will bring live specimens to supplement his presentation on "Emerging Trends." Dan Short comes to us with a wealth of experience and a passion for making people happy through plants. Originally from Kent, UK, he is now a manager with Sheridan Nurseries and is keen to share his experiences in horticulture. Please join us on Tuesday, Oct. 23 at 7:30 p.m. in the Schomberg Community Hall on Main Street. You will have a chance to speak with Dan afterwards while enjoying some light refreshments. New members are enthusiastically welcomed. Meet-

ings are held on the fourth Tues. of the month from March to June and September to October. Individual membership is \$20 per year and family membership is \$25. We also welcome those who wish to attend just one or two evenings for \$3 at the door.

Couture For The Cause

This year marks the 100th anniversary of our Remembrance Day and the end of World War 1.

A good way for us all to mark this momentous date is to come out to "Couture For The Cause" at the York Pines United Church on Oct. 26 and 27, from 7 to 9:30 p.m.

This is a vintage fashion show, lining the runway with visual remembrances of the past century along with commentary that shares the history of the same times of both Canada and our own King Township.

Those who have and will continue to put their lives on the line for their country every day will all be honoured.

There will be light refreshments and entertainment throughout the evening. All proceeds go to Wounded Warriors.

To order tickets please call 905-939-7158 or 647-239-0442 or visit the website www.maisonintemporelle.ca

Diane Henry open house

Diane Henry was born and raised on our glorious Main Street of Schomberg and went to Schomberg Public School in the '50s.

Her dad was Cecil Henry who was always referred to as the "Mayor of Schomberg" and her mom was Aileen, the most gracious and elegant lady. I can still see Aileen raking the lawn and the huge mountain of leaves they always had in the fall - all dressed up, hair coiffed and forever genteel.

Diane moved away many years ago but every few years, her schoolmates of Schomberg Public School, would meet up for a much anticipated reunion. Bill Foran, Ken and Joan Rice, Donnie Graham were a few of these classmates and Elmer McFadden was their teacher.

So, former classmates of Diane, former neighbours, relatives and all friends are invited to an open house to celebrate Diane's return visit. This open house will be at the Schomberg Community Hall on Thursday, Oct. 25 from 1 to 4 p.m. Be prepared for a lot of memories, nostalgia and rampant laughter!

King's Corners

**King City United
By Sheryl Sinka**

Rehearsals have begun for the annual Men's Dinner and Show. The dates for this wonderful performance and roast beef dinner are Nov. 23 and 24 at 7 p.m. For tickets (at \$30) you can call the church office.

Please join us for worship on Sunday at 10 a.m. (Sunday school runs at the same time).

For those looking for some conversation and company, Tea and talk takes place on Friday mornings at the Sunset Grill (1700 King Rd) at 10 a.m. All are welcome to come out and join in a cup of coffee or tea and some conversation.

If you have any questions please contact the church office at 905-833-5181.

King Bible Church

Please join us on Sunday, Oct. 21 as Pastor Mark will be continuing our journey on "The Guaranteed Places to Encounter God" with "Character and the Gifts."

"Every day is full of various encoun-

ters, encounters with our families, encounters with our neighbours, encounters with those we work with or go to school with. Each one of those encounters in varying degrees has had a part in shaping who we are and who we will become. This coming year we as a church are going to focus on another encounter; the encounter to meet with God. We are going to walk through 8 different places that God has said through his Word he will meet us and transform us. We would like to invite you to join us on this life changing journey."

Please take advantage of our excellent children's ministry. Our Sunday morning "Celebration Zone" provides age-appropriate programs for children aged 4 to Grade 8. Our children's program is staffed by screened volunteers who care about your kids! The children in Grade 1-8 will join their parents for the beginning of the service until they are invited to go downstairs. The children in Kindergarten can go directly to their class at the start of the service.

Our "Legacy" nights are our family Bible Study nights.

We chose the theme of "Legacy" because we believe that's what families are looking for; both to be a part of as well as leave a lasting "Legacy."

We will provide nursery care for children 0-3.

Kids clothes, books, toy and equipment swap will be Saturday, Oct. 20 from 10 a.m to 2 p.m. We are looking for kids clothes, toys, books and equipment in good, clean condition only please. If you have something to donate, please contact the office (number & email below) Tuesday-Thursday between 9 a.m. and 3 p.m.

You can find us at King Bible Church, 1555 King Rd. King City (at King Rd. & Dufferin), 905-833-5104 www.king-biblechurch.com or info@kingbiblechurch.com

**St. Andrew's
By Kathy Patterson**

Join us this Sunday, Oct. 21 at 10:30 a.m. as St. Andrew's celebrates 60 years of being in King City! We are looking forward to having Alison Agnew, a gifted teacher, as our guest speaker. Alison grew up in King City and was very active in the life and work of St. Andrew's. It is always such a blessing when she comes back to share God's message with us. The Rev. Dr. John Vissers will also be with us and will minister the sacrament of Holy Communion.

A light lunch will be served following the service. The children will remain in the sanctuary for this special service. A nursery is available.

Last Sunday Lynn Vissers continued her sermon series on Ruth having us look at Ruth 2:17-23. "The Power of Hesus" or God's loving kindness was always present for Naomi and Ruth even through bitterness and grief. In Psalm 143:8 David said, "Cause me to hear Thy lovingkindness (Hesus) in the morning, for in Thee do I trust, cause me to know the way wherein I should walk, for I lift up my soul unto Thee."

The next Messy Church for families is next Sunday, Oct. 28 from 5-7 p.m. We hope to see you there and bring your friends for this fun, creative time where we get to know about God's love for us. An always delicious communal supper is shared at 6 p.m.

Soup and Conversation for "the after work gals" is back. Come out Wednesday evenings at 6:30 p.m. Call Lynn at the office for more information.

Cleaning out your clothes closets? Warmer winter clothing for men, women and children is now being collected to be taken to Evangel Hall. Contact Bonnie Mooney at 905-833-5256.

ADVERTISING RULES OF THIS NEWSPAPER

The advertiser agrees that the publisher shall not be liable for damages arising out of errors in advertisements beyond the amount paid for the space actually occupied by the portion of the advertisement in which the error occurred, whether such error is due to the negligence of its servants or otherwise, and there shall be no liability for non-insertions of any advertisement beyond the amount paid for such advertisement. All advertisers are asked to check their advertisements after first insertion. We accept responsibility for only one incorrect insertion unless notified immediately after publication. Errors which do not lessen the value of the advertisement are not eligible for corrections by a make-good advertisement. There shall be no liability for non-insertion of any advertisement beyond the amount paid for such advertisement. We reserve the right to edit, revise, classify or reject any advertisement.

DEADLINES

Unfortunately deadlines do not allow us to take ads after 5:00 p.m. on Monday. When there is a holiday Monday, the deadlines will be Friday at 5:00 p.m. All ads must be paid in advance by deadline or the ad will not run. WE ACCEPT VISA, MASTERCARD, AND AMERICAN EXPRESS PAYMENTS OVER THE PHONE

All Saints Anglican Church
By Patrick Gossage

Blessing our animal friends – Last Saturday afternoon on the church steps 20 or so animal lovers and their pets – mostly dogs, but one cat and a bearded dragon lizard named Capone – gathered for a special service of blessing. A prayer was used in the service written by Albert Schweitzer: It asked that we entreat for animals that are suffering. “Thy mercy and pity ... and for those that deal with them we ask for a heart of compassion ... Make us to be true friends to animals.”

The animal rescue and rehabilitation center “Shades of Hope Wildlife Refuge and Sanctuary” was represented by founder Gail Lenters who said that they treated 4,000 injured animals

a year. A generous offering was donated to her critical work. We are blessed by our pets and this was their day to be blessed in return.

Special welcome for new parishioners – Our patronal feast of All Saints falls on Sunday, Nov. 4 and after the 10:30 service that day there will be a special coffee hour as we gather as a community to welcome and connect with those who have recently joined us. Come as you are. All are welcome.

Words to live by – Mark 10 contains the difficult teaching of Jesus that says how difficult it will be for the rich to enter the Kingdom of heaven. Christ says: “Go, sell everything you have and give to the poor and you will have treasure in heaven. Then come, follow me.”

Rev. Dr. Elizabeth, using the Simon and Garfunkel song “The Sounds of Silence,” said that we must pass through darkness into light with passionate prayer, realizing that Christ has been there and that we can be transformed and achieve life in the Kingdom. The first step is to be in the company of Jesus and she suggested we add to the prayer “thy Kingdom come,” let my kingdom of things go. “God is here and the spirit of God is with us,” she said. “Nothing is impossible with God.”

Nobleton Notes

By Angie Maccarone
416-917-0406

St. Paul's Church

Once a year, St. Paul's has a Civic Services Appreciation Sunday. We do this because it's an important role in our community. If you serve in EMS, fire or police work, please come and let us celebrate you and pray for you, along with your family members!

The Community Youth Group meets most Thursdays at the church from 7-9 p.m. Come join in the fun. Follow our Instagram account to stay up to date on current events, "4.12.youth.group."

Check this space for details, or contact our church office at 905-859-0843. A2J, our program for kids in Grades 3 to 6, meets the second and fourth Fridays of the month at 7 p.m.

LifeConnect Groups are small gatherings for friendship, study and prayer. Our newest LifeConnect Group gathers on Thursdays at 7 p.m. at the church to learn the faith and grow together. We have several other LifeConnect Groups that meet throughout the week. If you are interested, please contact the church office and we can give you further details on these.

We are blessed at St. Paul's to have diligent librarians that have worked for years on creating an amazing library with new books being added weekly. This is a true gold mine if you are a

reader. You're welcome to borrow from it anytime!

The first and third Tuesday of the month we have a group of people that get together at 1 p.m. to do quilting. The second and fourth Tuesday of the month, the focus is on knitting. You are welcome to join us.

This Sunday Jeff continues his series on the Gospel of John. Jeff's message this week, "Scratching the surface" is based on John 7.10-24 - Ministry for children of all ages takes place at the same time. Following the service all are invited to spend time together over refreshments.

Jeff's messages are posted at www.passionatelyhis.com each week. They are also on Facebook Live and are available on the church's Facebook page (@stpaulsnobleton) and YouTube page (search St. Paul's Church, Nobleton) for viewing.

For more information about ANY of our activities or events, please contact the church office or visit our new and improved website at www.stpaulsnobleton.ca.

Nobleton United
By: Rev. Carol-Ann Chapman

This past Sunday as we celebrated Nobleton United's 122 anniversary the focus of the service was on "As for me and my household, we will serve the Lord." (Joshua 24:15) We as a church are the house of God, so how exactly do we serve? We serve by sharing the Gos-

pel, the message of Jesus, a message that offers hope.

We serve by offering a place where we can meet you wherever you are on your faith journey; whether you have been a life-long church-goer or if you are still trying to figure out this "God thing." We serve by looking for ways that we can meet the needs of our community. One way that we have been doing this is by providing space for Al-Anon to meet weekly. Al-Anon Family Groups meet in over 130 countries to help families and friends of problem drinkers recover from the impacts of a loved one's drinking. Members help each other by practicing the Twelve Steps of Alcoholics Anonymous themselves, by welcoming and giving comfort to families of alcoholics, and by giving understanding and encouragement to the alcoholic. Al-Anon meets at Nobleton United Thursday evenings at 8 p.m. and welcomes those who are in need of support.

The Church Ladies have delicious chicken, beef and turkey pies now for sale at \$5 each. Call Fran at 905-859-3819 or Linda at 905-859-0442.

Our annual Craft and Bake sale with Tea Room takes place on Saturday, Oct. 27.

We celebrate Holy Humour on Sunday, Nov. 18, the Joyful Spirits will sing a funny piece called "A Place in the Choir". This one is guaranteed to make you laugh. Jokes will be told. It is a fun service.

More on Page 31

King City Senior's Centre activities

By Carol Kanitz

The next pot luck lunch will take place at the Centre tomorrow (Friday, Oct. 19) from 12:30 p.m. Attendees are asked to bring either a main course item or a dessert.

The Travel Club invites you to join the Niagara Tour on Thursday, Dec. 6. Among the day's activities are: Konzelmann Estate Winery; Upper Canada Cheese Factory; Chocolate FX; Fallsview Casino; dinner at the Skylon Tower; home via the Festival of Lights. The coach leaves the arena at 10 a.m. The cost is \$104 per person. Please note that full payment for this trip must be received by Nov. 1. For more information contact Agnes at 905-841-7390 or Jayne at 905-853-1436.

The next movie night will be Wednesday, Nov. 7. We will be watching "The Post" starring Meryl Streep and Tom Hanks.

If you like to sing, come and join the Joyful Spirits on Wednesdays 7 to 8:15 p.m. We are accompanied by pianist Dennis Kowal and guitarist Barry Simpson.

If we can serve you in some way, please let us know.

Nobleton Lions

The Nobleton Lions wish to advise local residents who may be saving used clothing for the Clothing Drive, usually held in November, that the drive will not take place this year. A local alternative for your consideration is the Township of King which will have a curb-side textile collection in October, partnering with Diabetes Canada. Further info is available on the Township website www.king.ca

The Lions annual Fund Raising Cash Draw will be held on Saturday, Oct. 27, at the Nobleton Library Gazebo. Selling will ramp up significantly with tickets available most days at the plaza, as long as the weather holds, and at KARS automotive on the King Road west of Hwy 27, or call Bob Phillips at 416-522-9675. Most Lions members have tickets available now.

The Lions are aware of a wheelchair which is available to anyone with a need, please contact Rick Zuzek at richardzuzek@yahoo.ca for details.

Watch this space for further details as the events get closer, and why not

check out our website at www.nobletonlions.com

Free advertising is available to non profit groups in and around Nobleton via the electronic sign at the library. Contact the Township of King for details on how to get your message up there at no charge.

Your support is greatly appreciated by the Lions and those who we support, in keeping with our motto, "We Serve."

The Lions Club is seeking new members at this time. If you are interested in helping your community become a better place to live while having lots of fun, please call Bob Phillips at 416-522-9675.

Anglican Parish of Lloydtown Happenings

Great goings on are happening in the Anglican Parish of Lloydtown (St. Alban's Anglican community in Nobleton, Christ Church, Kettleby, St. Mary Magdalene's, Schomberg) this fall.

On Tuesday evenings from 7 to 9 p.m. for the next three weeks a time called "Revive" takes place at St. Mary Magdalene's, 116 Church St., in Schomberg where conversation and prayer is focused on re-energizing body and soul to cope more effectively with life in today's hectic world.

On Friday, Oct. 19 the annual Kettleby Village Association's Pot Luck dinner will take place in Christ Church Kettleby's church hall on Kettleby Rd. mid-way between Keele and Jane Sts.

(mind the speed bumps coming from Keele).

This Sunday morning Oct. 21 at 11:15 family members of one of our two parish organists, Elly Hollander, will share their music with us making the Holy Communion service a fresh, up beat experience.

Circle dancing is the oldest form of dancing on the planet. The joining of hands to form a circle symbolizes no leaders - no followers but all equal in one community. The steps are simple and easily learned and the feeling of moving rhythmically in a circle is at once relaxing and up lifting. So please do come to Christ Church, Kettleby's hall on Wednesday evening Oct. 24 7:15 to 9 p.m. as the parish holds its second Sacred Circle Dance. The circle like God's love has no beginning and no end.

Saturday, Nov. 4 sees Christ Church, Kettleby's annual Fall Tea and Bazaar featuring untold treasures and treats, And of course for \$7 the best cup of tea or coffee and large slice of delicious homemade cake anywhere in King Township!

Holy Communion services are held in the parish every Sunday morning 9:30 am in Kettleby's beautiful historic fieldstone church (1891) and again at 11:15 a.m. in St. Mary Magdalene's in Schomberg (1925).

**Origins of Hell
By John Arnott**

God offered to for give Lucifer for re-

belling against but him this powerful angel of light haughty and proud flung the offer back in God's face saying "I don't need your forgiveness I'm already good enough," prompting the Archangel Michael to order this rebel "to clean out his desk while he called security to escort him to the heavenly parking lot," from which he began his ignominious descent to Hell losing his light and name en route!

So then where the hell is Hell? Had it already been created or did Lucifer, now called Satan (from the Hebrew word meaning adversary), and friends create it from scratch? The idea of a hell has probably been around as long as humans have walked upright.

Our word Hell is thought to have come from a root word in ancient Indo European meaning "to hide something," possibly a place where evil people were hidden, becoming "halja" in ancient German and coming into Anglo-Saxon as "hel," the place of the dead.

In Sumer (modern Iraq) from where Abraham, the father of Judaism, Christianity and Islam immigrated to Canaan (modern Israel) from, it was believed Hell was a place deep underground where the dead lived a shadowy like existence with the wicked being sent to Kur in distant Zargos Mountains where they were only allowed to eat dry dust.

KING CITY

RE-ELECT

CLEVE MORTELLITI

WARD 1

Serving 12 Years as Your
Experienced Voice in King

EXPERIENCED - COMMITTED - PROFESSIONAL

- 12 years representing you on council
- Bringing more than 30 years of experience in the civil engineering profession serving both municipal and private sector clients
- A life long resident of King

REALISTIC AND ACHIEVABLE GOALS

A promise only has value if it can be kept, and I will not promise what isn't possible. The property taxes that you and I pay are directly impacted by legislation, limited growth, and the need for essential services and infrastructure. Our property values have increased as a result of the slow and controlled growth in King, and those who have chosen to live here appreciate what sets our community apart. What I can promise is to continue to represent Ward 1 with the same dedication, integrity and transparency that I have brought to the role for the past 12 years.

FOR THE 2018 - 2022 TERM I WILL WORK WITH MY COUNCIL COLLEAGUES TO:

- attract more industry like Magna International
- control greenfield & village core development
- continue efforts to calm traffic in our neighbourhoods
- stabilize property taxes
- support appropriate, complementary development
- maintain and upgrade our rural roads
- advance the new developer-funded recreation complex
- advocate for the distribution of natural gas to rural areas
- continue to advocate for the distribution of broadband internet to service our rural homes and businesses

On October 22nd

RE-ELECT CLEVE MORTELLITI

Because Experience Matters
